ADDITIONAL DATA

ARREST OF PARENT/GUARDIAN OF CHILD

It is the policy of the Department to reduce the traumatic impact that the arrest of a parent/guardian may have on a child. Accordingly, the following actions will be complied with:

- a. *Uniformed members of the service will make every reasonable effort to avoid the use of force to separate a child from their parent/guardian,*

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
208-02	06/10/21	I.O. 42	4 of 5

ADDITIONAL DATA (continued)

- b. *The arrested parent/guardian will be permitted to speak to the child prior to being transported to a police facility. If not practicable, the uniformed member of the service shall explain to the child, using age appropriate language, that the parent/guardian will be safe and that the child did nothing wrong, and will be safe and cared for,*
- c. *The child should be permitted to take a familiar object (e.g., a toy, blanket, book, photograph, clothing, food etc.) or such other items that provide comfort or assist in their emotional well-being,*
- d. *Uniformed members of the service will ascertain if the child has any medical, behavioral, or psychological conditions and secure any required medication,*
- e. *The arrested parent/guardian will be permitted to choose appropriate placement for their child (whether or not the child is present at the scene of arrest) with exceptions, including but not limited to, a caregiver with apparent active drug or alcohol misuse, or other evidence of an unsafe environment, etc.,*
- f. *Uniformed members of the service will assist the arrested parent/guardian with accessing telephone numbers that may be stored in a mobile telephone or other location, to make alternate arrangements for the care of the child, and*

PRISONER SUPERVISION

Desk officers will be held STRICTLY ACCOUNTABLE for prisoners while in the command and will ensure that the prisoner is guarded AT ALL TIMES by a uniformed member of the service.

If a prisoner is placed in a cell alone because he/she threatens or fights with another prisoner(s), is causing disruption, or for any other reason, ensure that a member of the service will continue to monitor that prisoner closely.

IRRATIONAL/VIOLENT ARRESTEE

Whenever a person who is about to be arrested is acting irrationally or violently resists arrest, AND poses no immediate physical threat to himself or others, AND is in a confined area (e.g., detention cell, automobile, etc.), the uniformed member of the service on the scene will immediately request the response of the patrol supervisor and the Emergency Service Unit. The member will attempt to isolate and contain the suspect and will institute emotionally disturbed person procedures contained in P.G. 221-13, "Mentally Ill or Emotionally Disturbed Persons." If the confined area is an automobile, it will be rendered immobile by blocking it in with one or more RMPs. Once in police custody, the subject will be removed to a hospital for examination. This procedure will not apply in situations where the uniformed members of the service on the scene believe the subject to be armed.

A prisoner, initially being processed for a Desk Appearance Ticket, who exhibits signs of distress and would face harm without immediate medical care will be given immediate medical attention. In this scenario, a DAT will not be issued and arrest processing will be continued online.

ARREST - GENERAL SEARCH GUIDELINES

ARRESTING OFFICER

1. Comply with the provisions of P.G. 208-02, "Arrests-Removal to Department Facility for Processing," P.G. 208-03, "Arrests-General Processing," P.G. 208-15, "Arrest Report Preparation at Stationhouse" and the following:

SEARCH OF ARRESTED PERSONS

To maximize security and minimize potential hazards to the arresting officer, the arrested person, and other Department personnel, the following guidelines are published for the information of all members of the service:

A. **FRISK/FIELD SEARCH**

- (1) A frisk, performed primarily to ensure the personal safety of the arresting officer, is a methodical external body examination of the arrested person conducted immediately after apprehension to find weapons, evidence, or contraband. The frisk should be conducted before or immediately after the subject is rear handcuffed, depending upon particular circumstances, temperament of the subject, and escape potential. A thorough external body examination is made by sliding the hand over the subject's body, feeling for weapons or other objects, with special attention to the waistband, armpit, collar, and groin areas. If an unusual object is detected, the officer will reach into or under the clothing to remove it.

NOTE

If the arrestee has a mobility disability and requires the use of a wheelchair, scooter, etc., the arrestee should be rear cuffed while remaining seated. The frisk shall be performed on the lower body by sliding hands up each leg and under the buttocks, palms facing upwards. For the device (i.e., wheelchair, scooter, etc.), the uniformed member of the service should slide hands, palms facing down, over accessible areas of the device. The seat should be checked by sliding hands under the buttocks, palms facing down, to cover the entire seat. The arrestee should then be transported to an Americans with Disabilities Act (ADA) compliant precinct.

B. **SEARCH AT POLICE FACILITY**

- (1) Upon arrival at precinct of arrest or other Department facility, the arresting officer (if he/she is of the same gender as prisoner) or another designated member of the same gender as the prisoner, shall conduct a thorough search of the prisoner's person and clothing to ensure the safety of all persons within the facility and to remove weapons, contraband, and evidence not discovered by the frisk. Other items lawfully carried but that are dangerous to life, may facilitate escape, or may be used to damage Department property will also be removed from the subject.
- (2) A search at a police facility, which is not the same as a "strip search," includes the removal of outer garments (e.g., overcoats, jackets, sweaters, vests, hats, wigs, ties, belts, shoelaces, drawstrings, shoes,

ARRESTING OFFICER (continued)

socks, handbags, wallets, etc.). All pockets are to be emptied and all clothing not removed will be examined by grabbing, crushing and squeezing the garments and by sliding the hands across the body to detect articles that may be underneath or sewn to the clothing.

- (3) Inform prisoner wearing a religious head covering that it must be searched.
- a. Advise prisoner search may be conducted in private, if he/she prefers.
 - b. Comply with P.G. 221-13, "*Mentally Ill or Emotionally Disturbed Persons*," if prisoner refuses to remove religious head covering for search.
 - c. Search religious head covering for weapons and contraband and return it to the prisoner.
 - d. A religious head covering will *not* be routinely removed, unlike outer garments that are removed (e.g., belts, neckties, shoelaces, drawstrings, etc.), unless there is an articulable reason to believe it is likely to be dangerous to life, is likely to facilitate escape, or is likely to be used to damage Department property.
 - e. If a religious head covering is removed due to safety/security concerns, the desk officer will make a Command Log entry indicating the reason.

NOTE

In cases where there is a disagreement between the desk officer and an arresting officer's immediate supervisor from an outside command as to whether or not to remove a religious head covering for safety/security concerns, the desk officer will make the final determination.

- (4) If the arrestee has a mobility disability:
- a. If arrestee uses an assistive device (e.g., wheelchair, scooter, prosthetic limb, crutches, cane, etc.), ask arrestee if it is safe for them to remove, and/or be removed from, the assistive device, and for consent to do so
 - (1) If consent is given, and arrestee is able to safely remove, and/or be removed from, the assistive device, the uniformed member of the service should identify an appropriate seating area to move arrestee to, and perform a thorough search
 - b. A thorough search of the assistive device must be completed, ensuring all attachments and compartments are searched
 - (1) Once thorough searches of the arrestee and assistive device are completed, the assistive device should be returned to the arrestee as long as it is safe to do so. A handheld metal detector can be used to assist with the search

ARRESTING OFFICER (continued)

- (2) Comply with P.G. 210-08, "Guidelines for Prisoner Holding Pens," if it is determined that it is not safe to return assistive device to arrestee
- c. The arrestee should be lodged in an Americans with Disabilities Act (ADA) compliant lodging cell
- (1) If arrestee gives consent, but is unable to lift themselves out of, or remove, an assistive device, Emergency Medical Service (EMS) should be dispatched to location to assess the situation
- (a) EMS will assist with the search or remove the arrestee to a hospital, as necessary
- d. Contact the Legal Bureau, if arrestee refuses to be searched in accordance with subdivisions "a" through "c" above.
- (5) In order to achieve a balance between the privacy and personal dignity concerns of arrestees, the desk officer or supervisor supervising a search at a police facility shall assign a uniformed member to conduct the search as follows:
- a. In situations where an arrestee's gender is not immediately apparent or an arrestee objects to the gender of the member assigned to perform the search, the desk officer or supervisor supervising the search will assign a uniformed member of the gender requested by the arrestee, consistent with officer safety and resource availability. Consistent with the privacy concerns of the arrestee, only those officers reasonably necessary to conduct the search should be present for the search
- b. Under no circumstances shall members of the service conduct searches for the purpose of determining gender. Additionally, officers shall not ask questions about an arrestee's anatomy without a reasonable basis for doing so. Refer to A.G. 304-06, "Prohibited Conduct."

NOTE

In the event the gender of the officer assigned to conduct the search differs from the gender requested by the arrestee, the desk officer or supervisor supervising the search shall make a detailed entry in the Command Log regarding the factors considered in assigning member(s) to conduct the search and identities of the uniformed member(s) who actually conducts the search.

C. STRIP SEARCH

- (1) A strip search is any search in which an individual's undergarments (e.g., bra, underwear, etc.) and/or private areas are exposed or in which an individual's clothing is removed, lifted up, or pulled down to expose undergarments or private areas. A strip search of a prisoner may not be conducted routinely in connection with an arrest. Strip searches may only be conducted with the knowledge and approval of the arresting officer's immediate supervisor or the

borough Court Section supervisor. A strip search may only be conducted when the arresting officer reasonably suspects that weapons, contraband, or evidence may be concealed upon the person or in the clothing in such a manner that they may not be discovered by the previous search methods.

NOTE

*If a strip search is conducted, such information will be entered in the Command Log, arresting officer's digital **Activity Log**, and also documented on the **ON-LINE BOOKING SYSTEM ARREST WORKSHEET (PD244-159)** or the **ARREST REPORT - SUPPLEMENT (PD244-157)**. A subsequent strip search will not be conducted unless there is reasonable belief that the subject has acquired a weapon or contraband.*

- (2) The arresting officer requesting authorization to conduct a strip search must describe the factual basis for the request to the officer's immediate supervisor/borough Court Section supervisor. A supervisor will authorize a strip search only when an arresting officer has articulated a reasonable suspicion that the individual is concealing evidence, contraband, or a weapon. Note, this is a different standard than the probable cause required for the arrest. The immediate supervisor of the arresting officer/borough Court Section supervisor, based on the facts presented, will determine if a strip search should be conducted. The supervisor authorizing the strip search is responsible for ensuring the search is conducted properly.
- (3) Other factors that should be considered in determining whether an appropriate basis exists for a strip search include the nature of the crime (i.e., serious violent felony), arrest circumstances, subject's reputation (i.e., extremely violent person), acts of violence, unaccounted "hits" on magnetometers or walk-through metal detectors, and any discoveries or information from previous searches of the same individual or others arrested with him/her.

NOTE

In cases where there is a disagreement between the desk officer and an arresting officer's immediate supervisor from an outside command as to whether or not to conduct the strip search, the desk officer will notify the precinct/police service area/transit district commanding officer or duty captain. The precinct/police service area/transit district commanding officer or duty captain will make the final decision whether or not to conduct the strip search.

- (4) A strip search shall be conducted only by a member of the same gender as the arrested person, in a secure area, in utmost privacy, and in the presence of only those members of the service reasonably necessary to conduct the search. In order to achieve a balance between the privacy and personal dignity concerns of arrestees, the desk officer or supervisor supervising a strip search shall assign a uniformed member to conduct the search as follows:
 - a. In situations where an arrestee's gender is not immediately apparent or an arrestee objects to the gender of the

member assigned to perform the search, the desk officer or supervisor supervising the search will assign a uniformed member of the gender requested by the arrestee, consistent with officer safety and resource availability.

- b. Under no circumstances shall members of the service conduct searches for the purpose of determining gender. Additionally, officers shall not ask questions about an arrestee's anatomy without a reasonable basis for doing so. Refer to *A.G. 304-06, "Prohibited Conduct."*

NOTE

In the event the gender of the officer assigned to conduct the search differs from the gender requested by the arrestee, the desk officer or supervisor supervising the search shall make a detailed entry in the Command Log regarding the factors considered in assigning member(s) to conduct the search and identities of the uniformed member(s) who actually conducts the search.

It should not be necessary to touch the subject's body, except for the examination of the hair. UNDER NO CONDITIONS SHALL A BODY CAVITY SEARCH BE CONDUCTED BY ANY MEMBER OF THE SERVICE. If pursuant to a strip search, any object or foreign material is visually detected within any body cavity of the suspect, the desk officer will be notified immediately. The object WILL NOT be removed without first obtaining a search warrant. Once the search warrant is obtained, members of the service must seek the assistance of a medical professional in order to remove the object.

- (5) A strip search will not be conducted after a decision is made to void an arrest or to release the prisoner immediately upon issuance of a summons.

RIGHTS OF PERSONS TAKEN INTO CUSTODY

DATE ISSUED:
08/01/13DATE EFFECTIVE:

REVISION NUMBER:

PAGE:
1 of 3**PURPOSE**

To advise persons taken into custody of their constitutional rights.

PROCEDURE

Prior to questioning a person taken into custody:

**UNIFORMED
MEMBER OF
THE SERVICE**

1. Inform such person of the following constitutional rights (Miranda Warnings):
 - a. You have the right to remain silent and refuse to answer any questions. Do you understand?
 - b. Anything you say may be used against you in a court of law. Do you understand?
 - c. You have the right to consult an attorney before speaking to the police and to have an attorney present during any questioning now or in the future. Do you understand?
 - d. If you cannot afford an attorney, one will be provided for you without cost. Do you understand?
 - e. If you do not have an attorney available, you have the right to remain silent until you have an opportunity to consult one. Do you understand?
 - f. Now that I have advised you of your rights, are you willing to answer questions?
2. Explain any portion of the rights that the person in custody does not understand.
 - a. If the person in custody and/or the parents/guardians of a juvenile in custody appear to have difficulty understanding/communicating in English, the member of the service concerned should comply with P.G. 212-90, "*Guidelines for Interaction with Limited English Proficient (LEP) Persons*." If the prisoner and/or the parents/guardians of a juvenile in custody appear to be hearing impaired, the member of the service concerned should comply with P.G. 212-104, "*Interaction with Hearing Impaired Persons*." The use of a bilingual employee or the Language Initiative Program is the preferential method for interpretation when interacting with a prisoner. It is recommended that certified members of the Language Initiative Program be used for custodial interrogations. Appropriate command log entries will be made when interpretation services are utilized.
3. Cease interrogation if subject wants an attorney or wishes to remain silent.
4. Contact attorney for person in custody.

NOTE

Before questioning juveniles, both the juvenile and the parent/guardian must be read Miranda warnings by utilizing **MIRANDA WARNINGS FOR JUVENILE INTERROGATIONS (PD244-1413)**. The juvenile may be questioned if he/she waives these rights in the presence of the parent/guardian. The parent/guardian does not have to separately waive the rights; they only need to be advised of such rights. If, however, the parent/guardian objects to the questioning or requests an attorney for the juvenile, no questioning should occur, even if the juvenile is willing to answer questions.

ALTERNATE PROCEDURE FOR ARREST NUMBER GENERATION AS A RESULT OF COMPUTER FAILURE

DATE ISSUED:
09/13/17

DATE EFFECTIVE:
09/13/17

REVISION NUMBER:

PAGE:
1 of 2

PURPOSE

To set guidelines for arrest number generation when computer system (On Line Booking System) becomes disabled.

PROCEDURE

When the On Line Booking System becomes disabled, uniformed members of the service assigned to commands participating in “local arrest processing” that require an arrest number will:

NOTE

Commands that currently issue arrest numbers for DESK APPEARANCE TICKETS (PD260-121) will not follow this procedure. Instead, arrest numbers for DESK APPEARANCE TICKETS will be issued by commands concerned when On Line Booking System becomes operational.

DESK OFFICER/ SUPERVISOR

1. Direct member of the service assigned to input arrest data entries (PF1/PF3), if the On Line Booking System becomes disabled in a command’s computer at any time, to:
 - a. **Immediately** notify the Information Technology Bureau (ITB) Service Desk to attempt to correct problem.
2. Ascertain from member assigned to Information Technology Bureau Service Desk, when problem is not correctable:
 - a. If problem is limited to the command or is citywide, AND
 - b. Anticipated period of time that the On Line Booking System will be disabled.

IF ON LINE BOOKING SYSTEM IS DOWN IN COMMAND OF ARREST ONLY:

DESK OFFICER/ SUPERVISOR

3. Instruct member assigned to input arrest data to have arrest number generated, via landline, by an adjoining precinct whose system is operational.
 - a. Continue to follow command’s current “local arrest processing” procedures.

IF ON LINE BOOKING SYSTEM IS DOWN CITYWIDE:

DESK OFFICER/ SUPERVISOR

4. Contact supervisor at borough central booking facility concerned.

IF INFORMATION TECHNOLOGY SERVICES DIVISION INDICATES THAT THE ON LINE BOOKING SYSTEM IS DOWN CITYWIDE AND RESTORATION OF THE SYSTEM IS NOT IMMINENT:

BOROUGH COURT SECTION SUPERVISOR

5. Institute manual arrest processing mode, which includes:
 - a. Issuance of arrest numbers from an “arrest log” book to arresting/assigned uniformed members of the service via landline.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:

**BOROUGH

SUPERVISOR
(continued)**

- b. Have notifications made to Division of Criminal Justice Services (DCJS) in Albany to determine next sequential Fax number.

NOTE *Completed Fingerprint Charts are to be issued sequential Fax control numbers indicated by DCJS and sent to Albany for processing.*

**DESK
OFFICER/
SUPERVISOR**

6. Have information requested on required Fingerprint Charts neatly printed by arresting/assigned uniformed member of the service.
7. Have copy of **ON LINE BOOKING SYSTEM ARREST WORKSHEET (PD244-159)** (complete with issued manual arrest number), all completed Fingerprint Charts, Prisoner Movement Slip (Misc. 2011A) and prisoner delivered, **without delay, by other than arresting officer**, to appropriate facility (e.g., Midtown Community Court, 25th Precinct Hub-Site, etc.,) as indicated in current local arrest processing procedures.

NOTE *Arresting/assigned uniformed members will remain at command and continue to process arrest for affidavit preparation as set forth by existing local arrest processing procedures. Fingerprint charts **must** be delivered within **three hours of arrest**.*

**ADDITIONAL
DATA**

Precincts of arrest are responsible for back data entry once On Line Booking System comes back on-line. Therefore, a copy of the **ON LINE BOOKING SYSTEM ARREST WORKSHEET** will be retained and kept available at the desk for entry of arrest data (PF9/PF3), when On Line Booking System becomes operational.

“PF9” data entry is identical to “PF1” but forces On Line Booking System to accept previously issued manual arrest number in lieu of computer generated arrest number.

ARREST PROCESSING - "LIVESCAN" FINGERPRINTING AND PALMPRINTING

DATE EFFECTIVE:

05/27/21

LAST REVISION:

I.O. 37

PAGE:

1 of 5

PURPOSE

To set forth guidelines for the utilization of the "LIVESCAN" computer fingerprinting and palmprinting system.

PROCEDURE

In all arrest situations whenever a prisoner is required to be fingerprinted and palmprinted, except bedside arraignment of a hospitalized prisoner, or a hospitalized prisoner who may be eligible for a Desk Appearance Ticket, utilize the "LIVESCAN" computerized fingerprinting and palmprinting system and:

UNIFORMED MEMBER OF THE SERVICE

1. Generate arrest number through the On Line Booking System (OLBS).
 - a. Ensure proper "ARREST PROCESSING TYPE" code is entered during On Line Booking System data entry.
2. Record the **check digit** that appears on the On Line Booking System terminal screen at the completion of the PF-3 data entries, onto the top right corner of the **ON LINE BOOKING SYSTEM ARREST WORK SHEET (PD244-159)**.
 - a. Retrieve the arrest's **check digit** through the "BADS" computer system if the **check digit** was not recorded.

NOTE

The **check digit** is necessary for operation of the "LIVESCAN" computerized fingerprinting system and subsequent transmission of fingerprints/palmprints.

3. **Immediately** proceed to begin fingerprinting and palmprinting upon completion of On Line Booking System data entries (PF1/PF3), utilizing "LIVESCAN" machine as follows:
 - a. Ensure **both** the prisoner's hands and the scanner platens of the "LIVESCAN" machine are clean and dry.
 - (1) Use "Pre-Scan Pad" to moisten prisoner's fingers and palms, if excessively dry.
 - b. Enter arrest number with **check digit** into "LIVESCAN" computer.

NOTE

Once arrest number (with **check digit**) is entered into the "LIVESCAN" computer, **all** pertinent arrest information is automatically downloaded to the "LIVESCAN" computer from original On Line Booking System data entries. If this information is **not** transferred to "LIVESCAN," information must be re-sent through "BADS" as follows:

- Select #1, "**ARREST REPORT PRINTOUTS**," from "BADS" main menu.
 - Enter arrest number, when prompted.
 - Move cursor to caption, "**LIVESCAN RESEND**," and mark field with an "X" and enter. (Message at bottom of screen will read, "**RECORD HAS BEEN TRANSFERRED FOR LIVESCAN**.")
 - Return to "LIVESCAN" machine and restart process.
-
- c. Fingerprint plain (flat) impressions of the four fingers minus the thumb on large scanner platen and the thumbs on the small scanner platen and press "SCAN."

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
208-11	05/27/21	I.O. 37	2 of 5

UNIFORMED MEMBER OF THE SERVICE *(continued)*

- (1) The four fingers of each hand must be placed on an angle on scanner platen, with special attention to the pinky finger.
- (2) Press "SAVE," after plain impression has been completed and hand is removed from scanner platen.
- d. Fingerprint individual fingers on small scanner platen centering the core of each finger on the cross lines indicated on the left screen of the "LIVESCAN" machine.
- (1) Ensure proper sequence as indicated by left screen prompts.
- (2) Roll each finger to one side as indicated by direction arrows on "LIVESCAN" machine and press "SCAN."
- (a) **INDIVIDUAL FINGERS MUST BE ROLLED.**
- (3) Press "SAVE," after roll has been completed and finger is removed from scanner platen, if image is acceptable.
- (a) Press "SCAN" which erases former image, if image is unacceptable, **and** print finger again.
- e. Palmprint palms (2) and writer's palms on large platen and press "SCAN".

NOTE

*Appropriate notations must be entered in "LIVESCAN" computer when fingers or palms are unable to be adequately printed for any reason, (i.e., "MISS," "AMP," "INJ," "SCAR," etc.). This information is to be entered in designated fingerprint box. **UNDER NO CIRCUMSTANCES IS A FINGERPRINT BOX TO BE LEFT BLANK.***

4. Check transmit queue of "LIVESCAN" computer to ascertain if prints are being transmitted, when completed.
- a. The "ACTIVITY LOG" function displays a list of records transmitted for the previous seventy-two hours.

NOTE

Complete "LIVESCAN" processing of a prisoner should not exceed three hours from the time of arrest, unless exigent circumstances exist.

DESK OFFICER/ SUPERVISOR, ARREST PROCESSING SITE

5. Authorize any "override" of "LIVESCAN" prints taken.
- a. Make appropriate Command Log entries detailing the reasons for the override.

NOTE

Overrides will only be done AFTER four attempts have been made to roll an acceptable print. When supervisor concurs that the rejected print is the best that can be taken (i.e., finger burnt, disfigured, etc.), the "LIVESCAN" operator will "ANNOTATE" the rejection (ADD NOTE), into the "LIVESCAN" computer system.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
208-11	05/27/21	I.O. 37	4 of 5

NOTE

Leg restraints MUST be used when transporting a prisoner that has refused to be fingerprinted and palmprinted. If the desk officer determines that extenuating circumstances exist that preclude placing leg restraints on a prisoner that has refused to be fingerprinted and palmprinted, a Command Log entry will be made detailing the reason why. The use of leg restraints does not replace the requirement to rear handcuff the prisoner. All procedures detailing the use of handcuffs remain in effect. When using leg restraints on a prisoner, the escorting officer is to exercise caution to prevent the prisoner from falling.

WHEN PRISONER THAT REFUSES TO BE FINGERPRINTED/PALMPRINTED ARRIVES AT THE BOROUGH COURT SECTION:

BOROUGH COURT SECTION SUPERVISOR

12. Question the prisoner and verify that he/she refuses to be fingerprinted/palmprinted.

IF PRISONER COMPLIES:

BOROUGH COURT SECTION SUPERVISOR

IF PRISONER CONTINUES TO REFUSE TO BE FINGERPRINTED/PALMPRINTED:

BOROUGH COURT SECTION SUPERVISOR

15. Lodge prisoner at the Borough Court Section throughout the arraignment process.
16. Make Command Log entry noting the refusal.
17. Complete the **REFUSED PRINTS REPORT** and verify.
18. Have appropriate “NOTEPAD” data entries and corresponding “UNARRAIGNED DISPOSITION” field entered into “OLPA” computer system immediately.

NOTE

A prisoner who refuses to be fingerprinted and palmprinted will not leave the court section facility and be sent to another command for lodging. However, if such a prisoner is in need of medical attention, he/she may be brought to a health care facility for treatment.

ADDITIONAL DATA

Appropriately trained investigators of the New York State Attorney General’s Office will be permitted to use the LIVESCAN machine.

The “LIVESCAN” machine should remain “ON” and the scanner covers of the machine “CLOSED,” when not in use. If “LIVESCAN” becomes inoperable, immediately notify the Information Technology Bureau (ITB) Service Desk and if necessary be guided by P.G. 208-12, “Alternate Procedure for Fingerprint and Palmprint Processing Due to Computer System Failure.”

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
208-11	05/27/21	I.O. 37	5 of 5

ADDITIONAL DATA (continued)

The “LIVESCAN” machine must be “recalibrated” at least once per tour to ensure that prints transmitted are acceptable to the Identification Section and the Division of Criminal Justice Services (i.e., not too dark or too light, etc.). Busy commands must “recalibrate” more frequently.

*The “LIVESCAN” machine scanner platens **must** be cleaned after each prisoner is fingerprinted and palmprinted. The “LIVESCAN” machine is to be cleaned only with authorized cleaning materials, (i.e., “Windex with Ammonia D,” “Lithopads”). These materials, in addition to “Pre-Scan Pads,” may be requisitioned from the Quartermaster Section.*

If the “LIVESCAN” computer becomes inoperable because of damage to the machine, particularly to the scanner platen, the vendor will replace the damaged scanner platen and deliver it to the Information Technology Services Division. In circumstances in which there is suspicion of intentional damage, the desk officer will make an entry in the Command Log and initiate an investigation. Any evidence of intentional damage to any machine will result in an immediate investigation and appropriate action.

Routine operational inquiries concerning “LIVESCAN” and the On Line Booking System should be directed to the borough Court Section concerned, twenty-four hours, seven days a week, OR the Criminal Justice Bureau during business hours.

Technical problems and “LIVESCAN” outages are to be referred to the Information Technology Bureau Service Desk.

ARRESTS PROCESSED AS “FOR OTHER AUTHORITY (FOA)”

*When a uniformed member of the service effects an arrest that will be processed FOA it is incumbent upon that member to prepare an **ON-LINE BOOKING SYSTEM ARREST WORKSHEET** with the appropriate FOA code listed as the top charge. Additionally, the member of the service must ensure that a fingerprint record is generated and a NYSID number is assigned for each arrestee in one of the following ways:*

- a. *The member of the service may fingerprint the subject on a Department “LIVESCAN” machine, OR;*

PURPOSE

To set guidelines for fingerprint and palmprint processing should the “LIVESCAN” System become disabled.

DEFINITION

“LIVESCAN” System - the electronic transmitting of fingerprints and palmprints via computer.

NOTE

Since “LIVESCAN’s” operation is fully dependent on the On Line Booking System (OLBS), if the On Line Booking System becomes disabled, “LIVESCAN” becomes inoperable. Additionally, if the On Line Booking System becomes disabled, uniformed members of the service concerned will comply with the guidelines for arrest number generation (see P.G. 208-10, “Alternate Procedure for Arrest Number Generation As A Result Of Computer Failure.”)

PROCEDURE

When the “LIVESCAN” System becomes disabled:

DESK OFFICER/ SUPERVISOR

1. Have arresting/assigned officer **immediately** notify the Information Technology Bureau (ITB) Service Desk, if “LIVESCAN” becomes disabled at any time, to attempt to correct problem.
2. Ascertain from member assigned to Information Technology Bureau Service Desk, when member concerned indicates that problem is **not** correctable:
 - a. If problem is limited to the command or is borough/citywide, AND
 - b. Anticipated period of time that the “LIVESCAN” System will be disabled.

IF “LIVESCAN” SYSTEM IS DISABLED COMMAND OF ARREST ONLY:

DESK OFFICER/ SUPERVISOR

3. Have uniformed members of the service, other than arresting officer, transport defendant to an adjoining precinct where “LIVESCAN” System is operational and fingerprint/palmprint defendant.

IF “LIVESCAN” SYSTEM IS DISABLED BOROUGH/CITYWIDE:

DESK OFFICER/ SUPERVISOR

4. Contact borough Court Section supervisor concerned and be guided by supervisor’s instructions.

IF THE DECISION IS MADE TO REVERT TO USING INK TO FINGERPRINT AND PALMPRINT PRISONERS:

NOTE

Decisions to ink print prisoners will be made on a case by case basis by the borough Court Section supervisor concerned in the event that LIVESCAN is disabled borough/citywide for an extended period of time and restoration of the system is not imminent. The supervisor at the Information Technology Bureau Service Desk and the supervisor at the Criminal Justice Bureau will be conferred with prior to instructing personnel to ink print prisoners. It should be noted that the preferred course of action is to wait until the LIVESCAN System once again becomes operational and then fingerprint and palmprint the prisoner using LIVESCAN.

06/23/20

REVISION NUMBER:

PAGE:

PURPOSE

To ensure fair and proper proceedings when lineup/showup identifications are conducted.

DEFINITIONS

IDENTIFICATION LINEUP - Placing of criminal suspect in lineup with at least five other persons for purpose of identification by victim or witnesses.

IDENTIFICATION SHOWUP - Prompt, on-the-scene presentation of a suspect singly, in a one-to-one display, to an identifying witness, for expeditious identification and/or early release of an innocent suspect.

PROCEDURE

When a criminal suspect in police custody is to be placed in an identification lineup at stationhouse or other place of confinement:

UNIFORMED MEMBER OF THE SERVICE

1. Resolve any doubt concerning need for, or legality of, conducting a lineup or showup by conferring with patrol supervisor/desk officer.

NOTE

Suspect must be arrested before being forced to appear in a lineup. However, an arrest is not necessary if the suspect voluntarily consents to appear in a lineup. Identification procedures ordinarily are not necessary where the witness/victim and the perpetrator are known to each other, including relatives or other close acquaintances OR the perpetrator is apprehended by a police officer in the act of committing the crime.

2. Give suspect Miranda warnings, if he/she is to be interrogated before, during or after lineup.
3. Inform suspect that he/she will appear in lineup for purpose of identification in connection with a crime.
4. Do not advise suspect of the right to an attorney.
5. Inform suspect that he/she does not have a right to a lawyer if an attorney is requested for the lineup.

NOTE

*Prior to conducting lineup, detective supervisor concerned or a qualified supervisor of an investigative unit will be consulted and will personally supervise the entire procedure and ensure that **LINEUP REPORT (PD373-141)** is completed.*

6. Permit an attorney who is present at the site of a lineup to observe manner in which lineup is conducted.
 - a. Attorney may observe lineup from room where it is conducted or from any place where he/she cannot be observed.

PAGE:
1 of 4

PURPOSE

To issue a Desk Appearance Ticket (DAT) in lieu of detention.

DEFINITION

DESK APPEARANCE TICKET - An appearance ticket issued in lieu of detention for class E felonies, misdemeanors and violations that requires a defendant to appear in court at a later date.

PROCEDURE

When issuing a DAT to a prisoner charged with a class E felony, misdemeanor or violation:

ARRESTING OFFICER

4. Conduct warrant checks as per [P.G. 208-22, "Performing Local, State and Federal Warrant Checks."](#)
 - a. Comply with [P.G. 208-23, "Computerized Investigation Card System,"](#) if individual has an **INVESTIGATION CARD (PD373-163)**.

NOTE

The presence of an Investigation Card against a defendant does not preclude the issuance of a DAT.

5. Attempt to obtain contact information (i.e., residence address, preferred mailing address, cell phone/home/work number, e-mail address, etc.) from prisoner.
 - a. Notify desk officer, if prisoner refuses to provide contact information.
 - b. Record contact information on appropriate Department forms.

Debriefing an arrestee during the first platoon may be more difficult due to the detective squad being unavailable. Therefore, ensure that a supervisor is available to conduct the debriefing prior to the completion of all other DAT procedures.
10. Complete all DAT arrest related paperwork while awaiting results of fingerprint check.
11. Monitor “DAT Processing” within OMNIFORM system to determine if DAT has been approved:

ADDITIONAL DATA

IDENTIFICATION STANDARDS

The arresting officer will make every attempt to ascertain an address and collect contact information (i.e., preferred mailing address, work/home/cell phone number, email address, etc.).

There is no requirement that a person present photographic identification in order to be issued a DAT in lieu of arrest where the person's identity is otherwise verifiable. An arrestee may be validly identified through the arresting officer's personal knowledge of the arrestee (i.e., previous arrest or summons of the arrestee by the officer). Identifications made by an arresting officer's personal knowledge should be properly documented in the OMNIFORM System.

Uniformed members of the service should note that other valid forms of identification may be acceptable. When a uniformed member of the service has reasonable suspicion regarding the veracity of the identification presented, the desk officer will make the final determination as to whether the defendant's identity has been ascertained.

FALSE PERSONATION

When attempting to ascertain a prisoner's identity, the uniformed member of the service concerned should inform the individual that knowingly misrepresenting their actual name, date of birth, or address to a police officer, with intent to prevent a police officer from ascertaining such information, is punishable as a crime. Individuals who knowingly misrepresent their pedigree information should be charged under Penal Law 190.23 (False Personation, B. Misd.).

REVISION NUMBER:

PURPOSE To process family offenses and other offenses that occur between family/household members as per the Family/Household - Expanded Definition.

DEFINITIONS COMPLAINANT/VICTIM - For purposes of this procedure ONLY, is limited to a person described in subdivisions "a" through "h" below:

FAMILY/HOUSEHOLD (AS DEFINED IN FAMILY COURT ACT) - Includes persons who:

- a. Are legally married to one another
- b. Were formerly legally married to one another
- c. Are related by marriage (affinity)
- d. Are related by blood (consanguinity)
- e. Have a child in common regardless of whether such persons have been married or have lived together at any time
- f. Are not related by consanguinity (blood) or affinity (marriage) and who are, or have been, in an intimate relationship regardless of whether such persons have lived together at any time

NOTE *A common sense standard regarding the totality of the circumstances involving the relationship should be used to determine if an "intimate relationship" exists. Factors a member of the service may consider in determining whether a relationship is an "intimate relationship" include but are not limited to: the nature or type of relationship (the relationship between the involved parties does not have to be sexual in nature to be considered "intimate"); the frequency of interaction between persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals solely in a business, educational, or social context shall be deemed to constitute an "intimate relationship." If unable to determine if the relationship in question is an "intimate relationship," the member of the service concerned will request the response of the patrol supervisor.*

Additional factors that may assist in determining the intimacy of a relationship include, but are not limited to: amount of time spent together in either a work or leisure related capacity, shared expenses and/or finances, extent of interaction with family members, etc.

All members of the service are reminded that their primary responsibility is to ensure the immediate and future safety of all parties involved in domestic violence incidents.

FAMILY/HOUSEHOLD (NYPD EXPANDED DEFINITION) - Includes subdivisions "a" through "f" above, AND persons who:

- g. Are currently living together in a family-type relationship
- h. Formerly lived together in a family-type relationship.

DEFINITIONS (continued) A family/household thus includes: “common-law” marriages, same sex couples, registered NYC domestic partners, different generations of the same family, siblings, in-laws, persons involved in “intimate relationships,” and persons who live or have lived together in a family-type relationship.

OFFENSE - Conduct for which a sentence to a term of imprisonment or to a fine is provided (felony, misdemeanor, or violation).

FAMILY OFFENSE - Any act which may constitute the following and is committed by one member of the same family/household, AS DEFINED IN THE FAMILY COURT ACT (subdivisions “a” through “f” above), against another:

- a. Harassment 1st or 2nd degree

- i. Sexual Misconduct
- j. Forcible Touching
- k. Sexual Abuse 3rd degree
- l. Sexual Abuse 2nd degree when committed against a victim incapable of consent due to a factor other than being less than seventeen years old
- m. Criminal Mischief (all degrees)
- n. Strangulation 1st or 2nd degree
- o. Criminal Obstruction of Breathing or Blood Circulation
- p. Identity Theft (1st, 2nd, and 3rd degrees)

NOTE

A violation of Administrative Code 10-177 does not qualify as a family offense.

ORDER OF PROTECTION - An order issued by the New York City Criminal Court, New York State Family Court, or the New York State Supreme Court, requiring compliance with specific conditions of behavior, hours of visitation and any other condition deemed appropriate by the court of issuance. An Order of Protection may also be issued by the Supreme Court as part of a separation decree, divorce judgment, annulment, or as part of a court order in a pending separation, divorce, or annulment action.

DEFINITIONS (continued)

PROBABLE CAUSE - A combination of facts, viewed through the eyes of a uniformed member of the service, which would lead a person of reasonable caution to believe that an offense is being or has been committed. The "probable cause" standard applied in family offense/domestic violence offenses **IS NO DIFFERENT** from the standard applied in other offenses and may be met by evidence other than the statement of the complainant/victim.

CONCURRENT JURISDICTION - Concurrent jurisdiction exists when different courts have jurisdiction over the same subject matter within the same territory. Both Criminal Court and Family Court have concurrent jurisdiction when:

- a. A family offense (as defined above) has been committed; AND
- b. A family/household relationship as defined in the Family Court Act "a" through "f" above (and NOT including the NYPD Expanded Definition) exists between the offender and the victim; AND
- c. The offender is 18 years of age or older.
 - (1) If the offender is 16 or 17 years of age, concurrent jurisdiction only exists if the offender is charged with a felony-level family offense.

NOTE

*All three of the above elements must exist for both Family Court and Criminal Court to have jurisdiction at the same time. If either of the first two elements are not met, the complainant **MUST** go to Criminal Court. If the first two elements are met, but the offender is less than 18 years of age, the complainant must go to Family Court.*

If the first two elements are met and offender is 16 or 17 years of age charged with a felony-level family offense, concurrent jurisdiction exists.

WHEN CONCURRENT JURISDICTION EXISTS:

Advise complainants/victim that:

- a. There is concurrent jurisdiction with respect to family offenses in both Family Court and the Criminal Courts;
- b. A Family Court proceeding is a civil proceeding and is for the purpose of attempting to stop the violence, end the family disruption and obtain protection. Referrals for counseling or counseling services are available through probation for this purpose;
- c. A proceeding in the Criminal Courts is for the purpose of prosecution of the offender and can result in a criminal conviction of the offender;
- d. A proceeding or action subject to the provisions of Family Court Act, Section 812, is initiated at the time of filing of an accusatory instrument or Family Court petition, not at the time of arrest, or request for arrest, if any; An arrest may precede the commencement of a Family Court or a Criminal Court proceeding, but an arrest is not a requirement for commencing either proceeding; however, that the arrest of an alleged offender shall be made under the circumstances described in subdivision four of Section 140.10 of the Criminal Procedure Law.

PROCEDURE When members of the service respond to, or are notified of, any incident involving members of the same Family/Household (NYPD EXPANDED DEFINITION):

UNIFORMED MEMBER OF THE SERVICE

1. Obtain medical assistance if requested or the need is apparent.
2. Ascertain all facts.
 - a. Interview persons involved SEPARATELY.
 - b. Interview and record names of any witnesses present at time of occurrence.
 - c. Collect evidence and record statements of persons present (e.g., admission by offender during dispute).
 - d. Take photographs using the Department issued smartphone via the Finest Online Records Management System (FORMS), in all cases where a victim has visible injuries and/or damaged property as a result of domestic violence. Photographs will be uploaded via FORMS as per P.G. 208-39, "*Family Offenses/Domestic Violence (Digital Photography of Visible Injuries/Damaged Property)*." Other domestic violence evidence (i.e., weapons, clothing, etc.) must be vouchered in accordance with P.G. 218-01, "*Invoicing Property – General Procedure*."

NOTE *If the complainant/victim appears to have difficulty understanding/communicating in English, the member of the service concerned should comply with P.G. 212-90, "Guidelines for Interaction with Limited English Proficient (LEP) Persons." If the complainant/victim appears to be hearing impaired, the member of the service concerned should comply with P.G. 212-104, "Interaction with Hearing Impaired Persons." During domestic violence incidents, members of the service should avoid using bystanders and family members to interpret in order to preserve privacy and minimize the risk of faulty interpretation due to fear of arrest of a family member or other personal biases. They may be temporarily used for interpretation to stabilize the scene and gather preliminary information. However, responding officers must use a certified member of the service or the Language Line Service to verify the details of the domestic violence incident before finalizing the job. As possible victims or witnesses to an incident, a child should be interviewed; however, whenever feasible, a child should not be used as an interpreter for any kind of police incident, including domestic violence. Some words and concepts are difficult for a child to understand and translate into another language. Interviewees are not likely to be forthcoming if a child is used to interpret and will be especially hesitant to reveal details of a sexual assault to a police officer through a child.*

3. Determine whether:
 - a. Probable cause exists that any offense has been committed
 - b. An Order of Protection has been obtained by complainant/victim
 - c. The offense constitutes a FAMILY OFFENSE
 - d. There are children present in the home who may be victims of neglect, abuse, or maltreatment

PATROL GUIDE

UNIFORMED MEMBER OF THE SERVICE *(continued)*

- (1) If a member REASONABLY SUSPECTS a child less than eighteen is abused, neglected or maltreated and continued presence in the household presents an imminent risk to the child's physical or mental health, request the patrol supervisor to respond, prepare **REPORT OF SUSPECTED CHILD ABUSE OR MALTREATMENT (PD377-154)**, and notify the State Central Registry as outlined in *P.G. 215-03, "Emergency Removals or Investigation and Reporting of Abused, Neglected, Or Maltreated Children"*

NOTE

Willful failure to make such notification is a Class "A" Misdemeanor. Further, civil liability may result for the damages caused by such failure.

- (2) If probable cause exists that a crime has been committed against a child, the perpetrator will be arrested, and no **DESK APPEARANCE TICKET (PD260-121)** will be issued.

WHEN OFFENDER HAS DEPARTED SCENE PRIOR TO ARRIVAL OF POLICE:

UNIFORMED MEMBER OF THE SERVICE

4. Conduct search of immediate vicinity for offender when:
 - a. Probable cause exists that a crime has been committed OR an Order of Protection has been violated, AND
 - b. Uniformed member of the service has reason to believe that such search might yield positive results.
5. Advise complainant/victim to call police when offender returns, if initial search produced negative results and follow "REPORTING PROCEDURE" as set forth below.

WHEN COMPLAINANT/VICTIM INDICATES THAT AN ORDER OF PROTECTION HAS BEEN OBTAINED:

UNIFORMED MEMBER OF THE SERVICE

6. Request complainant/victim to produce Order of Protection.
 - a. Query eJusticeNY application to access and print a copy of Order of Protection, if Order of Protection cannot be produced by complainant/victim.
 - (1) Order of Protection information can also be obtained via a name search in zFINEST application by querying the name of the protected individual or the name of the subject of the Order of Protection. However, queries conducted via zFINEST application will result in Order of Protection information only and will not produce a copy of the Order of Protection.
 - b. Confirm Order of Protection was properly served via eJusticeNY application or zFINEST application.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
208-36	04/30/21		6 of 18

UNIFORMED MEMBER OF THE SERVICE (continued)

- c. Contact Central Records Division, Identification Section via telephone for assistance, to verify Order of Protection was issued, court of issuance, specific conduct prohibited, and expiration date, if a copy of the Order of Protection cannot be obtained through the eJusticeNY application.

