ADDITIONAL DATA

"HIGH RISK" PRISONERS

Determinations as to whether a particular prisoner presents a potential escape risk should be made on a case-by-case basis. Factors that can be considered in making this determination include the seriousness of the offense charged, prisoner unwillingness to identify himself or herself, forcible resistance to arrest, threats of violence and/or escape threats directed at uniformed members of the service, a known history of violence, weapons possession, or escape/attempted escape.

USE OF LEG RESTRAINTS

The use of leg restraints does not replace the requirement to rear handcuff the prisoner. All procedures detailing the use of handcuffs remain in effect. When using leg restraints on a prisoner, the escorting officer is to exercise caution to prevent the prisoner from falling.

Leg restraints MUST be used when transporting a prisoner that has refused to be fingerprinted and for ALL prisoners being transported to a hospital for medical treatment. If the desk officer determines that extenuating circumstances exist that preclude placing leg restraints on a prisoner that has refused to be fingerprinted or is being removed to a hospital for medical treatment, a Command Log entry will be made detailing the reason why.

Leg restraints may not be placed on prisoners for "punitive" purposes. Determinations as to whether a particular prisoner presents a potential escape risk should be made on a case by case basis. Factors that can be considered in making this determination include the seriousness of the offense charged, prisoner unwillingness to identify himself or herself, forcible resistance to arrest, threats of violence and/or escape threats directed at police officers, known history of violence, weapons possession or escape/attempted escape.

ADDITIONAL DATA (continued)

ACTIVATION OF DETENTION FACILITIES

Borough court section concerned activates detention facilities, assigns cell space, and determines method of transportation for *EVERY* prisoner scheduled for detention or change of custody (i.e., to court, hospital) even though precinct of arrest has cells. Refer to P.G. 210-17, "Arrest Processing of Pre-Arraignment Prisoners Designated as 'Special Category'" and/or A.G. 304-06, "Prohibited Conduct," regarding gender, if necessary.

CITIZEN'S POLICY AND COMPLAINT REVIEW COUNCIL

Members of the Citizen's Policy and Complaint Review Council are permitted to enter and inspect precinct detention cells and any books or records pertaining to these cells at any and all times.

ARREST OF PERSONS WHO ARE LIMITED ENGLISH PROFICIENT OR DEAF OR HARD OF HEARING

Members of the service are reminded that if the prisoner appears to have difficulty understanding/communicating in English, the member of the service concerned should comply with P.G. 212-90, "Guidelines for Interaction with Limited English Proficient (LEP) Persons." If the prisoner appears to be Deaf or hard of hearing, the member of the service concerned should comply with P.G. 212-104, "Interaction with Persons who are Deaf or Hard of Hearing." The use of a bilingual employee or the Language Initiative Program is the preferential method for interpretation when interacting with a prisoner. It is recommended that certified members of the Language Initiative Program be used for custodial interrogations. Appropriate Command Log entries will be made when interpretation services are utilized.

PRISONER CONFLICTS

Whenever an arresting officer/investigator becomes aware that there is the need to separate two or more defendants from one another due to threats made by one defendant to another, or due to the potential for one defendant to assault another, a notation will be made at the bottom of each defendant's Prisoner Movement Slip in the "Detention Alert" section under the caption "Other (Explain)." The notation must contain the name and arrest number of the other defendant involved, as well as an indication as to why separation is deemed necessary (e.g., prisoner had a fight with the other prisoner, prisoner was threatened by other prisoner). If separation is required for confidential or sensitive reasons, such as one prisoner testified against another, enter the name and telephone number of the arresting officer/assigned investigator so that further information can be obtained if necessary, rather than entering the actual reason for the separation. (If detention personnel are unable to contact the arresting officer/assigned investigator for further information, they will continue to keep the affected prisoners separated from one another).

In the event that an arrest processing officer or escorting officer becomes aware that a conflict exists between prisoners requiring their separation, the officer must:

- a. *Inform the arresting officer/assigned investigator of the circumstances in order that the latter may make entries on the Prisoner Movement Slips, OR*
- b. *Personally make entries on the Prisoner Movement Slips which must then be brought to the attention of the court section personnel for entry on the courthouse generated movement slips.*

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
210-01	05/10/22	I.O. 49	7 of 9

ADDITIONAL DATA (continued)

The information entered on the Prisoner Movement Slip prepared at the precinct must also be entered on the computerized movement slip generated at the courthouse when the prisoner is photographed. In addition to the notation on the movement slip, the arresting officer/assigned investigator/escorting officer will notify the concerned borough court section supervisor.

Members of the service assigned to prisoner detention functions at a command and at the courthouse must examine and be guided by the information contained in the "Detention Alert" caption on each Prisoner Movement Slip in regard to separating prisoners, etc.

HANDCUFFING PROTOCOL

The Department's policy is to handcuff all prisoners with hands behind their back, when practical.

- a. *If it is safer for the member of the service and the subject