NOTE

The eJusticeNY application can be accessed on a Department desktop via the Department intranet's "Applications" section, and is also available on a Department smartphone via the "Portal" application's "Order of Protection" section.

In addition, the eJusticeNY application permits uniformed members of the service to print and/or save PDF versions of active Orders of Protection when using a Department desktop, or save and forward PDF versions of Orders of Protection when using a Department smartphone. Orders of Protection from Family Court and Criminal Court may be printed; however, Orders of Protection issued by Supreme Court are only available on the Orders of Protection application or may be requisitioned by Central Records Division, Identification Section.

IF OFFENDER IS PRESENT OR THE SEARCH FOR THE OFFENDER WAS SUCCESSFUL AND THERE IS PROBABLE CAUSE THAT ANY FELONY HAS BEEN COMMITTED OR AN ORDER OF PROTECTION HAS BEEN VIOLATED:

UNIFORMED MEMBER OF THE SERVICE

7. Arrest offender even if complainant/victim requests that offender not be arrested.
- a. When an Order of Protection is violated and the act that violates the Order is an offense, offender must be charged with that offense in addition to the appropriate charge for the violation of the Order of Protection.
- b. In all cases, whether the Order of Protection was issued by Family Court, Supreme Court, or Criminal Court, and whether the violation of the Order of Protection also constitutes an offense or not (e.g., offender in proximity to complainant's residence or place of employment is not an offense in and of itself but does violate an Order of Protection), the violation of the Order of Protection shall be charged as the Penal Law crime of Criminal Contempt, or Aggravated Criminal Contempt, as appropriate, and the offender brought to Criminal Court.
- c. Confer with Legal Bureau and effect arrest, if appropriate, for family offense(s) in which there is a family/household relationship as defined in the Family Court Act (NOT the NYPD Expanded Definition) and family offense(s) occurred within New York State, but outside of New York City.
- (1) In cases where an arrest is effected within New York City, for a family offense, occurring outside of New York City, but within New York State, process as "For Other Authority (FOA)" case, and comply with the provisions of P.G. 208-03, "Arrest Processing – General," as well as, all other relevant Department procedures.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
208-36	04/30/21		7 of 18

NOTE

Under the federal 1994 Violence Against Women Act, Orders of Protection issued by courts of other jurisdictions (other states, U.S. territories, tribal jurisdictions), in cases of domestic violence covered by this procedure, may be enforced in New York State. If the particular out-of-state Order of Protection is available, and otherwise appears to be valid on its face (i.e., not expired, signed by a judge or justice of a court), and there is probable cause to believe that the Order of Protection has been violated, and that the offender had notice of the Order and an opportunity to be heard, uniformed members of the service will arrest the offender and charge him or her with either Criminal Contempt in the second degree (Penal Law Section 215.50 [3], Criminal Contempt in the first degree (Penal Law section 215.51 [b], [c], or [d]), or Aggravated Criminal Contempt (Penal Law section 215.52), as appropriate.

In order to charge any of the criminal contempt charges above, for a violation of either an in-state or out-of-state Order of Protection, there must be a showing that the offender had "notice" of the issuance of the Order of Protection, either because he or she was present in court when the Order was issued or because he or she was duly served with the Order.

In order to establish probable cause that the offender had notice, uniformed members of the service should ask the offender if he or she knew of the Order and if necessary ask the complainant/victim to verify that the offender had knowledge of the Order. Additionally, if such is deemed necessary, uniformed members of the service may call the court that issued the order during normal business hours to seek further information.

In the case of out-of-state Orders of Protection, there is an additional requirement that the offender has had or will shortly have an opportunity to be heard. This essentially means that the offender was notified of a date to appear in the particular court in order to respond to the issuance of the Order. In order to take enforcement action, probable cause as to any of the following must exist:

- a. *The offender appeared in court in response to issuance of the Order of Protection,*
- b. *The offender was served with notice to appear, in response to the issuance of the Order of Protection and failed to appear, or*
- c. *The offender was served with an Order of Protection with a notice to appear before the court within thirty days of the issuance of the Order of Protection.*

The inquiries set forth in the preceding paragraph may be used to establish the existence of this element of probable cause.

In cases in which the Order of Protection is not produced by the complainant/victim, in addition to the procedure set forth in step "6," above, uniformed members of the service shall inquire whether a record of the Order exists on the statewide registry of Orders of Protection or the protection order file maintained by the National Crime Information Center (NCIC). However, the presence of the Order on any file shall not be required for enforcement of the Order, provided that the uniformed member of the service has probable cause to believe that the Order is in existence through credible information supplied by the complainant/victim or other reliable source.

When an offender is arrested within New York City for violating any Order of Protection, his or her arrest will, in ALL cases, be processed in New York City Criminal Court, regardless of the court that issued the Order. The offender will be charged with the

PATROL GUIDE

**NOTE
(continued)**

appropriate criminal contempt charge. The offender will also be charged with any pertinent criminal offense for which probable cause exists. When an arrest is made for violation of a Family Court Order of Protection, the complainant/victim will be advised that he or she has a right to proceed independently in Family Court by filing a petition. However, uniformed members of the service are required to bring the offender before the local criminal court.

WHEN THERE IS PROBABLE CAUSE THAT ANY MISDEMEANOR HAS BEEN COMMITTED, IN OR OUT OF THE UNIFORMED MEMBER'S PRESENCE, OR A VIOLATION HAS BEEN COMMITTED IN THE UNIFORMED MEMBER'S PRESENCE:

**UNIFORMED
MEMBER OF
THE SERVICE**

8. Arrest offender.
 - a. Under the Criminal Procedure Law, a uniformed member of the service must arrest the offender, unless the victim specifically states, on his or her own initiative, that he or she does not want the offender arrested. The uniformed member of the service shall not ask the victim if he or she wants to have the offender arrested. The uniformed member of the service retains the discretion to make an arrest in a misdemeanor case, despite the victim's decision not to seek an arrest.
 - b. Confer with Legal Bureau and effect arrest, if appropriate, for family offense(s) in which there is a family/household relationship as defined in the Family Court Act (NOT the NYPD Expanded Definition) and family offense(s) occurred within New York State, but outside of New York City.
 - (1) In cases where an arrest is effected within New York City, for a family offense, occurring outside of New York City, but within New York State, process as "For Other Authority (FOA)" Case, and comply with the provisions of P.G. 208-03, 'Arrest Processing – General,' as well as, all other relevant Department procedures.

NOTE

The primary considerations when the complainant/victim does not want an arrest are the prevention of further violence and the safety of ALL household members. Factors to be taken into consideration include, BUT ARE NOT LIMITED TO:

- a. *The past history of the offender and victim (prior arrests, incidents, injuries sustained etc.). If possible, conduct an inquiry through Department databases,*
- b. *The uniformed member of the service's observations of the scene and victim,*
- c. *Statements of witnesses,*
- d. *Statements made by the offender (especially threats of suicide, homicide or other future violence),*
- e. *Threatened use of weapons, or the presence of or access to weapons by the offender,*
- f. *Mental and physical state of the offender (drug or alcohol intoxication, etc.), and*
- g. *Presence of other household members who may be at risk, including the elderly.*

If an officer has any doubts about the continued safety of any household member, AN ARREST SHOULD BE EFFECTED.

9. Make digital **Activity Log** entry if complainant/victim does not want an arrest for a misdemeanor or any violation committed in the uniformed member of the service's presence by family/household member.
 - a. Request complainant/victim to affirm refusal by signing digital **Activity Log** entry.
 - b. Enter "Refused Signature" if complainant/victim will not sign entry.

IN CROSS COMPLAINT SITUATIONS, WHERE THERE IS PROBABLE CAUSE TO BELIEVE THAT MORE THAN ONE FAMILY OR HOUSEHOLD MEMBER HAS COMMITTED A FAMILY OFFENSE MISDEMEANOR, IN OR OUT OF THE UNIFORMED MEMBER OF THE SERVICE'S PRESENCE IN A SINGLE DOMESTIC INCIDENT:

UNIFORMED MEMBER OF THE SERVICE

10. Attempt to identify the primary physical aggressor after considering the following criteria:
 - a. The comparative extent of any injuries inflicted by and between the parties,
 - b. Whether any of the parties are threatening or have threatened future harm against another party, family, or household member,
 - c. Whether any of the parties has a prior history of domestic violence that the uniformed member of the service can reasonably ascertain, and
 - d. Whether any such person acted defensively to protect himself or herself from injury.

NOTE

Where one party has committed a family offense misdemeanor against a family/household member in response to or in retribution for a crime committed against him or her in the past, the responding uniformed members of the service shall not determine who is the "Primary Physical Aggressor" and proceed as required by step "8," above.

11. Confer with the patrol supervisor.
12. Arrest the offender identified as the primary physical aggressor.
 - a. If complainant/victim requests that offender not be arrested, the uniformed member of the service may still effect the arrest.

NOTE

Where there is reasonable cause to believe that both parties to a particular domestic violence dispute have committed family offense misdemeanors and the responding uniformed members of the service are unable to determine who, if anyone, was the primary physical aggressor, it would be lawful to arrest both parties. Further, even where the responding uniformed members of the service are able to determine who was the primary physical aggressor, both parties may, if appropriate, be arrested. The primary consideration when deciding whether to arrest other persons, in addition to the primary aggressor, is the prevention of further violence and the safety to ALL household members. Evaluate each complaint separately. Do not base a decision to arrest or not to arrest on the willingness of a person to testify or otherwise participate in a judicial proceeding. If a complainant/offender/victim requests that the offender not be arrested, the uniformed member of the service may still effect an arrest. The primary considerations when the complainant/offender/victim does not want an arrest to be made are the prevention of future violence and the safety of ALL household members. (See "NOTE" following step "8").

 - Enter "Refused Signature" if complainant/victim will not sign entry.

The law prohibits a uniformed member of the service from inquiring whether the victim seeks an arrest of such person. In addition, uniformed members of the service are reminded that P.G. 208-36, "Family Offenses/Domestic Violence," sets out a mandatory arrest policy if a uniformed member of the service establishes probable cause that any felony has been committed or an order of protection has been violated.

2. Ascertain the facts.
3. Ensure that the patrol supervisor is responding.

NEW YORK STATE ORDER OF PROTECTION REGISTRY

DATE ISSUED:
02/04/15

DATE EFFECTIVE:
02/04/15

REVISION NUMBER:

PAGE:
1 of 2

PURPOSE

To establish guidelines to be followed whenever a complainant claims to be the petitioner (possessor) of an active order of protection but is either unable to produce a copy of the order or produces one that is illegible, for the responding officer's review.

PROCEDURE

When a member of the service is informed by a complainant that he/she possesses an active order of protection, which has been violated, but is unable to produce a copy of that order.

UNIFORMED MEMBER OF THE SERVICE

1. Ascertain from the complainant all available information concerning the order (e.g., court of issuance, date of issuance, the names, addresses and dates of birth of all parties concerned, etc.).

NOTE

The above list of information to be obtained, if possible, from the complainant serves to aid the member accessing the system in verifying that the correct order has been located. Failure to obtain certain information from this list will not prevent the locating of a database file; an order can be located merely by entering the petitioner's (complainant's) name and date of birth. However, every attempt should be made to ascertain as much information as possible concerning the order and the parties to whom it pertains.

2. Telephone Central Records Division, Identification Section to verify that an Order of Protection was issued, court of issuance, specific conduct prohibited and the expiration date.
3. If the Identification Section reports that there are no Orders of Protection on file pertaining to the complainant/victim, telephone the precinct of occurrence and request a member of the service authorized to operate the FINEST System to conduct an Order of Protection database inquiry.
 - a. In the event the precinct of occurrence is unable to conduct the inquiry, request the Communications Section dispatcher to conduct the inquiry.

NOTE

The following information is obtainable through the database:

- a. *Data relating to the person requesting the Order of Protection (name, address, date of birth, etc).*
- b. *Data relating to the person against whom the order runs (name, address, date of birth, etc).*
- c. *The terms and conditions of the order.*
- d. *Date and court of issuance, and date of expiration.*
- e. *Whether the respondent has been served with a copy of the order.*
- f. *Additional comments regarding the parties involved and unique terms of the order.*

It should be noted that the state database will not contain Orders of Protection that have been issued prior to October 1, 1995.

**NOTE
(continued)**

The Central Records Division intranet database application will be utilized to access information for all Orders of Protection issued by New York City based courts, as outlined in Patrol Guide 208-36, "Family Offenses/Domestic Violence."

WHEN THE COMPLAINANT INDICATES THAT THE ORDER WAS ISSUED PRIOR TO OCTOBER 1, 1995, OR A STATE DATABASE INQUIRY REVEALS THAT THERE IS NO ORDER ON FILE RELATING TO THE PARTIES CONCERNED

UNIFORMED MEMBER OF THE SERVICE

4. Telephone Central Records Division, Identification Section to verify the existence of the order.

WHEN A STATE DATABASE INQUIRY REVEALS THAT THERE IS AN ACTIVE ORDER OF PROTECTION IN EFFECT

UNIFORMED MEMBER OF THE SERVICE

5. Verify that the order relates to the parties involved, naming the complainant as petitioner and the offender as the respondent.
6. Verify that the respondent has been previously served with a copy of the order.

NOTE

In order to effect an arrest for violation of an order of protection, the member must have probable cause to believe the order was effectively served upon the respondent PRIOR to its violation. While a notation in the database file will provide the member with sufficient probable cause to believe the order was effectively served, the absence of such information in the database file will not automatically prevent the member from making the arrest. If the member, through alternative means, can verify that the order was properly served (e.g., an affidavit of service, an admission by the respondent that he/she was properly served, etc) then the arrest can be effected.

7. Determine whether there exists probable cause to believe that the terms of the order have been violated by the respondent. If probable cause does exist, comply with the applicable provisions of P.G. 208-36, "Family Offenses/Domestic Violence."

ADDITIONAL DATA

The fact that the order has not been properly served or that the specific terms of the order have not been violated will not prevent the member from effecting an arrest if the underlying conduct constitutes a crime.

FAMILY OFFENSES/DOMESTIC VIOLENCE (DIGITAL PHOTOGRAPHY OF VISIBLE INJURIES/DAMAGED PROPERTY)

DATE ISSUED:
07/01/20DATE EFFECTIVE:
07/01/20

REVISION NUMBER:

PAGE:
1 of 3

PURPOSE

To capture, store and maintain digital photographic evidence of visible injuries, damaged property and/or other evidence as a result of domestic violence.

SCOPE

All uniformed members of the service are now able to digitally capture domestic violence photos through Department issued smartphones, and electronically transmit them as a permanent record attached to the **New York State Domestic Incident Report (DCJS-3221)** via the Finest Online Records Management System (FORMS). These images may then be instantly viewed by prosecutors at each borough's District Attorney's Office and the New York Law Department (Corporation Counsel) who will have access to the Domestic Violence Digital Photo Database. Prosecutors may then present digital images of domestic violence to judges at the time of arraignment, thereby strengthening the District Attorney's case. In addition, uniformed members acting in investigatory and support roles (Detective Bureau personnel, domestic violence prevention officers, etc.) will be able to view these photos prior to making further contact with the victim and/or offender.

PROCEDURE

Upon responding to the scene of a reported domestic violence incident:

UNIFORMED MEMBER OF THE SERVICE

1. Comply with *P.G. 208-36, "Family Offenses/Domestic Violence."*
2. Determine if photographs must be taken.
 - a. For incidents that occurred within New York State, but outside of New York City, take photographs using Department smartphone.
 - (1) Print out photographs and attach to **COMPLAINT REPORT WORKSHEET (PD313-152A)**, if prepared.
 - (2) Do not upload photographs to Finest Online Records Management System (FORMS).
 - (3) Print out photographs and prepare **PROPERTY CLERK INVOICE WORKSHEET (PD521-141A)**.
3. Ascertain if the victim is willing to be photographed.
 - a. Advise the victim that photographable evidence is crucial to future prosecutorial efforts and/or civil process such as divorce and child custody proceedings.
 - b. If victim is not willing to be photographed, note refusal on **New York State Domestic Incident Report (DCJS-3221)** and **COMPLAINT REPORT WORKSHEET (PD313-152A)**.
 - (1) Additionally, note refusal in digital **Activity Log**, and if possible, have victim sign digital **Activity Log** entry.
4. Take photographs through FORMS on Department issued smartphones for incidents that occurred within New York City. Utilize "Domestic Violence," "DV Photos," and "Take Picture" tabs, and take digital photographs as necessary, including, but not limited to:
 - a. Visible injuries and a photo of victim from the waist up for ID purpose,

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
208-39	01/16/20		2 of 3

NOTE

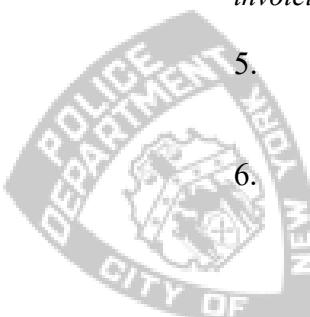

Injuries may not be initially prominent, therefore it is crucial for domestic violence prevention officers and investigators to take follow-up photographs for bruises that appear at a later time. When a victim makes a complaint of substantial pain (Assault 3rd Degree), and there are no visible injuries, do not take photos.

UNIFORMED MEMBER OF THE SERVICE (continued)

- b. Weapons,
- c. Property damage,
- d. Overall scene to illustrate disarray,
- e. Appropriate recent photo of perpetrator, from victim's cell phone or other source, if no arrest is effected (a photo of a picture on the victim's cell phone is appropriate in these cases and a recent picture of the perpetrator will greatly assist in apprehension),
- f. Threatening social media and/or text messages (include photo of perpetrator's contact information and IMEI number from victim's cell phone),
- g. When a violation of an Order of Protection is committed via phone contact, or a threatening or repeated phone call is made, a photo of the call log from the victim's phone will be taken, if possible (include photo of perpetrator's contact information and IMEI number from victim's cell phone),
- h. Apologetic text messages and/or other social media messages that indicate suspect culpability, and
- i. Other types of evidence (e.g., pictures of caller-id for aggravated harassment, flowers/notes for stalking, blood on the clothes/hands or ripped clothing of the victim/perpetrator, etc.).

NOTE

Members are reminded that the photographing of evidence does not substitute for the collection and invoicing of physical evidence (e.g., weapons, clothing, etc.). Members will adhere to Patrol Guide 218-01, "Invoicing Property – General Procedure" when invoicing physical evidence.

- 5. Ensure "Photos Taken" box within the "Evidence" section (Evid) of the **New York State Domestic Incident Report** is completed for incidents that occurred within New York City.
Upon completion of taking all required photographs through FORMS on the Department issued smartphone, press save and document reserved **New York State Domestic Incident Report** number on the scratch copy of the **New York State Domestic Incident Report** for incidents that occurred within New York City. Make a digital **Activity Log** entry documenting the reserved **New York State Domestic Incident Report** number.
- 6.

REVISION NUMBER:

PAGE:
1 of 4**PURPOSE**

To ensure a chemical test is appropriately administered to a person under the age of twenty-one who is detained pursuant to section 1192-a of the Vehicle and Traffic Law (VTL).

SCOPE

VTL section 1192-a should be enforced when an operator of a motor vehicle who is under twenty-one years of age is not charged with any other VTL section 1192 violation. 25. Comply with *P.G. 208-40, "Intoxicated or Impaired Driver Arrest,"* if a chemical test is refused.

ADDITIONAL DATA

LEGAL CONSIDERATIONS

This procedure applies to persons under twenty-one years of age with a BrAC of .02% through .05% (actual VTL section 1192-a states that it is meant for persons with a BrAC of .02% through .07%. However, the District Attorney's Offices prosecute a BrAC of .06% or greater as Driving While Intoxicated). It will not be followed for prisoners under the age of twenty-one when:

- a. A prisoner's BrAC is determined to be .06% or higher,
- b. A prisoner refused a breath test and is believed to be intoxicated, or
- c. Impairment from a drug other than alcohol is suspected, regardless of BrAC reading.

Since an individual who violates VTL section 1192-a is detained rather than arrested, an individual who resists detention or attempts to escape a lawful stop would be subject to arrest for Obstructing Governmental Administration (section 195.05 of the Penal Law [A Misdemeanor]), rather than for Resisting Arrest.

 - (5) Time violator entered and departed command.

NOTE *It is not necessary to institute Desk Appearance Ticket or Voided Arrest procedures for an offense for which summons(es) is/are served pursuant to this procedure.*

ADDITIONAL DATA *To determine whether the charges listed in step 1, subdivisions (6) and (7) should be considered, a uniformed member of the service should contact the Department of Motor Vehicles Internal Affairs Office (DMV-IA) between 0830 and 1630 hours, Monday through Friday. Personnel assigned to DMV-IA may be able to provide information as to how the arrested motorist or individual obtained the fraudulent Driver License or Identification Card. They may also have knowledge indicating to whom at DMV the person in custody may have bribed for the purpose of obtaining the fraudulent documents. Additionally, efforts should be made to interrogate the person in custody, after Miranda warnings are given, to independently obtain this information. This information, if available, should be conveyed to the Assistant District Attorney prosecuting the arrest.*

When a uniformed member of the service encounters a motorist in possession of a fraud document during hours when the DMV-IA is closed, the motorist should be charged with Criminal Possession of a Forged Instrument 2nd Degree (Penal Law 170.25 pursuant to 170.10[3]: Class 'D' Felony). Probable cause for the arrest will be based upon the "Fraud Document" designation obtained from the computer check of the DMV database. Related charges listed in step 1, subdivisions (6) and (7), should NOT be made against the motorist in instances when DMV-IA cannot be contacted immediately. For example, it would be difficult to charge a defendant with Bribery or Offering a False Instrument for Filing, without first communicating with a DMV-IA employee who could articulate the circumstances which resulted in the "Fraud Document" designation. Additional charges, where appropriate, may be made after consulting with a DMV-IA representative.

Uniformed members of the service should be guided by the following indicators when conducting license/name checks of motor vehicle operators:

- a. *When conducting license/name checks always run a group search of the last name, first name, and sex without the date of birth or any middle initial (common names such as Smith, Garcia, etc. may prohibit such a search due to the large number of responses generated).*
- b. *Examine DMV files containing the same name/address with different dates of birth.*

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
208-54	08/01/13		5 of 5

ADDITIONAL DATA (continued)

- c. Examine motor vehicle operator's documents to determine if identification with other names, addresses, or dates of birth are possessed. Invoice any items found suggesting additional driving records/identifications.
- d. Be alert to out-of-state licenses which may have been issued under lax identification standards
- e. Review a suspect's criminal history in Department databases such as C.A.R.S. and B.A.D.S. to ascertain additional aliases, addresses, or dates of birth.
- f. Fill out **CONSOLIDATION OF CLIENT IDENTIFICATION REQUEST (PDI35-160)** form, if applicable. Attach all pertinent supporting data and submit to desk officer for review, before distributing as per instructions on form.

When attempting to ascertain a prisoner's identity, the uniformed member of the service concerned should inform the prisoner that knowingly misrepresenting his or her actual name, date of birth, or address, to a police officer, with intent to prevent a police officer from ascertaining such information, is punishable as a crime. Prisoners who knowingly misrepresent their pedigree information should be charged under Penal Law 190.23 (False Personation, B Misd.).

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
208-66	12/30/20		4 of 4

ADDITIONAL DATA

Specialized investigative units (e.g., RAM, Borough Special Victims Squad, etc.) must maintain a **CASE DEVELOPMENT/DETECTIVE CASE ASSIGNMENT LOG** to serve as an index with chronological AIR numbers. However, this LOG is for in-house use only. The precinct detective squad copy of the LOG is the only **DETECTIVE CASE ASSIGNMENT LOG** that should be forwarded to the detective borough coordinator. Therefore, it is imperative that the assigned investigator of a specialized investigative squad provide the necessary information for logging the case (including AIR #) to the precinct detective squad.

In cases where a "riding" Assistant District Attorney is present at the arrest scene to supervise the post-arrest investigation it is not necessary to conduct a formal case development; the case should be coded "C" and the name of the Assistant District Attorney entered. If the Assistant District Attorney states over the telephone that he/she will respond, initiate the case development. Upon arrival of the Assistant District Attorney, if he/she does not require that the development be completed, make appropriate notation on AIR; Case will be coded "A" and an AIR number will be assigned.

Detective borough commanders are responsible for the Felony Case Development Program in their respective boroughs. Accordingly, they will maintain a system to review completed post-arrest investigations as means of quality control. Additionally, they will ensure that completed documentation is maintained, including reasons when designated felony arrests are not submitted for case development.

Every effort will be made to conduct case development in a timely manner. In addition, the CITYWIDE EXPEDITED ARREST PROCESSING program remains in effect when processing Felony Case Development Program arrests. Desk officers are responsible for having all arrest related documents and Live-scan procedures completed expeditiously and in NO CASE LATER THAN THREE HOURS FROM TIME OF ARREST. Furthermore, desk officers will notify the borough court section supervisor and be guided by the court section supervisor's instructions in regards to arraignment delays. In instances where the arrest package is forwarded without the prisoner, prepare a **Prisoner Movement Slip** and attach one photograph of prisoner. The **Prisoner Movement Slip** will remain with prisoner until he/she is transported to borough Court Section or court.

SCOPE

To ensure that all arrests effected by uniformed members of the service are prosecuted to the fullest extent of the law and in keeping with the Department's arrest strategy to reduce crime and disorder, the Department, in cooperation with all five county District Attorney's Offices has implemented a follow-up investigation initiative for cases that have been designated "Decline Prosecution." Designated "Decline Prosecution" arrest cases will be re-opened and prosecuted, if a requested follow-up investigation is conducted and specific additional information (e.g., interviews, evidence, line-ups, etc.) is obtained.

PROCEDURE

When a District Attorney's office in a "Decline Prosecution" arrest case requires specific additional information:

DOCUMENTATION OF ACTIVITY OF BAIL ENFORCEMENT AGENTS

DATE ISSUED:
08/01/13DATE EFFECTIVE:
08/01/13

REVISION NUMBER:

PAGE:
1 of 3**PURPOSE**

To identify bail enforcement agents who are attempting to apprehend wanted persons, and to preserve the peace and ensure public safety in these situations.

DEFINITION

BAIL ENFORCEMENT AGENT - Shall include any person, firm, company, partnership or corporation engaged in the business of enforcing the terms and conditions of a person's release from custody on bail in a criminal proceeding, including locating, apprehending and returning any such person released from custody on bail who has failed to appear at any stage of a criminal proceeding to answer the charge before the court in which he/she may be prosecuted.

PROCEDURE

When a bail enforcement agent appears at a precinct to notify the Department that he/she intends to apprehend a wanted person:

DESK OFFICER

1. Interview bail enforcement agent and verify the following:
 - a. Bail enforcement agent is appropriately licensed or is directly employed by an appropriately licensed bail enforcement agent, and
 - b. Bail enforcement agent is in possession of a bail bond that names the defendant he/she is seeking to apprehend.

NOTE

The burden of proving that he/she is appropriately licensed falls upon the bail enforcement agent. The licensing agency, the New York State Department of State, maintains a searchable database of bail enforcement agent licensees (see www.dos.state.ny.us/). Bail enforcement agents who fail to prove that they are appropriately licensed will be advised that they may not make an apprehension until such proof is provided.

2. Prepare **BAIL ENFORCEMENT AGENT NOTIFICATION OF SERVICE (PD609-120)**.
3. Make immediate telephone notification to the Warrant Section's Telephone Inquiry Unit twenty-four hours a day, seven days a week in order to determine if a member of the Warrant Section is conducting an investigation on the defendant the bail enforcement agent is seeking to apprehend.
 - a. If the warrant is currently under investigation by Warrant Section, the appropriate borough field office will respond to make the arrest.
 - b. If warrant is not currently under investigation by the Warrant Section, the bail enforcement agent(s) will apprehend the wanted person.
4. Make a command log entry pertaining to the bail enforcement agent's information.
5. Record name of person notified at Warrant Section and result of inquiry in the Telephone Record and **BAIL ENFORCEMENT AGENT NOTIFICATION OF SERVICE**.
6. File **BAIL ENFORCEMENT AGENT NOTIFICATION OF SERVICE** at command.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
208-71	08/01/13		2 of 3

DESK OFFICER 7. Direct precinct RMP unit to accompany bail enforcement agent, if requested, in cases where wanted person is believed to be present in an occupied building.

NOTE *Since this apprehension is a private, contractual matter, the Department is under no general duty to assist the bail enforcement agent, just as the Department has no duty to assist a car repossession, for example, in the recovery of a vehicle. However, police personnel should respond to the scene of the apprehension to preserve the peace in the same manner that the Department preserves the peace at the scene of civil process executions by the City Marshal.*

DESK OFFICER 8. Notify the desk officer of the police service area concerned if wanted individual resides in a housing development.

NOTE *Bail enforcement agents MUST appear at the precinct which covers the location that the wanted individual is to be apprehended. If a UMOS encounters a bail enforcement agent who did not notify this Department of the attempt to apprehend a wanted person into their custody, the uniformed member will immediately direct the agent to the desk officer of the precinct which covers the location where the wanted individual was or is to be apprehended.*

UNIFORMED MEMBER OF THE SERVICE ASSIGNED 9. Accompany bail enforcement agent to location, if directed.
a. Notify radio dispatcher of assignment and location.

NOTE *Bail enforcement agents shall be responsible for the apprehension process. The primary duty of members of the service will be to preserve the peace and protect life and property. Absent unusual circumstances, it will be the responsibility of the agent to search, secure, and transport the wanted person back to the original jurisdiction. If weapons or other contraband are found on the wanted person, this Department will affect the arrest. However, in the interest of preventing unlawful detentions, members of the service should attempt to verify that the person apprehended is in fact the wanted person. If reasonable doubt exists, all parties should be returned to the precinct for investigation that should include a federal, state and local warrant check, and the results entered on the **BAIL ENFORCEMENT AGENT NOTIFICATION OF SERVICE**. Once it is determined that the individual is in fact the wanted person being sought by the bail enforcement agent(s), allow the agent(s) to transport the wanted person back to the original jurisdiction.*

ADDITIONAL DATA *Bail bonding companies often subcontract the task of apprehending their clients to independent bail enforcement agents. New York law permits the surety to empower another to apprehend the defendant, provided that the surety provides written authority for the agent to do so, endorsed on a certified copy of the bail bond. New York Law also requires that such agent be over twenty years of age (see Criminal Procedure Law 530.80).*

Chapter 562 of the laws of New York State requires any person or company engaged in the business of bail enforcement in New York State to be properly licensed. The law shall apply to all bail enforcement businesses, whether based in or outside of New York State, that conduct business within New York State. Exceptions to this provision are New York State private investigators that are licensed separately. Under the law, a

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
208-71	08/01/13		3 of 3

ADDITIONAL DATA (continued)

licensed private investigator may perform the function of a bail enforcement agent. However, a bail enforcement agent may not perform the function of a private investigator, unless the individual is properly licensed.

The licensing requirement of the new law applies to the bail enforcement business, not the individual agent/employee performing the bail enforcement function. For example, an individual bail enforcement agent that lives in Las Vegas, Nevada and performs bail enforcement in New York City does not need a license from New York State, so long as the bail enforcement business that employs him/her is licensed in New York State. However, the bail enforcement agent/employee is subject to the training and education requirements of the new law. In addition, a bail enforcement agent that is acting as a sub-contractor to a bail enforcement business, and is not a direct employee thereof, is required to be licensed in New York.

Any person that falsely states or represents that he or she works for a licensed bail enforcement business shall be guilty of an unclassified misdemeanor [General Business Law, Section 81(1)]. Law enforcement officers engaged in their official duties are exempt from this law.

The law states that a “representative of a local law enforcement agency may accompany a bail enforcement agent when the agent enters what is believed to be an occupied structure to search for or apprehend a person.” However, the provision authorizing law enforcement agents to accompany bail enforcement agents to search for or apprehend someone is not intended to in any way to expand the police powers beyond what is currently authorized by law, nor does it require a police officer to assist an agent in this manner. It must be emphasized that the Department’s role when accompanying a bail enforcement agent to the scene of a prospective apprehension is preservation of the public peace, in the same manner that the Department preserves the peace at the scene of civil process executions by the city marshal. This Department will NOT permit or give assistance to the bail enforcement agent to break and enter any dwelling for the purpose of seizing a defendant inside. The bail enforcement agent should be further informed that he/she is subject to arrest if he violates any laws in New York.

Members of the service seeking additional guidance regarding bail enforcement agents will refer to Legal Bulletin “The Authority of Bail Bondsman” (Volume 21, Number 6, December 1991). Any further questions can be directed to the Legal Bureau.

It is the responsibility of a Detective Bureau supervisor to oversee this process if additional arrests concern the same command or a Detective Bureau Zone Commander if multiple commands are involved. (See "ADDITIONAL DATA" statement.)

**DETECTIVE SQUAD SUPERVISOR/

ENHANCEMENT OF OFFENSES INVOLVING FIREARMS

DATE ISSUED:
12/30/20DATE EFFECTIVE:
12/30/20

REVISION NUMBER:

PAGE:
1 of 5**PURPOSE**

To conduct a thorough investigation of offenses related to firearm(s) possession and to ensure that the strongest cases are presented to prosecutors for every firearm(s) arrest by:

- Identifying potential association to other crimes
- Eliciting intelligence related to the possession, sale, trafficking, and distribution of firearms through the collection and preservation of forensic evidence from both the arrestee and firearm
- Conducting comprehensive debriefings
- Recovering video evidence in a timely manner
- Ensuring prompt notifications and referrals are made to applicable units and agencies.

PROCEDURE

When a member of the service affects an arrest involving a firearm or otherwise comes into possession of a firearm(s) (e.g., found, recovered pursuant to police action, or under circumstances requiring investigation):

NOTE

Firearms received pursuant to Penal Law Section 265.20(a)(1)(f) – such as voluntary surrender or buy-back program will NOT be subject to this procedure.

UNIFORMED MEMBER OF THE SERVICE

1. Notify the desk officer and precinct detective squad of circumstances related to firearm arrest, recovery, or instance necessitating investigation.
2. Do not touch, move, or disturb a firearm at a crime scene except when absolutely necessary (e.g., large crowd gathering, hindering aid to victim, etc.).

NOTE

Every firearm related to an arrest or taken into possession by this Department requiring investigation must be processed for DNA and latent prints. If a firearm is not recovered from a person, the recovery location will be treated as a crime scene and an immediate notification will be made to the Evidence Collection Team (ECT) or Crime Scene Unit (CSU), as appropriate. Contamination of a firearm may occur prior to being tested (e.g., multiple persons handling firearm, discarded into a sewer, etc.). These circumstances should be thoroughly documented and testing completed nonetheless. When handling a firearm:

- a. *Wear latex/nitrile gloves in order to preserve DNA and fingerprint evidence, unless exigent circumstances exist*
- b. *DO NOT secure firearm on your person, unless exigent circumstances exist, since clothing may contaminate, alter, and/or damage the biological evidence thereon*
- c. *DO NOT circulate the firearm among uniformed members at the scene. The recovering officer should retain custody of the firearm and invoice it appropriately (e.g., arrest evidence, etc.) as per P.G. 218-01, "Invoicing Property – General Procedure" and P.G. 218-23, "Processing Firearms and Firearm-Related Evidence."*

NOTE

Precinct detective squads are the primary investigative unit responsible for enhancing firearm(s) related arrests and investigations of firearms occurring within their respective commands. Their expertise and understanding of current dynamics and crime trends within the precinct affords a unique perspective in determining any possible implications this incident has on past and future crimes. This responsibility in no way precludes or excuses other members of the service from actively assisting in the enhancement and post arrest investigation process. This collective effort will guarantee all available evidence and documentation is secured in the most efficient manner, thereby ensuring the best possible case is brought forward. In order to comply with D.G. 502-32, "Electronic Recording of Custodial Interrogations for Enhancement of Arrests for Gun Related Offenses," it is extremely important that the arrestee be brought to the detective squad immediately and prior to any questioning.

10. Prior to conducting any interview with the defendant(s), the assigned investigator will conduct a comprehensive criminal background check through Department computer systems (e.g., FINEST, RTRD, DAS, ICAD, eJustice, etc.).

ADDITIONAL DATA

A SAP warrant is a bench warrant issued by the Court to secure the attendance of a defendant who fails to appear for a court date in response to a Criminal Court summons. SAP warrants are distinguished by a docket number that begins with a four digit year, followed by an "S" and a letter corresponding to the Court that issued the warrant (e.g., N-New York County Criminal, K-Kings County Criminal, X-Bronx County Criminal, Q-Queens County Criminal, R-Richmond County Criminal, B-Red Hook Community Justice Center, and C-Midtown Community). For example, a warrant bearing docket number 2015SN123456 is a SAP warrant issued by the New York County Criminal Court. Furthermore, an OCA designation beginning with "A" or "B" also indicates a SAP warrant issued by the Criminal Court (e.g., OCA No: A1999138449).

When a Criminal Court summons is issued an **ON LINE BOOKING SYSTEM ARREST WORKSHEET (PD244-159)** is not completed nor is an arrest number generated, as the Criminal Court summons serves as the accusatory instrument.

PURPOSE

To instruct uniformed members of the service in the proper manner of preparing a parking summons and processing related papers for parking violations.

PROCEDURE

When a uniformed member of the service observes an unoccupied vehicle on a public highway that is illegally parked or in violation of some provision of the New York City Traffic Rules:

DEFINITIONS

HIGHWAY- Any public roadway, street, or avenue.

ABANDONED VEHICLE- A motor vehicle shall be deemed to be abandoned if it is left unattended:

- a. With no license plates affixed, for more than six hours, on any highway or other public place.
- b. On a public street or area which is not otherwise restricted by posted signs, including a residential area, in excess of seven consecutive days.
- c. For more than ninety-six hours on the property of another without the permission of the owner.

DERELICT VEHICLE- A motor vehicle which is so dilapidated, burned out, stripped, vandalized etc. as to be of no apparent value other than scrap.

UNIFORMED MEMBER OF THE SERVICE

1. Query NYSPIN through the FINEST system, if circumstances warrant, to determine if vehicle is reported stolen.

NOTE

The circumstances that warrant such a query include, but are not limited to, the following:

- a. *Presence on vehicle of any summons issued to the vehicle on a previous date*
 - b. *Vehicle has damage consistent with theft (e.g., broken windows, damaged locks)*
 - c. *Vehicle discovered at a location where the parking of vehicles is unlikely or at a time that is unusual*
 - d. *Any suspicion by a member of the service, arising either from the member's own observations or experience, or from credible statements made by others, that the vehicle may be stolen.*
2. Determine if the vehicle is apparently abandoned and eligible for inclusion in the Rotation Tow Program.
 3. Utilize, in numerical order, the next Notice of Parking Violation.

NOTE

Summons will not be issued to abandoned or derelict vehicles, as defined above.

UNIFORMED MEMBER OF THE SERVICE (continued)

4. Print information legibly in block letters using black or blue ink ballpoint pen.
5. Enter all available information required by captions.
 - a. Specific location of parked vehicle must be indicated, i.e., number of feet north/south/east/west of street, avenue, or front or opposite specific address.
 - b. Utilize the vehicle registration sticker as the primary source of information for vehicles registered in New York State.

NOTE

Any omission or mis-description of any of the following mandatory identification elements will result in dismissal of the summons:

- a. License plate number
- b. License plate type
- c. Expiration date
- d. Make of vehicle
- e. Model of vehicle

6. Enter only one offense on each summons.
7. Cite only valid applicable violations and sections of the New York City Traffic Rules when issuing a Notice of Parking Violation.
 - a. No violations of other rules or laws (e.g., VTL) will be cited on a Notice of Parking Violation.
8. Issue only one summons for the same violation, at the same location, on the same day.
9. Issue no more than three summonses to any vehicle parked in violation at the same location on the same day.

NOTE

In cases where more than three violations are evident, summonses for the three most serious violations should be issued.

10. Do not issue additional summonses to a vehicle displaying three or more summonses already issued at that location.

NOTE

If the vehicle has been reported stolen or is abandoned or derelict, the member of the service should follow the applicable Patrol Guide procedures.

11. Place "service copy" of Notice of Parking Violation and orange self-addressed envelope on windshield of auto.
 - a. During inclement weather (rain, snow) fold summons to ensure information entered thereon remains legible.
12. Enter information concerning summons on **CERTIFICATION OF PARKING SUMMONSES SERVED (PD160-146)**.

14. Detach and retain pink copy of Notice of Parking Violation.

UNIFORMED MEMBER OF THE SERVICE (continued)

ADDITIONAL DATA

15. Deliver remaining two parts of Notice of Parking Violation intact to command at end of tour.

Upon observing a vehicle displaying three or more summonses, the member should check to see if the summonses were issued to that vehicle at that location. If so, the member of the service should determine if the vehicle has been reported stolen, is abandoned, or derelict.

If the vehicle has not been reported stolen, based on the circumstances the vehicle may be either violation towed or placed in the Rotation Tow program if abandoned. No additional summonses should be issued to the vehicle.

Members may utilize the violation tow program by contacting the violation tow pound in their respective borough and providing the description and location of the vehicle. No vehicle will be referred for violation tow without a query of the FINEST system to determine if the vehicle has been reported stolen. The member is not required to remain with the vehicle until the violation tow truck arrives.

- a. Manhattan Tow Pound
- b. Brooklyn Tow Pound
- c. Bronx Tow Pound
- d. Queens Tow Pound

If a vehicle's sticker expiration date or plate type is not visually available, do not simply mark the "N/A"(Not Available") box on the summons. Always insert a written explanation as to why the information is not available. For example, if the information is not shown on the vehicle, its plates, or sticker, mark "N/A" and write "Missing" or "Not Shown". If the required information is unavailable because a sticker is unreadable, mark "N/A" and insert a reason, such as: "Covered," "Faded," "Defaced," or "Mutilated." If only a portion of a vehicle's sticker expiration date is visible then insert as much as is shown or readable, write "N/A" in the appropriate space on the summons, and insert "Not Shown" or "Missing," "Covered," etc. If other required information is not shown, write "N/A" or "NONE" – do not just draw a line or leave blank.

Members of the service will not issue a Notice of Parking Violation based on the vehicle identification number (VIN) only.

When the owner, operator, or person responsible for the vehicle is present, a member may issue a personal service summons for appropriate violations.

Vehicles listed below, observed parked and unattended, will be processed as follows:

- a. All non-evidence stolen or abandoned non-derelict vehicles are processed under the Rotation Tow program (see P.G. 218-21, "Rotation Tow").
- b. Vehicles bearing New York State registration plates that expired more than two months in the past will be processed in accordance with P.G. 214-30, "Removal of Expired Registration Plates."
- c. Derelict vehicles with New York State plates will be processed in accordance with P.G. 214-29, "Derelict Vehicles Bearing Registration Plates."

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
209-07	07/01/20		4 of 5

ADDITIONAL DATA (continued)

- d. Derelict vehicles without plates will be entered in the **HIGHWAY CONDITION RECORD (PD311-151)** for notification to the local district office of the Department of Sanitation (see P.G. 214-22, "Weekly Street Conditions Survey and Daily Observations of Highway Conditions Requiring Corrective Action").

Vehicles displaying expired in-transit permits, issued either in New York State or out-of-state (e.g., New Jersey), can be cited as unregistered vehicles. An in-transit permit is temporary in nature (valid for thirty days from the date it is issued) and does not constitute a permanent, legal, registration. It is issued only to enable a vehicle owner to transport his/her unregistered vehicle to a different jurisdiction where the owner intends to permanently register it. (A common example involves someone going out of state to purchase a vehicle at an auction and then transporting it back to his/her home state.) Once the in-transit permit expires, the vehicle can be cited as an unregistered vehicle regardless of the jurisdiction of issue.

PARKING OFFENSES INVOLVING VEHICLES FROM ANOTHER STATE

When issuing a summons to vehicles registered outside of New York State, the officer will provide as much vehicle information as possible based on his/her visual observation of the vehicle. If an information caption on the summons is intentionally not completed by the officer, a reason for the omission must be entered in the caption e.g., unreadable, covered, or not shown. Write "N/A" in a caption when the required caption information is not available (e.g. registration stickers on New Jersey vehicles are not printed with an expiration date).

Certain violations involving registration and inspection requirements only apply to vehicles registered in New York State and are not applicable to vehicles registered outside of New York State. Vehicles registered outside of New York State will not be issued a notice of parking violation for expired/missing registration, expired/missing inspection, improper display of a registration sticker, or improper display of an inspection sticker. These violations are only applicable to vehicles registered in New York State.

PARKING OFFENSES INVOLVING DIPLOMATIC RELATED VEHICLES

Official "Diplomat," "Consul," and "S" (Staff) vehicle license plates, colored red, white and blue, are issued by the United States Department of State ONLY, and will be one of the following three types:

DIPLOMAT – plates bearing the word "Diplomat" imprinted thereon are issued to representatives of foreign missions, United Nations, Secretariat of United Nations, and Organization of American States.

CONSUL – plates bearing the word "Consul" imprinted thereon are issued to representatives of foreign governments having consular status.

STAFF – plates bearing the letter "S" imprinted thereon are issued to members of staffs of various foreign governments.

Although "diplomatic/consular/staff" plates will not be issued without proper insurance coverage, operators of such vehicles are not required to carry insurance cards. However, the operator must carry a certificate of registration.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
209-07	07/01/20		5 of 5

ADDITIONAL DATA (continued)

A Notice of Parking Violation will be placed upon an unoccupied, illegally parked vehicle bearing “DIPLOMAT” or “CONSUL” registration plates, which creates a safety hazard.

The following violations create safety hazards:

*Double Parking
Fire Zone
Fire Hydrant*

*No Standing
No Stopping
Bus Stop*

*Parking in Crosswalk
Parking on Sidewalk*

If a Notice of Parking Violation is issued to a vehicle bearing diplomatic/consular registration plates, the code “DP” will be entered under the caption “Other” on the line used to identify the state of vehicle registration.

Vehicles bearing the letter “S” for staff do not have parking immunity; however, if such vehicle is occupied, the occupants may have diplomatic immunity and will be treated accordingly (see P.G. 212-56, “Diplomatic Incidents.”)

PURPOSE

To inform uniformed members of the service of procedures to be followed when personally serving a summons returnable to the Traffic Violations Bureau or Criminal Court.

PROCEDURE

When issuing a summons returnable to the Traffic Violations Bureau or Criminal Court:

UNIFORMED MEMBER OF THE SERVICE

1. Inform violator of the offense committed.
2. Request that violator show proof of identity and residence.
 - a. In traffic cases, examine driver's license, vehicle registration, and insurance identification card for vehicles registered in New York State.
 - b. If violator presents driver's license, check "Motorist Exhibited License" box on top of summons.

NOTE

As a general rule, the following forms of government photo identification are considered valid forms of identification:

- a. *Valid Photo Driver's License (From New York State, another state, or another country)*
- b. *Valid passport*
- c. *Citizenship or naturalization papers*
- d. *New York State Non-Driver Identification*
- e. *New York State Driver's Permit*
- f. *Municipal Identification Card (ID NYC)*
- g. *Other government photo identification.*

Members should note that these are general guidelines, and other forms of identification may be acceptable.

DESK OFFICER

3. Conduct license and warrant check.
 - a. If license check conducted, check "Susp/Rev" box on top of summons.
 - b. If no license and/or warrant check conducted, note reason in digital **Activity Log**.
4. Remove violator to command for investigation if doubt concerning identity exists.
5. Make Command Log entry when violator is brought to command for identification, is served a summons, and immediately released.
 - a. Entry will include the following:
 - (1) Name, address, and physical description of the violator
 - (2) Location, time of incident, and reason for removal to command
 - (3) Name, rank, shield number of member who brought violator to command
 - (4) Offense(s) charged and serial number(s) of summons(es) served
 - (5) Time the violator entered and departed the command.

NOTE *It is not necessary to follow Desk Appearance Ticket or voided arrest procedures for an offense for which a summons may be served when the only reason for bringing the violator to the command was to investigate identity.*

- UNIFORMED MEMBER OF THE SERVICE**
6. Issue summonses in numerical order.
 7. Use black or blue ink ballpoint pen and legibly print information in block letters.
 8. Enter all available information required by captions on summons with the exception of the area titled "Officer's Notes."
 9. Enter "RTR" to indicate "Right to Record," and circle at end of details section of Criminal Court summons, if violator recorded police activities.
 10. Record only one violation per summons.
 - a. Use a separate summons for each additional offense.

NOTE *Summonses issued for multiple offenses arising out of a single traffic incident will be made returnable to the respective court responsible for the adjudication of such offenses (i.e., traffic infractions will be returnable to Traffic Violations Bureau; Administrative Code violations and traffic misdemeanors will be returnable to Criminal Court, as outlined in Patrol Guide 209-02, "Summonses and Notices of Violation Returnable Agencies").*

11. Request violator sign the bottom of the summons to acknowledge receipt.

NOTE *Requesting the violator to sign the bottom of the summons is an option of the issuing member. If the member feels that requesting the signature may precipitate a confrontation or place the member at a tactical disadvantage, the member has the option of not requesting the signature. If the violator refuses to sign, no action will be taken. Member concerned will note the refusal in digital Activity Log.*

12. Give the violator the part of the summons designated for the agency for which the summons is returnable.
 - a. If the summons is returnable to the Traffic Violations Bureau, give the violator the copy of the summons labeled "Motorist Copy"
 - b. If the summons is returnable to Criminal Court, give the violator the copy labeled "Criminal Court."
13. Prepare a **JUVENILE REPORT SYSTEM WORKSHEET (PD377-159A)** for a violator who is at least 7 and less than 18 years of age, unless offense is a traffic infraction, violation, or VTL misdemeanor.

FOR SUMMONSES RETURNABLE TO CRIMINAL COURT:

- UNIFORMED MEMBER OF THE SERVICE**
14. Refer to Activity Log insert, **SAMPLE CRIMINAL COURT SUMMONS INFORMATIONS (PD260-211)**, after the violator has been released.
 15. Utilize the **SAMPLE CRIMINAL COURT SUMMONS INFORMATIONS** to properly complete the Criminal Court Information section on rear of summons.
 16. SIGN Criminal Court Information section on rear of summons.

- OPERATIONS COORDINATOR**
- 21. Designate member of the service to enter information from Criminal Court summons into Finest Online Records Management System (FORMS) application.
 - a. Ensure designated member of the service reviews the "Factual Allegations" section of summons and enters required information into FORMS.

ADDITIONAL DATA *Uniformed members of the service will select one of the following Reason Codes on a summons returnable to Criminal Court:*

Code 1 - Violator is an OATH Recidivist and not eligible for a Civil Summons returnable to OATH

Code 2 - Violator has a warrant or Probable Cause I-Card and is being returned to issuing court to adjudicate warrant and summons, or is being arrested on a separate charge

Code 3 - Officer articulated a legitimate law enforcement reason to issue a summons returnable to Criminal Court in lieu of OATH for a CJRA violation

Code 4 - Violation cited is not covered under the CJRA (e.g., Penal Law violations) or subject violated multiple rules in which at least one is returnable to Criminal Court (all summonses returnable to Criminal Court). If Code 4 and any other code(s) are applicable, select Code 4.

ADDITIONAL DATA (continued)

A uniformed member of the service, when issuing a summons returnable to the Traffic Violations Bureau, will place an "X" in the appropriate captioned box when any of the following criteria apply:

- a. "Commercial Vehicle" - with a maximum gross weight in excess of 26,000 pounds
- b. "Bus" - any vehicle designed to transport more than fifteen passengers, including the driver
- c. "Hazardous Material" - any vehicle which is transporting materials required to be placarded under the Hazardous Material Transportation Act.

If a vehicle with a maximum gross weight in excess of 26,000 pounds is also placarded, as required for transporting hazardous materials, only the "Hazardous Material" box should be checked.

UNDER NO CIRCUMSTANCES WILL AN ISSUING MEMBER OF THE SERVICE WRITE ON THE SIDE MARGIN OF THE SUMMONS. This area is used by the adjudicating agency concerned. Writing in this area may result in the summons being considered unprocessable and returned to this Department.

*In addition to entries in the digital **Activity Log**, members have the option of utilizing the area on the rear of the white "Officer" copy of the summons entitled "Officer's Notes." This area is meant to serve as additional information for the issuing member to assist in recording the pertinent details of the offense.*

The sections labeled "Motorist or Defendant's Employer", "Motorist or Defendant's Employer Address", and "Phone No." are designed primarily as an aid to members enforcing violations where corporate substitution is possible (Example - a summons is issued to the driver of a trucking firm for no overweight permit). The information is not required for moving violations issued to non-commercial drivers.

A person operating a limited use vehicle (minibike, moped, etc.) on a public highway (road, street, avenue, highway, etc.) is subject to all applicable provisions of the Vehicle and Traffic Law and the Traffic Regulations ("traffic laws"), including registration and licensing requirements. Although registration and licensing provisions do not apply to bicycles, persons riding bicycles on public streets are subject to many of the same traffic laws as operators of motor vehicles.

If a limited use vehicle is unregistered and/or the operator unlicensed, the vehicle will be removed to the precinct of occurrence, impounded and invoiced. The owner may claim the vehicle on presentation of proof of ownership; however, such owner will be advised that the vehicle may not be operated on public highways until such time as it has been properly registered. The owner may be permitted to make arrangements to have such unregistered vehicle transported by a licensed tow truck to a private premise. Additionally, if the vehicle was seized because the operator was unlicensed, the owner will be issued a summons for violation of section 509(4) of the Vehicle and Traffic Law - "Authorizing Or Permitting An Unlicensed Driver To Operate A Motor Vehicle."

*Operators of limited use vehicles and/or bicycles who violate applicable provisions of the traffic law will be issued a summons, provided such individuals are 16 years of age or older. In such cases, a **JUVENILE REPORT SYSTEM WORKSHEET** is NOT required.*

When a bicyclist is issued a summons for a violation of the traffic laws, the word "BICYCLE" will be entered in bold print on that portion of the summons designated for the year and make of the vehicle. On the reverse side of both of the yellow motorist's

ADDITIONAL DATA (continued)

copies of the summons, a line will be drawn through the instructions that direct the violator to answer the summons by mail.

Sustained attention and priority in enforcement should be given to those hazardous violations which are the major causes of most collisions, deaths and injuries on the roadways. The eighteen most HAZARDOUS VIOLATIONS are:

- | | |
|--|---|
| (1) Over Maximum Speed Limit (Speeding) | (9) Failed to Yield Right of Way to Vehicle |
| (2) Failed to Yield Right of Way to Pedestrian | (10) Improper Turn |
| (3) Disobey Traffic-Control Device | (11) Unsafe Lane Change |
| (4) Driving While Using a Portable Electronic Device (Texting) | (12) Failure to Signal |
| (5) Use of Mobile Telephone (Cellphone) | (13) Overtaking and Passing School Bus |
| (6) Failure to Wear Seatbelt or Use Child Safety Seat | (14) Following Too Closely |
| (7) Reckless Driving | (15) Improper Passing |
| (8) Unlicensed Operator | (16) Backing Unsafely |
| | (17) Tinted Windows |
| | (18) Disobey Steady Red Signal |

Members of the service should be aware that section 207, subdivision 5, of the Vehicle and Traffic Law (Disposing Of A Uniform Traffic Summons), does NOT apply to situations where a motorist destroys or discards his/her copy of the summons that was issued by the member of the service. That section is applicable only when someone prevents or interferes with the processing of that part of the summons destined for the adjudicating body (i.e., the "court copy"). Members of the service may, however, issue a Criminal Court summons for littering (Administrative Code section 16-118, [subdivision 1]) in appropriate circumstances.

A uniformed member assigned to the Highway District may serve a summons for an offense not personally observed but revealed during the course of a collision investigation. When serving such a summons, the member concerned shall draw a line through the statement on the Complaint which reads "I PERSONALLY OBSERVED THE COMMISSION OF THE OFFENSE CHARGED ABOVE."

The issuance of a Criminal Court summons for violation of Penal Law section 240.20 - Disorderly Conduct, at the scene of an incident in which the summonsing member is the complainant, occasionally results in a civilian complaint against the member. To verify and document the circumstances of the incident, the summonsing member will request the response of the patrol supervisor to the scene whenever:

- a. Physical force/restraint was used by the uniformed member, OR
- b. It was necessary to search or handcuff the violator, OR
- c. Violator was placed in, or transported from the scene in, a Department vehicle.

The patrol supervisor will determine the validity of the charge and:

- a. Make entry in digital **Activity Log** indicating summonsing member's identity and the violator's identity and condition.
- b. Direct issuance of summons, if violator is eligible. If the violator is not eligible, process as an arrest as per appropriate Department procedures.

If the patrol supervisor is not available to respond, the violator will be removed to the command where the desk officer/supervisor will determine the validity of the charge and make an appropriate entry in the Command Log.

The property owner/custodian must sign and date below the "Trespass Affidavit." The officer must also complete the "Factual Allegations" section on the front with facts, not conclusions, that the officer personally observed.

Sample Factual Allegations for the charge of "Trespass" can be found on the reverse of the "Agency/Police Copy 1."

9 When issuing a summons for violations of Penal Law §240.20, "Disorderly Conduct," or Administrative Code §10-125(b), "Public Consumption of Alcohol," issuing officer may use the appropriate "Expedited Affidavit" section, rather than completing the "Factual Allegations" section.

If an Expedited Affidavit is utilized, the officer must sign and date BOTH the front and the reverse of the "Original" copy, but it is not necessary to restate the allegations in the "Factual Allegations" field on the front of the form. Instead, the officer should simply draw a line through the "Factual Allegations" field on the front, or write "See Reverse." A summons with a properly completed "Factual Allegations" section or "Expedited Affidavit" section will eliminate the need for the issuing officer to appear in court on the return date to prepare a complaint and will enable the court to issue a warrant for a defendant who fails to appear.

HOW TO RESPOND TO THIS CIVIL SUMMONS

The New York Police Department has charged you with the violation written on the other side of this summons. You must respond. You may choose someone else to speak for you. Free English language help will be provided if needed.

If you or the person you have chosen to speak for you do not respond, you may be found automatically responsible and you may owe larger penalties. This is a civil summons and it will not show up on any criminal record. However, if you admit to this charge or are found responsible and violate the same law in the future, you may receive a criminal summons and/or larger financial penalties for the future charge.

Option 1: DENY the Charge

If you deny the charge you can give an explanation for why you think you are not responsible to a hearing officer, who will make a decision. If you deny online, by phone, or by mail, you will be told of the decision by mail. See front for your Hearing Date.

There are four ways to deny the charge:

- **IN PERSON:** Go to the OATH Hearing Center in the borough written on the front of this summons at the date and time listed. See below for the address. Bring this summons and any evidence that shows you are not responsible for the charge. Call 1-844-628-4692 for disability accommodation.
- **ONLINE:** Visit www.nyc.gov/oath before your Hearing Date.
- **BY PHONE:** Call (212) 436-0817 before your Hearing Date.
- **BY MAIL:** Ten days before your Hearing Date, mail a written explanation of why you deny the charge. Include the words, "My signature in this statement certifies that all facts in it are true" and sign the document. Mail the document, a copy of this summons, and any other evidence to:

OATH Mail Unit, 66 John Street, 10th floor, New York, NY 10038

Option 2: ADMIT to the Charge

If you admit the charge, you must satisfy the penalty. The charge will not go on any criminal record, but if you violate the same law again, you may face larger penalties or criminal charges. See front for your Hearing Date.

There are four ways to admit the charge and satisfy the penalty:

- **COMMUNITY SERVICE:** For certain charges you may be able to complete community service instead of paying a penalty. Call (844) 628-4692 to check.
- **IN PERSON:** Pay the penalty at any OATH Hearing Center listed below, on or before your Hearing Date. You can pay between 8:00 AM and 3:30 PM, Monday through Friday (except holidays). Bring this summons and your payment. Checks, money orders, and credit cards are accepted.
- **ONLINE:** Pay at www.nyc.gov/citypay/oath before your Hearing Date.
- **BY MAIL:** Ten days before your Hearing Date, mail in a check or money order. Make it payable to "Finance Commissioner" for the amount written on the Mail-in Penalty line on the other side of this summons. Write the Summons Number on the memo line of the check or money order. Mail the check or money order and a copy of this summons to:

- b. Examine DMV files containing the same name/address with different dates of birth.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
209-24	07/01/20		2 of 2

RELEASE OF VEHICLES PRIOR TO TOW UTILIZING A FIELD RELEASE AGREEMENT (FRA)

DATE ISSUED:
07/01/20DATE EFFECTIVE:
07/01/20

REVISION NUMBER:

PAGE:
1 of 2**PURPOSE**

When a Patrol Services Bureau (P.S.B.) supervisor is requested to respond to a Field Release Agreement condition.

SCOPE

A program entitled “Field Release Agreement” exists within the Traffic Enforcement District (TED). This program concerns illegally parked vehicles subject to violation tow. An illegally parked vehicle which is summonsed and impounded (“hooked up”) to a tow truck on scene, but is not yet removed from the actual location, may be released pending the completion of an **Agreement To Pay Vehicle Release Fee** commonly referred to as a Field Release Agreement (FRA). The owner/representative of the vehicle has the option of accepting a FRA. This is an agreement signed by the owner/representative of the impounded vehicle to pay a one hundred dollar (\$100.00) or two hundred dollar (\$200.00) fee (depending on the weight of the vehicle and/or the need for multiple tow trucks or a single tow truck weighing over eight tons), in addition to the original summons, in lieu of having the vehicle towed. A PED supervisor is required to respond to the scene, review and sign the appropriate FRA paperwork, and authorize the release of the vehicle. To enhance the efficiency and effectiveness of this program, when a PED supervisor is not available to respond in a timely manner, a Patrol Services Bureau patrol supervisor will respond and assume the PED supervisor’s duties.

DEFINITION

FIELD RELEASE AGREEMENT - An agreement between the owner/representative of an illegally parked vehicle (which is subject to violation tow) and the City of New York when a vehicle has been hooked to a tow truck (in preparation for removal to a pound) and the owner, or other person lawfully entitled to be in possession of the vehicle, appears and requests the release of the vehicle (before the tow truck is in motion). The vehicle shall be unhooked and released, provided that the owner/representative first signs a FRA. By doing so the owner/representative consents to pay both the vehicle release penalty fee of \$100.00 or \$200.00, and the parking violation penalty for which cited. The owner/representative further agrees to remit such payment to the New York City Parking Violations Bureau within thirty days from the date the FRA is executed.

PROCEDURE

When requested to respond to a Field Release Agreement (FRA) condition:

PATROL SUPERVISOR

1. Respond to the scene and verify that the vehicle owner/representative has presented to the tow operator both a valid driver's license and the vehicle's keys (ignition and door) **AND at least one of the following:**

 - c. Valid insurance card, OR
 - d. Valid rental agreement (for a rental vehicle), OR
 - e. Valid company identification (for a commercial vehicle).

**PATROL
SUPERVISOR
(continued)**

3. Direct the tow operator to complete and sign the FRA and present to the motorist to sign.

NOTE

*In the event that the owner/representative reports damage to, or missing property from the vehicle, the tow operator must supply the owner/representative with the following forms: **Tort Claim** and **Claim Against The City Of New York Automobile Property Damage**. The tow operator will also make a notation on his/her **Field Inspection Report** regarding the owner's/representative's claim.*

4. Initial notation entered on **Field Inspection Report** by tow operator whenever a vehicle owner/representative makes a damage or missing property claim and verify that they have been issued the appropriate claim forms.

ADDITIONAL DATA

Determinations as to whether a particular prisoner presents a potential escape risk should be made on a case-by-case basis. Factors that can be considered in making this determination include the seriousness of the offense charged, prisoner unwillingness to identify himself or herself, forcible resistance to arrest, threats of violence and/or escape threats directed at uniformed members of the service, a known history of violence, weapons possession, or escape/attempted escape.

USE OF LEG RESTRAINTS

The use of leg restraints does not replace the requirement to rear handcuff the prisoner. All procedures detailing the use of handcuffs remain in effect. When using leg restraints on a prisoner, the escorting officer is to exercise caution to prevent the prisoner from falling.

Leg restraints MUST be used when transporting a prisoner that has refused to be fingerprinted and for ALL prisoners being transported to a hospital for medical treatment. If the desk officer determines that extenuating circumstances exist that preclude placing leg restraints on a prisoner that has refused to be fingerprinted or is being removed to a hospital for medical treatment, a Command Log entry will be made detailing the reason why.

Leg restraints may not be placed on prisoners for "punitive" purposes. Determinations as to whether a particular prisoner presents a potential escape risk should be made on a case by case basis. Factors that can be considered in making this determination include the seriousness of the offense charged, prisoner unwillingness to identify himself or herself, forcible resistance to arrest, threats of violence and/or escape threats directed at police officers, known history of violence, weapons possession or escape/attempted escape.

ADDITIONAL DATA (continued)

ACTIVATION OF DETENTION FACILITIES

Borough court section concerned activates detention facilities, assigns cell space, and determines method of transportation for *EVERY* prisoner scheduled for detention or change of custody (i.e., to court, hospital) even though precinct of arrest has cells. Refer to P.G. 210-17, "Arrest Processing of Pre-Arraignment Prisoners Designated as 'Special Category'" and/or A.G. 305-06, "Prohibited Conduct," regarding gender, if necessary.

CITIZEN'S POLICY AND COMPLAINT REVIEW COUNCIL

Members of the Citizen's Policy and Complaint Review Council are permitted to enter and inspect precinct detention cells and any books or records pertaining to these cells at any and all times.

ARREST OF LIMITED ENGLISH PROFICIENT OR HEARING IMPAIRED PERSONS

Members of the service are reminded that if the prisoner appears to have difficulty understanding/communicating in English, the member of the service concerned should comply with P.G. 212-90, "Guidelines for Interaction with Limited English Proficient (LEP) Persons." If the prisoner appears to be hearing impaired, the member of the service concerned should comply with P.G. 212-104, "Interaction with Hearing Impaired Persons." The use of a bilingual employee or the Language Initiative Program is the preferential method for interpretation when interacting with a prisoner. It is recommended that certified members of the Language Initiative Program be used for custodial interrogations. Appropriate Command Log entries will be made when interpretation services are utilized.

PRISONER CONFLICTS

Whenever an arresting officer/investigator becomes aware that there is the need to separate two or more defendants from one another due to threats made by one defendant to another, or due to the potential for one defendant to assault another, a notation will be made at the bottom of each defendant's Prisoner Movement Slip in the "Detention Alert" section under the caption "Other (Explain)." The notation must contain the name and arrest number of the other defendant involved, as well as an indication as to why separation is deemed necessary (e.g., prisoner had a fight with the other prisoner, prisoner was threatened by other prisoner). If separation is required for confidential or sensitive reasons, such as one prisoner testified against another, enter the name and telephone number of the arresting officer/assigned investigator so that further information can be obtained if necessary, rather than entering the actual reason for the separation. (If detention personnel are unable to contact the arresting officer/assigned investigator for further information, they will continue to keep the affected prisoners separated from one another).

In the event that an arrest processing officer or escorting officer becomes aware that a conflict exists between prisoners requiring their separation, the officer must:

- a. Inform the arresting officer/assigned investigator of the circumstances in order that the latter may make entries on the Prisoner Movement Slips, OR
- b. Personally make entries on the Prisoner Movement Slips which must then be brought to the attention of the court section personnel for entry on the courthouse generated movement slips.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
210-01	06/10/21	I.O. 47	7 of 9

ADDITIONAL DATA (continued)

The information entered on the Prisoner Movement Slip prepared at the precinct must also be entered on the computerized movement slip generated at the courthouse when the prisoner is photographed. In addition to the notation on the movement slip, the arresting officer/assigned investigator/escorting officer will notify the concerned borough court section supervisor.

Members of the service assigned to prisoner detention functions at a command and at the courthouse must examine and be guided by the information contained in the "Detention Alert" caption on each Prisoner Movement Slip in regard to separating prisoners, etc.

HANDCUFFING PROTOCOL

The Department's policy is to handcuff all prisoners with hands behind their back, when practical.

- a. *If it is safer for the member of the service and the subject, the member of the service may front-cuff the subject initially, and then rear-cuff as soon as it is practical and safety allows.*
- b. *If members of the service are having difficulty rear-cuffing a subject, Department issued leg restraints or Velcro straps to immobilize the legs of a subject may be used as an effective tactic to gain control, limit the subject's ability to flee or harm other individuals, and allow the subject to be safely rear-cuffed with minimal force.*

If available, Department issued alternative restraining devices should be used to restrain, or further restrain, subjects whose actions may cause injury to themselves or others.

When a prisoner has surrendered at a law enforcement facility and is accompanied by an attorney, the uniformed member of the service may request authorization from an immediate supervisor not to use handcuffs, after the supervisor and uniformed member of the service have evaluated the following criteria:

- a. *Potential threat to the officer, prisoner and other persons*
- b. *Possibility of the prisoner escaping.*

In all circumstances, uniformed members of the service should conduct a search of the prisoner.

RESTRAINT OF PREGNANT PRISONERS

When a uniformed member of the service believes a prisoner is pregnant, the uniformed member of the service will initially rear cuff the prisoner, absent exceptional circumstances (e.g., medical emergencies, visibly pregnant prisoner who may be difficult to rear cuff and who poses no immediate threat, etc.), and notify their immediate supervisor.

The immediate supervisor will then determine if a less restrictive method of restraint is appropriate and tactically sound. Less restrictive methods may include front handcuffing, or handcuffing one hand to a stationary post. If less restrictive methods are not appropriate, the immediate supervisor may determine that a more appropriate method of restraint is warranted.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
210-01	06/10/21	I.O. 47	8 of 9

ADDITIONAL DATA *(continued)*

When determining whether the level of restraint is appropriate, the immediate supervisor should consider the totality of the circumstances, including, but not limited to:

- a. Safety of members of the service, prisoner and other individuals present,
- b. Likelihood of prisoner escaping,
- c. Circumstances and/or crime leading to arrest of prisoner,
- d. Demeanor and behavior of prisoner,
- e. Whether prisoner appears to be in late stages of pregnancy and may present a fall risk, and
- f. Whether prisoner appears to be in labor.

PRISONER SECURITY SURVEY

To promote safety for members of the service and improve prisoner security, a prisoner security survey will be conducted annually during the last week of September, in all Department facilities where prisoners are processed. Commanding officers will make certain that prisoners being processed will not be allowed in areas containing Department lockers, or have access to any Department or personal property that might provide a means of escape or cause injury. The prohibition against prisoners being held, even temporarily, in areas containing Department lockers or of prisoners having access to Department or personal property of members shall be strictly enforced and clearly and frequently communicated to all members of the command by commanding officers concerned.

Commanding officers will report the results of the annual prisoner security survey, by September 30th, each year, on **Typed Letterhead**, addressed to the bureau chief concerned, through channels. Included in the report will be a description of prisoner processing areas, hazards or deficiencies observed and corrective action taken.

Investigative units located in precinct stationhouses will be surveyed by the precinct commander in consultation with the investigative unit commander. Results will be reported on the precinct commanding officer's report. NO duplicate report is required from the investigative unit commander but responsibility for corrective actions will reside with the unit commander.

Bureau chiefs will review the prisoner security survey reports received from subordinate commands. The reports will be forwarded to the Strategic Analysis Section, Office of the Chief of Department, with a covering **Typed Letterhead**, indicating that corrective action has been initiated or completed, if required. The Strategic Analysis Section is responsible for collating the reports received from bureau chiefs and providing administrative assistance to the Prisoner Security Board.

PRISONERS AND VICTIMS WITH COMMUNICABLE DISEASES

Information concerning a prisoner's or a victim's affliction with a communicable disease must be kept confidential. This information generally should not be released to the public, the media, the person's family and friends, or to other prisoners. There may be unusual circumstances under which release of this information is warranted. Any such release, however, may only be made with the written consent of the Deputy Commissioner, Legal Matters.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
210-01	06/10/21	I.O. 47	9 of 9

ADDITIONAL DATA (continued)

*In some cases, prisoners may volunteer their positive status regarding a communicable disease indicating the need to be segregated from general prisoner population or the need for medical treatment. In such cases, isolation cells should be used, if available. This information may be recorded on a Prisoner Movement Slip or on form **MEDICAL TREATMENT OF PRISONER (PD244-150)** in order to alert personnel assigned to Corrections, District Attorneys' offices or courts.*

Members of the service who are exposed to a communicable disease should follow the provisions of P.G. 205-10, "Exposure of Members of the Service to Infectious Diseases."

DISRUPTION IN CELL AVAILABILITY

*In those instances where there is a substantial disruption in the availability of detention cells, at either a command or a borough court section facility, caused by a civil or natural emergency, or disturbance, or any other circumstance which would deny the use of the cells, the commanding officer/duty captain investigating the incident will ensure that a telephone notification is made to the borough court section. An **UNUSUAL OCCURRENCE REPORT (PD370-150)** describing the incident will be faxed to the borough court section concerned. A copy of this **REPORT** will be forwarded to the Criminal Justice Bureau. The Criminal Justice Bureau will make the determination as to whether a notification is to be made to the New York State Commission of Correction.*

PRISONERS DESIGNATED AS "FOR OTHER AUTHORITY (FOA)"

If a federal court or detention facility is unable to lodge a FOA prisoner (i.e., court closed, etc.) the Criminal Justice Bureau has designated the Brooklyn Court Section to detain these holdover prisoners until the respective federal entity is ready for intake. All appropriate paperwork will accompany the FOA prisoner.

SEXUAL ASSAULT AND SEXUAL HARASSMENT OF PRISONERS

The Department has a zero tolerance policy toward all forms of sexual assault and sexual harassment of prisoners by other prisoners or any other person. Any instance or allegation that a prisoner was sexually assaulted or sexually harassed while in custody of this Department will be immediately reported to a supervisor and P.G. 210-07, "Prisoners – Unusual Occurrence" will be complied with. A prisoner who reports being a victim will be separated from the alleged offender and medical attention will be provided if appropriate.

**DESK
OFFICER/
DETECTIVE
SQUAD
SUPERVISOR**

1. Utilize Department form **PRISONER HOLDING PEN ROSTER (PD244-1410)** to maintain a record of prisoners lodged in holding pens (cages).
 - a. Maintain a copy of the **PRISONER HOLDING PEN ROSTER** at the desk and detective squad office, as appropriate.
 - b. File completed forms at the end of every twenty-four hour period at the desk and detective squad office, as appropriate.
2. Designate a member of the service to specifically inspect and check condition of prisoners every thirty minutes.
 - a. Do not leave prisoners unattended.
3. Have assigned member enter results of inspection and action taken under the appropriate captions on **PRISONER HOLDING PEN ROSTER**.
4. Assign a supervisor to personally and periodically inspect prisoners lodged in holding pens and have supervisor enter results of inspection under appropriate captions on **PRISONER HOLDING PEN ROSTER**.
5. Make certain the following additional guidelines are complied with:
 - a. Maximum period of detention for prisoners being held in holding pens will usually be three hours. If circumstances dictate a person be held for a longer period, such period must be approved by the desk officer for command holding pens or detective squad supervisor for detective squad holding pens. If a detective squad supervisor is not available, the extension period must be approved by the command desk officer. The reason for any time extension must be documented in the Command Log.
 - b. Prisoners who appear to be ill, intoxicated, or emotionally disturbed shall not be detained in holding pens. If appropriate, *P.G. 210-04 "Prisoners Requiring Medical/Psychiatric Treatment"* will be complied with.

**ADDITIONAL
DATA**

PRISONER CONFLICTS

Whenever an arresting officer/investigator becomes aware that there is the need to separate two or more defendants from one another due to threats made by one defendant to another, or due to the potential for one defendant to assault another, a notation will be made at the bottom of each defendant’s Prisoner Movement Slip in the “Detention Alert” section under the caption “Other (Explain).” The notation must contain the name and arrest number of the other defendant involved, as well as an indication as to why separation is deemed necessary

ADDITIONAL DATA (continued)

(e.g., prisoner had a fight with the other prisoner; prisoner was threatened by other prisoner, etc.). If separation is required for confidential or sensitive reasons, such as one prisoner testified against another, enter the name and telephone number of the arresting officer/assigned investigator so that further information can be obtained if necessary, rather than entering the actual reason for the separation. (If detention personnel are unable to contact the arresting officer/assigned investigator for further information, they will continue to keep the affected prisoners separated from one another).

In the event that an arrest processing officer or escorting officer becomes aware that a conflict exists between prisoners requiring their separation, the officer must:

- a. *Inform the arresting officer/assigned investigator of the circumstances in order that the latter may make entries on the Prisoner Movement Slips, OR*
- b. *Personally make entries on the Prisoner Movement Slips which must then be brought to the attention of the Court Section personnel for entry on the courthouse generated movement slips.*

The information entered on the Prisoner Movement Slip prepared at the command must also be entered on the computerized movement slip generated at the courthouse when the prisoner is photographed. In addition to the notation on the movement slip, the arresting officer/assigned investigator/escorting officer will notify the concerned borough court section supervisor.

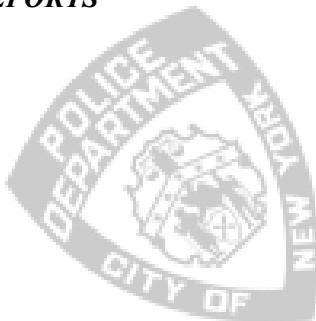

Members of the service assigned to prisoner detention functions at the command and at the courthouse must examine and be guided by the information contained in the "Detention Alert" caption on each Prisoner Movement Slip in regard to separating prisoners. etc.

RELEASE OF PRISONERS

DATE ISSUED:
01/13/21

DATE EFFECTIVE:
01/13/21

REVISION NUMBER:

PAGE:
1 of 5

PURPOSE

To release a person taken into custody when further investigation reveals that the person arrested did not commit the offense or any related offense or it is determined that no offense has been committed or when directed by an Assistant District Attorney that the arrest is to be voided.

DEFINITIONS

VOIDED ARREST – When an arrest is made by a uniformed member of the service or a civilian, and there is reasonable cause to believe the prisoner did not commit the offense, or any related offense, or it is determined that no offense has been committed, the member of the service concerned must immediately release the prisoner and comply with this procedure.

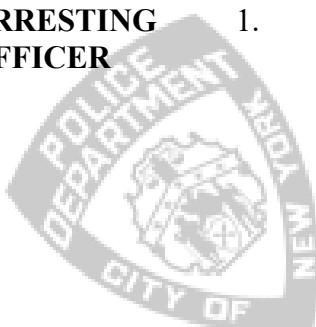

DECLINE PROSECUTION – The District Attorney has prosecutorial discretion and may decline to prosecute a case for a variety of reasons even though probable cause for the arrest exists. Some examples are: cases where the evidence is legally sufficient to prosecute, but must be corroborated; or cases where prosecution is declined in the interest of justice; etc. In these instances, the Assistant District Attorney is required to issue a Decline Prosecution Letter. In such circumstances, members of the service should be guided by *Patrol Guide 216-16, "Release of Prisoners at the Complaint Room at Direction of the Assistant District Attorney."*

Additionally, there may be circumstances wherein an Assistant District Attorney directs that an arrest be voided and refuses to issue a Decline Prosecution Letter despite the arresting officer's good faith belief that probable cause existed for the arrest. In those instances, members of the service should be guided by this procedure.

PROCEDURE

When an arrest is made by a uniformed member of the service or a civilian, and there is reasonable cause to believe that the prisoner did not commit the offense in question or any related offense.

ARRESTING OFFICER

1. Confer with patrol supervisor and obtain consent for release of prisoner.
 - a. If unavailable, confer with desk officer/borough court section supervisor.
 - b.  - (1) In all "Release of Prisoner" cases, the desk officer of the command of occurrence MUST be informed of the circumstances of the release
 - (2) A prisoner may be released by the Department at any time from the initial custody until the arraignment in the courtroom.
 - c. If prisoner has been removed from police facility/borough court section facility, confer with supervisor assigned to court.

ARREST PROCESSING OF PRE-ARRAIGNMENT PRISONERS DESIGNATED AS "SPECIAL CATEGORY"

DATE ISSUED:
05/27/16

DATE EFFECTIVE:
05/27/16

REVISION NUMBER:

PAGE:
1 of 3

PURPOSE

To ensure that all pre-arraignment prisoners in custody at precinct, transit district, police service area, and borough court section holding pens are medically screened by Emergency Medical Service (EMS) personnel located at the borough court sections.

SCOPE

Presently, EMS personnel are assigned to all patrol borough court sections with the exception of the Staten Island Court Section. On Staten Island it is the supervisor at the court section and not EMS personnel that screens prisoners. This supervisor makes the determination as to whether or not a prisoner will be designated as special category. For the purposes of this procedure this practice will remain in effect only in the Staten Island Court Section.

DEFINITION

SPECIAL CATEGORY PRISONER - A "Special Category Prisoner" is a prisoner who should be removed from the general population for any of the following reasons:

- a. because of a medical condition or physical disability
- b. for any reason that would lead one to believe that placing that prisoner in a general population of prisoners may pose a safety risk to that prisoner or other prisoners
- c. for any reason that would lead one to believe that placing that prisoner in a general population of prisoners may pose a health risk to that prisoner or other prisoners.

The following will not be designated as "Special Category" prisoners:

- a. Hospitalized prisoners (Refer to P.G. 210-02, "*Hospitalized Prisoners*")
- b. Prisoners who will be issued Desk Appearance Tickets or summonses and released directly from the precinct, transit district, or police service area.

PROCEDURE

Upon transporting a pre-arraignment prisoner to the appropriate borough court section:

1. Ensure that prisoner is medically screened by EMS personnel as soon as possible.
2. Determine, in conjunction with EMS personnel, whether prisoner should be designated a "Special Category Prisoner."

UNIFORMED MEMBER OF THE SERVICE CONCERNED

- BOROUGH COURT SECTION SUPERVISOR (continued)**
4. Direct that a “Special Category Prisoner” be lodged in a separate cell from the general pre-arraignement population.
 5. Ascertain, in consultation with EMS personnel, whether or not it is advisable to house more than one “Special Category Prisoner” in a cell.
 6. Have **MEDICAL TREATMENT OF PRISONER (PD244-150)** form prepared for each “Special Category Prisoner.”
 7. Ensure that “Yes” box in caption “Recommend Prisoner Be Separated From General Population” on **MEDICAL TREATMENT OF PRISONER** form is checked.
 8. Ensure that all “Special Category Prisoners,” originally screened by EMS personnel at the borough court section, are subsequently screened upon returning from any hospital, as applicable.
 9. Oversee and expedite the processing of all “Special Category Prisoners” and their co-defendants, if any.
 10. Ensure that prisoners lodged in separate cells at precinct, district, or police service area commands are transported to the appropriate arraignement part at court, when necessary.

ADDITIONAL DATA

LODGING “SPECIAL CATEGORY” PRISONERS

The decision of whether or not to house more than one such prisoner in a cell will be based on whether, given the particular reasons for designating them as “Special Category,” the prisoners pose a safety or health risk to one another.

It is preferable to lodge “Special Category Prisoners” in separate cells at the borough court section. However, if this is not possible, the borough court section supervisor will direct that the prisoner be temporarily lodged in a separate cell in a precinct, district, or police service area command.

Supervisors will make every reasonable effort to provide separate and physically adequate accommodations for special category prisoners that are being processed or lodged in their facilities. Reasonable efforts will be made to avoid handcuffing prisoners to chairs, railings, etc. for extended periods of time.

OPERATIONAL CONSIDERATIONS

A prisoner may be designated “Special Category” at a subsequent screening by EMS personnel, as appropriate.

“Special Category Prisoners” will be given priority status at every stage of the pre-arraignement process including placing their names on the “Medical Expedite” list maintained at the borough court sections.

All prisoners who are identified as being infected with, or suspected of carrying an actively contagious disease, such as tuberculosis, will be sent to the hospital immediately.

PRISONERS CONFINED TO WHEELCHAIRS OR OTHERWISE MOBILITY IMPAIRED

If a prisoner is confined to a wheelchair or is otherwise mobility impaired, the desk officer, command of arrest, will confer with the borough court section supervisor prior to transporting to a court section facility and be guided by his/her direction regarding lodging and further processing.

SCOPE

All prisoners in custody of this Department and all new arrestees must be debriefed by a member of the service. For the purposes of this procedure, the debriefing member of the service may be an investigator from the Detective Bureau, Intelligence Bureau, a Field Intelligence Officer (FIO), Anti-Crime/Street Narcotics Enforcement Unit (SNEU) supervisor, desk officer, etc. Police officers will not normally conduct debriefings.

Detective Bureau investigators will conduct all debriefings for “firearms arrests,” regardless of arresting officer’s command. This debriefing will be documented in the Enterprise Case Management System (ECMS) on a “Positive Debriefing” entry.

All prisoner debriefings, and especially all firearm related debriefings, should be documented in ECMS.

The desk officer, precinct of arrest, should ensure that the debriefing is conducted by a member of the Detective Bureau or Intelligence Bureau, as appropriate.

DEFINITIONS

POSITIVE DEBRIEFINGS – Specific information received from a prisoner during the course of an interview regarding crime, criminal activity, or evidence related to a crime that is not related to the current arrest charges against the prisoner. For the purpose of this definition, a prisoner is to include new arrestees, and parolees, probationers, and inmates in custody.

CONFESSTION/ADMISSION – Statement (oral or written) made by a prisoner during the course of an interview which acknowledges guilt or involvement. A confession/admission on a new arrest is NOT considered a positive debriefing.

ENHANCEMENT – Augmentations of certain designated arrests conducted by an appropriate investigative unit for the purpose of enhancing the prosecutability of that arrest. A confession/admission is a goal of the enhancement. Case enhancement is NOT considered a positive debriefing.

PROCEDURE

**ADDITIONAL
DATA**

Should an allegation of corruption or serious misconduct arise out of a prisoner debriefing, the member of the service obtaining the information shall follow established Department guidelines regarding the reporting of such matters.

Criminal Procedure Law 240.45(1)(a), also referred to as the “Rosario rule,” requires the prosecutor to make available to the defendant any written or recorded statements made by a person whom the prosecutor intends to call as a witness at trial and which relates to the subject matter of witness’ testimony. Failure to preserve and provide such statements to the defense can have an impact on the outcome of a criminal trial and in some cases, provide a basis to overturn a conviction.

210-18	07/29/16		4 of 4

ADDITIONAL DATA (continued)

Information obtained through debriefing of prisoners and which is included in an Intelligence Report can sometimes be covered by this rule. Similarly, if an FIO includes in the IDS system information about an active investigation obtained from the case investigator, that information also may constitute “Rosario” material if the investigator testifies at trial. Therefore, case investigators should include in their case folders printouts from the IDS system of information transmitted by the FIO or case investigator. In addition, if a debriefing results in the opening of a new investigation, a copy of the IDS printout detailing the information provided by the debriefed prisoner should be included in the new investigation folder.

COMPUTERIZED COURT APPEARANCE CONTROL SYSTEM (CACS)

DATE ISSUED:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
01/12/15	01/12/15		1 of 4

PURPOSE

To effectively monitor and control appearances by members of the service (uniformed and civilian) at various courts, other governmental agencies, the Department Advocate's Office, and for District Attorney's assignments, via a formal notification process utilizing the computerized Court Appearance Control System (CACS), except on Staten Island.

DEFINITION

SHORT DATE NOTIFICATION – A notification for a member of the service to appear the next day, or a notification delivered on a Friday for a member to appear on the following Monday. Because these notifications are time sensitive, and may be received at an hour when the roll call office is closed, CACS has been designed to automatically transmit these notifications to the command's FINEST or LAN printer.

PROCEDURE

When an authorized governmental agency or the Appearance Control Unit utilizes the CACS to request the appearance of a member of the service at a court (Supreme Court, Grand Jury, Civil Court, Family Court, Criminal Court, Summons Adjudication Part [SAP] Court), a governmental agency, or for a District Attorney's assignment:

ROLL CALL CLERK

1. Access the computerized CACS to acknowledge all outstanding notifications directed to their command, as follows:
 - a. At the beginning of each business day
 - b. At the midpoint of the roll call office's hours of operation for that day
 - c. One half hour prior to close of roll call office.
2. Bring the notification to the attention of the operations coordinator or counterpart if the requested member is scheduled to appear on a regular day off (RDO), other than a short date notification.
3. Prepare a separate **NOTIFICATION (PD406-122)** for each court appearance.
4. Comply with *P.G. 211-05, "Processing Notifications to Appear at Courts and other Government Agencies."*
 - a. If the notification is a request for Department documents comply with *P.G. 211-18, "Processing Request for Police Department Documents Received from Assistant District Attorneys and Assistant Corporation Counsels."*
5. Enter updates into the CACS, on a daily basis, or as necessary. This will normally be done:
 - a. After the copy portion of the **NOTIFICATION** has been signed and returned by the member of the service concerned
 - b. To indicate when attempts to notify an off duty member of the service about a court appearance have been unsuccessful
 - c. Whenever a member of the service cannot appear in court due to sickness, bereavement leave, authorized annual vacation selection, etc.

6. Utilize the CACS electronic re-routing feature to forward notifications to a member's new command, when the member has been transferred.
 7. Provide the desk officer/supervisor on duty with any outstanding notifications that must be made prior to the re-opening of the roll call office.
- DESK OFFICER/ SUPERVISOR**
8. Monitor FINEST or LAN printer for short date notifications.
 9. Log notifications into FINEST Message Log.
 10. Inform roll call personnel of notification immediately, if office is open.
 11. Attempt to immediately notify member of the service.
 12. Return all notifications received and processed, whether successfully served or not, to the roll call clerk the next business day for a notification update entry into CACS.
 - a. When a member of the service is not at the command (e.g., regular day off (RDO), at training session, etc.) attempt to notify the member of the service by telephone. All such attempts must be documented in the Telephone Record.
 13. Give incomplete short date notifications to the relieving supervisor, or if available, to roll call personnel, who will continue to attempt to notify the member of the service.
- OPERATIONS COORDINATOR/ COUNTERPART**
14. Contact the District Attorney's office concerned when informed by roll call that member is scheduled to appear in court on an RDO, other than a short date.
 - a. Ascertain the necessity for the RDO court appearance.
 - b. When possible have court appearance rescheduled for a date other than the member's RDO.
- MEMBER OF THE SERVICE**
15. Report to the police room as directed on the **NOTIFICATION** and follow instructions of the Court Section supervisor.
 16. Use **IDENTIFICATION CARD (PD416-091)** to sign into court. (If circumstances warrant, request sign-in room personnel to record your presence via a manual computer entry.)
 - a. Failure to properly sign in and out of court will result in the member of the service being considered not present for court and may result in disciplinary action.
 17. Comply with *P.G. 211-01, "Duties and Conduct in Court."*
 18. Report immediately to the police sign-in room at the conclusion of the court appearance and obtain the completed **COURT ATTENDANCE RECORD (PD468-141)**.
 19. Notify command desk officer via telephone immediately upon dismissal from police sign-in room and comply with instructions received.
 20. Deliver **COURT ATTENDANCE RECORD** to desk officer when instructed to return to command or, if otherwise instructed, at earliest possible convenience.

DESK OFFICER 21. Make notation of either member of the service dismissal, or instruction(s) given to member, on appropriate Department record.

POLICE ROOM PERSONNEL 22. Ensure that member's presence for an appearance at court is entered into the CACS immediately upon member's arrival at the sign-in room.
23. Enter the necessary court information into the CACS, when the member reports to the police room at the conclusion of the member's court appearance.
a. This includes selecting and then entering the proper court action code to record the outcome of the court appearance (e.g., testified, District Attorney not ready, no complainant or witness, adjourned, took plea, etc.).
24. Give the **COURT ATTENDANCE RECORD** to the member of the service for return to desk officer/counterpart at the member's command.

APPEARANCE CONTROL UNIT 25. Enter into the CACS, notifications received from governmental agencies which are not enabled with this system.
26. Telephone commands immediately, when notifications are received, which are directed to commands not enabled in the CACS.
27. Resolve any conflicts that may occur, (e.g., member of the service unable to appear, sick, conflicting court appearance, etc.).
28. Monitor the attendance of all members of the service at court.

ADDITIONAL DATA *During court proceedings a judge or assistant district attorney may instruct a member of the service to appear in court at a later time or date. If this occurs, the member of the service must then notify their desk officer/roll call clerk, who in turn will notify the Appearance Control Unit. The member of the service will make such a notification to his/her command, via telephone, immediately upon dismissal from the police sign-in room.*

A member of the service must appear in court as directed by the judge or assistant district attorney, whether or not an Appearance Control Unit or CACS notification is received, unless notified that the appearance had been cancelled.

 *If the requesting party/agency (e.g., assistant district attorney, hearing officer at the Department of Consumer Affairs, etc.) calls a command's roll call or desk officer to cancel an appearance by a member of the service, the requesting party/agency will be reminded to enter such a cancellation into the CACS system. This will prevent the member of the service from being charged with a failure to appear in court.*

The CACS is interfaced with the Automated Roll Call System (ARCS). This enables a requesting agency, such as the District Attorney's Office, to tell at a glance if the proposed date selected for a court appearance is the members RDO, annual vacation, etc. This feature allows the District Attorney to avoid using that date, thereby reducing court related overtime. For this aspect of the system to be effective, commands must ensure that their members vacation schedules, chart changes, etc. are updated in ARCS in a timely fashion.

Every morning at 1000 hours all commands, which use the CACS, receive a computer-generated report listing the names of members who have failed to appear in court by 1000 hours that day. (This report does not include alerts that have not yet been activated.) In

ADDITIONAL DATA (continued)

precincts, PSAs, Transit Districts, etc., this report prints at the desk's or roll call's terminal. In specialized units, this report prints at the unit's FINEST or LAN printer. The desk officer/supervisor on duty who receives this report must make every effort to ensure that those members who are listed as "no shows" actually appear in court as required.

The commanding officer will use available computer applications or reports to investigate why each "no show" member failed to appear in court and then take appropriate disciplinary action, as necessary. If negligence or misconduct is found, or court cases are dismissed due to member's absence, the commanding officer will comply with A.G. 316-44, "Supervision of Uniformed Members of the Service at Court." Each business day, the commanding officer will forward a communication to the investigations unit in the overhead command, identifying members of the service who failed to appear in court, including the reasons for the non-appearances and the disciplinary actions taken, if any.

- Prepare **NOTIFICATION** and document on **NOTIFICATION RECAP**.
 - Direct member of the service to appear in court as per the subpoena or verbal instructions.
 - Direct member to sign and promptly return **NOTIFICATION**.

NOTE

The Appearance Control Unit will mediate all conflicting court appearances and inform the command of the results.

SHORT DATE NOTIFICATION

NOTE

A "short date notification" is a notification for a member of the service to appear the next day, or a notification delivered on a Friday for a member to appear on the following Monday. Because these notifications are time sensitive, and may be received at an hour when the roll call office is closed, CACS has been designed to automatically transmit these notifications to the command's FINEST or LAN printer.

DESK OFFICER/ DESIGNATED SUPERVISOR

- Monitor the FINEST or LAN printer for "short date notifications."
- Inspect Telephone Record for "short date notifications."
- Attempt to immediately notify member of the service.
- Inform roll call clerk/designated member immediately, if available, or on the next business day, of completed and/or incomplete "short date notifications" and provide appropriate copies of the notifications.
 - Direct roll call clerk/designated member to account for "short date notifications," whether completed or not, on **NOTIFICATION RECAP**.
- Give incomplete "short date notifications" to the relieving supervisor, or if available, to roll call clerk/designated member who will continue to attempt to notify the member of the service.

DISTRICT ATTORNEY'S FIELD ASSIGNMENT

MEMBER OF THE SERVICE

- Obtain prior permission from commanding officer/designee if field assignment is to commence at a location other than command, District Attorney's Office or court.
- Notify desk officer/designated supervisor when reporting for a District Attorney's field assignment.

TEMPORARY ASSIGNMENT TO DISTRICT ATTORNEY'S OFFICE

MEMBER OF THE SERVICE

37. Process request through appropriate Appearance Control Unit.
 - a. Such assignments will not exceed five days
 - b. Requests for temporary assignment of more than thirty days will be processed as per A.G. 320-07, "Temporary Assignments."
38. Forward requests for extension of such assignment and/or requests for temporary assignments of six to thirty days to commanding officer of member concerned.

COMMANDING OFFICER, MEMBER CONCERNED

39. Review request and endorse to Chief of Department (through channels) for final determination.

NOTE

A request for extension of a temporary assignment will be reviewed and endorsed by the commanding officer, member concerned. Any further extension will be reviewed by the commanding officer, member concerned, and endorsed with recommendations (through channels) to the Chief of Department for final determination. Uniformed members of the service will not accept a verbal extension of a temporary assignment from an Assistant District Attorney, unless there is an ongoing trial and appearance is for the next day. In that case, the uniformed member of the service will contact his/her commanding officer, who in turn will notify the Appearance Control Unit. The Assistant District Attorney will be advised to request an extension through the CACS, Appearance Control Unit, or if closed, the Borough Court Section.

ADDITIONAL DATA

A member of the service who must appear in court on a scheduled day off, for an adjourned case, will be assigned to a 0900 x 1700 tour, or as otherwise appropriate for attendance at court. A member of the service who must appear in court on a scheduled day off may be excused from remainder of tour, needs of the service permitting. If excused, the member will enter "Requested Excusal" on the OVERTIME REPORT (PDI38-064) submitted.

A member of the service who becomes unavailable due to a conflicting court appearance, sick leave, or other condition such as new arrest, change in assignment or duty chart, will notify the roll call clerk, designated member, sick desk supervisor, or desk officer. The desk officer/designated supervisor or roll call clerk/designated member will notify the Appearance Control Unit of the member's unavailability by telephone prior to scheduled appearance. The CACS will be updated accordingly. The requesting agency will also be notified.

Uniformed members of the service who are normally assigned to the Fourth Platoon (1800 X 0200 hours) that are subpoenaed, directed by Appearance Control Unit, the CACS or notified by other competent authority, to attend any court, official agency hearing or training session the following day (Second Platoon), will be notified in advance and reassigned to perform duty with the Third Platoon (1600 X 2400 hours).

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
211-05	08/03/20		7 of 8

ADDITIONAL DATA (continued)

Those uniformed members of the service who are not notified in advance or who are already performing duty with the Fourth Platoon at the time they receive a notification to attend any court, official agency or training session the following day on the Second Platoon, will be excused from duty, under normal circumstances, at 2400 hours. If the member concerned effects an arrest and the related paperwork is not completed by 2400 hours or the member concerned is in the process of performing a police function beyond 2400 hours, that member is not entitled to be dismissed until all of the police related functions are complete. If the uniformed member of the service continues to work beyond 0200 hours, the member will be entitled to receive appropriate overtime compensation in the normal manner. (The excused member is not entitled to receive any overtime compensation for the time period 2400 to 0200 hours.). Desk officer will make appropriate notations in the Command Log, and on the roll call and sign out sheet for those uniformed members of the service who are dismissed at 2400 hours.

In all cases where an appearance notification falls on a member's regular day off, only that member's commanding officer or designee will be permitted to cancel this notification after personally conferring with and receiving the concurrence of the person who requested the appearance, (i.e. judge, assistant district attorney, assistant corporation counsel member, or their supervisor). This includes all court subpoena and verbal instruction cases. Every effort should be made, with a few rare exceptions, in (RDO) trial preparation and (RDO) Grand Jury appearance cases, and the defendant is no longer in custody, to cancel the notification with the verbal concurrence of the assigned assistant district attorney.

A service by telephone message attempting to cancel the notification on the authorizing person's voice mail, or a request for a return phone call to have a follow up conversation on this matter, does not relieve the command from the responsibility of having this member report to court or other governmental agency as scheduled.

If the requesting agency (e.g. assistant district attorney, assistant corporation counsel), does not concur with the requested cancellation, the member concerned must appear as scheduled.

If the requesting agency concurs with the cancellation, the commanding officer or designee will then notify the Appearance Control Unit for all notifications received from that Unit, including subpoenas and verbal cases that were not initially received from that Unit, or request the assistant district attorney or their supervisor to enter this cancellation data into the CACS for all notification cases received via that computerized system. In addition, in all agreed upon cancellation cases, the member of the service who conferred with the requesting agency will have a telephone message entry made, indicating the details of the canceled notifications.

A Special Narcotics Appearance Control Unit is located in Queen's Special Narcotics Courts. In addition to tasks listed in this procedure, the Special Narcotics Appearance Control Unit will also place uniformed members of the service on telephone alert when requested by the Special Narcotics Assistant District Attorney.

*CACS passwords are issued by the Criminal Justice Bureau, not Information Technology Services Division. Requests for passwords should be sent on **Typed Letterhead** to the Criminal Justice Bureau at One Police Plaza, Room 204. The request should include command code, tax number, as well as, full name and a contact name and phone number.*

WHEN OFFICER CLAIMS NO RECOLLECTION ON A CASE THAT IS TEN OR MORE YEARS OLD

*In order to establish a charge at the Traffic Violations Bureau (TVB), uniformed members of the service must present clear and convincing evidence. Proof could rest on the recollection of the uniformed member of the service refreshed by contemporaneously made memoranda. Thus, while an individual uniformed member of the service may have no recollection of the facts concerning the summons issuance independent of his or her own digital **Activity Log** entries, if after having read those digital **Activity Log** entries, the uniformed member of the service can speak to the facts from his or her own recollection sufficient to establish the charge by clear and convincing evidence, then the uniformed member of the service should appear and testify at the hearing as scheduled. If even after reading the digital **Activity Log** entries, the uniformed member of the service is still unable to testify from recollection, the digital **Activity Log** entries, if otherwise sufficiently detailed to establish the charge by clear and convincing evidence, may be read into the record at the hearing, if the uniformed member of the service is able to testify that (1) he or she once had knowledge of the entries, (2) the entries were prepared by the uniformed member of the service, (3) the entries were prepared when the knowledge of the contents were fresh in the mind of the uniformed member of the service, and (4) the uniformed member of the service intended when the entries were made, that they be accurate. The role of the integrity control officer is critical in determining whether a member of the service should appear at a Traffic Violations Bureau hearing. Integrity control officers should ensure that effective testimony cannot be offered by the uniformed member of the service prior to preparation and forwarding of the **AFFIDAVIT OF NO RECOLLECTION/SEPARATION FROM SERVICE**. In instances where the digital **Activity Log** entries of the officer cannot be located and/or are lacking sufficient information, the integrity control officer should take appropriate disciplinary action.*

PROCESSING SUBPOENAS FOR POLICE DEPARTMENT RECORDS AND FOR TESTIMONY BY MEMBERS OF THE SERVICE

DATE ISSUED:
08/03/20

DATE EFFECTIVE:
08/03/20

REVISION NUMBER:

PAGE:
1 of 10

PURPOSE

To ensure proper compliance by the Police Department and its members with lawful court mandates and subpoenas requiring attendance at court or production of Department records in response thereto.

SCOPE

It is the official policy of this Department that the unit that is the repository of a given Department record has the responsibility to respond in a prompt fashion to a subpoena demanding the record's production. A command will not forward a subpoena to the Legal Bureau, the Central Records Division or to other units within the Department when record(s) requested is/are present in the subpoenaed command.

DEFINITIONS

SUBPOENA - A generic term used in the law to refer to any legal device that compels the appearance of a person at a specific time and place, usually to give testimony in a judicial proceeding, or compels the production of certain documents or items of evidence. A subpoena that compels a person to appear and give testimony is known as a subpoena ad testificandum. A subpoena that compels the production of documents or evidence is known as a subpoena duces tecum.

COMMAND LIAISON OFFICER - Every commanding officer/counterpart within the Department is designated as the command liaison officer who is responsible for the full implementation of and compliance with this procedure. While commanding officers/counterparts may delegate the tasks associated with this procedure to subordinates, they are responsible for their command's compliance with this procedure.

SUBPOENA RECORD BOOK - A permanent bound record book maintained by each command (including commands located within a precinct stationhouse, transit district, police service area, or other Department facility) with the following captions contained therein:

- a. Number (serialized, beginning with 001 each year)
- b. Date and time received
- c. Type of subpoena (e.g., duces tecum or ad testificandum)
- d. Name of member concerned
- e. Brief description of records requested
- f. Return date
- g. Issuing court
- h. Title of case (e.g., Smith vs. Jones, People vs. Smith)
- i. Party issuing subpoena (e.g., plaintiff, defendant, District Attorney or judge)
- j. Fee receipt issued (indicate "No fee or receipt number")
- k. Date records forwarded
- l. Date court receipt received.

COMMAND SUBPOENA FILE - A file in which photocopies of subpoenas and requests for Department records by assistant district attorneys and assistant corporation counsels are filed chronologically, by year, pursuant to this procedure.

**DEFINITIONS
(continued)** **SUBPOENA LITIGATION UNIT** - A sub-unit of the Legal Bureau charged with the responsibility to ensure that all lawful requests for Department records by courts, prosecutors, government agencies, and private citizens are complied with in a timely fashion. The Subpoena Litigation Unit also processes all requests under the Freedom of Information Law that are received by the Department. The Subpoena Litigation Unit is located at One Police Plaza, Room 110-C, New York, NY 10038.

NOTE *Under no circumstances will a subpoena or subpoena duces tecum served or received at a command be forwarded to the Subpoena Litigation Unit without the express permission of the Supervisor, Subpoena Litigation Unit.*

PROCEDURE Upon receiving a subpoena that only requires personal appearance by a specific member of the service to appear in court or otherwise give testimony in a legal proceeding:

 6. Notify roll call clerk and ensure that entry is made in Command Diary.
 - a. Comply with appropriate procedures concerning notifications to Appearance Control Unit.
 7. Ensure that member of the service concerned has appeared in court, or otherwise, as required by subpoena.

NOTE *If a subpoena is received for a member of the service that also requires that the member concerned produce documents or evidence, other than an **ACTIVITY LOG (PD112-145)**/digital Activity Log entry, and the subpoena has not been marked as "SO ORDERED" by a judge, the member of the service concerned will comply with the subpoena only in so far as it relates to making the required appearance. Department records or evidence will not be produced. If the subpoena is "so-ordered," the named member will bring the required documents (see ADDITIONAL DATA for further explanation).*

Members receiving a subpoena ad testificandum that requires an appearance to give testimony at other than a trial proceeding are advised that they are not to answer any question without first consulting with the assistant corporation counsel or assistant district attorney assigned to the case. If there is no assistant corporation counsel/assistant district attorney assigned to the particular case, or if the member of the service is unsure regarding such assignment, the Subpoena Litigation Unit will be consulted.

In such a case, unrelated information should be "redacted" (blocked out or deleted in any other suitable fashion that ensures that the unrelated information cannot be discerned by the party issuing the subpoena) from the copy forwarded in compliance with the subpoena. No redactions will be made to any material forwarded to the Legal Bureau, Corporation Counsel or District Attorney. Additionally, prior to forwarding copies of any Departmental records to anyone outside the Police Department other than an assistant district attorney, assistant corporation counsel or other law enforcement agency, the name, addresses, and telephone number, and any other data that identifies a victim or witness will be redacted.*

Immediate telephone notification to the Subpoena Litigation Unit is to be made if any command receives a subpoena ad testificandum or a subpoena duces tecum for the following Department records:

- a. Confidential records, such as personnel folders, or documents relating to confidential investigations;
- b. Records relating to cases that have been the subject of notoriety or publicity;

Such telephone notification will also be made if there is any doubt as to whether subpoenaed records should be released. The telephone notification is to be recorded in the Telephone Record. Instructions received from the Subpoena Litigation Unit will be strictly complied with.

Any subpoena, which, by its terms, requires the production of documents or evidence, is a subpoena duces tecum. Under the relevant statutes of this state, a subpoena duces tecum directed to a subdivision of a municipal government, such as the Police Department, must be "so ordered" by a judge. "So ordered" means that the attorney who desires the documents to be produced has obtained judicial approval for the subpoena duces tecum in question. If the judge determines that the attorney has a genuine need for the requested material, the judge will indicate this fact by signing or initialing the subpoena duces tecum at a caption entitled "so-ordered".

PHOTOCOPYING RECORDS:

Under no circumstances will original Department records be removed from any Department facility without the prior approval of a Department attorney or the commanding officer. Photocopies ONLY will be forwarded. The Subpoena Litigation Unit will be notified and consulted whenever court process compels production of original copies of Department records.

ADDITIONAL DATA (continued)

DISTRICT ATTORNEY/CORPORATION COUNSEL REQUESTS:

Assistant district attorneys and assistant corporation counsels are NOT required to issue a subpoena for the production of Police Department records. Accordingly, no member of the service will require or request that a subpoena for records be served by them. Such document requests will be handled in accordance with P.G. 211-18, "Processing Requests For Police Department Documents Received From Assistant Corporation Counsels And Assistant District Attorneys."

RECORDS UNAVAILABLE AT RECEIVING COMMAND:

If a subpoena is received for records that are not available at the command receiving the subpoena, the subpoena will be forwarded to the command having custody of the record. If the subpoena calls for the production of more than one item, and the receiving command does not have custody of all items requested, the receiving command will comply with that portion of the subpoena for which the command possesses records. A photocopy of the subpoena will be forwarded to the command having custody of the other items requested with a report detailing which portions of the subpoena will be complied with by the original receiving command.

TRANSFERRED MEMBERS:

A process server who appears at a command to serve a subpoena directed to a member of the service who has been transferred from the command will be advised of the member's new command and directed to make service at the member's new command. If the member concerned has retired, the process server will be informed of this fact and service will not be accepted. If a subpoena is received by other than personal delivery, the subpoena will be forwarded to the member's current command. If a subpoena is received by other than personal delivery and the member has retired, the attorney issuing the subpoena will be contacted and informed of such fact.

SUBPOENAS THAT CONCERN PERSONAL MATTERS:

Circumstances may arise where a member of the service receives a subpoena in his/her capacity as a private individual. This situation frequently arises in the context of civil litigation where the member concerned is involved as a party or as a witness to events, which occurred while off duty. In such a circumstance, a subpoena may be served upon such a member at his/her command and service will be accepted. If service is accepted by someone other than the party named in the subpoena, such as the desk officer, the party that accepts service must ensure that the subpoena is actually received by the named party. In such a circumstance, the fee tendered (if any) will be given to the member concerned along with the subpoena. No further processing of the subpoena is required. If a member is required to attend court in response to such a subpoena arising out of his/her private affairs, such appearance will be made on the member's off-duty time. Any questions regarding the applicability of this note may be directed to the Subpoena Litigation Unit.

SUBPOENAS ISSUED BY COURTS OUTSIDE NEW YORK CITY

DATE ISSUED:
08/03/20

DATE EFFECTIVE:
08/03/20

REVISION NUMBER:

PAGE:
1 of 2

PURPOSE

To determine whether a subpoena issued by a court located outside of New York City requires a response by the Police Department and, if a response is required, the nature and extent of such response.

SCOPE

The Police Department is frequently served with subpoenas issued by courts located outside of New York City. Such subpoenas present special problems relating to the nature of response required by this Department. While subpoenas issued by courts located within New York City are valid and must be complied with in accordance with the terms of the subpoena and in the manner set forth in the applicable Department Manual procedures, subpoenas issued by courts outside of New York City require special handling and are subject to different rules regarding compliance.

PROCEDURE

Upon receipt of a subpoena issued by other than a court located within New York City:

1. Issue **FEE RECEIPT (PD122-017)** in accordance with *P.G. 212-79, "Subpoena Fees and Accounting Procedures."*
2. Forward subpoena to command liaison officer.
3. Complete all entries in Subpoena Record Book.
4. Determine the response required by utilizing the following guidelines:

SUBPOENA ISSUED BY A NEW YORK STATE COURT:

- a. When no personal appearance is required by a member of the service:
 - (1) Such a subpoena will be complied with in accordance with *P.G. 211-15, "Processing Subpoenas for Police Department Records and Testimony by Members of the Service."*
- b. When a personal appearance is required by a member of the service:
 - (1) The Legal Bureau - Subpoena Litigation Unit should be consulted.
 - (a) Instructions received from the Subpoena Litigation Unit will be complied with.
 - (b) Comply with *P.G. 212-83, "Leaving City on Police Business."*

SUBPOENA ISSUED BY FEDERAL COURTS:

COMMAND LIAISON OFFICER

- a. CRIMINAL CASES - Valid from any Federal Court in the United States. Subpoena will be complied with in accordance with *P.G. 211-15, "Processing Subpoenas for Police Department Records and Testimony by Members of the Service"*, if DOCUMENTS ONLY are required. If an appearance by a member of the service is required, the Subpoena Litigation Unit will be notified and in addition to any directions received from the Subpoena Litigation Unit, the member of the service who is the subject of the subpoena will prepare a report, on Typed Letterhead, in duplicate, addressed to the Police Commissioner, including the following information:
 1. Name and location of court
 2. Type of proceeding
 3. Name of person concerned
 4. Date of receipt of subpoena

PATROL GUIDE

- COMMAND LIAISON OFFICER (continued)**
5. Reason Police Commissioner was not notified prior to testimony, if applicable.
 6. Forward REPORT as follows:
 - (a) Original to Police Commissioner, direct
 - (b) Duplicate to Police Commissioner, through channels.
 - b. CIVIL CASES - VALID ONLY WHEN:
 1. Served within the district where the court sits, OR
 2. Served within one hundred miles of the place of hearing or trial specified in the subpoena, OR
 3. Issued by a Federal Court located within New York State and served within New York State, OR
 4. The subpoena is endorsed by the judge authorizing the extraordinary service and served in conformance with the endorsement.

SUBPOENA ISSUED BY COURTS OF OTHER STATES:

- COMMAND LIAISON OFFICER**
- a. CRIMINAL OR CIVIL CASES - NOT VALID:
 1. Such subpoenas have no force and effect in the State of New York UNLESS the subpoena has been presented to a New York State judge and endorsed by the New York State judge for service in New York.

NOTE

While the Department has no legal obligation to respond to these subpoenas unless they are endorsed by a New York State judge, the Department should make every reasonable effort to assist law enforcement agencies from other jurisdictions. For example, Department personnel may provide testimony that will be helpful to a criminal prosecution outside the City of New York. Permission to appear and give such testimony must be obtained through channels, and all relevant Department procedures regarding leaving the city on official business must be complied with.

Any time a subpoena is received which requires a member of the service to appear at a hearing or other judicial proceeding outside the City of New York, the member is required to comply with P.G. 212-83, "Leaving City On Police Business." In addition, if the member is required to appear in court outside of the City, prepare and forward the REPORT to the Police Commissioner, as outlined above under "CRIMINAL CASES".

ADDITIONAL DATA

Any time a member has a question concerning the validity of a subpoena, the Legal Bureau - Subpoena Litigation Unit will be consulted.

PROCESSING LEGAL BUREAU REQUESTS FOR DEPARTMENT RECORDS INCLUDING REQUESTS UNDER THE FREEDOM OF INFORMATION LAW

DATE ISSUED:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
08/03/20	08/03/20		1 of 4

PURPOSE

To ensure prompt, efficient response by the Department to lawful subpoenas and requests for Department records made by prosecutors, government agencies and private citizens, including requests made under the Freedom of Information Law (F.O.I.L.).

SCOPE

The Department is required by law to comply with statutes such as F.O.I.L. and court orders, including subpoenas, which command the production of certain documents in its custody. The Legal Bureau's Subpoena Litigation Unit will assist individual commanding officers/counterparts in fulfilling their responsibility to comply with subpoenas, government requests and lawful demands made by private citizens under the Freedom of Information Law (F.O.I.L.).

DEFINITIONS

FREEDOM OF INFORMATION LAW - The New York State Freedom of Information Law (F.O.I.L.) contained in Sections 84 through 89 of the Public Officers Law, provides that all records kept by a government agency are presumed to be available for public inspection and/or copying. Exemptions from this public access requirement are narrowly drawn. The burden of demonstrating the applicability of specific exemptions lies with the government agency.

SUBPOENA LITIGATION UNIT - A sub-unit of the Legal Bureau charged with the responsibility to ensure that all lawful requests for Department records by courts, prosecutors, government agencies and private citizens are complied with in a timely fashion. The Subpoena Litigation Unit also processes all requests under the Freedom of Information Law that are received by the Department. The Subpoena Litigation Unit is located at One Police Plaza, Room 110C, New York, NY 10038.

F.O.I.L. RECORDS ACCESS OFFICER - The F.O.I.L. Records Access Officer is the supervisor in charge of the F.O.I.L. Unit within the Legal Bureau's Subpoena Litigation Unit or designee. Any command receiving a F.O.I.L. request shall immediately forward the request to the Records Access Officer and notify the requesting party of this action and the location of the Records Access Officer.

F.O.I.L. APPEALS OFFICER - The F.O.I.L. Appeals Officer is the Deputy Commissioner, Legal Matters or designee.

COMMAND LIAISON OFFICER - Every commanding officer/counterpart within the Department is designated as the official Liaison Officer for the purpose of tracking and expediting requests for records by the Subpoena Litigation Unit. While commanding officers/counterparts may delegate the gathering of these records to subordinates, they will be responsible for their command's compliance with all requests from the Subpoena Litigation Unit.

NOTE *Subpoenas served directly at individual commands will not be forwarded to the Subpoena Litigation Unit without the permission of the Supervisor, Subpoena Litigation Unit. Such subpoenas are handled in accordance with P.G. 211-15, "Processing Subpoenas for Police Department Records and for Testimony by Members of the Service."*

PROCEDURE Upon receiving a subpoena, F.O.I.L. request or other demand for Department records:

- SUPERVISOR, SUBPOENA LITIGATION UNIT**
1. Record receipt of subpoena, F.O.I.L. request or other demand for records.
 2. Examine request and determine whether it must be complied with under applicable provisions of law and/or Department policy.
 3. Assign a staff member to process the request.

NOTE *The Supervisor, Subpoena Litigation Unit will make every effort to screen and/or narrow unnecessary or unduly burdensome requests for Department records.*

- SUBPOENA LITIGATION UNIT STAFF MEMBER**
4. Prepare and forward specific request for Department records to the liaison officer of the command concerned.
 5. Set forth time limits within which the Subpoena Litigation Unit must receive a response from the command concerned.

NOTE *Certain document requests require an expeditious response, such as F.O.I.L. requests. The Public Officers Law requires that an agency, "within five business days of the receipt of a written request for a record reasonably described, shall make such record available to the person requesting it, deny such request in writing or furnish a written acknowledgment of the receipt of such request and a statement of the approximate date, which shall be reasonable under the circumstances of the request, when such request will be granted or denied." Subpoenas and court orders frequently require production in court of the records concerned.*

- COMMAND LIAISON OFFICER**
6. Record receipt of request for Department records from the Subpoena Litigation Unit.
 7. Gather and photocopy documents requested.
 - a. Prepare the records for email transmission, if the records are stored electronically.

NOTE *While commanding officers/counterparts may delegate the gathering of these records to subordinates, the commanding officers/counterparts are responsible for their command's compliance with all requests from the Subpoena Litigation Unit.*

8. Forward photocopies in compliance with request within time limits given by Subpoena Litigation Unit.
 - a. If the records are maintained electronically and the Subpoena Litigation Unit requests that the records be forwarded in electronic form, forward the records via Department email to the assigned Subpoena Litigation Unit investigator at the email address provided in the request.

9. If unable to comply within the time limit set by the Subpoena Litigation Unit:
 - a. Make immediate telephone notification to the Subpoena Litigation Unit staff member assigned to the case
 - b. Forward report on **Typed Letterhead** to Supervisor, Subpoena Litigation Unit, within stated time limit indicating:
 - (1) Date records will be forwarded; and
 - (2) Reason for delay.
 - c. Forward records in partial compliance with request if so directed by Subpoena Litigation Unit
 - d. Forward completed copies of all records requested as soon as they are available.
10. Prepare a report on **Typed Letterhead** explaining the status of the records and forward to the Supervisor, Subpoena Litigation Unit, if the records requested by the Subpoena Litigation Unit have been lost, destroyed or are otherwise unavailable.
11. Review and forward documents in compliance with court order, F.O.I.L request or Department policy, as appropriate.

**SUPERVISOR,
SUBPOENA
LITIGATION
UNIT**

**ADDITIONAL
DATA**

LEGAL CONSIDERATIONS

*All photocopies forwarded in compliance with the above procedure must be complete, clear, legible and without alteration. Where commanding officers/counterparts have concerns about protecting the confidentiality of information contained in these documents, they must forward an accompanying report on **Typed Letterhead** to the Supervisor, Subpoena Litigation Unit, setting forth the basis for these concerns. The Supervisor, Subpoena Litigation Unit is charged with the responsibility to prevent release of confidential information contained in Department records whenever possible under law.*

FREEDOM OF INFORMATION LAW (F.O.I.L.)

Any individual denied access to a record by the Records Access Officer has the right to appeal, within thirty days, to this agency's Appeals Officer, the Deputy Commissioner, Legal Matters or designee. The Records Access Officer will provide the requesting individual with specific information needed to make such an appeal.

Members of the public should not be advised that they will obtain the records sought, since the Freedom of Information Law allows agencies to deny disclosure under certain conditions.

All inquiries regarding this law will be referred to the Records Access Officer located at One Police Plaza, Room 110C, New York, NY 10038. Except as otherwise provided, the Records Access Officer can charge a fee of twenty-five cents a page for photocopying.

PROCESSING REQUEST FOR POLICE DEPARTMENT DOCUMENTS RECEIVED FROM ASSISTANT DISTRICT ATTORNEYS AND ASSISTANT CORPORATION COUNSELS

DATE ISSUED:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
08/03/20	08/03/20		1 of 2

PURPOSE

To ensure prompt and complete compliance with requests made by assistant district attorneys and assistant corporation counsels for any records or reports compiled by the Police Department concerning a case in litigation or being prepared for litigation.

SCOPE

In order to effectively prepare and maintain a criminal case, the prosecutor is required by law to have access to all reports, notes, memoranda, test results, or any forms prepared by law enforcement officers in connection with the facts and circumstances that form the basis of the prosecution. Certain forms and/or reports prepared by law enforcement officers are required by the rules of Criminal Procedure and Case Law to be turned over to the defense at certain points in the course of the prosecution. The failure to turn over such reports, in a case that has proceeded to trial and resulted in a guilty verdict, will result in a reversal of the conviction. This is true even in cases where the prosecutor was not aware of the existence of the report. Courts have held that the possession of such reports by the Police Department is the equivalent of possession by the prosecutor, and therefore, that the failure to turn over the reports possessed by the Police Department must result in a reversal of any conviction obtained. Therefore, it is imperative that any member of the service who is involved in the prosecution of a criminal action inform the assistant district attorney (or the assistant corporation counsel prosecuting a juvenile in Family Court) of all reports or notes made in connection with the case no matter how insignificant the member feels the notes or memoranda might be.

NOTE

Members of the service are advised that a request for records received from an assistant district attorney or assistant corporation counsel does not require an accompanying subpoena. All such requests for records from an assistant district attorney or assistant corporation counsel shall be complied with as expeditiously as possible. Such requests should be on District Attorney's Office or Corporation Counsel letterhead (or other form supplied by District Attorney's Office or Corporation Counsel's Office) and should include the following information:

- a. Name of Case
- b. Name and telephone number of requesting attorney
- c. Date of arrest
- d. Precinct of arrest
- e. Name of arresting officer; and
- f. Docket number assigned to case.

PROCEDURE

Upon receiving a request by an assistant district attorney or assistant corporation counsel to provide copies of Department forms, records, reports, or memoranda:

If exigent circumstances prevent the granting of meal periods, commanding officers of outside details are responsible to submit a written communication to the Deputy Commissioner, Labor Relations detailing the actual exigent circumstances. INVESTIGATIVE ENCOUNTERS: REQUESTS FOR INFORMATION, COMMON LAW RIGHT OF INQUIRY AND LEVEL 3 STOPS

DATE EFFECTIVE:

06/10/21

LAST REVISION:

I.O 47

PAGE:

1 of 16

PURPOSE

To describe the types of encounters a uniformed member of the service may initiate with a member of the public during the course of his or her official duties, the level of knowledge required for each type of encounter, the scope of a police officer's authority for each type of encounter, the measures that are permissible to protect uniformed members of the service from injury while engaged in such encounters, and the procedures to be followed by a member of the service during these encounters.

SCOPE

In accordance with their oath to uphold the law, uniformed members of the service must conduct investigative encounters in a lawful and respectful manner; however, nothing in this section is intended to deter an officer from initiating appropriate inquiries and investigative encounters, including stops, or using any lawful and appropriate tactics to ensure the officer's safety during such investigative encounters. Moreover, this procedure should not be interpreted to discourage an officer from engaging in voluntary consensual conversations with members of the public. Members of the service are encouraged to develop positive relationships in the communities they serve. Such positive interactions with the community foster trust and understanding that will in turn enhance public safety and officer safety.

DEFINITIONS

INVESTIGATIVE ENCOUNTERS - In the context of this procedure, an investigative encounter is a police interaction with a member of the public/civilian for a law enforcement or investigative purpose. The U.S. Supreme Court in the case of *Terry v. Ohio*, established the authority of the police to stop and possibly frisk a person, under certain circumstances, based upon reasonable suspicion. The New York State Court of Appeals in the case of *People v. DeBour* established the types or levels of investigative encounters and the authority of the police at each level, consistent with federal constitutional standards. These encounter levels and the authority of the police at each level are outlined in the definitions that follow.

REQUEST FOR INFORMATION (LEVEL 1 ENCOUNTER) - A request for information is an encounter between a civilian and a uniformed member of the service conducted for the purpose of requesting information from the civilian. The uniformed member of the service must have an objective credible reason to approach the civilian. This type of encounter does not require any suspicion of criminal activity. The objective is to gather information and not to focus on the person as a potential suspect. A police officer may seek information related to the reason(s) the person was approached, such as the person's name, address and destination, if those questions are related to the objective credible reason for the approach. The officer may not ask accusatory questions. The person may refuse to answer questions and/or walk or even run away. Refusal to answer questions and/or walking or running away does not escalate the encounter. However, providing false or inconsistent information at any level may escalate the encounter. At this level, the officer may not seek consent to search, may not use force, and may not create a

DEFINITIONS (continued)

situation (either by words or actions) where a reasonable person would not feel free to leave. The officer may engage protective measures in the rare Level 1 encounter when he or she has a reasonable concern for his or her safety, either because of the nature of the approach or the individual's behavior.

OBJECTIVE CREDIBLE REASON - A reason is objectively credible if it is based on more than a hunch or a whim. The reason to gather more information may relate to a public safety/service function or a law enforcement function, but need not be based on any indication of criminality.

PROTECTIVE MEASURES - Even if an officer does not have reasonable suspicion that a person is armed and dangerous, there are tactics for officer safety that an officer may use short of a frisk when the officer reasonably perceives her/his safety is at risk. These include ordering the individual to take her/his hands out of her/his pockets, put down or step away from an otherwise lawful object that could be used as a weapon, grabbing the person's hands, if the circumstances suggest the person may be grabbing a weapon, or forcibly removing the person's hands from her/his pockets, if the individual refuses to remove them from her/his pockets. Any lawfully possessed article that is removed/safeguarded by a member of the service during an investigative encounter should be returned to the individual at the conclusion of the encounter (unless probable cause is developed and the individual is arrested). The officer can engage protective measures at Level 2 and Level 3. In rare occasions, the officer can engage protective measures at Level 1.

COMMON LAW RIGHT OF INQUIRY (LEVEL 2 ENCOUNTER) - A common law right of inquiry is an encounter between a civilian and a uniformed member of the service conducted for the purpose of asking the civilian pointed or accusatory questions because the police officer has a "founded suspicion" that criminal activity is afoot. "Founded suspicion" is a lower level of suspicion than the "reasonable suspicion" required to conduct a "stop" or Level 3 encounter. Upon a founded suspicion of criminality, the officer may approach a person to ask accusatory questions and may seek consent to search; however, consent must be voluntarily given. During an encounter, providing innocuous answers does not escalate the encounter. However, providing false or inconsistent information at any level may escalate the encounter. During a Level 2 encounter, force may not be used, the person is free to refuse to answer questions, and is free to leave. Refusal to answer questions or walking away does not raise the level of suspicion. However, flight (running away) during a Level 2 encounter does escalate the encounter to Level 3 and the officer is permitted to pursue the person. The officer may not create a situation (either by words or actions) where a reasonable person would not feel free to walk away. The officer may engage protective measures, when he or she has a reasonable concern for his or her safety.

FOUNDED SUSPICION - Founded suspicion of criminal activity arises when there is some present indication of criminality based on observable conduct or reliable hearsay information. In other words, the officer has sufficient information to begin to suspect the person of criminal conduct.

212-11	06/10/21	I.O. 47	3 of 16

DEFINITIONS (continued)

TERRY STOP (LEVEL 3 ENCOUNTER) - A Terry Stop/Level 3 encounter is any encounter between a civilian and a uniformed member of the service in which a reasonable person would not feel free to disregard the officer and walk away. A Level 3 encounter may take place even without the threat or use of physical force by the officer. Encounters involving nothing more than commands or accusatory questions can rise to the level of a stop, provided that the commands and questions would lead a reasonable person to conclude that she/he was not free to terminate the encounter. Whether an encounter amounts to a stop will be judged by the facts and circumstances of the encounter. A stop may be conducted only when a police officer has an individualized reasonable suspicion that the person stopped has committed, is committing, or is about to commit a felony or Penal Law misdemeanor. The police officer may ask accusatory or pointed questions and detain the person while an expeditious investigation is conducted to determine if there is probable cause to arrest the person. During an encounter, providing innocuous answers or refusal to answer questions does not escalate the encounter. However, providing false or inconsistent information at any level may escalate the encounter. The police officer may seek consent to search. The consent must be voluntarily given. Reasonable force may be used to stop a person. The type and amount of force used must be objectively reasonable under the circumstances. The officer may engage protective measures, when he or she has a reasonable concern for his or her safety. The officer may frisk the person, if the officer has reasonable suspicion that the person is armed and dangerous.

REASONABLE SUSPICION - Reasonable suspicion exists when the information known to the member of the service would make an ordinarily prudent and cautious police officer under the circumstances believe that a felony or Penal Law misdemeanor has been, is being or is about to be committed. The officer must have a particularized and objective basis for suspecting the person stopped of the criminal conduct. The officer must be able to articulate specific facts establishing justification for the stop; hunches or gut feelings are not sufficient.

FRISK - A carefully limited running of the hands over the outside of a person's clothing feeling for a deadly weapon or any instrument, article or substance readily capable of causing serious physical injury and of a sort not ordinarily carried in public places by law-abiding persons. A frisk is authorized when the member of the service reasonably suspects the person is armed and dangerous. This includes situations in which the officer reasonably suspects that the person has committed, is committing, or is about to commit a violent crime or when the officer observes something on the person that she/he reasonably suspects is a weapon. A frisk may not be conducted to discover evidence or the proceeds or instrumentalities of a crime. A police officer cannot "frisk" a bag or item of personal property unless the officer has a reasonable suspicion that the person is armed and dangerous and the bag or item could contain a weapon and is within the person's reach.

DEFINITIONS (continued)

SEARCH AFTER FRISK - In the context of the investigative encounters described in this section, a search occurs when the officer places her/his hands inside a pocket or other interior portions of a person's clothing or personal property to remove an object that the member felt during a frisk and reasonably suspects is a weapon or dangerous instrument.

PROCEDURE

When a uniformed member of the service engages in an investigative encounter with a civilian:

CONDUCTING A LEVEL 1 ENCOUNTER - A REQUEST FOR INFORMATION:

UNIFORMED MEMBER OF THE SERVICE

1. Activate Body-Worn Camera (BWC), if assigned, for encounters where activation is required, in accordance with P.G. 212-123, "*Use of Body-Worn Cameras*."
2. Approach the person if there is an objective credible reason to do so.
3. Identify yourself as a police officer verbally and by displaying your shield in a conspicuous manner, if practicable.
4. DO NOT detain the person, use or threaten the use of force, or request consent to search.
5. You may seek information and ask general, non-threatening questions related to the reason for the approach. However, pointed and accusatory questions are not permitted.
6. The person may refuse to answer questions and is free to leave. However, providing false or inconsistent information at any level may escalate the encounter.
7. You may inform the person that she/he is free to leave, but you are not required to do so unless she/he specifically asks.
8. You should provide the individual with an explanation for the encounter, unless providing such information would impair a criminal investigation.
9. You may engage protective measures in the rare Level 1 encounter when you have a reasonable concern for your safety, either because of the nature of the approach or the individual's behavior.

CONDUCTING A LEVEL 2 ENCOUNTER - THE COMMON LAW RIGHT OF INQUIRY:

UNIFORMED MEMBER OF THE SERVICE

10. Activate BWC, if assigned, in accordance with P.G. 212-123, "*Use of Body-Worn Cameras*."
11. Approach the person if you have a founded suspicion of criminality.
12. Identify yourself as a police officer by providing your rank, name, shield, and command, and display your shield in a conspicuous manner, absent exigent circumstances.
13. DO NOT detain the person or use or threaten the use of force.
14. You may seek information and ask questions, including pointed and accusatory questions.

- a. Offer **RIGHT TO KNOW BUSINESS CARD (PD142-012)** or **RIGHT TO KNOW BUSINESS CARD – GENERAL (PD142-013)**, as appropriate, in accordance with *A.G. 304-11, “Compliance with NYC Right to Know Act.”*
15. The person may refuse to answer questions and is free to walk away. If the person runs away, you may pursue.
16. You may request consent to search; the consent must be voluntarily given.
 - a. Ask for consent to search in a manner that elicits a clear ‘yes’ or ‘no’ response. When seeking consent, make clear that the search will not occur if the person does not consent. For example, in a non-threatening manner and without making promises, you may ask the following: *“I can only search you, if you consent. Do you understand? May I search you?”*
 - b. If a person does not consent to a search, you cannot conduct a search.
 - c. If you are seeking consent to search, you must video record the request and the person’s response, if you have a Body - Worn Camera.
 - d. Document the time, location, and date of such request, consent, refusal, and search (if performed), and the apparent race, ethnicity, gender, and age of the person who was the subject of such request and search, and your name, precinct, tax number and/or shield number on the **COMMON LAW RIGHT OF INQUIRY – CONSENT SEARCH REPORT (PD541-161)**.
 - e. Offer the person who is the subject of the request a **RIGHT TO KNOW BUSINESS CARD**, as appropriate, in all cases, and, if applicable, provide information on how to obtain a copy of the video record of the request and search (if performed).
This section does not apply in the following situations:
 - (1) You are conducting a security search of a person entering a public building or facility, location, event, or gathering, including random security checks in MTA facilities
 - (2) Exigent circumstances require your immediate action
 - (3) You reasonably expect that you or someone else is in danger of physical injury, there is an imminent risk of property damage, to forestall the imminent escape of a suspect, or the imminent potential destruction of evidence.
17. You may inform the person that she/he is free to leave, but you are not required to do so unless she/he specifically asks.
18. You may engage protective measures, when you have a reasonable concern for your safety.
19. Provide the individual with an explanation for the encounter, unless providing such information would impair a criminal investigation.

21. You are not required to proactively identify yourself, explain the reason for the encounter, or offer a **RIGHT TO KNOW BUSINESS CARD**, or **RIGHT TO KNOW BUSINESS CARD – GENERAL**, in the following situations:
- If engaged in undercover activity or operations
 - Exigent circumstances require your immediate action
 - You reasonably expect that you or someone else is in danger of physical injury, there is an imminent risk of property damage, to forestall the imminent escape of a suspect, or the imminent potential destruction of evidence
 - You are conducting a security search of a person entering a public building or facility, location, event, or gathering, including random security checks in MTA facilities, unless requested by the subject of the search
 - You are verifying the identity of a person seeking entrance to an area that is restricted due to a public health, public safety, or security concern, such as a terrorist attack or a natural disaster.

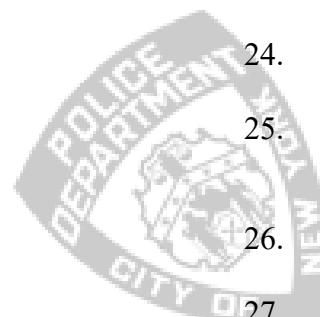

NOTE

During a Level 1 or Level 2 encounter, an officer may not create a situation (either by words or actions) where a reasonable person would not feel free to walk away. A person may be detained only if a properly conducted Level 1 or Level 2 encounter yields information to support a reasonable suspicion that the person committed, was committing, or was about to commit a felony or Penal Law misdemeanor.

CONDUCTING A LEVEL 3 ENCOUNTER - A TERRY STOP:

UNIFORMED MEMBER OF THE SERVICE

- Activate BWC, if assigned, in accordance with P.G. 212-123, “Use of Body-Worn Cameras.”
- Upon reasonable suspicion that the person has committed, is committing, or is about to commit a felony or Penal Law misdemeanor, stop and detain the person for the purpose of conducting a criminal investigation.
- Notify the radio dispatcher and include the location, number of persons being stopped and whether additional units are needed.
- Identify yourself as a police officer by providing your rank, name, shield, and command, and display your shield in a conspicuous manner, absent exigent circumstances.
- Question the suspect to the extent necessary to determine whether there is probable cause to make an arrest.
- You may ask pointed and accusatory questions related to the reason for the stop. Refusal to answer questions or produce identification does not establish probable cause.
 - Offer **RIGHT TO KNOW BUSINESS CARD** or **RIGHT TO KNOW BUSINESS CARD – GENERAL**, as appropriate, in accordance with A.G. 304-11, “Compliance with NYC Right to Know Act.”
- You may request consent to search; the consent must be voluntarily given.

The suspect may be detained only as long as necessary to confirm or dispel your suspicion that she/he was committing, committed, or was about to commit a felony or Penal Law misdemeanor. Authority to detain the suspect ends when the tasks tied to the reason for the stop are completed or reasonably should have been completed.
- 32. Provide the individual with an explanation for the encounter, unless providing such information would impair a criminal investigation.
- 33. Obtain the suspect’s name, address, and any additional information that will be required to complete your digital **Activity Log** entry regarding the stop.

CONDUCTING A FRISK, AND WHEN APPROPRIATE, A SEARCH:

UNIFORMED MEMBER OF THE SERVICE

39. If a police officer develops a reasonable suspicion that a person is armed and dangerous, the officer may frisk the person for a deadly weapon or any instrument, article or substance readily capable of causing serious physical injury and of a sort not ordinarily carried in public places by law-abiding persons. Reasonable suspicion that a person is armed and dangerous may arise from the officer's observations or the facts and circumstances of the encounter including:
 - a. Reasonable suspicion that the suspect has committed, is committing, or is about to commit a violent crime (e.g., assault with a deadly weapon, burglary, rape, robbery, etc.)
 - b. Observation of something on the person that the officer reasonably suspects is a weapon
 - c. A statement by the suspect stopped that she/he is armed
 - d. Information known by the officer that the suspect may be carrying a weapon, such as statements from a victim or witness.
40. The purpose of the frisk is to ensure the safety of the officer and not to locate evidence of a crime, such as drugs.
41. There is no requirement to question a suspect prior to conducting a lawful frisk.
42. Conduct the frisk by carefully running your hands down the outside of the person's clothing.
43. Where the frisk reveals an object that the member of the service reasonably suspects may be a weapon, the member of the service may search only those interior portions of the stopped person's clothing to remove the weapon.

44. An officer may not frisk a person's bag or other item of personal property unless the officer has reasonable suspicion to believe that the person is armed and dangerous and that the bag or item of personal property could contain a weapon and is within the person's reach. If the bag/item is soft, the officer should run her/his hands down the outside of the bag/item and open it only if she/he feels the contours of what she/he believes is a weapon. If the bag/item is rigid and unlocked, the officer may open it to ensure it does not contain a weapon. If the bag/item is locked, the officer must obtain a search warrant or get consent to search from the person in order to search the bag/item.

NOTE

The guidelines in step "44" do not apply to mass transit system checkpoint type inspections of backpacks, containers and other carry-on items that are capable of containing explosive devices.

Requesting identification documents: At any level, an officer may ask an individual to verbally identify herself/himself or present an identification document to verify that person's identity and/or address. During Level 1 or 2 encounters, when performing this task, the officer must not create a situation where the person does not feel free to leave. Other than the operator of a motor vehicle/motorcycle, members of the public are not required to possess identification documents or present identification documents to police officers when requested. Refusal or inability to produce identification alone will not elevate the level of the encounter. Absent probable cause that the person committed an offense, she/he may not be arrested or removed to a Department facility for further investigation merely because she/he refused to produce identification.

REQUIRED DOCUMENTATION:

UNIFORMED MEMBER OF THE SERVICE

45. Access video management system on Department intranet or Department smartphone to classify videos based upon nature of the event.
- For all investigative encounters that are captured on BWC that do not end in an arrest or summons:
 - Select "Investigative Encounters" as the category for BWC video retention
 - Select applicable final level of encounter (e.g., Level 1 encounter escalates to a Level 2 encounter, select "Level 2 Encounter".)
 - For all Level 2 encounters that are captured on BWC, but do not escalate beyond Level 2:
 - Select race and gender of primary person encountered
 - Select whether or not encounter was with more than one individual.
46. The **COMMON LAW RIGHT OF INQUIRY – CONSENT SEARCH REPORT** in FORMS is available through Department mobile devices (cellular telephones and tablets).

49. Notify the reviewing supervisor that the **STOP REPORT** was prepared and submitted to the supervisor’s electronic “INBOX” folder in FORMS for review.

NOTE

The **STOP REPORT** is not prepared for Level 1 and Level 2 encounters, unless the encounter escalates to a Level 3 Terry Stop. Similarly, the **STOP REPORT** is not prepared when an officer makes a summary arrest for an offense/crime or issues a Criminal Court summons or a civil summons returnable to the Office of Administrative Trials and Hearings for an observed violation, unless the suspect was initially detained for investigation in a Level 3 Terry Stop. The **STOP REPORT** is not prepared for traffic stops based on violations of the Vehicle and Traffic Law, unless the suspect is frisked.

Uniformed members of the service (UMOS) should be mindful that users of FORMS will be timed out after 55 minutes, therefore UMOS should periodically click on the “Save” icon to ensure that entered data is not lost.

NOTE

*The pedigree information of an individual who is stopped is not captured electronically and will only be recorded in the member's digital **Activity Log**. Accurately recording pedigree information in the digital **Activity Log** will enable members to later identify persons stopped and may aid investigators during the course of a criminal investigation. Do not put pedigree information into the **STOP REPORT** narratives.*

NOTE

Minor or inadvertent mistakes in documentation or isolated cases of erroneous but good-faith stops or frisks by members of the service should ordinarily be addressed through instruction and training. In most instances, instruction and training should be accomplished at the command level. The application of the law in this area can be complicated, and investigative encounters are fluid situations in which one event or

However, members of the service who evince a lack of comprehension of the core concepts of the law governing this procedure should be referred to the Legal Bureau.*

71. Conduct command level training to help ensure compliance with the Department's policy regarding investigative encounters.
 - a. Periodically review and identify command-wide and individual training needs and necessary remedial actions.
 - b. Record training sessions in the Training Attendance Certification Transcript Integrated Collection System (TACTICS) to assist with future review and analysis of command's compliance and training in investigative encounters.

ADDITIONAL DATA

There are many facts and circumstances that may lead a police officer to conclude that there is reasonable suspicion that a person has committed, is committing or is about to commit a felony or Penal Law misdemeanor. Such factors may include information received from third parties as well as the actions of the suspect, the suspect's physical and temporal proximity to the scene of a crime, the suspect's resemblance to the specific description of a perpetrator of a crime (based on more than just race, age and gender) and information known to the officer about the suspect or particular location, among other factors. Each situation is unique and the information available to members of the service will vary.

"Furtive movements" or mere presence in a "high crime area," standing alone, are insufficient bases for a stop or frisk. Moreover, even when used in combination with other stop factors, the stopping officer must be able to specifically describe the suspicious nature of the "furtive movements" which she/he observed, and she/he must not define the "high crime area" too broadly, such as encompassing an entire precinct or borough. In addition, a person may not be stopped merely because he or she matches a generalized description of a crime suspect, such as an 18-25 year old male of a particular race. If a physical description is the only factor relied on by the stopping officer, it must be more specific to form the basis for a stop. Individuals may not be targeted for stops and frisks because they are members of a racial or ethnic group that appears more frequently in local crime suspect data. Race may only be considered where the stop is based upon a specific and reliable suspect description that includes not just race, age and gender, but other identifying characteristics and information. When a police officer carries out a stop based on reasonable suspicion that a person fits such a description, the officer may consider the race of the suspect, just as the officer may consider the suspect's height or hair color.

*Commanding officers of commands other than patrol precincts, PSAs and transit districts (e.g., Detective Bureau, Strategic Response Group, etc.) will designate a supervisor to perform the desk officer duties listed above. Photocopies of the **STOP REPORTS** will be sent via Department mail to the precinct of occurrence daily. The precinct of occurrence will then place the photocopies in sequential order in their **STOP REPORT** command binder.*

REPORTING GANG-RELATED CRIMINAL ACTIVITY

DATE ISSUED:

REVISION NUMBER:

PAGE:
1 of 4

PURPOSE

To establish and define the procedures required of uniformed members of the service for reporting gang-related/motivated criminal activity of suspected gangs or gang members.

DEFINITIONS

For the purpose of this procedure, the term “gang” and “crew” are interchangeable and the same protocol will be followed for gang and/or crew members using the following definitions:

GANG - Any ongoing organization, association or group of three or more persons, whether formal or informal, having as one of its primary activities, the commission of one or more criminal acts (including drug dealing), having a common name or common identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity.

GANG-MOTIVATED INCIDENT - Any gang-related incident that is done primarily:

- a. To benefit or further the interests of the gang, or
- b. As part of an initiation, membership rite, or act of allegiance to or support for a gang, or
- c. As a result of a conflict or fight between gang members of the same or different gangs.

GANG-RELATED INCIDENT - Any incident of unlawful conduct by a gang member or suspected gang member. All gang-motivated incidents are, by definition, also gang-related incidents.

GANG-RELATED INTELLIGENCE - Information about a gang, suspected gang, an individual gang, or suspected gang member. This includes information about gang meetings, recruiting attempts by gangs, plans by persons affiliated with a gang to organize or take part in public events, “community” events (as defined by a gang), intelligence obtained from social media networks, as well as any information useful in developing profiles and intelligence about gang activities.

PROCEDURE

212-14	05/27/21	I.O. 37	2 of 3

NOTE

TRAFFIC INTELLIGENCE REPORTS concerning the same condition, at the same location, during the same week (Monday through Sunday) will be grouped together and given one precinct serial number. The traffic safety officer will forward only one **TRAFFIC INTELLIGENCE REPORT** to the borough traffic safety coordinator, but will indicate how many other **REPORTS** were received to report the same condition.

WHEN A COLLISION-PRONE LOCATION HAS BEEN IDENTIFIED BY TAMS:

TRAFFIC SAFETY OFFICER

7. Conduct a survey of each collision-prone location to determine what specific factors contribute to a location's high collision rate.
8. Prepare **TRAFFIC INTELLIGENCE REPORT** as specified in step 2 above for each collision-prone location.
9. Confer with executive officer regarding conditions that can be corrected at the precinct level through use of available resources.
10. Establish liaison with outside agencies (NYC Department of Transportation, Parks Department, Department of Environmental Protection, Department of Buildings, etc.) to address conditions that cannot be corrected by precinct personnel.

NOTE

Conditions requiring immediate attention such as complaints of potholes, missing traffic signs, inoperable signal lights, etc., will NOT be forwarded to the borough traffic safety coordinator. Upon making an observation of a condition requiring immediate attention, corrective action must be initiated by the member of the service at the scene of the condition including a notification to the precinct telephone switchboard operator for entry on the **HIGHWAY CONDITION RECORD (PD311-151)**.

OPERATIONS COORDINATOR

12. Ensure each Monday the **WEEKLY STREET CONDITIONS SURVEY (PD311-150)** is reviewed and appropriate agencies/members notified.

NOTE

Preparation of a **TRAFFIC INTELLIGENCE REPORT** does not relieve precinct personnel from taking other corrective action to expedite the flow of vehicular traffic and ensure pedestrian safety.

DATE ISSUED:
12/30/20

DATE EFFECTIVE:
12/30/20

REVISION NUMBER:

PAGE:
1 of 3

PURPOSE

To provide guidelines for tracking and recovering stolen vehicles when utilizing the Lojack Stolen Vehicle Recovery System (SVRS).

DEFINITION

POLICE TRACKING UNIT (PTU) - a two officer RMP equipped with a Police Tracking Computer (PTC). The RMP Recorder is responsible for recording all tracking incidents.

TRACKING - the process of utilizing a Police Tracking Computer (PTC) in an effort to locate a vehicle emitting an active radio signal (no visual contact made).

PROCEDURE

When an RMP crew is assigned to perform patrol duties in a Police Tracking Unit:

RMP RECORDER

1. Place the locking switch of the Police Tracking Computer (PTC) in the lock position to allow the system to do a complete diagnostics check before starting the RMP.
2. Place the locking switch in the unlock position upon completion of the diagnostics check.
3. Place the locking switch in the lock position immediately upon receiving a signal that a stolen vehicle is within range.

NOTE

The receipt of a Lojack signal by a Police Tracking Unit (PTU) establishes reasonable suspicion that a crime has been committed. Additional information must be obtained to establish probable cause prior to arresting the vehicle occupant(s).

4. Note the five digit alpha numeric code of the vehicle being tracked and transmit that code and your present location to the radio dispatcher.

RADIO DISPATCHER

5. Notify the patrol supervisor of the RMP designation engaged in tracking an active radio signal.
6. Enter the five digit code into NYSPIN and inform the requesting unit of the following vehicle information:
 - a. Registration number
 - b. Make and model
 - c. Color and year
 - d. Other relevant information regarding theft.

PATROL SUPERVISOR

7. Monitor tracking activities of Police Tracking Unit (PTU) and terminate tracking if required by policies of the Department, or when otherwise appropriate.

WHEN A VEHICLE IS BEING TRACKED WITHOUT VISUAL CONTACT

RMP RECORDER

8. Advise radio dispatcher when it is necessary to cross precinct boundaries to continue tracking. Police Tracking Units (PTU) shall not track beyond their precinct boundaries without the permission of the patrol supervisor.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-15	12/30/20		2 of 3

NOTE

Uniformed members of the service are not authorized to track vehicles beyond New York City limits under any circumstances. RMP recorders will request the radio dispatcher to notify the police department concerned about vehicle information and direction of travel when a vehicle leaves the city limits.

PATROL SUPERVISOR

9. Request the radio dispatcher to assign a Police Tracking Unit (PTU) in adjoining precinct to continue tracking vehicle if no visual contact has been made, when available. If unavailable, determine whether RMP should continue tracking beyond precinct boundaries.

WHEN VISUAL CONTACT IS MADE WITH A VEHICLE RMP RECORDER

RMP RECORDER

10. Advise radio dispatcher whether the vehicle is occupied or unoccupied; moving or parked.
11. Take appropriate action (e.g., arrest, notification to adjoining police department, etc.), regardless of precinct boundaries. Members shall be guided by P.G. 221-15, "Vehicle Pursuits", whenever they are in pursuit of a vehicle emitting active radio signals.

NOTE

The patrol supervisor shall ensure that the provisions of P.G. 221-15, "Vehicle Pursuits," are strictly observed. Patrol supervisors must monitor all tracking incidents within their area of assignment and must terminate pursuits/tracking whenever appropriate.

ALL TRACKING SITUATIONS

RADIO DISPATCHER

12. Notify adjoining precinct when a tracking incident progresses into their boundaries.

NOTE

No other RMP will participate in an on-going track unless directed to do so by the patrol supervisor.

RMP RECORDER

13. Notify radio dispatcher when a signal is lost, a vehicle is recovered, or when an arrest is effected.
14. Make an appropriate digital **Activity Log** entry for each tracking incident.
15. Follow normal Patrol Guide procedures for recovery of stolen/abandoned vehicles.
16. Indicate in the "Remarks" section of the **PROPERTY CLERK INVOICE (PD521-141)** that the vehicle was recovered using the Police Tracking Computer (PTC).

COMMANDING OFFICER

17. Ensure that the **LOJACK MONTHLY REPORT (PD171-152)** is forwarded to the Chief of Patrol, through channels, by the third day of each month.

ADDITIONAL DATA

Deactivation of Radio Transmitter - The radio transmitter in a recovered vehicle will be automatically deactivated when information is received by NYSPIN that the vehicle has been recovered or the alarm is canceled. Thus, an alarm will be canceled whenever a Lojack equipped vehicle is to be safeguarded at the stationhouse as evidence, pending transport to the auto pound.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-15	12/30/20		3 of 3

ADDITIONAL DATA (continued)

Recovery of Vehicles on Private Property - Police officers shall not enter upon private property to track a vehicle. However, Police Tracking Units (PTU) may enter upon private property if: (1) they are in close pursuit of a vehicle which is attempting to elude apprehension and is emitting a radio signal, or (2) there is an emergency situation, or (3) there are other exigent circumstances, or (4) a search warrant is obtained. The mere fact that a vehicle on private property is emitting a radio signal does not constitute an emergency or exigent circumstances. The patrol supervisor shall notify the Auto Crime Unit, if available to determine whether a search warrant should be obtained, or whether a **COMPLAINT REPORT (PD313-152)** should be prepared or the Intelligence Bureau notified. When Auto Crime is unavailable, confer with the Precinct Detective Squad.

Replacement and Repair of SVRS Equipment - The Fleet Services Division will be notified whenever a Police Tracking Unit (PTU) is expected to be out of service for an extended period of time (e.g., major mechanical repairs, vehicle collision, etc.) or when broken or malfunctioning SVRS equipment needs replacement or repair.

All commands with vehicles equipped with Lojack Police Tracking Computers (PTC's) will prepare **LOJACK MONTHLY REPORT (PD171-152)**. This report will provide the Department with the information necessary to analyze and assess the Lojack System, as well as track recovery activity. Negative reports will also be forwarded.

The **LOJACK MONTHLY REPORT** requires a complete entry by the recovering command whenever a vehicle is recovered using a Lojack Police Tracking Computer. However, the Aviation Unit must report every tracking incident in which the unit is involved. The Aviation Unit will enter only the following information on the **LOJACK MONTHLY REPORT**:

- a. Alarm number
- b. Date/time of track
- c. Command where Lojack signal was picked up.

The **LOJACK MONTHLY REPORT** will be forwarded by the third day of each month, for the previous month's activity, through channels, to the Patrol Services Bureau.

To maximize the effectiveness of the Department's Stolen Vehicle Recovery System, all platoon commanders (or desk officers in their absence) will ensure that at least one Lojack Police Tracking Computer equipped vehicle is on patrol on every tour. Additionally, desk officers will ensure that alarms for all complaints of stolen vehicles are promptly transmitted.

SCOPE

Any person who violates any portion of NYCRR Part 1050, regardless of whether or not that person has also been issued a Transit Adjudication Bureau/Notice of Violation (TAB summons) or a Criminal Court Summons for that violation, is subject to ejection from New York City Transit facilities. 02/04/15

DATE EFFECTIVE:
02/04/15

REVISION NUMBER:

PAGE:
1 of 3

PURPOSE

To establish guidelines to be adhered to when requesting the removal of power in the subway.

SCOPE

Removal of power in the subway can be extremely hazardous, dangerous and disruptive to police personnel, passengers and New York City Transit employees and should only be requested in extreme emergencies involving life-threatening situations.

PROCEDURE

When it becomes necessary to request the removal of power in the subway:

UNIFORMED MEMBER OF THE SERVICE, FIRST ON THE SCENE

1. **DO NOT** enter the track area, except in extreme emergencies.
2. Notify the radio dispatcher in the usual manner.
3. Provide complete details including, if applicable:
 - a. Full description of the condition or suspect(s)
 - b. Crime committed
 - c. Type of weapon
 - d. Direction of flight, etc.
4. Request response of the Patrol Services Bureau and Transit Bureau patrol supervisors, and additional units necessary to secure the platform area and points of entry to the tunnel.
5. Notify required units, e.g., Emergency Service Units, detective squad, Crime Scene Unit, etc., as necessary.

NOTE

Prompt notification and timely response of specialized units will minimize the duration of the power removal and subsequent disruption.

PATROL SUPERVISOR

6. Make determination whether a search or other police action will be conducted in the tunnel.
7. Determine the manner in which a police operation is conducted, including the necessity for removal of power.

NOTE

Before requesting the removal of power, consider the wide scale ramifications of this action. Some of the factors to be considered, but not limited to, are:

- a. *The time of day (rush hour/non-rush hour)*
- b. *Weather conditions (extreme heat)*
- c. *Type of station (elevated or below ground)*
- d. *Location of trains*
- e. *Extent of injuries in aided cases*
- f. *Risk to the riding public, if a crime is involved.*

8. Notify the Operations Unit of the time of the request for the removal of power.
 - a. Notify the Operations Unit when power is restored.
9. Notify and request the response of the district commander/duty captain.

DISTRICT COMMANDER/ DUTY CAPTAIN

10. Respond to the scene and supervise police operations.
11. Ensure that proper notifications have been made to the Operations Unit.

NOTE *The ranking officer supervising police operations will make maximum utilization of the experience and expertise of New York City Transit personnel at the scene.*

MEMBER CONCERNED, OPERATIONS UNIT

12. Notify the Police Commissioner's Office, the Office of Chief of Department, and the Transit Bureau Wheel of any removal of power within the transit system which occurs as a result of police action.
a. A second notification will be made upon restoration of power.

NOTE *Uniformed members of the service will not personally shut off power, unless there is a grave risk of IMMINENT danger to the officers concerned or to others and NO OTHER safe alternative is available.*

WHEN IT IS NECESSARY TO IMMEDIATELY REMOVE POWER FROM TRACK AREA DUE TO IMMINENT DANGER:

UNIFORMED MEMBER OF THE SERVICE CONCERNED

13. Open emergency alarm box and pull lever down as far as it will go and release the lever (located in subway tunnels, spaced about 400 to 600 feet apart, beneath the blue light).
a. Power on all tracks in the vicinity will be immediately turned off.
14. Use the telephone (located at the alarm box), immediately after removing power, to notify the Rapid Transit Operations Command Center Desk Superintendent of the situation.

NOTE *New York City Transit will automatically RESTORE THE POWER if notification is not made immediately.*

15. Notify the radio dispatcher via radio, if telephone notification cannot be made, and request that immediate notification be made to the Desk Superintendent concerned.

NOTE *The train operator or conductor's New York City Transit radio can be used by police personnel for conducting direct communications with the Rapid Transit Operations Command Center.*

The removal of power may be avoided, in many instances, by obtaining the cooperation of train motormen and riding in the lead cars of trains, in both directions, through the affected area to search for fleeing suspects.

RANKING

CHARGE**

16. Confer with a New York City Transit supervisor on the scene, after ensuring that all personnel are off the tracks, as to whether power can be restored immediately after the condition, which required the removal of power, has been corrected.

**ADDITIONAL
DATA**

Members of the service are reminded that the NYC Transit has the capability of limiting the removal of power to the actual tracks involved in the critical incident. Turning off the power directly from the emergency alarm boxes will remove the power in both directions and on all tracks for several stations. This can cause a major tie-up on the subway system thereby creating other hazards. Therefore, when possible, all requests for the removal or restoration of third rail power will be made directly to the Rapid Transit Operations Command Center Desk Superintendent. This request can be made via the motorman's radio, Rapid Transit Operations Radio or if no other alternative exists by the radio dispatcher in the usual manner. In all cases, an immediate follow-up notification will be made to the Communications Section.

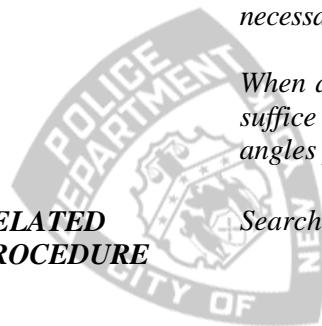

In cases where a dead human body is found under circumstances indicating an apparent homicide or is otherwise suspicious, the investigating officer from the Crime Scene Unit will photograph and mark the position of the body (head, leg, arm, etc.) and any other items of evidence that must be removed to avoid destruction by passing train traffic. The body will then be removed to an area of safety for further examination so that the power and service can be restored.

If a suspicious death/homicide occurs on a train, the body should remain undisturbed. The car or cars involved shall be secured, and a uniformed member of the service shall be assigned to accompany the car involved as it is removed to the train yard or other place where the investigation will be completed. If the member so assigned is anyone other than the investigating officer, that member shall remain with the removed car until the investigating officer's arrival. Prior to moving the car, the investigating officer will mark its position and note the order and serial numbers of all cars in the make-up of the train. If necessary, investigators may return to the scene to conduct a search for additional evidence.

When a body is found in the track bed and is obstructing passenger train traffic, it will suffice to have the responding detectives photograph the body in place from several angles prior to its removal.

SCOPE

The type and circumstances of encounters involving former or off duty law enforcement officers with on-duty officers and the general public are varied. Incidents which can lead to a confrontation or the potential for confrontation may include traffic collisions, personal domestic disputes, an occasion where a retired officer/agent observes criminal activity and takes police action or when he/she is the victim of a serious crime.

PROCEDURE

RESPONSE TO FIREARMS DEALERS LOCATIONS

DATE ISSUED:
08/01/13

DATE EFFECTIVE:
08/01/13

REVISION NUMBER:

PAGE:
1 of 2

PURPOSE

To establish a proper response to firearms dealer locations after notification via NICS and the New York State Police that a person wanted on a warrant is attempting to purchase a weapon.

SCOPE

Federal law requires that federally licensed firearm dealers in New York City conduct an “instant background check” on any person wishing to purchase a firearm (handgun, rifle, shotgun). To do this the dealer will telephone the Federal Bureau of Investigation’s National Instant Criminal Background Check System (NICS), with the person’s pedigree information. Within a short time NICS will advise the dealer whether or not a firearms sale can be completed. In situations where NICS confirms that there is an outstanding arrest warrant for a person attempting to purchase a firearm, they will notify the New York State Police, who in turn will contact the N.Y.P.D.’s Operations Unit. Operations Unit will then notify both the patrol borough concerned and the Communications Section. Communications Section will advise the patrol supervisor to contact Operations Unit for an appraisal of situation i.e., the location and number of perpetrators. Based on all available information, the patrol supervisor will evaluate the situation and determine if additional resources are required, and if the duty captain should be notified.

PROCEDURE

When a notification is received via the National Instant Criminal Background Check System (NICS) and the New York State Police, that a person attempting to purchase a firearm from a gun dealer is wanted on a warrant:

OPERATIONS UNIT MEMBER

1. Notify Communications Section and patrol borough concerned.

COMMUNICA- TIONS DISPATCHER

2. Notify patrol supervisor, precinct concerned, to contact Operations Unit.

NOTE

If the patrol supervisor is not available, another supervisor will be directed to respond.

4. Evaluate the situation.
5. Determine if additional resources are required.
6. Notify and confer with duty captain, if necessary.
7. Devise an appropriate tactical plan, giving priority to the safety of the public and responding members of the service.

NOTE

Depending upon the information available, including the seriousness of the offense for which the person in question is wanted, the patrol supervisor will assign sufficient units to respond. In addition, strong consideration will be given to notifying the patrol borough warrant team, Emergency Service Units, etc.

PURPOSE

To investigate and record complaints, effect arrests, when necessary, and provide complainants in cases involving illegal work disruptions at City construction sites.

SCOPE

In an effort to more effectively respond to and prevent illegal activity and demonstrations which result in work disruptions at City construction sites, this Department and the Mayor's Office of Construction have developed a protocol to be followed by members of the service and City agencies concerned. The protocol requires:

- a. Posting of "No Trespassing" signs at construction sites.
- b. Designation of an authorized agent to act as a liaison with personnel of this Department.
- c. Availability of agency representatives to act as complainants in criminal cases.

DEFINITIONS

CONSTRUCTION SITE WORK DISRUPTION - Illegal activity by an individual or individuals at or in the vicinity of a City construction site which is either solely or in addition to other purposes intended to prevent, delay or encumber construction work activity.

AUTHORIZED AGENT - Individuals designated to act as a liaison with Police Department personnel. In addition to other duties, the authorized agent will:

- a. Assist Police Department personnel in entering the site and identifying trespassers.
- b. Provide eyewitnesses, if possible, to unlawful conduct in the event such conduct is alleged, but not witnessed by members of the service concerned. The identity of the authorized agent should be provided to the appropriate precinct commander by the City agency concerned.

CITY CONSTRUCTION SITE - Property owned or leased by the City of New York or agency of the City of New York upon which a physical structure (e.g., building, housing, school, park, tunnel, road, etc.) is being constructed, renovated or demolished.

PURPOSE To preserve the peace and protect life and property at the scene of a strike or labor dispute.

DEFINITIONS **PENAL LAW SECTION 240.25, HARASSMENT IN THE FIRST DEGREE** - prohibits “stalking” - intentionally and repeatedly harassing another person by following him/her in a public place or by engaging in a course of conduct which places the person in reasonable fear of physical injury. However, this Penal Law section does not apply to conduct which constitutes picketing or other labor-related activity governed by federal labor statutes.

PENAL LAW SECTION 240.26, HARASSMENT IN THE SECOND DEGREE - prohibits harassing a person by following him/her in a public place or engaging in a course of conduct which alarms or seriously annoys someone and has no legitimate purpose. These provisions do not apply to conduct which constitutes picketing or other labor-related activity governed by federal labor statutes. However, the law leaves intact the prohibition against striking, shoving, kicking, or otherwise subjecting another person to physical contact, or attempting to do such acts -- no one, whether picketing or not, is permitted to engage in this behavior, which remains enforceable as Harassment in the second degree.

PROCEDURE Upon arriving at the scene of a strike or labor dispute:

1. Take action to preserve the peace and prevent destruction of property.
 2. Request response of patrol supervisor.
 3. Notify desk officer.

 - e. The precinct commander will designate the number of pickets permitted
 - f. Professional agitators and the use of language offensive to public decency will not be permitted
 - g. The carrying of sticks or poles that are affixed to signs, or other objects, which may be injurious to the public, by any individual or group, will not be permitted.
 7. Telephone the desk officer for immediate assignment of personnel, if required.
 8. Deliver the **STRIKE REPORT** to the desk officer.

a. Forward as indicated on form.

ADDITIONAL DATA When individuals are engaged in labor related activity such as picketing, distributing leaflets or otherwise demonstrating in a labor relations context, they are exempt from arrest for the categories of harassment discussed above. Instead, the victim may be referred to court for an injunction, or to the National Labor Relations Board. The only permissible arrest for harassment in this situation is now where the individual strikes, shoves, kicks, or otherwise subjects the victim to physical contact, or attempts or threatens to do the same. It should also be remembered that no other Penal Law section has been amended in this way, so that a person who violates other provisions such as disorderly conduct, menacing, criminal mischief, etc., will still be subject to arrest even if the violation occurred in a labor demonstration.

To protect life and property, and facilitate fire operations.

PROCEDURE

Upon receiving a report of a fire (10-59) through 911 or as a pick-up:

RADIO DISPATCHER

1. Immediately assign available unit to respond and notify patrol supervisor.
2. Broadcast any new information received via ICAD or from members on the scene. Notify the patrol supervisor and any other responding supervisor(s) of all available information (e.g., numerous calls received, affected floor, persons trapped, injuries, etc.).
3. If members of the service at scene are in immediate danger at any time from smoke, heat, or fire, notify the FDNY dispatcher for transmittal to FDNY units on the scene.

UNIFORMED MEMBER OF THE SERVICE

4. Park Department vehicles to prevent interference with firefighting operations.
5. Transmit signal 10-84 upon arrival on-scene of fire. Ensure FDNY is responding if not on-scene and inform dispatcher of any pertinent details.
6. Ensure area in front of building is secured for responding FDNY personnel and all fire hydrants are free of vehicles.
7. Direct responsible person to remain in front of location to direct fire apparatus if fire is not in view.
8. Warn occupants and assist evacuated persons if appropriate.
9. Prevent persons from reentering the building and secure lobby.

NOTE

Uniformed members of the service should be aware that some modern buildings are fire-proof and may not exhibit conditions that are commonly believed to be observable from outside a building on fire (i.e., flames or smoke). Uniformed members are not trained in, or equipped for, fire suppression or fire rescue operations and should avoid entering any building that is on fire. In most circumstances, members should await the arrival of FDNY personnel and assist in evacuation, pedestrian/traffic control and establishing a secure perimeter around firefighting operations. Given the fluid nature of the circumstances encountered at a fire scene, members of the service are reminded to use common sense judgment.

10. If there is imminent danger to life and member(s) determine that entering the building is necessary and prudent, notify radio dispatcher of all observations made in connection with fire prior to entry.
11. Communicate to FDNY personnel at the scene the number of members of the service who entered the building, including last known location, if possible.

 - (1) An unusually warm door or the presence of smoke are indicators that there is a fire in the hallway or in an apartment where a door has been left open. This can be an extremely dangerous condition requiring personal protective equipment to enter and is considered "immediately dangerous to life and health." In these cases, members should not open the door or enter the hallway as such action can draw smoke/fire toward the stairwell.

- 18. Respond to ALL building/structure fires in command.
 - 19. Confer with FDNY supervisor and advise members of the service to evacuate/tactically retreat (e.g., assume a prone position and crawl or stay as low to the ground as dictated by the situation, moving close to the wall so that the wall may be used as a guide, etc.) to predetermined exit, if smoke and heat are suddenly present.

ADDITIONAL DATA

OPERATIONAL CONSIDERATIONS

Fires can spread rapidly and expand to other rooms, floors or buildings. In addition, smoke created by fire contains poisons and carcinogens including carbon monoxide. Members of the service should be aware, given the circumstances, that a high level of exertion (e.g., stair climbing, etc.) prior to or while entering a fire location could be problematic; the rapid respiration associated with a high level of physical exertion may result in an increased intake of dangerous and harmful smoke into the lungs. ABSENT EXIGENT CIRCUMSTANCES UNIFORMED MEMBERS OF THE SERVICE SHOULD NOT OPERATE ON ANY FLOOR ABOVE THE FIRE AND NOT ATTEMPT TO NAVIGATE THROUGH A SMOKE-FILLED OR FIERY ENVIRONMENT.

ADDITIONAL DATA (continued)

In fire suppression incidents, according to the CIMS Primary Agency Matrix, the ranking FDNY officer is the Incident Commander and the NYPD will co-locate its command post with the FDNY's. The highest ranking NYPD uniformed supervisor shall remain with the on-scene Incident Commander and work and coordinate with the Primary Agency. The highest ranking uniformed supervisor is responsible for site management and accountable for the inner perimeter and crowd / traffic control.

RESPONSE TO TWO ALARM FIRES

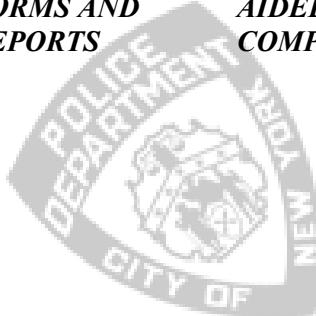

A second alarm occurs when the Fire Department dispatches additional engine companies, additional ladder companies and other necessary resources beyond the deployment of a full-scale first alarm response. While it is recognized that, in most instances, members of the NYPD are already at the scene of such fires and are aware of the second alarm, the Fire Department will notify the Operations Unit directly, when a fire reaches a second alarm. Upon notification of a two alarm fire, the Operations Unit will direct the duty captain to the scene.

The duty captain will respond to the scene to ensure that all appropriate coordination and police services are being provided. In addition, the duty captain will give particular attention to ensuring that traffic control is maintained and perimeters are established. When appropriate, the duty captain may direct that a ranking member be designated as the NYPD communications liaison.

The ranking member of the New York City Police Department on the scene will confer with the ranking fire officer to determine if additional police resources are required, e.g. Aviation Unit, Harbor Unit, etc. Supervisory members should be aware that, when conditions warrant, the Fire Department may request that a fire officer be assigned to an Aviation Unit in order to survey the fire and affected structures. Such requests should be facilitated by promptly notifying the Operations Unit and arranging for the flight, as appropriate.

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-61	03/18/19		2 of 4

NOTE

Pattern identification is crucial to a burglary strategy. As part of this strategy, the Detective Bureau will establish burglary patterns in the same manner used to deal with robbery patterns. Where two or more incidents have common traits the Precinct Detective Squad Commander will establish a pattern. Items that should be considered in order to declare a pattern are: similar methods of entry, items stolen, proximity of crimes to each other, time/day of occurrence as well as any other distinguishable common characteristics. The Precinct Detective Squad, in which a pattern has been established, will have the primary responsibility in compiling a pattern folder and documenting their investigative steps to apprehend the perpetrator unless the pattern crosses precinct boundary lines. All information must be disseminated to members of the service in the local and surrounding precincts, detective squads and investigative units. The Borough Robbery Squad will assume responsibility for investigation of patterns affecting more than one precinct. The Patrol Borough Commander will oversee the coordination of the plan to address the pattern between Patrol Services, Detective Bureau (i.e., detective squad, warrants, gang unit etc.) and Intelligence Bureau personnel.

PDS/BRAM INVESTIGATOR

10. Review burglary and robbery complaint reports and assist in identifying any Burglary/Robbery patterns or trends that may arise.
11. Confer with the Precinct Field Intelligence Officer, when assigned, prior to and following the issuance of a pattern.
12. Compile a pattern case folder for all identified patterns, documenting all investigative steps taken.
13. Maintain photo books in accordance with established Legal Bureau guidelines, containing pictures of persons previously arrested for burglary and related crimes.
14. Confer with precinct and borough patrol and investigative units and disseminate all information regarding burglary and robbery trends, patterns and wanted perpetrators.
15. Update and maintain the Precinct Crime Information Center with active **INVESTIGATION CARD (PD373-163)**, Field Information posters, serial burglar lists and photos.
16. Conduct an investigation when the subject of a "Home Visit" cannot be located by the Precinct Burglary Apprehension Team (BAT).
17. Cultivate and maintain sources of information within command (e.g., confidential informants, building superintendents, landlords, block watchers, etc.).
18. Debrief all suspects arrested for crimes of burglary/robbery. Seek to:
 - a. Identify accomplices
 - b. Identify fencing locations
 - c. Identify other victims.
19. Be responsible for reviewing the list of persons selling items to pawnshops or secondhand dealers.
 - a. Conduct appropriate investigation, i.e. **INVESTIGATION CARD** check, warrant investigation, criminal record check.
20. Assist the Burglary Apprehension Team with "Fencing Sting Operations."
21. Take major case prints for every person arrested for the crime of burglary.

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:

- PDS/BRAM SUPERVISOR**
22. Be responsible for the review of all burglary/robbery complaints received at the office to determine case status.
 23. Review all **COMPLAINT REPORTS (PD313-152)**, **Omniform Complaint Revisions** and **COMPLAINT FOLLOW-UP INFORMATIONALS (PD313-081A)** prepared to determine whether the cases should remain ACTIVE or CLOSED, and to ensure that all necessary investigative steps have been taken.
 24. Assign robbery and burglary cases amongst all detectives in the unit.
 25. Ensure the crime information centers are updated accordingly.
 26. Ensure pawnshop/secondhand dealer inspections are properly investigated.
 27. Verify major case prints are taken for every person arrested for burglary.

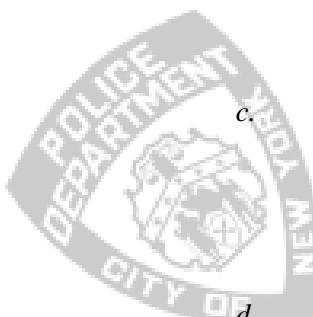

ADDITIONAL DATA

Assignment to a Precinct Detective Squad/Burglary Robbery Apprehension Module (PDS/BRAM) will be viewed solely as a Detective Bureau assignment, and not as an "investigative assignment" available to police officers under the "Police Officers Career Program."

Precinct Detective Squad/Burglary Robbery Apprehension Module (PDS/BRAM) team members will be assigned to the Detective Duty Chart. The squad commander, however, will have sufficient flexibility to modify scheduled tours to accommodate the needs of the command and/or for particular investigations.

Key elements which contribute to the success of the BRAM program:

- a. *The creation of a specialized BRAM unit within every Precinct Detective Squad. These units are commanded by, and are accountable to, a Precinct Detective Squad Commander who is responsible for the investigation of all robbery/burglary complaints committed within that precinct (unless another unit has responsibility as per Department directives, e.g., Internal Affairs Bureau - Police Impersonation Investigation Unit).*
- b. *The allocation of Precinct Detective Squad personnel to the BRAM unit, commensurate with the number of reported burglary/robbery cases. Precinct Detective Squad Commanders will determine the exact complement of personnel (supervisors/detectives), in concurrence with the respective Detective Borough Commanding Officer.*
- c. *One member of each PDS/BRAM will be designated as liaison with the Borough Robbery Squad and the Intelligence Bureau for the purpose of identifying emerging patterns and suspects. The Pattern Identification Module will be responsible for identifying, tracking and disseminating information between the precincts and boroughs affected and creating the pattern sheet upon conferral with both the Precinct Squad Commanders and Precinct Commanders involved.*
- d. *Detective Bureau must notify the appropriate Patrol Borough Pattern Identification Module when a pattern is established and provide all relevant details. Patrol Borough Pattern Identification Modules will notify the appropriate Detective Bureau on all alerts. Detective Bureau will prepare an apprehension plan on all patterns and submit it to the Chief of Detectives and forward a copy to the appropriate Patrol Borough Commander.*
- e. *The development and utilization of precinct Photo Books that contain photographs of persons previously arrested for burglary, robbery and grand larceny from the person, as well as all other photographable offenses within the same geographical area. Each PDS/BRAM must regularly review the precinct's arrest records and*

ADDITIONAL DATA (continued)

- f. obtain all such prisoner photographs, including photos listing parolees with robbery/burglary convictions.
- g. Uniformed members of the service on patrol are required to bring victims of robberies to the precinct in order to view the Photo Books.
- An innovative Case Management System which ensures prompt, thorough and flexible investigation of burglary/ robbery complaints. Every burglary/ robbery complaint, after assignment of a precinct complaint number, will be reviewed and finalized in the OMNIFORM System by the desk officer. Desk officers will closely scrutinize robbery complaints to ensure that procedures were properly followed. An additional copy of the **COMPLAINT REPORT (PD313-152)** will be forwarded to the Precinct Detective Squad. A thorough investigation will be conducted on all burglary/robbery cases and the case status (open or closed) will be determined by the PDS/BRAM supervisor.

If a uniformed member of the service apprehends a person wanted by the Precinct Detective Squad, as a result of a photograph placed on the Crime Identification Center's bulletin board, the uniformed officer will deliver the prisoner to any member of that detective unit performing duty at the time of the apprehension. The detective, who assumes responsibility for the prisoner, is required to take all of the follow-up steps, including arranging for and conducting a lineup, as per Patrol Guide 208-24, "Identification Lineups>Showups," booking and arraigning the prisoner.

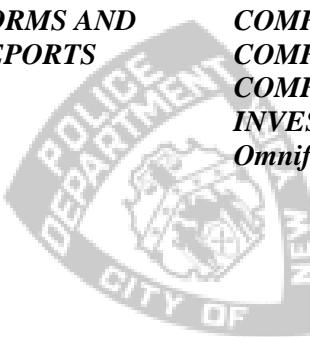

A uniformed member of the service who apprehends two PDS/BRAM wanted persons may be recommended for Departmental recognition in the appropriate grade by the Precinct Commanding Officer. (If after the first arrest the individual apprehended is of significant value, Departmental Recognition may be recommended).

GUIDELINES FOR THE USE OF VIDEO/PHOTOGRAPHIC EQUIPMENT BY OPERATIONAL PERSONNEL AT DEMONSTRATIONS

DATE ISSUED: 07/19/16	DATE EFFECTIVE: 07/19/16	REVISION NUMBER:	PAGE: 1 of 2
--------------------------	-----------------------------	------------------	-----------------

PURPOSE

To describe those limited circumstances when operational personnel may use video and/or photographic equipment at demonstrations and to establish procedures for the use of such equipment, when permitted.

SCOPE

Use of video and/or photographic equipment by operational personnel at demonstrations is appropriate only if a permissible operational objective exists. The following constitute permissible operational objectives:

- a. A bona fide need exists to prepare training materials on proper crowd control techniques; or
- b. When it reasonably appears that unlawful conduct is about to occur, is occurring or has occurred during the demonstration; or
- c. A bona fide need exists to continuously assess crowd conditions, through the use of live video transmissions, for the proper deployment of police resources.

PROCEDURE

When ranking personnel of this Department contemplate the use of video and/or photographic equipment at a demonstration for a permissible operational objective:

RANKING OFFICER

1. Submit a report, on **Typed Letterhead**, to the Deputy Commissioner, Legal Matters, through channels
2. Include in the request the following information:
 - a. Date, time and location of demonstration (if known)
 - b. Specific permissible operational objective to be achieved

DEPUTY COMMISSIONER, LEGAL MATTERS

3. Review request for use of video and/or photographic equipment to determine whether videorecording/photography is for a permissible purpose and should be approved.
4. If approved, forward copy of approved request to Chief of Department, Bureau or Borough Commander of Ranking Officer making request and Commanding Officer, Technical Assistance Response Unit.

NOTE

Every approved request for the use of video/photographic equipment will be entered into a serially numbered log, maintained solely for this purpose, at the Technical Assistance Response Unit.

COMMANDING OFFICER, TECHNICAL ASSISTANCE RESPONSE UNIT

5. Ensure that appropriate entries are made in log upon receipt of request.
6. Assign members of TARU to the demonstration to operate video/photographic equipment.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-71	07/19/16		2 of 2

UPON COMPLETION OF VIDEORECORDING/PHOTOGRAPHING:

COMMANDING OFFICER, TECHNICAL ASSISTANCE RESPONSE UNIT

7. Ensure that all videorecordings/photographs prepared in connection with this procedure are maintained for a minimum of one year from the date the images were recorded.

DEPUTY COMMISSIONER, LEGAL MATTERS

8. Review recorded materials to determine whether they should continue to be preserved:
- If the materials contain evidence of unlawful activity, they will be considered evidence, and handled accordingly.
 - If the materials are deemed valuable for civil litigation, training, or any other specific purpose, they will be similarly preserved in connection with that purpose.
 - After three years, materials not meeting the criteria in (a) or (b) above shall be destroyed.

ADDITIONAL DATA

Videorecordings/photographs should be consistent with the permissible operational objective. For example, videorecordings/photographs taken for training purposes or to assess crowd conditions should generally not contain close-ups of participants in the demonstration, but should focus on crowd size, police tactics and/or behavior. When the permissible objective is to record unlawful activity and/or arrest activity, videorecording /photography should commence only when there is a reasonable belief that criminal or unlawful activity is about to occur or when spontaneous criminal or unlawful activity actually occurs or has occurred.

Video and/or photographic equipment authorized to be used pursuant to this procedure may only be operated by TARU personnel. Personnel assigned to other commands, e.g., Strategic Response Groups, the Disorder Control Unit, shall not utilize video or photographic equipment at demonstrations pursuant to this procedure.

With the exception of members of the service assigned to or working under the supervision of the Intelligence Bureau, all personnel who operate video and/or photographic equipment pursuant to this procedure must be clearly identifiable as police personnel. They must wear either a police uniform or a jacket that is clearly marked "POLICE." Displaying a shield on a chain is not sufficient identification.

All videorecordings and photographs pertaining to this procedure, except materials invoiced as evidence, or used in connection with the preparation of training materials, will be stored at TARU. All requests to obtain or view such videorecordings or photographs will be made in writing to the Deputy Commissioner, Legal Matters, detailing the reason for the request. Commanding Officer, TARU shall maintain a record of all such requests and whether any copies were provided.

HANDSCHU CONSENT DECREE; DECISION AND GUIDELINES

1. PURPOSE

Pursuant to the settlement entered into by the Police Department in the case of Handschi, et al. v. Special Services Division, et al., the Department is required to comply with certain guidelines in investigative matters as set forth herein.

2. BACKGROUND OF HANDSCHU, et al. v. SPECIAL SERVICES DIVISION, et al.

Handschi was commenced in 1971. The complaint alleged that certain intelligence gathering practice and conduct of the Department infringed upon the plaintiffs' constitutional rights. Such conduct included infiltration, electronic surveillance, dossier collection, and improper dissemination of collected information. In order to resolve the issues raised in Handschi, the parties agreed to the implementation of certain guidelines which were commonly referred to as the Handschi Guidelines and which have been incorporated in the Patrol Guide since that time. Pursuant to a recent court order granting the Department's request to modify those guidelines, the following "Revised Handschi Guidelines" (including the following "Guidelines for Investigations Involving Political Activity") hereby replace the old guidelines, and are now in effect.

3. GUIDELINES

I. GENERAL STATEMENT OF POLICY

Activities of the New York City Police Department in the investigation of political activity will conform to constitutionally guaranteed rights and privileges.

II. DEFINITIONS

- A. *Political Activity - The exercise of a right of expression or association for the purpose of maintaining or changing governmental policies or social conditions.*
- B. *Authority - A board established pursuant to Section III of these guidelines.*
- C. *Investigation - A police activity undertaken to obtain information or evidence.*

III. AUTHORITY ESTABLISHED

There is hereby established an Authority to conduct the review of records described in paragraph IV. It shall consist of three members who shall act as a body, to wit, the Deputy Commissioner - Legal Matters of the Police Department, the Deputy Commissioner, Internal Affairs of the Police Department, and a civilian member appointed by the Mayor upon consultation with the Police Commissioner for a term revocable at will. The decisions of the Authority as set forth herein shall be by majority vote.

IV. REVIEW OF RECORDS TO DETERMINE COMPLIANCE

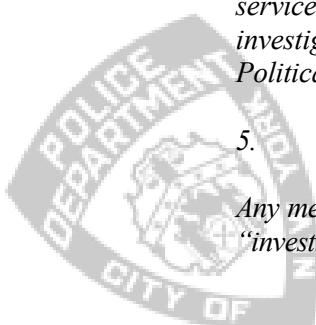

- A. *At any time a person or member of a group or organization, having reason to believe that such person, group, or organization has been the subject of investigation of political activity which violates constitutionally guaranteed rights and privileges, may request in writing which sufficiently identifies the requesting party that the Authority make inquiry of the appropriate investigative officer of the NYPD. If the Authority's inquiry reflects that the investigation was conducted in conformity with the Constitution, the Authority shall notify the requesting party that if an investigation was made, it was made in accordance with the Constitution.*
- B. *If the inquiry reveals or if the Authority otherwise becomes aware that an investigation was not conducted in conformity with the Constitution with respect to the requesting party, the Authority shall proceed as follows:*
- (1) *The Authority shall obtain all information and documents pertaining to the requesting party developed in the course of such investigation.*
 - (2) *The Authority shall conduct or cause to be conducted an inquiry into the circumstances of such investigation with respect to the requesting party.*
 - (3) *In the event the inquiry determines that such investigation with respect to the requesting party was not conducted in accordance with the Constitution, the Authority shall so notify the requesting party and submit a report to the Police Commissioner.*

4. DATE OF EFFECT

*Effective immediately, no members of the service shall engage in an investigation of political activity except through the Intelligence Bureau. Requests for such investigations should be on **Typed Letterhead** addressed to the Commanding Officer, Intelligence Bureau. APPENDIX B GUIDELINES FOR INVESTIGATIONS INVOLVING POLITICAL ACTIVITY

PREAMBLE

Subsequent to the terrorist attacks on the City of New York on September 11, 2001 which resulted in the loss of thousands of lives and the total destruction of the World Trade Center complex, it became apparent that the City faces unprecedented threats to its continued safety and security. In the view of federal, state and local law enforcement agencies, the prevention of future attacks requires the development of intelligence and the investigation of potential terrorist activity before an unlawful act occurs.

As a result of a federal court order entered in 1985, the New York City Police Department was bound by guidelines, known as the Handschu Guidelines, which governed the investigation of political activity. The Handschu Guidelines (i) limited the investigation of political activity to those circumstances when there was specific information of criminal activity and (ii) established the Handschu Authority to oversee compliance. After evaluating the impact of the Handschu Guidelines on the need to investigate terrorism in a changed world, the City made an application to modify the order so as to eliminate the restrictions contained in the Handschu Guidelines and the oversight of the Handschu Authority with respect to those restrictions. The City did not seek to eliminate the Handschu Authority's role to investigate an individual's complaint that the NYPD had engaged in unconstitutional conduct in the investigation of political activity.

The Court granted the City's application to modify the decree provided the City adopt the internal guidelines set forth below and distribute the guidelines to supervisory personnel who, in turn, were to make them known to those under their command. These guidelines were subsequently incorporated into an order of the Court in 288 F.Supp.2d 411, 420 (S.D.N.Y. 2003) and are enforceable as set out in 679 F.Supp.2d 488, 497 (S.D.N.Y. 2010). They shall remain in effect unless otherwise ordered by the Court. These guidelines are binding on all members of the service who are engaged in the investigation of political activity. It is the purpose of these guidelines to enable officers to perform their duties with greater certainty, confidence and effectiveness while at the same time protecting the guarantees of the Constitution.

I. STATEMENT OF POLICY

It is the policy of the New York City Police Department that investigations involving political activity conform to the guarantees of the Constitution, including the guarantee of equal protection. It is the policy of the New York City Police Department that care be exercised in the conduct of those investigations so as to protect constitutional rights, including the right to be free from investigation in which race, religion, or ethnicity is a substantial or motivating factor. It is the policy of the New York City Police Department that matters investigated be confined to those supported by a legitimate law enforcement purpose.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-72	03/11/21		7 of 24

ADDITIONAL DATA (continued)

II. GENERAL PRINCIPLES

(1) *In its effort to anticipate or prevent unlawful activity, including terrorist acts, the NYPD must, at times, initiate investigations in advance of unlawful conduct. It is important that such investigations not be based solely on activities protected by the First Amendment. It is also important that investigations not intrude upon rights of expression or association in a manner that discriminates on the basis of race, religion or ethnicity, where such discrimination is a substantial or motivating factor for the investigation. When, however, statements advocate unlawful activity, or indicate an apparent intent to engage in unlawful conduct, particularly acts of violence, an investigation under these guidelines may be warranted, unless it is apparent, from the circumstances or the context in which the statements are made, that there is no prospect of harm.*

(2) *Based upon the circumstances of a given case, investigative action may be required under exigent circumstances. Exigent circumstances are circumstances requiring action before authorization otherwise necessary under these guidelines can reasonably be obtained, in order to protect life or substantial property interests; to apprehend or identify a fleeing offender; to prevent the hiding, destruction or alteration of evidence; or to avoid other serious impairment or hindrance of an investigation.*

When any investigative action, taken under exigent circumstances, would require an approval under ordinary conditions, such approval shall be obtained as soon as practicable in accordance with the provisions of these guidelines. Where a regular approval or request is required to be in writing, the approval or request following exigent circumstances shall also be in writing.

(3) *Investigations shall be terminated when all logical leads have been exhausted and no legitimate law enforcement purpose justifies their continuance.*

III. APPLICABILITY

These guidelines apply only to investigations which involve political activity. They do not apply to, or limit, other activities of the NYPD in the investigation or detection of unlawful conduct, the preservation of the peace and public safety or other legitimate law enforcement activities which do not involve political activity.

IV. ROLE OF THE INTELLIGENCE BUREAU

(1) *Investigation of political activity shall be initiated by, and conducted under the supervision of the Intelligence Bureau. Nothing in this paragraph, however, is intended to prevent any member of the service from reporting his or her observations of suspicious conduct which involves political activity to his or her commanding officer or to the Intelligence Bureau.*

(2) *The Deputy Commissioner Intelligence and Counterterrorism shall periodically inform and advise the Police Commissioner concerning the status of any investigations conducted pursuant to these guidelines.*

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-72	03/11/21		8 of 24

ADDITIONAL DATA (continued)

V. LEVELS OF INVESTIGATION

These guidelines provide for three levels of investigative activity. They are intended to provide the NYPD with the necessary flexibility to act well in advance of the commission of planned terrorist acts or other unlawful activity. However, if the available information shows at the outset that the threshold standard for a Preliminary Inquiry or Full Investigation is satisfied, then the appropriate investigative activity may be initiated immediately, without progressing through more limited investigative stages.

A. Checking of Leads

The lowest level of investigative activity is the “prompt and extremely limited checking out of initial leads,” which should be undertaken whenever information is received of such a nature that some follow-up as to the possibility of unlawful activity is warranted. This limited activity should be conducted with an eye toward promptly determining whether further investigation (either a Preliminary Inquiry or a Full Investigation) should be conducted.

Example: If the NYPD receives an allegation that an individual or group has advocated the commission of violence, and no other facts are available, an appropriate first step would be Checking of Leads to determine whether the individual, group, or members of the audience have the apparent ability or intent to carry out the advocated unlawful act.

B. Preliminary Inquiries

(1) In cases where the NYPD receives information or an allegation not warranting a Full Investigation - because there is not yet a “reasonable indication” of unlawful activity – but whose responsible handling requires some further scrutiny beyond the prompt and extremely limited checking out of initial leads, the NYPD may initiate an “inquiry” in response to the allegation or information indicating the possibility of unlawful activity. The possibility of unlawful activity to initiate a Preliminary Inquiry requires an allegation or information that is articulable and factual. However, such allegation or information need not have been verified as true or accurate. Whether it is appropriate to open a Preliminary Inquiry immediately, or instead to engage first in a limited Checking of Leads, depends on the circumstances presented.

(2) The authority to conduct inquiries short of a Full Investigation allows the NYPD to respond in a measured way to ambiguous or incomplete information, with as little intrusion as the needs of the situation permit. This is especially important in such areas as where there is no complainant involved or when an allegation or information is received from a source of unknown reliability. Such inquiries are subject to the limitations on duration under paragraph (4) below and are carried out to obtain the information necessary to make an informed judgment as to whether a Full Investigation is warranted.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-72	03/11/21		9 of 24

ADDITIONAL DATA (continued)

Example: Officers are not required to possess information relating to an individual's intended unlawful use of dangerous biological agents or toxins prior to initiating investigative activity. If an individual or group has attempted to obtain such materials, or has indicated a desire to acquire them, and the reason is not apparent, investigative action, such as conducting a Checking of Leads or initiating a Preliminary Inquiry, may be appropriate to determine whether there is a legitimate purpose for the possession of the materials by the individual or group. A Preliminary Inquiry is not a required step when facts or circumstances reasonably indicating unlawful activity are already available. In such cases, a Full Investigation can be immediately opened.

(3) A Preliminary Inquiry may be authorized by the Chief of Intelligence or Executive Officer of the Intelligence Bureau, or the Commanding Officer of the Criminal Intelligence Section ("the Authorizing Officials"). The Authorizing Official must assure that the allegation or other information which warranted the inquiry has been recorded in writing. Upon such authorization a notification must be made for final approval by the Deputy Commissioner, Intelligence and Counterterrorism.

(4) Inquiries shall be completed within 180 days after initiation of the first investigative step. The date of the first investigative step is not necessarily the same date as the date on which the first incoming information or allegation was received. An extension of time in an inquiry for succeeding 90 day periods may be granted by the Deputy Commissioner, Intelligence and Counterterrorism. Any such request for extension shall be in writing and shall include a statement of the reasons why further investigative steps are warranted when there is no reasonable indication of unlawful activity. The action taken on any such request for extension shall also be recorded in writing.

(5) A Preliminary Inquiry shall be subject to a review every 6 months by the Chief of Intelligence, or an appropriate executive of the Intelligence Bureau designated by him, to discuss the status of the Preliminary Inquiry, including, what operational steps should be taken.

(6) A Preliminary Inquiry shall be presumptively limited to a total duration of 18 months. This presumptive period of duration may be exceeded in the sole discretion of the Deputy Commissioner, Intelligence and Counterterrorism, in consultation with the Handschu Committee, where the allegations or information continue to indicate the possibility of unlawful activity and either that some further leads should be lawfully investigated or that there is a legitimate law enforcement purpose to be pursued further. When the presumptive period of duration is exceeded all other provisions regarding a Preliminary Inquiry continue to apply.

(7) All lawful investigative techniques, including the use of undercover operations and the development of sources and informants may be used in a Preliminary Inquiry except:

- (a) Mail openings; and,*
- (b) Eavesdropping and Video Surveillance as those terms are defined in Article 700 of the New York State Criminal Procedure Law.*

- (8) *The following investigative techniques may be used in a Preliminary Inquiry without any prior authorization from a supervisor:*
- (a) *Examination of NYPD indices and files;*
 - (b) *Examination of records available to the public and other public sources of information;*
 - (c) *Examination of available federal, state and local government records;*
 - (d) *Interview of complainant, previously established informants, and other sources of information;*
 - (e) *Interview of the potential subject;*
 - (f) *Interview of persons who should readily be able to corroborate or deny the truth of the allegation, except this does not include pretext interviews or interviews of a potential subject's employer or coworkers unless the interviewee was the complainant; and*
 - (g) *Physical, photographic or video surveillance of any person, provided that such surveillance does not require a warrant.*

The use of any other lawful investigative technique that is permitted in a Preliminary Inquiry shall meet the requirements and limitations of Part VII and, except in exigent circumstances, requires prior approval by a supervisor.

(9) *Where a Preliminary Inquiry fails to disclose sufficient information to justify an investigation, the NYPD shall terminate the inquiry and make a record of the closing.*

(10) *All requirements regarding inquiries shall apply to reopened inquiries.*

C. Full Investigation

A Full Investigation may be initiated when facts or circumstances reasonably indicate that an unlawful act has been, is being, or will be committed. A Full Investigation may be conducted to prevent, solve or prosecute such unlawful activity.

(1) *The standard of "reasonable indication" is substantially lower than probable cause. In determining whether there is reasonable indication of an unlawful act an investigator may take into account any facts or circumstances that a prudent investigator would consider. However, the standard does require specific facts or circumstances indicating a past, current, or future violation of law. There must be an objective, factual basis for initiating the investigation; a mere hunch is insufficient.*

(2) *Where an unlawful act may be committed in the future, preparation for that act can be a current violation of the conspiracy or attempt provisions of state law. The standard for opening an investigation is satisfied where there is not yet a current substantive or preparatory unlawful act, but facts or circumstances reasonably indicate that such unlawful conduct will occur in the future.*

(3) *Any lawful investigative technique may be used in a Full Investigation, subject to the requirements and limitations of Part VII hereof.*

(4) Authorization and Renewal

a. A Full Investigation may be authorized by the Chief of Intelligence or Executive Officer of the Intelligence Bureau or the Commanding Officer of the Criminal Intelligence Section ("the Authorizing Officials") upon a written recommendation setting forth the facts or circumstances reasonably indicating that an unlawful act has been, is being or will be committed. Upon such authorization a notification must be made for final approval by the Deputy Commissioner, Intelligence and Counterterrorism.

b. A Full Investigation may be initially authorized for a period of up to a year. An investigation may be continued upon renewed authorization for additional periods each not to exceed a year. Renewal authorization shall be obtained from the Deputy Commissioner, Intelligence and Counterterrorism. All requests for renewal authorization, and action thereon, shall be in writing.

c. Authorizations shall be reviewed by an Authorizing Official before the expiration of the period for which the investigation and each renewal thereof is authorized.

d. A Full Investigation shall be subject to a review every 6 months by the Chief of Intelligence, or an appropriate executive of the Intelligence Bureau designated by him, to discuss the status of the Full Investigation, including, what operational steps should be taken.

e. A Full Investigation shall be presumptively limited to a total duration of 3 years. This presumptive period of duration may be exceeded in the sole discretion of the Deputy Commissioner, Intelligence and Counterterrorism, in consultation with the Handschu Committee, where facts and circumstances continue to reasonably indicate that an unlawful act has been, is being, or will be committed and either that some further leads should be lawfully investigated or that there is a legitimate law enforcement purpose to be pursued further. When the presumptive period of duration is exceeded all other provisions regarding a Full Investigation continue to apply.

(5) An investigation which has been terminated may be reopened upon a showing of the same standard and pursuant to the same procedures as required for initiation of an investigation. All requirements regarding investigations shall apply to reopened investigations.

D. Terrorism Enterprise Investigation

A Terrorism Enterprise Investigation is a Full Investigation but differs from a general investigation of unlawful conduct in several important respects. As a general rule, an investigation of a completed unlawful act is normally confined to determining who committed that act and securing evidence to establish the elements of the particular offense. It is, in this respect, self-defining. A Terrorism Enterprise Investigation must determine the identity and nature of the individual, group, or organization involved, its geographic dimensions, its past acts and intended goals, including unlawful goals, and its capacity for harm, among other factors. While a standard investigation of unlawful conduct terminates with the decision to prosecute or not to prosecute, a Terrorism Enterprise Investigation does not necessarily end, even though one or more of the participants may have been prosecuted. In addition, groups and organizations exhibit a life and continuity of operation not normally found in other types of unlawful activity. As a consequence, these investigations may continue for several years. Furthermore, the

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:

ADDITIONAL DATA (continued)

focus of such investigations may be less precise than that directed against more conventional types of unlawful conduct. Unlike the usual case involving unlawful conduct, there may be no completed offense to provide a framework for the investigation. A Terrorism Enterprise Investigation often requires the fitting together of bits and pieces of information, many meaningless by themselves, to determine whether a pattern of unlawful activity exists. For this reason, such investigations are broader and less discriminate than usual, involving the interrelation of various sources and types of information. This section focuses on investigations of enterprises that seek to further political or social goals through activities that involve force or violence, or that otherwise aim to engage in terrorism or terrorism-related crimes. It authorizes investigations to determine the structure and scope of the enterprise as well as the relationship of the members.

1. General Authority

a. *A Terrorism Enterprise Investigation may be initiated when facts or circumstances reasonably indicate that two or more persons are engaged in an enterprise for the purpose of:*

- (i) *furthering political or social goals wholly or in part through activities that involve force, violence or other unlawful acts;*
- (ii) *engaging in terrorism as defined in N.Y. Penal Law § 490.05, or*
- (iii) *committing any offense described in N.Y. Penal Law §§ 490.10, 490.15, 490.20, 490.25, 490.30, or 490.35, or other related statutes currently in effect or subsequently enacted.*

The standard of “reasonable indication” is identical to that governing Full Investigations generally. In determining whether an investigation should be conducted, the NYPD shall consider all of the circumstances including:

- (i) *the magnitude of the threatened harm;*
- (ii) *the likelihood that it will occur;*
- (iii) *the immediacy of the threat; and*
- (iv) *any danger to privacy or free expression posed by an investigation.*

In practical terms, the “reasonable indication” standard for opening a Terrorism Enterprise Investigation could be satisfied in a number of ways.

Example: Direct information about statements made in furtherance of an enterprise’s objectives which show a purpose of committing crimes described in N.Y. Penal Law §§ 490.10, 490.15, 490.20, 490.25, 490.30, 490.35 or other related statutes currently in effect or subsequently enacted, would satisfy the threshold.

Example: Activities such as attempting to obtain dangerous biological agents, toxic chemicals, or nuclear materials, or stockpiling explosives or weapons, with no discernible lawful purpose, may be sufficient to reasonably indicate that an enterprise aims to engage in terrorism.

ADDITIONAL DATA (continued)

b. While no particular factor or combination of factors is required, considerations that will generally be relevant to the determination as to whether the threshold standard for a Terrorism Enterprise Investigation is satisfied include, as noted, a group's statements, its activities, and the nature of potential unlawful acts suggested by the statements or activities. Thus, where there are grounds for inquiry concerning a group, it may be helpful to gather information about these matters, and then to consider whether these factors, either individually or in combination, reasonably indicate that the group is pursuing terrorist activities or objectives as defined in the threshold standard. Findings that would weigh in favor of such a conclusion include, for example, the following:

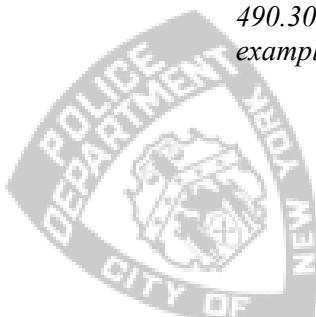

(1) Threats or advocacy of violence or other covered unlawful acts. Statements are made in relation to or in furtherance of an enterprise's political or social objectives that threaten or advocate the use of force or violence, or statements are made in furtherance of an enterprise that otherwise threaten or advocate unlawful conduct within the scope of N.Y. Penal Law §§ 490.10, 490.15, 490.20, 490.25, 490.30, 490.35, or other related statutes currently in effect or subsequently enacted which may concern such matters as, for example:

- (i) engaging in attacks involving or threatening massive loss of life or injury, mass destruction, or endangerment of the national security;
- (ii) killing or injuring public officials, or destroying public facilities, or defying lawful authority;
- (iii) killing, injuring or intimidating individuals because of their status as United States nationals or persons, or because of their national origin, race, color, religion or sex; or
- (iv) depriving individuals of any rights secured by the Constitution or laws of the United States or the State of New York.

(2) Apparent ability or intent to carry out violence or other covered activities. The enterprise manifests an apparent ability or intent to carry out violence or other activities within the scope of N.Y. Penal Law §§ 490.10, 490.15, 490.20, 490.25, 490.30, 490.35 or other related statutes currently in effect or subsequently enacted, for example:

- (i) by acquiring or taking steps towards acquiring, biological agents or toxins, toxic chemicals or their precursors, radiological or nuclear materials, explosives or other destructive or dangerous material (or plans or formulas for such materials), or weapons, under circumstances where, by reason of the quantity or character of the items, the lawful purpose of the acquisition is not apparent;
- (ii) by the creation, maintenance, or support of an armed paramilitary organization;
- (iii) by paramilitary training; or
- (iv) by other conduct demonstrating an apparent ability or intent to injure or intimidate individuals, or to interfere with the exercise of their constitutional or statutory rights.

(3) Potential Unlawful Act. The group's statements or activities suggest potential unlawful acts that may be relevant in applying the standard for initiating a

Terrorism Enterprise Investigation - such as crimes under the provisions of the N.Y. Penal Law that set forth specially defined terrorism or support of terrorism offenses, or that relate to such matters as aircraft hijacking or destruction, attacks on transportation, communications, or energy facilities or systems, biological or chemical weapons, nuclear or radiological materials, assassinations or other violence against public officials or facilities, or explosives.

c. Mere speculation that force or violence might occur during the course of an otherwise peaceable demonstration is not sufficient grounds for initiation of an investigation under this subpart. But where facts or circumstances reasonably indicate that an individual or group has engaged or aims to engage in conduct described in paragraph 1.a. above in a demonstration, an investigation may be initiated in conformity with the standards of that paragraph. This does not limit the collection of information about public demonstrations by individuals or groups that are under active investigation pursuant to paragraph 1.a. above or any other provisions of these guidelines.

2. Purpose

The immediate purpose of a Terrorism Enterprise Investigation is to obtain information concerning the nature and structure of the enterprise as specifically delineated in paragraph (3) below, with a view to the longer range objectives of detection, prevention, and prosecution of the unlawful activities of the enterprise.

3. Scope

a. A Terrorism Enterprise Investigation initiated under these guidelines may collect such information as:

- (i) the identity and nature of an individual or group and its members, their associates, and other persons likely to be acting in furtherance of its unlawful objectives, provided that the information concerns such persons' activities on behalf of or in furtherance of the suspected unlawful activity of the individual, group, or organization;*
- (ii) the finances of the individual, group, or organization;*
- (iii) the geographical dimensions of the individual, group, or organization; and*
- (iv) past and future activities and goals of the individual, group, or organization.*

b. In obtaining the foregoing information, any lawful investigative technique may be used in accordance with the requirements of these guidelines.

4. Authorization and Renewal

a. A Terrorism Enterprise Investigation may be authorized by the Chief of Intelligence or Executive Officer of the Intelligence Bureau or the Commanding Officer of the Criminal Intelligence Section ("the Authorizing Officials"), upon a written recommendation setting forth the facts or circumstances reasonably indicating the existence of an enterprise as described in paragraph 1.a. above. Upon such authorization a notification must be made for final approval by the Deputy Commissioner, Intelligence and Counterterrorism. When exigent circumstances exist, as

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:

ADDITIONAL DATA (continued)

described in these guidelines, a Terrorism Enterprise Investigation may be commenced upon the verbal authorization of an Authorizing Official. However, in such cases, the required written recommendation must be submitted as soon as practicable.

b. A Terrorism Enterprise Investigation may be initially authorized for a period of up to a year. An investigation may be continued upon renewed authorization for additional periods each not to exceed a year. Renewal authorization shall be obtained from the Deputy Commissioner, Intelligence and Counterterrorism. The request for renewal and action thereon shall be in writing.

c. Authorizations shall be reviewed by an Authorizing Official before the expiration of the period for which the investigation and each renewal thereof is authorized. In some cases, the enterprise may meet the threshold standard but be temporarily inactive in the sense that it has not engaged in recent acts of violence or other unlawful activities as described in 1.a., nor is there any immediate threat of harm - yet the composition, goals and prior history of the group suggest the need for continuing law enforcement interest. The investigation may be continued in such cases with whatever scope is warranted in light of these considerations.

d. All Terrorism Enterprise Investigations shall be subject to a review every 6 months by the Chief of Intelligence, or an appropriate executive of the Intelligence Bureau designated by him, to discuss the status of the Terrorism Enterprise Investigation, including, what operational steps should be taken.

e. A Terrorism Enterprise Investigation shall be presumptively limited to a total duration of 5 years, except where the subject of a Terrorism Enterprise Investigation is a designated foreign terrorist organization. This presumptive period of duration may be exceeded in the sole discretion of the Deputy Commissioner, Intelligence and Counterterrorism, in consultation with the Handschu Committee, where facts and circumstances continue to reasonably indicate that two or more persons are engaged in an enterprise for the purposes stated above and either that some further leads should be lawfully investigated or that there is a legitimate law enforcement purpose to be pursued further. When the presumptive period of duration is exceeded all other provisions regarding a Terrorism Enterprise Investigation continue to apply.

f. An investigation which has been terminated may be reopened upon a showing of the same standard and pursuant to the same procedures as required for initiation of an investigation.

VI. HANDSCHU COMMITTEE

(1) There is hereby established a committee (the "Handschi Committee") whose members are expected and authorized to attend and participate in monthly meetings at which investigations are presented for opening, extension or closure by the Deputy Commissioner, Intelligence and Counterterrorism. For each monthly meeting, all attending members will be provided with the investigative statement pertaining to each proposed opening, extension or closing and any corresponding requests to use or extend the use of undercover officers or confidential informants. At the monthly meeting, any member of the Handschi Committee may ask questions and offer opinions regarding the opening, extension or closure of an investigation presented.

ADDITIONAL DATA (continued)

(2) Any member of the Handschu Committee may further inquire into the status and conduct of any investigation presented at the meeting, including the use of undercover operations pursuant to section VII herein, provided however that information pertaining to the identity of participants in undercover operations, including confidential informants, shall not be disclosed. A member of the Intelligence Bureau with detailed knowledge of operational steps taken in each investigation presented shall be present at the meeting to help address any questions that arise.

(3) Members of the Handschu Committee from the NYPD will include the Deputy Commissioner, Intelligence and Counterterrorism, the Chief of Intelligence, the Executive Officer of the Intelligence Bureau, the Commanding Officer of IOAS (Intelligence Operations and Analysis Section), the Executive Officer of IOAS, the Commanding Officer (or the Executive Officer) of the Criminal Intelligence Section, the Assistant Commissioner for Intelligence Analysis, the Deputy Commissioner of Legal Matters, Assistant Deputy Commissioner of Legal Matters, Special Counsel for Intelligence Affairs, and/or their successors or persons who occupy similar positions of authority or expertise.

(4) The Special Counsel for Intelligence Affairs shall lead a quarterly discussion for the Handschu Committee related to the NYPD's compliance during that period in (i) obtaining timely approval in extending or closing investigations, (ii) obtaining timely approval of human source authorizations, and (iii) conducting reviews of Preliminary Inquiries, Full Investigations, and Terrorism Enterprise Investigations every 6 months, as provided in sections V(B)(5), V(C)(4)(d) and V(D)(4)(d) hereof. As part of this quarterly discussion, any member of the Handschu Committee may raise concerns regarding any other aspect of compliance with the Handschu Guidelines. The substance of these quarterly discussions shall be recorded in the minutes of the Handschu Committee meeting.

(5) There shall also be a Civilian Representative on the Handschu Committee who shall, unless unable to do so for good cause, attend and participate in all of the monthly meetings for opening, extension, or closure of investigations and in all of the quarterly discussions led by the Special Counsel for Intelligence Affairs on the same terms and conditions as set forth in paragraphs (1), (2) and (4) above. The Civilian Representative shall be a lawyer who has never previously been an employee of the NYPD. The Civilian Representative shall be appointed by the Mayor upon consultation with the Police Commissioner. The Civilian Representative may be replaced by the Mayor for good cause, with 14 days' advance notice to Class Counsel prior to such replacement. In the event that the Civilian Representative resigns, the Mayor in consultation with the Police Commissioner will appoint a replacement. The position of Civilian Representative will exist for a minimum of five years from the appointment of the first person to fill that role. After that initial five year period, the position of Civilian Representative will continue unless the Mayor applies to the Court for an amendment to the Revised Handschu Guidelines abolishing the position, upon 30 days' advance notice to Class Counsel prior to such application. The amendment to the Revised Handschu Guidelines abolishing the position shall be granted by the Court if the Court finds there have not been systematic and repeated violations of the Guidelines to a degree sufficient to show an NYPD policy to act in such a fashion for a period of three years immediately prior to the application, as shown in the reports submitted to the Court by the Civilian Representative.

In the event the Civilian Representative decides to communicate such concerns to the Court, a copy of the communication shall first be served confidentially upon the Police Commissioner, the Deputy Commissioner, Intelligence and Counterterrorism, and the Deputy Commissioner of Legal Matters seven (7) days prior to its submission to the Court, provided that the Civilian Representative shall retain final authority over and responsibility for the content of the communication. The content of the communication or report to the Court shall, in the first instance, be maintained by the Court confidentially and under seal. The NYPD shall have 21 days from the filing of the communication or report to notify the Court (i) whether it contains privileged information or information that is prohibited from disclosure as set forth in VI(5)(j); (ii) if it believes such information can be protected through redaction of the document; or (iii) if it asserts the need to maintain the entire document confidentially and under seal. The Court shall adjudicate the propriety and scope of any such invocation. If the Court determines that redactions can cure the need for the sealing of the entire document, a copy of the report or communication with the redactions shall be filed in the public docket and served on Class Counsel while the original submission by the Civilian Representative shall be maintained under seal. If the Court determines that the communication or report contains privileged information or information that is prohibited from disclosure as set forth in VI(5)(j) and that redaction cannot cure the need for the sealing of the entire document, the communication or report shall be maintained under seal and there shall be an entry on the Court's docket that the communication or report is being maintained under seal.*

(6) *Nothing herein shall effect, limit, or diminish the authorization and approval provisions for investigations, which grant exclusive approval authority to the Authorizing Officials or the Deputy Commissioner, Intelligence and Counterterrorism.*

VII. INVESTIGATIVE TECHNIQUES

(1) *When conducting investigations under these guidelines, the NYPD may use any lawful investigative technique permitted by these guidelines. The choice of investigative techniques is a matter of judgment, which should take account of:*

(i) *the objectives of the investigation and available investigative resources;*

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-72	03/11/21		20 of 24

ADDITIONAL DATA (continued)

- (ii) *the intrusiveness of a technique, considering such factors as the effect on the privacy of individuals and potential damage to reputation;*
- (iii) *the potential effect on the political or religious activity of individuals, groups or organizations and the potential effect on persons who, although not a target of the investigation are affected by or subject to the technique;*
- (iv) *the seriousness of the unlawful act; and*
- (v) *the strength of the information indicating its existence or future commission of the unlawful act.*

(2) *Where the conduct of an investigation presents a choice between the use of more or less intrusive methods, the NYPD should consider whether the information could be obtained in a timely and effective way by the less intrusive means. The NYPD should not hesitate to use any lawful techniques consistent with these guidelines in an investigation, even if intrusive, where the intrusiveness is warranted in light of the seriousness of the crime or the strength of the information indicating its existence or future commission. This point is to be particularly observed in investigations relating to terrorist activities.*

(3) *Authorized methods in investigations include, among others, use of confidential informants, undercover activities and operations, eavesdropping and video surveillance (as defined in Article 700 of the NY Criminal Procedure Law), pen registers and trap and trace devices, consensual electronic monitoring, and searches and seizures.*

a. Undercover Operations

- (i) *Undercover operations, including confidential informants, may be used when taking into account all the circumstances of the investigation, including the need for the information and the seriousness of the threat, it has been determined that the information sought in the investigation could not be reasonably obtained in a timely and effective way by a less intrusive means. The use of undercovers and confidential informants must be authorized by the Deputy Commissioner, Intelligence and Counterterrorism prior to commencement of the undercover operation. The request to use undercovers or confidential informants and action taken on the request must be in writing and must include a description of the facts on which the investigation is based and the role of the undercover.*
- (ii) *The use of an undercover or confidential informant will be approved for a period of 90 days and may be extended for additional periods of 90 days with the approval of the Deputy Commissioner, Intelligence and Counterterrorism. Such extensions may be approved for as long as the investigation continues when it has been determined that the information sought in the*

investigation could not reasonably be obtained in a timely and effective manner by less intrusive means. The request to extend the use of undercovers and action taken on the request must be in writing and must include the reason for the extension.

- (iii) *Undercovers are strictly prohibited from engaging in any conduct the sole purpose of which is to disrupt the lawful exercise of political activity, from instigating unlawful acts or engaging in unlawful or unauthorized investigative activities.*

b. Eavesdropping and Video Surveillance (as defined in Article 700 of the NY Criminal Procedure Law), Pen Registers and Trap and Trace Devices, and Consensual Electronic Monitoring

- (i) *All requirements for the use of such methods under the Constitution, applicable statutes, and NYPD regulations or policies must be observed.*

(4) Whenever an individual is known to be represented by counsel in a particular matter, the NYPD shall follow applicable law and Department procedure concerning contact with represented individuals in the absence of prior notice to their counsel.

VIII. DISSEMINATION AND MAINTENANCE OF INFORMATION

A. Dissemination

The NYPD may disseminate information obtained during the Checking of Leads, Preliminary Inquiries and investigations conducted pursuant to these guidelines to federal, state or local law enforcement agencies, or local criminal justice agencies when such information:

- (i) *falls within the investigative or protective jurisdiction or litigative responsibility of the agency;*
(ii) *may assist in preventing an unlawful act or the use of violence or any other conduct dangerous to human life;*
(iii) *is required to be disseminated by interagency agreement, statute, or other law.*

B. Maintenance

All documentation required under these Guidelines shall be maintained by the Intelligence Bureau in accordance with general police department practice and applicable municipal record retention and destruction rules, regulations and procedures. Under these rules and practices documents are retained for no less than five years.

IX. COUNTERTERRORISM ACTIVITIES AND OTHER AUTHORIZATIONS

In order to carry out its mission of preventing the commission of terrorist acts in or affecting the City of New York and the United States and its people, the NYPD must proactively draw on available sources of information to identify terrorist threats and activities. It cannot be content to wait for leads to come in through the actions of others,

but rather must be vigilant in detecting terrorist activities to the full extent permitted by law, with an eye towards early intervention and prevention of acts of terrorism before they occur. This Part accordingly identifies a number of authorized activities which further this end, and which can be carried out even in the absence of a checking of leads, Preliminary Inquiry, or Full Investigation as described in these guidelines. The authorizations include both activities that are specifically focused on terrorism and activities that are useful for law enforcement purposes in both terrorism and non-terrorism contexts. The authorized law enforcement activities of the NYPD include carrying out and retaining information resulting from the following activities.

A. COUNTERTERRORISM ACTIVITIES

1. Information Systems

The NYPD is authorized to operate and participate in identification, tracking, and information systems for the purpose of identifying and locating potential terrorists and supporters of terrorist activity, assessing and responding to terrorist risks and threats, or otherwise detecting, prosecuting, or preventing terrorist activities. Systems within the scope of this paragraph may draw on and retain pertinent information from any source permitted by law, including information derived from past or ongoing investigative activities; other information collected or provided by governmental entities, such as foreign intelligence information and lookout list information; publicly available information, whether obtained directly or through services or resources (whether nonprofit or commercial) that compile or analyze such information; and information voluntarily provided by private entities. Any such system operated by the NYPD shall be reviewed periodically for compliance with all applicable statutory provisions and Department regulations and policies.

2. Visiting Public Places and Events

For the purpose of detecting or preventing terrorist activities, the NYPD is authorized to visit any place and attend any event that is open to the public, on the same terms and conditions as members of the public generally. No information obtained from such visits shall be retained unless it relates to potential unlawful or terrorist activity.

B. OTHER AUTHORIZATIONS

1. General Topical Research

The NYPD is authorized to carry out general topical research, including conducting online searches and accessing online sites and forums as part of such research on the same terms and conditions as members of the public generally. "General topical research" under this paragraph means research concerning subject areas that are relevant for the purpose of facilitating or supporting the discharge of investigative responsibilities. It does not include online searches for information by individuals' names or other individual identifiers, except where such searches are incidental to topical research, such as searching to locate writings on a topic by searching under the names of authors who write on the topic, or searching by the name of a party to a case in conducting legal research.

2. Use of Online Resources Generally

For the purpose of developing intelligence information to detect or prevent terrorism or other unlawful activities, the NYPD is authorized to conduct online search activity and to access online sites and forums on the same terms and conditions as members of the public generally.

3. Reports and Assessments

The NYPD is authorized to prepare general reports and assessments concerning terrorism or other unlawful activities for purposes of strategic or operational planning or in support of other legitimate law enforcement activities.

X. PROTECTION OF PRIVACY AND OTHER LIMITATIONS

A. General Limitations

The law enforcement activities authorized by this Part do not include maintaining files on individuals solely for the purpose of monitoring activities protected by the First Amendment or the lawful exercise of any other rights secured by the Constitution or laws of the United States. Rather, all such law enforcement activities must have a valid law enforcement purpose and must be carried out in conformity with all applicable statutes and Department regulations and policies.

B. Construction of Part

This Part does not limit any activities authorized by or carried out under other Parts of these guidelines. The specification of authorized law enforcement activities under this Part is not exhaustive, and does not limit other authorized law enforcement activities of the NYPD.

XI. RESERVATION

Nothing in these guidelines shall limit the general reviews or audits of papers, files, contracts, or other records in the possession of the NYPD or City of New York, or the performance of similar services at the specific request of another government agency. Such reviews, audits, or similar services must be for the purpose of detecting or preventing violations of law which are within the investigative responsibility of the NYPD.

Nothing in these guidelines is intended to limit the NYPD's responsibilities to investigate certain applicants and employees, or to pursue efforts to satisfy any other of its legal rights, privileges, or obligations. These guidelines are set forth solely for the purpose of internal NYPD guidance. They are not intended to, do not, and may not be relied upon to create any rights, substantive or procedural; enforceable at law by any party in any matter, civil or criminal, nor do they place any limitation on otherwise lawful investigative and litigative prerogatives of the NYPD or City of New York.

This notice shall also state that the failure to remove such bicycle within the designated time period will result in the removal and disposal of the derelict bicycle by the DSNY. Once the derelict bicycle has been removed, DSNY will notify the precinct concerned of the removal.

DSNY is not authorized to remove for disposal from public property any “ghost bike” (i.e., a bicycle that has been placed on public property and apparently intended as a memorial for someone who is deceased) or bicycles that do not meet the derelict bicycle criteria. A bicycle is considered derelict when it meets two of the following four criteria:

ALL Police Department issued bicycles must be enrolled in this program. The bicycles will be engraved with the prefix NYPD followed by the three digit precinct designation and four digit precinct sequential number (e.g., NYPD 103-0001, indicates first bicycle registered in the 103rd Precinct is a Department issued bicycle assigned to the 103rd Precinct). COMMUNITY NOTIFICATION PROTOCOL

DATE ISSUED:
01/21/16

DATE EFFECTIVE:
01/21/16

REVISION NUMBER:

PAGE:
1 of 2

PURPOSE

To inform community leaders and organizations in the event of an incident of an unusual, newsworthy, or sensitive nature that has the potential for community concern and/or unrest.

SCOPE

Precinct/police service area/district commanding officers are responsible for keeping community organizations and leaders informed of local conditions and occurrences. The commanding officer or designee will be required to notify community leaders of an event as described above, and the police reaction to the event. Said community leaders should include, but not be limited to, local elected officials, community board chairpersons, district managers, precinct community council board members, civic leaders, members of the clergy, superintendents and principals of local schools or school districts, local business leaders or merchant groups, tenant groups, block association leaders, City or State agencies headquartered within the precinct boundaries, etc. The primary responsibility for notifying the community leaders rests with the precinct/police service area/district commanding officer concerned. Although certain incidents may require the involvement of the borough/bureau command, this will not relieve the precinct/police service area/district commander from keeping local community leaders informed.

PROCEDURE

To create a list of community leaders to be notified in the event of an incident of an unusual, newsworthy, or sensitive nature that has the potential for community concern and/or unrest and to perform said notifications, if necessary.

COMMANDING OFFICER

1. Direct the preparation of a roster of community leaders and organizations to be notified in conjunction with this procedure.
 - a. Roster should include the following captions:
 - (1) Name
 - (2) Organization
 - (3) Contact person (if other than “[1]” above)
 - (4) Telephone number (office/home)
 - (5) Pager/beeper/cell phone number
 - (6) Address

NOTE

Copies of the community notification roster should be maintained at the desk and the community affairs office, for immediate access. In addition, the commanding officer must have a copy at all times. Copies of the rosters should be forwarded to the borough concerned and the Operations Unit, as well as to the Office of the Chief, Community Affairs, through channels.

IN THE EVENT THAT COMMUNITY NOTIFICATIONS ARE REQUIRED

MEMBER OF THE SERVICE

2. Notify community leaders/organizations concerned of event and pertinent background information, as directed by the commanding officer/duty captain.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-74	01/21/16		2 of 2

NOTE

Not all community leaders or organizations need to be notified in all situations. The nature of the event will dictate who is to be notified. In addition, commanding officers concerned will determine the method of notification, e.g., telephone call, page, fax, face-to-face notification, etc., as well as which member of the service will make the notifications. Information that is considered to be confidential will not be divulged.

MEMBER OF THE SERVICE (continued)

3. Document time of notification on the community notification roster.
 - a. Utilize the roster prepared as per step 1, above, to document notifications. In addition, note the time notified and the member of the service making the notification on the roster concerned.

ADDITIONAL DATA

Command and borough executives should share information regarding the operation of the precinct/police service area/district. The assignment of new commanding officers, supervisors, and police officers should be publicized to local community leaders.

Commanding officers should encourage community leaders and organizations to share information, such as unscheduled events and demonstrations that are unusual, newsworthy or sensitive in nature, that have the potential for community concern/unrest, and incidents which have occurred in the past without prior knowledge of the local command.

The use of e-mail newsletters, discussion lists, and the Department's web site is encouraged. Their use should also be explored for the dissemination of information and non-emergency notifications to community members. THIS SHOULD NOT TAKE THE PLACE OF PERSONAL CONTACT IN MORE SERIOUS MATTERS.

Commanding officers will ensure that information contained on the community notification roster is updated as needed and updated information is forwarded to the borough concerned, the Operations Unit and the Office of the Chief, Community Affairs.

It is important to maintain regular contact with community leaders regardless of the occurrence of a major event. In the absence of major events, opportunities should be created to interact with community leaders. Non-Department related incidents or minor police incidents can present excellent opportunities to create such interactions and maintain a dialogue with the community.

Community council presidents may be requested to respond to incidents at the discretion of the incident commander/ranking officer if their presence is deemed appropriate for possible assistance.

Uniformed members of the service in the ranks of captain and above will be cognizant of the provisions of the Clergy Liaison Guidelines and Community Council Guidelines.

ADDITIONAL DATA Requests from government agencies, private organizations, institutions of higher education, etc., for statistics, surveys, samples and other types of information concerning the Department will be forwarded to the Office of Management Analysis and Planning for preparation of a Department response.

ROUTINE INQUIRIES:

Many requests, particularly those coming to Patrol Services Bureau commands, are of a routine nature. Local commanders are expected to respond to such requests as directed by this procedure, ensuring that responses are accurate and in accord with Department policy.

UNUSUAL OR TIME CONSUMING REQUESTS:

Some requests involve surveys or samples and may be time consuming; others may be related to business of the entire Department or involve broad policy questions. Local commanders should not ordinarily undertake data gathering research to answer a request from outside the Department when it will impair their ability to perform their primary function. Time consuming requests, those involving the business of the entire Department and those which raise policy questions, should be forwarded to the Office of Management Analysis and Planning for preparation of an appropriate response. Office of Management Analysis and Planning will confer with Deputy Commissioner - Public Information on matters regarding Department policy on release of information.

Where additional guidance is deemed necessary to classify a particular request as routine or unusual, a commanding officer may contact the Office of Management Analysis and Planning.

A member of the service, active or retired, may obtain information relative to his/her medical record upon written request to the Commanding Officer, Medical Division. No fee will be charged for such information. A person or organization outside the Department may obtain such information, for a fee of \$5.00, if the request is made in writing and is accompanied by a notarized authorization from the member concerned or in the event of his death, from the next of kin or representative of his estate. Requests for such information from other governmental agencies do not require notarized authorization or fee. Requests for payroll records will be directed to Director, Payroll Section for processing in a similar manner.

When advised that an audit of records, procedures or operations of a command is to be conducted by any city, state or federal agency, the desk officer/supervisory head concerned will notify the Office of Management Analysis and Planning, furnishing the time, date, subject of the audit, the identity of personnel who will conduct the audit and the agency to which assigned. Auditors must possess identification cards issued by the auditing agency and/or a letter of introduction from the Commanding Officer, Office of Management Analysis and Planning. All members of the service will cooperate with properly identified auditors; questions concerning identity of auditing personnel will be directed to the Office of Management Analysis and Planning; those concerning confidentiality of records/information requested will be directed to the Legal Bureau.

PURPOSE

To facilitate the accurate, timely and proper dissemination of information to the public through the news media.

SCOPE

It is the policy of this Department to keep the community informed on matters of public interest. Most media inquiries are directed to the Office of the Deputy Commissioner, Public Information. - a. Pose an undue risk to the personal safety of members of the service, media representatives, or others
- b. Interfere with police operations
- c. Adversely affect the rights of an accused *or* the investigation *or* prosecution of a crime.

Because it is not uncommon for local investigations, arrests, operations, etc., to overlap into other agencies, bureaus or jurisdictions it is essential that ALL media requests be channeled through the Office of the Deputy Commissioner, Public Information.

Access to incident scenes does not extend to interior crime scenes or areas frozen for security reasons.

PROCEDURE

Upon receiving a request for information from representatives of the media at a breaking news story:

CONFIDENTIALITY OF THE VICTIM OF A SEX CRIME

The Civil Rights Law, Section 50-B, was amended in 1991 to protect the identity of the victim of a sex crime. The law provides that the identity of a victim of a sex crime be provided to a defendant charged with the crime and their counsel or guardian. It also permits disclosure to public officers and employees investigating, prosecuting and keeping records relating to the offense. A new Section 50-C was also added to the law which allows victims of a sex offense to bring private action to recover for any damage suffered by the disclosure of their identities. Therefore, those members of the service (uniformed and civilian) assigned to units (Public Information Division, Identification Section, Communications Division, etc.) which may, at times, be called upon to provide information from Department records, files, tapes, etc., must ensure that the identity of a victim of a sex offense is not divulged when this information is released.

IDENTITY OF PERSONS WITH COMMUNICABLE DISEASE

It is the responsibility of this Department to protect the civil rights of persons we come in contact with. This includes prisoners, crime victims, aided cases, etc. In keeping with this obligation, any information regarding a person's status in connection with any communicable disease (HIV, AIDS, Tuberculosis, Hepatitis B, etc.) is to be treated as confidential.

Accordingly, members of the service should be made aware of the following guidelines:

Information concerning a prisoner's or a victim's affliction with a communicable disease must be kept confidential. This information generally should not be released to the public, the media, the person's family and friends or to other prisoners. There may be unusual circumstances under which release of this information is warranted. Any such release, however, may only be made with the written consent of the Deputy Commissioner - Legal Matters.

*In some cases, prisoners may volunteer their positive medical status regarding a communicable disease indicating the need to be segregated from general prisoner population or the need for medical treatment. In such cases, isolation cells should be used, if available. This information may be recorded on a Prisoner Movement Slip or on form **MEDICAL TREATMENT OF PRISONER (PD244-150)** in order to alert personnel assigned to Corrections, District Attorney's offices or courts.*

Members of the service who are exposed to a communicable disease should follow the provisions of P.G. 205-10, "Exposure of Members of The Service to Infectious Diseases."

PURPOSE

To inform members of the service (uniformed and civilian) of the appropriate fees to be tendered by persons making service of subpoenas upon the New York City Police Department.

SCOPE

PROCEDURE

Upon receipt of a subpoena (by personal service or other means of delivery):

MEMBER OF THE SERVICE RECEIVING SUBPOENA

1. Ascertain if fee (cash, check, or money order) is tendered with subpoena.
 - a. If check or money order is made payable to an individual member of the service (uniformed or civilian), the member concerned will endorse check or money order as follows:
“PAY TO THE ORDER OF NEW YORK CITY POLICE DEPARTMENT”
 - b. If fee is tendered in connection with a subpoena which does not involve the Police Department or actions taken by the member concerned on behalf of the Department, the fee will be given to the member concerned and is properly payable to him/her. In such case, no fee receipt will be issued by this Department.

PURPOSE

To provide interpretation/translation services for members of the public in the field and at Department facilities.

SCOPE

Accurate interpretation/translation of foreign languages is important to providing police services. In furtherance of this, the Department provides two enhanced communication capabilities entitled, "Language Line Service" and "Language Initiative Program" for members of the service to accurately communicate with the diverse non-English speaking communities of New York City and enhance criminal investigations and intelligence gathering. This procedure is limited to the use of foreign language interpretation/translation services. When a member of the service has cause to interact with an individual who is hearing impaired, the provisions of *P.G. 212-104, "Interaction with Hearing Impaired Persons,"* should be followed.

DEFINITIONS

BILINGUAL MEMBER OF THE SERVICE – An employee who is able to communicate effectively in a foreign language, or American Sign Language, in addition to English.

CERTIFIED DEPARTMENT INTERPRETER – A member of the service who has been tested and certified as being proficient in a foreign language, or American Sign Language.

EXIGENT CIRCUMSTANCES – Situations requiring immediate action, such as a threat to life, safety, property, fleeing suspect, or the potential loss or destruction of evidence (e.g., physical loss of property, witness or victim, etc.).

INTERPRETATION – The act of listening to something in one language and orally translating it into another language.

LANGUAGE INITIATIVE PROGRAM – A corps of interpreters who can be called upon to interpret or translate foreign languages for investigative or other police purposes. Interpreters from the Language Initiative Program may be requested by contacting the Operations Unit.

LANGUAGE LINE SERVICE – A certified interpreter can be accessed twenty-four hours a day/seven days a week via the Language Line Service on a Department cellular telephone or the dual handset telephone located in every precinct complaint room, detective squad, police service area (PSA) and transit district complaint room.

LIMITED ENGLISH PROFICIENT (LEP) – Refers to those individuals whose primary language is not English and who are unable to effectively read, write, speak or understand English.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-90	07/01/20		2 of 6

DEFINITIONS (continued) **TRANSLATION** – The replacement of a written text from one language into an equivalent written text in another language.

PROCEDURE When a member of the service encounters a Limited English Proficient (LEP) person(s) and the services of an interpreter are necessary:

- MEMBER OF THE SERVICE**
1. Determine the primary language of the LEP person(s) through any of the following:
 - a. Present the poster entitled “**FREE INTERPRETATION SIGN (SP 487)**,” Activity Log inserts entitled “**I SPEAK... (PD112-121)**” and “**PRIMARY LANGUAGE IDENTIFIER (PD312-091)**,” or the card entitled “**PRIMARY LANGUAGE IDENTIFIER – DETECTIVE BUREAU (PD312-091A)**,” as appropriate, to the LEP person(s) and encourage him/her to indicate the language needed, or
 - b. Contact Language Line Service for assistance, or
 - c. Ascertain the LEP person(s)’ country of origin, if necessary, and request the Operations Unit research the language spoken in that country.
 2. Determine if a bilingual member of the service is readily available (on scene, on duty within command, etc.) to interpret and whether his/her use is appropriate. Preference should be given to a readily available certified Department interpreter.

NOTE

The Department encourages members of the service who possess language skills to use their ability to speak a foreign language during the course of their work. The use of bilingual members as interpreters allows the Department to provide the public with a more timely and personalized response while simultaneously reducing inconvenience to LEP person(s).

A bilingual non-certified member of the service may interpret in non-domestic violence related incidents if he or she reasonably believes that his or her level of language proficiency is sufficient to accurately interpret given the totality of the circumstances surrounding the LEP person’s interaction with the police. In domestic violence incidents, officers must use a certified Department interpreter or the Language Line Service to verify the details of the domestic violence incident.

If at any time during the interpretation the member determines that his/her level of language proficiency is insufficient to complete the interpretation, the Language Line Service or a certified Department translator must be used.

3. If a bilingual member of the service is not readily available, but a bilingual member of the public is readily available, determine whether the individual is willing to interpret, and whether his/her use is appropriate.
 - a. Document bilingual member of the public’s contact information, if utilized, in digital **Activity Log**.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-90	07/01/20		3 of 6

NOTE

There are many exigent circumstances when the Department may need to utilize bilingual members of the public to assist in providing immediate services to LEP person(s). In addition, it may also be appropriate to use a bilingual member of the public to interpret during a non-emergency encounter if the use of such an interpreter will expedite the delivery of police services without adversely impacting the quality of the services provided.

When considering whether to use a bilingual member of the public, the member of the service should weigh four factors to determine if the use of the non-member of the service interpreter is appropriate:

- a. *The nature and importance of the police services being provided*
- b. *The apparent capacity of the interpreter*
- c. *The apparent impartiality of the interpreter*
- d. *The sensitivity/confidentiality of the topic.*

Members of the service are reminded that bystanders are not required to follow Department guidelines/procedures. They cannot be prevented from sharing information learned during the course of the interpretation with third parties. Bystanders may inadvertently compromise an ongoing investigation. Accordingly, bystanders should be used as a last resort in investigations regarding alleged criminal incidents. Moreover, information obtained via a bystander in a criminal investigation should be verified using a certified Department or Language Line Service interpreter to confirm information obtained, whenever practical.

*During domestic violence incidents, members of the service should avoid using bystanders and family members to interpret in order to preserve privacy and minimize the risk of faulty interpretation due to fear of arrest of a family member or other personal biases. They may be **temporarily** used for interpretation to stabilize the scene and gather preliminary information. However, responding officers must use a certified member of the service or the Language Line Service to verify the details of the domestic violence incident before finalizing the job.*

The alleged offender in any type of incident, including domestic violence, should not be used as an interpreter. Using an alleged offender to interpret may increase the risk of purposeful misinterpretation and gives him or her control of the situation. As with all interviews, to the extent possible, the victim and offender should be interviewed separately and in a private setting. Victims may be reluctant to reveal details of an incident if the victim believes the offender may overhear the statement.

As possible victims or witnesses to an incident, a child should be interviewed; however, whenever feasible, a child should not be used as an interpreter for any kind of police incident, including domestic violence. Some words and concepts are difficult for a child to understand and translate into another language. Interviewees are not likely to be forthcoming if a child is used to interpret and will be especially hesitant to reveal details of a sexual assault to a police officer through a child.

212-90	07/01/20		4 of 6

IF THE LANGUAGE LINE SERVICE IS REQUIRED IN THE FIELD:

MEMBER OF THE SERVICE

4. Utilize a Department cellular phone to access the Language Line Service.

NOTE

*In many cases, other than for ongoing investigations and document translation, an efficient method of obtaining interpretation services is through the use of the Language Line Service. Therefore, uniformed members of the service **MUST** have the Department issued cellular telephone easily accessible at all times while on patrol.*

The use of a speaker-phone feature can enhance the effectiveness of the Language Line Service interpretation and eliminate the need for the LEP individual to handle the telephone. Members of the service are cautioned that utilizing the speaker-phone feature may enable others to listen in on the communication. Members of the service should take precautions to prevent third parties from overhearing the conversation.

IF THE LANGUAGE LINE SERVICE IS UTILIZED AT A DEPARTMENT FACILITY:

DESK OFFICER/SUPERVISOR

5. Direct a member of the service to access the Language Line Service via the dual handset telephone. If the dual handset is not available, direct member of the service to access the Language Line Service from any telephone including a Department cellular phone.

MEMBER OF THE SERVICE

6. Utilize the dual handset telephone to access the Language Line Service whenever possible as it maximizes privacy.

NOTE

Any telephone, including a Department cellular phone, with its speaker phone feature may be used to access the Language Line Service.

IF THE LANGUAGE INITIATIVE PROGRAM IS UTILIZED:

MEMBER OF THE SERVICE

7. Advise immediate supervisor of the need for an interpreter/translator.

SUPERVISOR, MEMBER OF THE SERVICE CONCERNED

8. Notify the Operations Unit and request available interpreter/translator. Supply as much of the following information as possible:
 - a. Whether or not emergency circumstances exist
 - b. Name of language and specific dialect
 - c. Whether request is for speaking, reading or writing ability
 - d. Name and callback number, if possible.

NOTE

The Department's certified interpreter list is available through the Operations Unit twenty-four hours a day/seven days a week.

OPERATIONS UNIT MEMBER

9. Ascertain from available database a list of all registered translators and interpreters.
10. Contact a registered interpreter/translator and advise him/her of the need for his/her services.
11. Instruct member of the service selected to call the on-scene supervisor to ensure linguistic ability is adequate for the situation at hand.
12. Notify the Intelligence Bureau, Criminal Intelligence Section of all inquiries made into the Language Initiative Database.

NOTE

Operations personnel should seek to rely on the foreign language skills of those personnel who are certified as being proficient in the foreign language requested.

Preference shall be given to the use of on-duty members. If no certified Department interpreter is available within the precinct, a certified Department interpreter who is available within the borough should be sought.

In routine or non-emergency situations, the duty captain or commanding officer of the requesting supervisor will review and authorize any request which will result in overtime or recall of an off-duty member of the service. In emergency circumstances, overtime or recall of an off-duty member of the service will be authorized by the Operations Unit supervisor.

SUPERVISOR, MEMBER OF THE SERVICE CONCERNED

13. Verify with the member of the service that he or she is able to communicate in the language requested.
14. If the selected member of the service is not suitable, request Operations Unit to identify another interpreter/translator.

OPERATIONS UNIT

15. Authorize response of interpreter/translator by notifying member of the service and his/her desk officer or counterpart.

SUPERVISOR REQUESTING INTERPRETER/ TRANSLATOR

16. Submit a brief report, in triplicate, on **Typed Letterhead** to Chief of Personnel, and include the following:
 - a. Identify member of the program utilized
 - b. Describe translation/interpretation duties performed
 - c. Indicate actual time spent on such duties
 - d. Specify any noteworthy performance or initiative, and whether member demonstrated any other special aptitude or ability.

NOTE

A notification to the Operations Unit is required when certified Department interpreters are utilized by their own commands ("in-house" translations) to interpret or translate in the course of police duties.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-90	07/01/20		6 of 6

IN ALL CASES WHEN AN INTERPRETER IS USED:

MEMBER OF THE SERVICE

17. Record the identity of an interpreter (bilingual member of the service, bilingual member of the public, Language Line Service, or a certified Department interpreter) utilized during a police incident in digital **Activity Log**. In addition, indicate the identity of the interpreter on any relevant Department record prepared (**COMPLAINT REPORT WORKSHEET [PD313-152A]**, **ON LINE BOOKING SYSTEM ARREST WORKSHEET [PD244-159]**, **New York State Domestic Incident Report [DCJS-3221]**, etc.) under the appropriate captions or in the Details/Narrative section, as appropriate.

ADDITIONAL DATA

When determining whether or not the person requires language assistance services, the member of the service must consider both the nature and importance of the police services being provided in addition to the person's apparent capacity to comprehend and communicate in English. A person who is considered LEP may require interpretation or translation services in one situation, but may not require those services in a different situation. For example, a person with a limited ability to understand English may be able to interact effectively with the police at the scene of a motor vehicle collision, but not be able to interact effectively with the police during a homicide investigation, due to the complex characteristics and intricacies of such an incident. If doubt exists regarding whether a person requires language assistance services, or if the person requests an interpreter, the person should be considered LEP and this procedure complied with.

Unit commanders should consider the members' certification or qualification status whenever members are utilized to translate or interpret. Members being assigned to perform interpretation for investigative assignments (e.g., wiretaps, interviews, debriefings, custodial interrogations, etc.) or translation duties should be certified Department interpreters. Whenever interpretation for an investigative assignment or translation skills are required, supervisors should consult the Department list of certified interpreters at the precinct or through the Operations Unit to determine if a certified member is available to perform the needed duties. It is recommended that certified members of the Language Initiative Program be used for custodial interrogations. However, not every language is represented under the Language Initiative Program. Use of non-certified members for investigative assignments in non-emergency situations must be approved by a uniformed supervisor.

**ADDITIONAL
DATA** *When possible, requests for buses should be made sufficiently in advance to allow the time necessary for making arrangements, scheduling New York City Transit bus drivers, etc. It is often difficult for New York City Transit to supply buses for use during rush hours without adversely affecting regular bus service. Consequently, when a choice is available, the off-peak usage of buses is recommended.*

PURPOSE

To provide rapid and widespread dissemination of information in the event of child abduction with special circumstances, the Amber Alert program has been adopted.

DEFINITION

AMBER ALERT SYSTEM: Amber Alert is a statewide response program targeting the abduction of children during which life-threatening circumstances are suspected. An Amber Alert may be activated whether the child was abducted by vehicle, on foot, or by any other means. The protocol for determining whether a case qualifies for an Amber Alert is as follows:

- a. The child must be 17 years old or younger, AND,
- b. Police must believe that the child is in imminent danger of serious bodily harm or death, either at the hands of another or due to proven mental or physical disability.

PROCEDURE

When responding to a report of a missing child and information received indicates that the case may qualify for an Amber Alert:

UNIFORMED MEMBER OF THE SERVICE

1. Comply with appropriate missing persons procedures.
2. Request the response of the Patrol Supervisor.
3. Notify Desk Officer and request response of Precinct Detective Squad supervisor.

NOTE

Patrol supervisor will implement Missing Person/Special Category procedure and/or Mobilization as necessary, depending on the details of the situation.

DESK OFFICER

4. Request Precinct Detective Squad supervisor to respond to the scene of the abduction.

PRECINCT DETECTIVE SQUAD INVESTIGATOR /SUPERVISOR

5. Conduct a preliminary investigation and ascertain if abduction may fit criteria for activation of Amber Alert system.
 - a. Notify Detective Bureau Duty Captain, if abduction meets criteria for the activation of an Amber Alert.
 - b. Request that Detective Bureau Duty Captain respond to the scene.

NOTE

Only a Captain or above from the Detective Bureau may request activation of the Amber Alert System through the New York State Police Communications Section.

DETECTIVE BUREAU, DUTY CAPTAIN

6. Notify New York State Police of a possible Amber Alert through the New York State Police Communications Section.
7. Notify Operations Unit of details. If it is believed that the abductor and missing child may be traveling via public transportation, request Operations personnel to notify the Transit Bureau Wheel.
 - a. Notify NYPD Communications Section and have description of abducted child disseminated over each Department radio division.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-99	12/30/20		2 of 3

DETECTIVE BUREAU, DUTY CAPTAIN (continued)

- b. Have Communications Section personnel read the following message over each Department radio division if a vehicle is involved in the abduction:
“The following vehicle is wanted in connection with a New York State Amber Alert (*Provide license plate number and description of vehicle*). Personnel assigned to Department vehicles equipped with the License Plate Reader System are instructed to manually enter this plate number in order to expedite the search for this vehicle.” (*Repeat license plate number and description of vehicle*).
8. Notify Major Case Unit.
9. Direct that precinct detective squad member:
 - a. Notify Missing Persons NCIC Unit and request that a NCIC File 6 be completed and transmitted.
 - b. Notify Inter-City Correspondence Unit to generate a NYSPIN File 11A (Abduction Message) to ensure that other law enforcement agencies are aware of the abduction and related details.
 - (1) Fax completed ***Amber Alert Submission form*** along with a cover sheet including the notifying member's rank, name, tax #, command and callback number.
 - c. Prepare and immediately fax the following form to the New York State Police:
 - (1) ***Amber Alert Submission Form***
 - d. Conduct follow-up phone call to New York State Police to confirm receipt of fax.

ADDITIONAL DATA

When sending photographs via E-Mail to the New York State Police, attach only ONE photograph to each E-Mail. Each additional photograph should be sent in a separate E-Mail.

*The **Amber Alert Submission Form** should also be faxed to the Traffic Management Center, IF a vehicle description and a plate number are available. Once confirmation of activation is received from New York State Police Communications Section, the Traffic Management Center will initiate the use of Variable Message Signs throughout the metropolitan area.*

In the event that the child is recovered or the case is determined to no longer qualify (i.e., false report, determined to be a custodial situation), immediately notify the New York State Police in writing (by fax) so that a cancellation may be broadcast. Cancellations will be broadcast only if requested within eight hours of the original activation request. They will be brief and will not include any information about the status of the child or the case. Cancellations required after the eight hour period can be accomplished via normal media notification through the Deputy Commissioner, Public Information. The Detective Bureau Duty Captain will ensure that Amber Alerts are canceled in the proper manner.

**ADDITIONAL
DATA
(continued)**

When investigation assistance is requested by another agency concerning an Amber Alert, the requesting agency will be directed to contact the Detective Bureau, Major Case Unit or if unavailable, the Detective Bureau Wheel. All requests for broadcast of an Amber Alert will be referred to the New York State Police Communications Section.

While most runaway and abductions by non-custodial parents do not qualify, individual consideration may be given, depending on case circumstances. Activation should be requested within the shortest period of time possible following an abduction, but not before a preliminary investigation has been conducted. In most instances activation will not be practical if an extended period of time has passed since the disappearance. Inter-agency cooperation and assistance will greatly enhance the effectiveness of this tool.

*The office of the Deputy Commissioner, Public Information is available on a 24 hour x 7-day basis concerning cases **NOT ELIGIBLE** for Amber Alerts or as needed by members of the service. D.C.P.I. has the ability to simultaneously notify a variety of local and national media outlets in cases where the immediate assistance of or notification to the public is deemed necessary.*

ADDITIONAL DATA

OPERATIONAL CONSIDERATIONS

The Mayor's Citywide Incident Management System (CIMS) states that the NYPD will be the "Primary Agency" at all CBRN/Haz-Mat incidents, with the responsibility for overall site management, assessment and investigations (crime-scene/terrorism). Furthermore, ALL incidents that involve an unknown substance suspected of being a CBRN/Hazardous Material must be considered a criminal/terrorism incident (even if it appears that the incident may be the result of an accident), an investigation must be conducted, the unknown substance must be assessed in order to identify its hazardous properties and the unknown substance and related property must be evaluated/processed as evidence. Therefore, the patrol supervisor or highest-ranking uniformed member of the Patrol Services Bureau at the scene will be the NYPD Incident Commander, who will be responsible for ensuring overall site management and will take appropriate action to ensure that only authorized and necessary personnel are allowed access within the Outer Perimeter and that they enter within the Outer Perimeter in a controlled and coordinated manner.

The life and safety of all involved persons and the public is of paramount concern. The CIMS states that, "life safety operations are the highest priority Incident Objectives and will be initiated by the first responding resources capable of performing rescue." Therefore, when necessary, all appropriate agencies will be notified, resources requested, and access of all required personnel to the incident scene will be permitted in order to ensure that the life and safety of all involved persons are protected.

In the event that there is an ongoing uncontrolled release/leak or a functioning device is actively "disseminating" an unknown substance, the first appropriately trained and equipped personnel will be allowed access to the incident/crime scene to stop/control the release/leak or deactivate the dissemination device. Absent extraordinary circumstances, an envelope or parcel containing an unknown substance is NOT considered an uncontrolled release/leak or a functioning/active "disseminating" device. If a member of the service suspects that the dissemination device may be "booby trapped" and/or may be some type of explosive device and/or may contain an explosive substance, follow P.G. 212-40, "Bomb Threats/Unattended Articles - Suspected/Reported Explosive Devices and Post Explosion Bomb Scenes."

When members of the NYPD respond and determine that an unknown substance is not CBRN/Hazardous Material evidence and does not otherwise have to be collected/packaged and/or invoiced/safeguarded, if another agency responds and collects/packages the unknown substance, then the NYPD will NOT take custody of the package(s) from the involved agency absent new or additional information indicating the unknown substance is CBRN/Hazardous Material evidence and/or must be collected/packaged and/or invoiced/safeguarded by the NYPD. The patrol

ADDITIONAL DATA (continued)

supervisor will respond and interview the involved agency supervisor and confer with the Emergency Service Unit supervisor and the IBCIS supervisor. If there is an issue that cannot be resolved, the patrol supervisor will request the immediate response of the Duty Captain.

Inner Perimeter Site Management

Absent emergency circumstances, only authorized and necessary personnel who are properly trained and wearing the appropriate type of Personal Protective Equipment (PPE) will be allowed to enter the Inner Perimeter. The establishment of an appropriately sized Inner Perimeter is a component of the NYPD responsibility for providing “overall site management.”

Crime Scene Site Management

The size of the Crime Scene will depend upon the circumstances of the incident. Initially the size of the Crime Scene should be large and as time progresses and additional facts are discovered, it may be reduced in size. Initially, the size of the Crime Scene should be no smaller than the size of the Inner Perimeter. In order to minimize or avoid the alteration, loss, contamination, degradation, destruction, etc., of physical evidence, civilians and City, state, federal agency personnel who are unauthorized or unnecessary, including unnecessary NYPD personnel, will not be allowed access within the Crime Scene. The establishment of an appropriately sized Crime Scene is a component of the NYPD responsibility for providing “overall site management.”

Outer Perimeter Site Management

Civilians and City/state/federal agency personnel who are unauthorized or unnecessary, including unnecessary NYPD personnel, will not be allowed access within the Outer Perimeter. The Outer Perimeter is established so as to ensure that when necessary: (i) a sufficient level of force protection is provided; (ii) individuals may be safely and expeditiously evacuated; (iii) expeditious access/egress routes are provided for the authorized and necessary responding emergency vehicles; (iv) pedestrian, vehicular and mass transit traffic is appropriately controlled; (v) witnesses and investigative evidence are expeditiously identified and secured/safeguarded; (vi) crowds are properly managed; and, (vii) the affected area, buildings, property, etc., are appropriately secured. The establishment of an appropriately sized Outer Perimeter is a component of the NYPD responsibility for providing “overall site management.”

AGENCIES/UNITS INVOLVED IN A CBRN/HAZARDOUS MATERIAL INCIDENT

NYPD Emergency Service Unit - The Emergency Service Unit will be the lead unit in the NYPD with respect to assessing an unknown substance suspected of being a CBRN/Hazardous Material and will be assisted at the incident site by the NYC Department of Environmental Protection.

NYC Fire Department - The Mayor’s Citywide Incident Management System states that the core competencies of the NYC Fire Department include fire suppression; patient care and transport; search and rescue; and, CBRN/Hazardous Material life safety and mass decontamination. The Mayor’s Citywide Incident Management System also states that at a CBRN/Hazardous Material incident the NYC Fire Department, “will be responsible for life safety operations and mass decontamination.”

ADDITIONAL DATA (continued)

NYC Department of Environmental Protection - Personnel are engineers/scientists who are experts regarding military chemical agents, toxic industrial chemicals, and other types of chemical compounds. Personnel are also highly trained and experienced CBRN/Hazardous Materials first responders who utilize scientific instruments and laboratory techniques in the field to identify the chemical composition of unknown substances; and, they are supported by a New York State accredited Hazardous Materials laboratory. Personnel also perform air, water and soil sampling/analysis; conduct air plume dispersion modeling; identify/monitor contamination zones; determine the appropriate mitigation, containment, collection, disposal, decontamination, remediation, etc., plans, procedures and methods; and perform or direct the appropriate governmental and/or private assets to perform all or part of the required mitigation, containment, collection, disposal, decontamination, remediation actions.

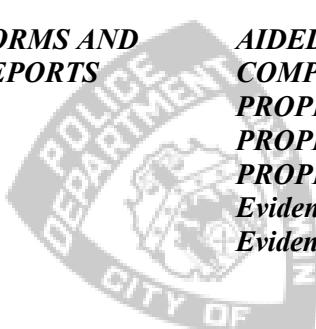

NYC Department of Health and Mental Hygiene - Personnel are medical doctors, scientists, health care providers and public health professionals who are experts regarding biological weapon agents and hazardous biological organisms/toxins, communicable diseases, epidemiology, radioactive materials/contamination, laboratory sciences, environmental science/engineering poisons, contaminated food/water, veterinary/pest control, decontamination plans/methods, and other public health related subjects. Personnel are supported by a nationally accredited "Bio-Threat Response" Public Health Laboratory whose function is to determine whether an unknown substance is a biological weapon agent or hazardous biological organism/toxin. Personnel will provide assistance and/or respond to an incident scene when specifically requested or when particular pre-designated circumstances exist.

PERSONAL RADIATION DETECTION PAGER ALARMS

DATE ISSUED:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
01/13/21	01/13/21		1 of 3

PURPOSE

To investigate personal radiation detection pager alarms emanating from radiological materials that may endanger the public, and to establish a process to record occurrences of radiation alerts for the purpose of:

- a. Investigating elevated readings
- b. Determining if further investigation or action is warranted
- c. Documenting locations where activations have occurred.

SCOPE

Personal radiation detection pagers, designed as early warning devices, will be issued ONLY to trained supervisors/designated members in order to detect/investigate the presence of hazardous radiological materials that may endanger the public and members of the service.

DEFINITIONS

For the purpose of this procedure, the following definitions will apply:

PERSONAL RADIATION DETECTION PAGER ALARM - A sensitive search device, usually pager sized, designed to alert increased levels of gamma radiation. The alerts allow the wearer to track, isolate and identify sources emitting gamma radiation. Personal radiation detection pager alarms are designed as interdiction tools alerting officers to the presence of radiation fields that they would not normally be aware of.

NOTE

Personal radiation detection pager alarms shall be deployed in accordance with P.G. 219-27, "Issuance and Maintenance of Radiation Detection Pagers Assigned to Commands."

HOSTILE ALARM – Through investigation, interview, and/or personal experience, the trained supervisor/designated member determines that the alarm activation resulted from a reading emanating from a substance or device that is suspicious or criminal in nature or if the member cannot identify the source of an alarm.

IDENTIFIED ALARM – Through investigation, interview and/or personal experience, trained supervisor/designated member identifies alarm as both non-criminal and non-threatening. Examples of sources that may cause an identified alarm include, but are not limited to: licensed medical transporters, power plants, research/medical facilities, naturally occurring background radiation and common construction materials.

INNOCENT ALARM – Through investigation, trained supervisor/designated member determines that the alarm activation was due to the proximity to an individual following, or who is in the course of receiving medical radiation treatment.

INTERACTION WITH HEARING IMPAIRED PERSONS

DATE ISSUED:
07/01/20

DATE EFFECTIVE:
07/01/20

REVISION NUMBER:

PAGE:
1 of 3

PURPOSE

To facilitate the process of effective communication with members of the public who are hearing impaired, including aided cases, crime victims, witnesses, suspects or arrestees, and to obtain information from such individuals, through the use of sign language interpreters or other auxiliary aids and services.

SCOPE

The Americans with Disabilities Act, state and local law, in addition to Department policy and procedure, requires that the Department maintain effective services, practices and policies to ensure that the needs of hearing impaired individuals are protected.

DEFINITIONS

HEARING IMPAIRED – A person who possesses hearing abilities that are limited to the extent that it constitutes a substantial limitation of an individual's activities. The impairment is to such a degree that it will be readily apparent to a member of the service that the individual has difficulty understanding what is communicated orally.

AUXILIARY AIDS – In addition to the services of a qualified sign language interpreter, the use of gestures or visual aids to supplement oral communication, use of a notepad and pen/pencil to exchange written notes, use of an assistive listening system or device to amplify sound or other effective methods of delivering information or communicating with an individual who is hearing impaired. Auxiliary aids may also include the use of text telephones or other devices, accessed via use of a Telecommunications Relay Service (TRS), or an individual's personal communication device (such as a personal digital assistant [PDA], telephone with text capability, etc.).

NOTE

The type of aid that will be required for effective communication will depend on the hearing impaired person's usual method of communication. To serve each individual effectively, primary consideration should be given to providing the type of communication aid or service requested by the individual. Persons with hearing impairments must not be charged for the cost of an auxiliary aid or service which is needed for effective communication.

QUALIFIED SIGN LANGUAGE INTERPRETER – A qualified sign language interpreter is one who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. A qualified interpreter must be able to interpret impartially, therefore, under some circumstances (e.g., a domestic dispute, etc.), a family member, child or friend of the individual with a hearing impairment may not be qualified to render the necessary interpretation.

NOTE

Every effort should be made to have a person not connected with the incident serve as an interpreter. In exigent circumstances, the need to immediately communicate may take precedence over the effort to secure an interpreter not involved in the incident.

DEFINITIONS (continued)

TELECOMMUNICATIONS RELAY SERVICE (TRS) – The Federal Communications Commission (FCC) has adopted use of the “711” dialing code for access to TRS. This permits persons with a hearing or speech disability to use the telephone system via a telephone typewriter (TTY) or other device to call persons with or without such disabilities. Conversely, voice users can also dial “711” to be connected to a TRS operator, who will then relay the message to a person with a hearing or speech disability via a TTY or other device.

311 SYSTEM FOR INDIVIDUALS WITH HEARING IMPAIRMENTS – The City of New York also maintains a “311” non-emergency system for individuals with hearing impairments. Persons with hearing impairments who wish to inquire about City services or make complaints regarding a specific City agency or service, can be directed to TTY number (212) 504-4115. The “311” operator will then direct the inquiry/complaint to the appropriate City agency.

PROCEDURE

When a member of the service has cause to interact with an individual who is hearing impaired:

MEMBER OF THE SERVICE

1. Ascertain from the person with the hearing impairment the type of auxiliary aid or services he/she requires.
2. Utilize appropriate auxiliary aids to facilitate communication.
3. Contact the desk officer if the services of a qualified sign language interpreter are needed.
4. Follow P.G. 208-03, “Arrests – General Processing” in arrest situations where probable cause has been established.

NOTE

In cases where probable cause has been developed, the arrest of a hearing impaired person shall proceed in accordance with standard arrest and safety procedures. Should communication with a hearing impaired suspect be necessary to establish probable cause, or for a pre-arrest interview, etc., the appropriate auxiliary aid should be employed. When dealing with hearing impaired arrestees, auxiliary aids will be used to communicate with the arrestee (e.g., informing arrestee of charges and nature of the offense, interrogation, etc.). In situations where an arrestee would be permitted use of a telephone, a qualified sign language interpreter can be used to communicate for a hearing impaired arrestee, and the use of the TRS can be employed where the recipient of a call uses a TTY.

5. Document in detail any auxiliary aids utilized in digital Activity Log.

DESK OFFICER

6. Ensure that auxiliary aids are utilized, if necessary.
7. Evaluate whether the services of a qualified sign language interpreter are necessary.

NOTE

In cases where the services of a qualified sign language interpreter are needed, the Operations Unit should be contacted.

To provide members of the service with guidance on how to assist a person who is requesting a U visa certification and/or a T visa declaration.

DEFINITIONS

USCIS – United States Citizenship and Immigration Services (USCIS) is the federal component of the Department of Homeland Security (DHS) that has the sole authority to approve or deny (adjudicate) petitions for U nonimmigrant status (U visa) and/or T nonimmigrant status (T visa).

NOTE

Uniformed members of the service should not directly collect, handle, or forward any documents related to a certification request from members of the public.

The Chief of Department's Domestic Violence Unit is the Department's designated U Visa Certification Office. This office reviews all certification requests regardless of the qualifying criminal activity. Uniformed members of the service should be aware that members of the public may not be familiar with the word "certification," and may instead ask for a "U visa," "U status," or the "U." The Department does not give or assign any immigration status. Uniformed members of the service should follow the applicable portions of this procedure when asked about U status, U certifications, U visas, or any related colloquial terms for U nonimmigrant status.

The Vice Enforcement Unit is the Department's designated T Visa Declaration Office and therefore, it is the only entity with the authority to receive and review requests for declaration, including any documents related to the request. The Office reviews each request and makes a determination on a case-by-case basis. Requesting a declaration from the Department does not guarantee that the applicant will receive it. A completed T visa declaration does not assign legal immigration status. The Department does not have authority to assign or give any immigration status.

IN ALL CASES

UNIFORMED MEMBER OF THE SERVICE

8. Comply with New York City's policy regarding immigrants, as delineated in *P.G. 212-66, "City Policy Concerning Identifying Information and Access to City Services."*

REMOVAL OF FIREARMS FROM LICENSEE/PERMIT HOLDER

The Department has broad authority to remove firearms and temporarily suspend a license/permit during the investigation of an incident as outlined above. Prior conferral with the License Division, Incident Section is not required in order to remove firearms and a license/permit from a licensee or permit holder. Members are reminded that public safety is the overriding concern when considering the removal of a licensed firearm.

If the firearm cannot be readily obtained at the time the decision to remove firearm is made, the licensee or permit holder shall be advised that he or she must surrender said firearm(s) pursuant to License Division regulations, and shall be given an opportunity to surrender them voluntarily. In the case of an arrest, or an Order of Protection, or any assessment of imminent danger, if the firearm(s) cannot be obtained by consent, and there is probable cause to believe that they are in a particular location, a search warrant will be obtained prior to seizure of the firearm(s), unless exigent circumstances justify an immediate seizure. The supervisor assigned will make every effort to obtain the firearm(s) either by consent or with a search warrant.

In all cases, the investigating supervisor and reporting officer(s) must be made available upon request of the License Division investigators to discuss the incident and provide assistance during follow-up investigations and possible hearings at the License Division.

A check of the Automated License Permit System (ALPS) can be conducted to determine whether a person (or any person at a given address) has an active handgun license or rifle/shotgun permit. Members of the service can access the system through the Department's Intranet site under "NYPD Applications."

WRITTEN AUTHORIZATION REQUIRED FOR NEW YORK STATE NON-NEW YORK CITY LICENSEES TO TRAVEL WITHIN NEW YORK CITY

If a licensee is transporting their firearm pursuant to step "6," subdivision "c," of this procedure, ascertain if the licensee holds a license that was issued by the NYPD License Division, or holds a license that was issued outside of New York City. A New York State, non-New York City, licensee may only transport to a specific New York City location with prior written authorization from the License Division. Review the furnished authorization to determine if the licensee is acting within its conditions – including whether the licensee is at the New York City location on the date(s) specified, or is traveling directly from the authorized New York State location to the specified New York City location, or from the authorized New York City location back to the authorized New York State location.

ADDITIONAL DATA OPERATIONAL CONSIDERATIONS

When entering a Department facility equipped with an electronic access control system, uniformed members of the service should cover the lens of their BWC while entering the access code into the keypad to prevent the inadvertent recording of access information.

The BWC and related hardware/software, as well as video, audio and data captured by the BWC, irrespective of the content, are at all times the property of the Department. Other than providing copies of BWC video to members of the Department for official purposes (e.g., arresting officers processing an arrest, detectives conducting criminal investigation, etc.) and prosecutors as described above, uniformed members of the service may not copy, publish, share or disseminate any audio, video, image or data to anyone unless authorized by the Police Commissioner. Furthermore, members of the service may not edit, delete or alter any video or audio captured by the BWC or stored on the Department's network or approved storage media. The video management system maintains an audit trail for all transactions conducted in the system.

The default preservation period for BWC video is eighteen months, at which time it will be automatically deleted. Depending upon the "category" assigned to the video, certain videos (e.g., arrests) may be retained for longer periods. Commanding officers may request that a BWC recording be retained beyond the prescribed retention period, if necessary. Requests should be submitted through channels to the Deputy Commissioner, Information Technology, detailing the reasons for the request and expected duration of the preservation.

LEGAL CONSIDERATIONS

The Department is required by law to disclose certain information and material related to criminal and civil proceedings pursuant to the New York Criminal Procedure Law, People v. Rosario, rules governing discovery in civil cases, The Freedom of Information Law (F.O.I.L.), subpoenas, and court orders. The Legal Bureau's Subpoena Litigation Unit will respond to subpoenas, court orders, and F.O.I.L. requests as per P.G. 211-17, "Processing Legal Bureau Requests for Department Records Including Requests Under the Freedom of Information Law." The Internal Affairs Bureau will process requests from the Civilian Complaint Review Board for body-worn camera video as per P.G. 211-14, "Investigations by Civilian Complaint Review Board." Arresting officers will provide the assigned prosecutor with access to all BWC video related to an arrest utilizing the BWC video management system.

Confirmatory identifications ("show-ups") must be done in person and not by the witness viewing a BWC video of the suspect. An image of a suspect depicted in a BWC video may be used in a photo array for identification. A still shot of the BWC footage depicting the subject may be taken on a Department computer, printed, and thereafter affixed to a photo array for

identification. Requests by a witness or victim to view a BWC recording must be declined and referred to the appropriate prosecutor handling the case. Requests by civilians to view a BWC recording that is not related to a criminal case must be declined and referred to the Legal Bureau's Subpoena Litigation Unit. Requests for BWC recordings can be made by emailing FOIL@NYPD.ORG or by making a request on New York City's FOIL website at <https://a860-openrecords.nyc.gov>.

Any member of the service requiring BWC footage to be downloaded to a digital video disc (DVD), as part of their case work or investigation, should email such request to the Legal Bureau's Body-Worn Camera Unit at bwc-legal@nypd.org. All requests should include pertinent information regarding the specific BWC video(s) or specific details of the incident to ensure all necessary BWC footage is identified and downloaded.

- a. A UAS cannot be used for the following purposes:
 - (1) Warrantless surveillance
 - (2) Routine patrol
 - (3) Traffic enforcement
 - (4) Immobilizing vehicles or suspects.
- b. Absent exigent circumstances, a UAS will **NOT** be deployed in areas where there is a reasonable expectation of privacy (e.g., to look inside of residences), without first obtaining a search warrant that explicitly authorizes the use of a UAS. After the search warrant is issued, a UAS may be used for a pre-warrant execution safety survey
- c. A UAS will **NOT** be used as a weapon or equipped with any weapons

REQUESTS TO PROVIDE CITY RESOURCES FOR IMMIGRATION ENFORCEMENT

DATE ISSUED:
06/24/20

DATE EFFECTIVE:
06/24/20

REVISION NUMBER:

PAGE:
1 of 2

PURPOSE

To provide members of the service with guidelines when a non-local law enforcement agency requests, or a member of the service proposes, that the Department provide City resources (i.e., traffic control, vehicle escorts, site security, information or records under the control of the New York State Department of Motor Vehicles [DMV], etc.) to support or assist in immigration enforcement.

DEFINITIONS

CITY PROPERTY - Any real property leased or owned by the City that serves a City governmental purpose and over which the City has operational control.

CITY RESOURCES - Including, but not limited to, time spent by members of the service while on duty, use of City owned equipment, or use of City property.

IMMIGRATION ENFORCEMENT - The enforcement of any civil provision of the Immigration and Nationality Act and any provision of such law that penalizes a person's presence in, entry into, or reentry into the United States.

SCOPE

Members of the service may not use City resources to support or assist in immigration enforcement, except in certain circumstances, as described below.

PROCEDURE

When a non-local law enforcement agency requests, or a member of the service proposes, that the Department provide City resources (i.e., traffic control, vehicle escorts, site security, information or records under the control of the New York State DMV, etc.) to support or assist in immigration enforcement:

MEMBER OF THE SERVICE RECEIVING REQUEST OR MAKING PROPOSAL

1. Notify desk officer, command of occurrence.
2. Provide details of request, or proposed use, including:
 - a. Agency requesting assistance
 - b. Type of assistance requested or proposed
 - c. Reason for request or proposal.

DESK OFFICER, COMMAND OF OCCURRENCE

3. Notify Operations Unit.
4. Provide details of request or proposal.
5. Make Command Log entry with pertinent details.

OPERATIONS UNIT

6. Notify duty chief.
7. Provide details of request or proposal.

DUTY CHIEF

8. Confer with Legal Bureau regarding request or proposal.
9. Determine action to be taken after reviewing the grounds of the request or proposal, considering the need to ensure public safety.
10. Notify Operations Unit of action taken.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-126	06/24/20		2 of 2

NOTE

In emergency, public safety related situations, the decision to support the non-local law enforcement agency will be made by the highest ranking uniformed member of the service at the scene, or in the absence of a supervisor, the senior uniformed member of the service at the scene. That member must immediately notify the Operations Unit of this decision and include details of the circumstances.

There is no emergency exception regarding DMV records. Criminal liability for disclosing these records still applies and is prohibited prior to consultation with the Legal Bureau.

Whenever a uniformed member of the service enforces a State or local criminal law at the scene of an immigration enforcement incident, the highest ranking uniformed member of the service at the scene must notify the Operations Unit regarding details of incident.

OPERATIONS UNIT

11. Notify desk officer, command of occurrence, of action taken or to be taken.
12. Record notifications and actions in a database that will be accessible for statistical analysis.

ADDITIONAL DATA

Members of the service are not required to follow this procedure when performing duties with non-local law enforcement agencies in connection with a cooperative agreement, such as a task force that is not primarily intended to further immigration enforcement, or when responding to requests from the Department of Homeland Security (DHS) for detention of a person in custody beyond the time s/he would be released under state or local law or for advance notice of such person's release.

It is a class E felony under the Vehicle and Traffic Law (VTL), to use DMV records in furtherance of immigration enforcement, or to disclose such records to any non-local law enforcement agency that primarily conducts immigration enforcement. The only exception to the law is if DMV records are to be disclosed in connection with a cooperative agreement (e.g., a task force that is not primarily intended to further immigration enforcement). When a member of the service receives a request from a non-local law enforcement agency that primarily conducts immigration enforcement, and is a member of a taskforce or other cooperative agreement, the member of the service must ascertain the purpose for which the information is sought. Conferrals between the duty chief and the Legal Bureau will focus on whether such requests, and the production of records fall within the mission or scope of the taskforce or agreement.

Members of the services are reminded of Patrol Guide 212-66, "City Policy Concerning Identifying Information and Access to City Services" that affirms the City's policy of providing essential services to all residents regardless of immigration status.

EXTREME RISK PROTECTION ORDER

DATE ISSUED:
07/01/20

DATE EFFECTIVE:
07/01/20

REVISION NUMBER:

PAGE:
1 of 6

PURPOSE

To establish guidelines for uniformed members of the service who apply for, serve, and remove firearms pursuant to an Extreme Risk Protection Order.

DEFINITIONS

EXTREME RISK PROTECTION ORDER – A court issued Order of Protection, either temporary or final, prohibiting a person from purchasing, possessing, or attempting to purchase or possess firearms.

FIREARM – A handgun, revolver, pistol, rifle or shotgun.

RESPONDENT – A person against whom an Extreme Risk Protection Order is sought.

PROCEDURE

When a uniformed member of the service has reasonable cause to believe that an individual who has access to, or intends to acquire a firearm, is likely to engage in conduct that would result in serious harm to themselves or others, and an Extreme Risk Protection Order should be sought:

WHEN AN EXTREME RISK PROTECTION ORDER IS SOUGHT:

UNIFORMED MEMBER OF THE SERVICE

1. Determine if individual is likely to engage in conduct that would result in serious harm to themselves or others, after considering any relevant factors, including, but not limited to:
 - a. Any threat or act of violence, stalking, menacing, or use of physical force by individual against themselves or another person,
 - b. Any violation or alleged violation of an Order of Protection,
 - c. Any pending charge or conviction for an offense involving use of a weapon,
 - d. The reckless use or display of a firearm,
 - e. Any history of violating an Extreme Risk Protection Order,
 - f. Evidence of recent or ongoing use of a controlled substance and/or alcohol, and
 - g. Evidence of acquiring, or attempting to acquire, a firearm, or other deadly weapon, within the preceding six months, and one or more of the factors listed in subdivisions “a” through “f.”

NOTE

The existence, or non-existence, of any of the above factors listed in step “1” does not automatically indicate whether or not an Extreme Risk Protection Order should be sought. All of these factors, and any other relevant information, should be weighed when assessing whether an individual is likely to engage in conduct that would result in serious harm to themselves, or others.

2. Determine if criminal conduct occurred and take appropriate police action.

FACIAL RECOGNITION TECHNOLOGY

DATE EFFECTIVE:
06/10/21

LAST REVISION:
I.O. 47

PAGE:
1 of 4

PURPOSE

To ensure the use of facial recognition technology balances the need for effective, accurate law enforcement investigations, and the need to respect the privacy of citizens.

SCOPE

Facial recognition technology enhances the ability to investigate criminal activity and increases public safety. The facial recognition process does not by itself establish probable cause to arrest or obtain a search warrant, but it may generate investigative leads through a combination of automated biometric comparisons and human analysis.

DEFINITIONS

AUTHORIZED USES - Facial recognition technology must only be used for legitimate law enforcement purposes. Specifically, the following are the only authorized uses for employing facial recognition technology:

- a. To identify an individual when there is a basis to believe that such individual has committed, is committing, or is about to commit a crime,
- b. To identify an individual when there is a basis to believe that such individual is a missing person, crime victim, or witness to criminal activity,
- c. To identify a deceased person,
- d. To identify a person who is incapacitated or otherwise unable to identify themselves,
- e. To identify an individual who is under arrest and does not possess valid identification, is not forthcoming with valid identification, or who appears to be using someone else's identification, or a false identification, or
- f. To mitigate an imminent threat to health or public safety (e.g., to thwart an active terrorism scheme or plot, etc.).

PROBE IMAGE - An image of an unidentified person obtained by the assigned investigator from witnesses, victims, or other reliable sources.

PHOTO REPOSITORY - The controlled and limited group of images against which the probe image is compared. The photo repository only contains arrest and parole photographs. It is stored in a designated, and approved, law enforcement database, and access is restricted to authorized users.

BACKGROUND CHECK - A Real Time Crime Center, Facial Identification Section (RTCC-FIS) investigator evaluates the reliability of a potential match between the probe image and an image from the photo repository. This includes an assessment of available information about the potential match, and relevant details of the investigation.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-129	06/10/21	I.O. 47	2 of 4

DEFINITIONS (continued)

VISUAL COMPARISON - A RTCC-FIS investigator visually compares the differences and similarities between a probe image and a potential match from the photo repository for the purpose of evaluating whether they represent the same person. In general, during this process, an investigator/supervisor compares facial characteristics (e.g., eyes, ears, nose, chin, mouth, hair, overall facial structure, any scars, marks, blemishes, or tattoos, etc.) and general characteristics, such as overall complexion, gender, and age.

POSSIBLE MATCH CANDIDATE - A potential suspect who is identified through a complete facial recognition analysis, which includes facial recognition technology, visual comparison, background investigation and supervisory review. A possible match candidate shall be treated as an investigative lead only. It does not by itself establish probable cause to make an arrest, or obtain an arrest or search warrant. Corroborating information must be developed through additional investigation by the assigned investigator.

PROCEDURE

When an investigator obtains an image depicting the face of an unidentified suspect, victim or witness, and intends to identify the individual using facial recognition technology, which includes any digital comparison of the probe image to photos stored in the photo repository, the assigned investigator must submit a request to the RTCC-FIS for facial recognition analysis:

FACIAL IDENTIFICATION SECTION PERFORMS FACIAL RECOGNITION ANALYSIS:

ASSIGNED INVESTIGATOR

1. Obtain image(s)/video(s) of individual to be identified.
 - a. If video is submitted, include associated software/player.
 - b. If image is from internet/social media, include site link.
2. Upload image(s) to Enterprise Case Management System (ECMS) and submit request to Real Time Crime Center-Facial Identification Section (RTCC-FIS) for facial recognition analysis via an **FIS Request DD5**.

NOTE

*Investigators who do not have access to the Enterprise Case Management System (ECMS) may contact RTCC-FIS via phone or email. Investigators must provide a case or **COMPLAINT REPORT (PD313-152)** number. RTCC-FIS will generate an **FIS Request DD5**.*

RTCC-FIS SUPERVISOR

3. Assign FIS number to request upon receipt of **FIS Request DD5** via ECMS, and direct RTCC-FIS investigator to review request.

RTCC-FIS INVESTIGATOR

4. Confirm underlying basis for request is in compliance with authorized uses of facial recognition technology.
 - a. Document confirmation in ECMS.
5. Select probe image of individual to be identified from images submitted.
 - a. If image quality is unsuitable for facial recognition comparison, notify the assigned investigator via **FIS Image Rejection Report**.
 - b. Permit assigned investigator to submit additional images.

8. Perform detailed background check to confirm reliability of match, if possible match candidate is identified.
9. Submit possible match candidate for peer review. |
| RTCC-FIS SUPERVISOR | 10. Conduct final review of possible match candidate, and approve, if appropriate.

a. Direct RTCC-FIS investigator to report negative results to assigned investigator via FIS No Match Report , if possible match candidate is not identified or approved by supervisor. |
| RTCC-FIS INVESTIGATOR | 13. Prepare FIS Possible Match Report and upload to assigned investigator's ECMS case file, if supervisor confirms possible match candidate.
a. FIS Possible Match Report shall include probe image, and notification stating that determination of a possible match candidate alone does not constitute probable cause to effect an arrest, or obtain an arrest or search warrant, and that further investigation is needed to establish probable cause.
b. Forward FIS Possible Match Report using same method used to submit request for facial recognition analysis, if request is from outside law enforcement agency.
14. Retain all records of facial recognition searches, including associated FIS case number, reason each search was requested, details, and search results, and upload them into the ECMS case file. |
| ASSIGNED INVESTIGATOR | 15. Conduct further investigation to determine whether possible match candidate is connected to, or involved in, incident under investigation, upon receipt of FIS Possible Match Report in order to establish probable cause.
16. Continue investigation, (i.e., obtaining additional suitable images for another submission to RTCC-FIS), if no possible match candidate was determined, or image was rejected. |
| ADDITIONAL DATA | <i>The use of facial recognition technology that compares probe images against images outside the photo repository is prohibited, unless approval is granted for such analysis in a specific case for an articulable reason by the Chief of Detectives or Deputy Commissioner, Intelligence and Counterterrorism.</i> |

RTCC-FIS and Detective Squad supervisors shall comply with P.G. 219-14, "Department Computer Systems" to evaluate and monitor compliance with this procedure by investigators who utilize facial recognition technology.

Members of the Detective Bureau should direct all requests from outside agencies to RTCC-FIS on an "FIS Outside Agency Form." A copy of a complaint report from another law enforcement agency must be submitted with the "FIS Outside Agency Form."

The Intelligence Bureau shall also follow an analogous procedure when Intelligence Bureau investigators utilize facial recognition technology and will abide by Handschu Guidelines whenever they apply.

PURPOSE

To have personnel respond rapidly to the scene of an unusual disorder/emergency incident.

PROCEDURE

When IMMEDIATE assistance is required at the scene of an unusual disorder/emergency incident:

PATROL SUPERVISOR

1. Assess situation and, if needed, activate Mobilization Level 1 through radio dispatcher.
 - a. Patrol supervisors are authorized to activate a Mobilization Level 1.
 - b. Consult with commanding officer/duty captain prior to activating a Level 1 mobilization for a missing person investigation, absent exigent circumstances.
2. Notify commanding officer/duty captain, if assistance is required beyond a Level 1 mobilization.
 - a. Upon activation, commanding officer/duty captain will immediately respond to scene.

PLATOON COMMANDER

3. Respond to scene of incident and assume duties of the Incident Commander.
 - a. Upon arrival of the commanding officer/duty captain, assume the duties of the Operations Officer in the field command post, and
 - b. Advise Incident Commander, as necessary.

NOTE

For incidents occurring in areas that are the responsibility of the Housing Bureau or Transit Bureau, the Housing Bureau or Transit Bureau platoon commander should, if not on scene, respond and assume the duties and responsibilities as described in step 3 above.

DUTY CAPTAIN

4. Respond to scene.
 - a. Contact the command post, while enroute, and get an estimation of the situation from the patrol supervisor/platoon commander at scene.
 - b. Assess situation and activate a further mobilization (see pages 7 through 11), after conferral, if necessary.
 - (1) Communicate the number of personnel and the level of mobilization required to the patrol borough, Communications Section or the Operations Unit.

NOTE

Mobilization Levels 2, 3 or 4 require the authorization of a captain or above. The captain need not be on the scene, but if authorizing any further mobilization while not at the scene, he/she must communicate with one of the following:

- a. *Patrol supervisor/platoon commander*
- b. *Patrol borough concerned*
- c. *Operations Unit.*

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
213-03	08/28/19		2 of 13

**NOTE
(continued)**

Mobilization levels need not be utilized in consecutive order. Circumstances may dictate activating Mobilization Level 3 before Level 2 or Level 2 before Level 1. HOWEVER, CAUTION SHOULD BE TAKEN WHEN UTILIZING THESE CODES IN OTHER THAN CONSECUTIVE ORDER BECAUSE PERSONNEL AND EQUIPMENT IN THE OMITTED MOBILIZATION LEVEL WILL NOT RESPOND.

The supervisor activating a mobilization should notify the Operations Unit of personnel and/or equipment that is NOT required. The Operations Unit will then notify units concerned.

All units will comply with duties as listed in the applicable Patrol Guide (213 Series), Operations Unit directions and their respective unit unusual disorder plans.

ACTIVATING SUPERVISOR

5. Notify Operations Unit and patrol borough concerned of the situation that resulted in mobilization.
6. Maintain control of members of the service.
7. Be prepared to brief ranking members of the service.
8. Designate a mobilization point and advise Communications Section of mobilization point and route to be used by responding members.
9. Provide for security of Department resources at the mobilization point and any staging areas utilized.
10. Provide traffic post coverage to allow for the quick access of responding units.
11. Update the Operations Unit and the patrol borough concerned.
12. Act as "Incident Commander" until relieved or until a higher ranking uniformed member from the Patrol Services Bureau, Housing Bureau, or Transit Bureau, assumes command.

NOTE

At the scene of an emergency incident to which a uniformed member of the service in the rank of captain or above is not responding, the platoon commander, or if not available, the patrol supervisor precinct / PSA / transit district of occurrence will assume command as the Incident Commander / Agency Incident Commander until a transfer of command or demobilization occurs.

Based upon the nature and size of the emergency incident, the patrol Duty Captain or Duty Inspector or Duty Chief or Patrol Borough Commanding Officer / Executive Officer may respond. The Patrol Borough Commanding Officer / Executive Officer or if not available, highest ranking patrol Duty supervisor at the scene of the emergency incident will:

1. assume command, or
2. designate the appropriate Incident Commander / Agency Incident Commander, or
3. direct that a transfer of command to an appropriate Incident Commander / Agency Incident Commander occurs.

The Incident Commander / Agency Incident Commander may only be superseded by the Police Commissioner, First Deputy Commissioner, Chief of Department or senior ranking operational Bureau Chief. Other deputy commissioners may render advice and assistance to the Incident Commander / Agency Incident Commander but may not assume command of the incident.

If the incident is of a nature where specialized knowledge or expertise is necessary for the most effective police response (i.e., subway accidents, emergencies in public housing developments, etc.), the Incident Commander shall designate an appropriate ranking member with the

ADDITIONAL DATA

PATROL BOROUGH OPERATIONAL COMMAND IN THE EVENT OF AN EMERGENCY RESPONSE PLAN ACTIVATION

1. *Patrol Guide procedure 213-03, "Rapid Mobilization," states as follows, "At the scene of a large scale unusual disorder or other emergency incident, the highest ranking uniformed police supervisor is in command and will be designated as Incident Commander." It further states, "In most cases, the designee will be the highest ranking member from the bureau involved (e.g., the Housing Bureau for public housing incidents, the Transit Bureau for subway incidents, the Chief of Transportation for traffic emergencies, etc.)." Designating an Incident Commander provides centralized command at the scene of an emergency.*
2. *If an incident occurs under the "stand-alone" model concept, patrol borough commander(s) will assume operational command of ALL Department resources within their geographical area of responsibility with the exception of Chief of Citywide Operations personnel, Facilities Management Division Personnel, and the Transit Bureau.
 - a. The Transit Bureau will initiate citywide "stand-alone" operations at the Transit Bureau headquarters in Brooklyn.*
3. *Under this concept, the Chief of Department/designee will confer with the Deputy Commissioner, Management & Budget to determine which resources assigned to the Facilities Management Division can be made available to the appropriate patrol borough commander. As an event unfolds, follow-up conferrals can be conducted to adjust the availability of resources accordingly. The decision(s) reached by the Chief of Department/designee will be communicated to the appropriate patrol borough commander.*
4. *When it is determined that patrol borough(s) will operate under the "stand-alone" concept, patrol borough commands will activate borough command posts in accordance with standard operating procedures. Additionally, representatives will be assigned from the Detective Borough, Intelligence Bureau, Housing Bureau, Chief of Transportation, School Safety Division, Chief of Citywide Operations, and any other unit deemed appropriate by the patrol borough commander. An operational plan should be developed by each patrol borough to facilitate "stand-alone" operations. It should include, at minimum, pre-designated assignments among the borough staff and outside command representatives, identification of necessary equipment and support staff, as well as providing for a relief factor. Since each patrol borough is unique, the borough commander should tailor plans that will address the needs of that particular patrol borough, i.e., potential for civil disorder, public panic, the threat of secondary events, etc. However, patrol borough commanders must recognize that the NYPD Emergency Operations Center retains the authority to direct movement and allocation of resources out of the patrol borough in response to incidents elsewhere throughout the City.*

LARGE SCALE ARREST PROCESSING PROCEDURE

DATE ISSUED:
07/01/14

DATE EFFECTIVE:
07/01/14

REVISION NUMBER:

PAGE:
1 of 2

PURPOSE

To establish a coordinated arrest processing procedure for situations in which the number of arrests effected is, or is anticipated to be, in excess of twenty persons, (i.e. organized demonstration, large scale disorder, large police enforcement initiatives, etc.).

NOTE

In the borough of Manhattan or Brooklyn North, the former Manhattan Central Booking facility, (enabled with OLBS and Livescan capabilities), is available to process arrests. Commanding officers interested in using this facility must notify the Commanding Officer, Manhattan Court Section.

PROCEDURE

When it is anticipated that a large number of arrests will be effected:

BOROUGH COMMANDER

1. Establish and maintain a list of all the precinct stationhouses within the Patrol Borough, **in priority order**, for utilization to process up to twenty persons in mass arrest situations.

NOTE

Each of the eight Patrol Boroughs will forward an updated copy of this list to the Operations Unit.

2. Establish priority of the stationhouses to be utilized based on each precinct stationhouse's ability to simultaneously process multiple prisoners with minimal interference to that command's day to day operations.

NOTE

When determining the priority in which precinct stationhouses will be utilized first in each Patrol Borough, consideration will be given to the precinct's physical layout, its ability to secure multiple prisoners at one time and the space available for arresting/assigned officers to prepare required arrest related forms and reports, (geographical considerations may also be given at the actual time of the incident before precincts are utilized).

INCIDENT COMMANDER

3. Have groups of no more than twenty prisoners with their arresting/assigned officers and one supervisor from the scene of arrest, transported to designated precinct stationhouse(s) via patrol wagon.

NOTE

Every effort will be made to have arresting/assigned officer's process no more than five prisoners and the arrest supervisors assigned no more than four arresting/assigned officers, when practical.

4. Ensure arresting/assigned officers have definite knowledge of the arrest, and can articulate the factual elements of the offense for which the arrests were effected.
5. Have the desk officer of the processing precinct notified of the number of prisoners that are enroute to their command for processing.

NOTE

Precinct commanders will ensure that their commands have an adequate supply of arrest related forms and reports readily available in the event their stationhouse is utilized.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
213-06	07/01/14		2 of 2

ARREST SUPERVISOR

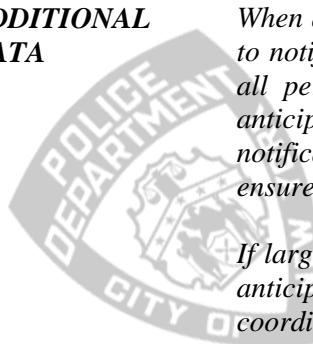

6. Ensure that each prisoner is photographed with their arresting/assigned officer before boarding patrol wagon and affix **MASS ARREST PEDIGREE LABEL (PD244-093)** to each printed digital photo, with all relevant captions completed.
7. Contact the Incident Commander/Command Post, upon arrival at processing precinct stationhouse, to verify if prisoners will be processed as on-line arrests or be issued **DESK APPEARANCE TICKETS (PD260-121)** and/or Criminal Court Summons, if qualified.
8. Ensure that city, state and federal warrant checks are performed.
9. Directly supervise all arrest processing, as per that borough's arrest processing procedures.

NOTE

The precinct Arrest Processing Officer (APO), will assist the arrest processing supervisor and arresting/assigned officer in all computer functions and ensure all appropriate forms are prepared so that the District Attorney's Office will be able to prepare a Sworn Complaint. The primary function of the Arrest Processing Officer is to return the arresting/assigned officer to patrol during large scale demonstrations, disorder or enforcement initiatives. The arrest processing supervisor will identify another member of the service, who is qualified in Livescan, to fingerprint ALL prisoners that are required to be fingerprinted.

10. Review and sign, where appropriate, all arrest related documents and forms for accuracy and completeness upon completion of arrest processing, including **DESK APPEARANCE TICKETS** and Criminal Court Summons issued (ensuring the appropriate return date has been issued).
11. Contact Incident Commander/Command Post to receive approval before releasing any defendant issued a **DESK APPEARANCE TICKET** or Criminal Court Summons, and if applicable, to request transportation to the appropriate Court for prisoners processed as on-line arrests.

ADDITIONAL DATA

When a large scale arrest situation is anticipated, the commanding officer concerned is to notify the concerned borough Court Section supervisor, via telephone message, with all pertinent information, including the date and time of scheduled event and the anticipated number of arrests. The borough Court Section will then make appropriate notifications to the District Attorney's Office and Office of Court Administration to ensure all arrests are processed expeditiously.

If large scale arrest situations are scheduled sufficiently in advance, and the number of anticipated arrests dictate it, a centralized processing area may be utilized and coordinated through the concerned borough Court Section.

Plan "A", "B" or "C" may be activated by the Chief of Transportation or higher authority, on a citywide basis or within a borough as required. The Plans may also be implemented by a borough commander within the borough or any part thereof.

When an Emergency Plan is activated or discontinued, the commanding officer authorizing such action will notify the Operations Unit.

When any traffic related problem is observed, or information is received indicating such a problem, the radio dispatcher will be notified via radio or landline. Corrective action is to be taken by the members concerned.

When a precinct commander determines that coverage of a previously established prioritized traffic post for Plan "A" is no longer warranted, or that a new location should be added, he will amend the post list accordingly and forward a revised copy to the patrol borough commander. The patrol borough commander shall endorse the revised post list and forward a copy to the Patrol Services Bureau, Traffic Management Center and the Traffic Enforcement District.

DUTIES AND RESPONSIBILITIES AT SPECIAL EVENTS

DATE ISSUED:
01/13/21DATE EFFECTIVE:
01/13/21

REVISION NUMBER:

PAGE:
1 of 6**PURPOSE**

To ensure the orderly passage of participants, the safety of spectators and the efficient rerouting of traffic at parades, demonstrations, and other large scale special events.

DEFINITION

INCIDENT COMMANDER - The highest ranking uniformed police supervisor responsible for the command, control and coordination of all incident operations. For planned events such as parades, demonstrations, and similar situations, the precinct commanding officer will ordinarily be designated as incident commander. If the event occurs in two or more commands within the same patrol borough, the patrol borough commander will be designated as incident commander, and in cases where the event affects more than one patrol borough, the Chief of Patrol will be designated as incident commander.

PROCEDURE

When commencing police operations at the scene of a special event:

INCIDENT COMMANDER

1. Coordinate participation of the following agencies at all major special events: Fire Department, Department of Traffic, Department of Buildings, Department of Sanitation, Emergency Medical Service, and any other agencies deemed necessary.
2. Request NYC Transit to post appropriate signage regarding all adjustments to bus and subway routes or schedules
3. Inspect event location or parade route, including parade formation and dismissal areas.
4. Divide entire area affected by event into sectors.
5. Include the following in event sectors:
 - a. Public transportation facilities located within and one block of these areas.
 - b. Streets and avenues within formation and dismissal areas and public transportation facilities within one block of these areas.

NOTE

When practical, assign the same sector and unit commanders to the same event area or parade route at each succeeding event regardless of regular assignment. This will enable commanders to become familiar with all conditions within their sectors.

6. Designate location of main and sector command posts at appropriate points within event area or along parade route.
 - a. Place command post near reviewing stands
 - b. Designate parking area for official cars
 - c. Notify Operations Unit of location and telephone number of main and sector command posts

INCIDENT COMMANDER (continued)

7. Cause event area or parade route to be re-inspected twenty-four hours prior to event and note conditions requiring special attention or change in plans (e.g., construction detours, etc.).
8. Direct precinct commanders, through whose commands the parade will pass to:
 - a. Post temporary parking restriction signs sufficiently in advance of parade.
 - b. Assign personnel to prevent parking along parade route, formation and dismissal areas, and if necessary, cross and parallel streets one block either side of route.
9. Designate important cross streets as "through streets" for buses, fire apparatus, ambulances and other emergency vehicles and notify appropriate agencies of these designated locations.
 - a. Exclude spectators for a distance of one hundred feet, from parade route on side streets which are bus, fire, ambulance and other emergency vehicle "through streets" and twenty-five feet on parade route from corners of such "through streets".
10. Assign members of the service to traffic duty at intersections along the route or in the vicinity of the event location and on blocks at either side, as necessary for control of vehicular traffic.
11. Confer with Operations Unit prior to commencement of event regarding local or citywide conditions or incidents that may affect police operations.

NOTE

In cases in which the special event is a demonstration, information on expected street and sidewalk closings and information on how the public may access a demonstration site will be disseminated to the media and event organizers and should, if possible, be posted on the Department's website. Officers assigned to such events should be given detailed instructions on such closings and points of access prior to assignment. Detail supervisors should also be advised of street closures and points of access and any changes of points of access which occur during the event and which were not previously anticipated and publicized. Officers assigned to such events shall provide information to the public at the event about available points of access.

Barrier configuration for demonstrations should not unreasonably restrict access to, and participation in, the event. For example, attendees should be permitted to leave a barriered area at any time. In addition, if crowd conditions and other circumstances permit, participants should be permitted to leave and return to the same area. Sufficient openings in the barricades should be maintained for the purpose of permitting attendees to leave expeditiously and return to the event.

Where the use of the Mounted Unit becomes necessary for crowd control purposes, incident commanders are reminded that if Mounted officers are deployed for such purposes, it is important to ensure that a crowd or group to be dispersed has sufficient avenues of egress available to them and has had a reasonable chance to disperse.

CITYWIDE SECURITY ALERT LEVELS

DATE ISSUED:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
03/11/21	03/11/21		1 of 1

1. In light of the ongoing threat of terrorist attacks against the City of New York, the New York City Police Department has created "Citywide Security Alert Levels" similar to those used by the Federal Office of Homeland Security. These alert levels are discussed in detail in a newly published document to be distributed in book form. This book will replace the "Citywide Security Assessment Plan." As such, with the publication and distribution of the new book, post assignments will no longer be referred to as ALPHA, BRAVO, GAMMA, OR OMEGA. The new alert levels are as follows:

<u>ALERT LEVEL</u>	RISK CONDITION	
Green	Low	Low Risk Of Terrorist Attacks
Blue	Guarded	General Risk Of Terrorist Attacks
Yellow	Elevated	Significant Risk Of Terrorist Attacks
Orange	High	High Risk Of Terrorist Attacks
Red	Severe	Severe Risk Of Terrorist Attacks

Post assignments made in connection with these new alert levels shall be referred to by the appropriate color code. Commanding officers will ensure that all personnel are properly trained in the new system of alert levels.

2. The Deputy Commissioner, Intelligence and Counterterrorism has compiled into book form a series of responsibilities for various bureaus/commands, indicating actions to be taken under each security level. These books have been distributed to affected commands, through the appropriate bureau chiefs/deputy commissioners and will be maintained in the "Command Reference Library" as per *Administrative Guide procedure 325-18*.

3. The City of New York, which has been the target of terrorists four times in recent years, twice successfully, is currently at threat level "Orange." Any changes in the threat level for the City of New York will be transmitted via a FINEST Message.

INTEROPERABILITY CHANNELS

DATE ISSUED:
02/04/15DATE EFFECTIVE:
02/04/15

REVISION NUMBER:

PAGE:
1 of 1

1. There will be times during an emergency situation where it will be necessary for personnel from the New York City Fire Department to communicate directly with a New York City Police Department counterpart. Examples of emergency situations include, but are not limited to, terrorist attacks, major building collapses, and large structural fires. To facilitate this communication, a series of N.Y.P.D. interoperability radio channels are available.

2. In the event of such a situation, members of the New York City Fire Department, at the level of Battalion Chief and above, and Emergency Medical Service (EMS) Chief Officer, have been issued radios that are programmed with all interoperability frequencies. To activate the frequency, the F.D.N.Y. Incident Commander, or Emergency Medical Service, Chief Officer will notify the Fire Department Operations Center (FDOC), and request the activation of an interoperability frequency. The FDOC will then notify the N.Y.P.D. Communications Division and request activation. The Communications Section platoon commander will notify the Operations Unit, the Electronics Section, and the N.Y.P.D. Incident Commander on the scene. The Communications Section platoon commander will then activate the frequency concerned and assign a dispatcher to that position. Should the incident escalate and it is determined that a second frequency is required, an additional interoperability frequency will be utilized. When the need for interoperability capability ceases, the ranking members of each agency on the scene will notify the appropriate dispatcher to terminate. Should the situation be reversed, and the N.Y.P.D. Incident Commander determines that interoperability is needed, the procedure will mirror the above, whereby the N.Y.P.D. Incident Commander will make the request through the Communications Section dispatcher, who will then notify the platoon commander. The platoon commander will notify the Operations Unit, the Electronics Section and the FDOC. The Communications Section platoon commander will then activate the frequency concerned and assign a dispatcher to that position. In that case, the duty captain or above may request activation of the interoperability system.

3. In the event of a second incident, the Communications Section platoon commander may place both incidents on the same interoperability frequency. In such cases, the Incident Commanders shall name each incident so that they are clearly identifiable to the users on the channel. Listed below are the channels as programmed in the portable radios of captains and above.
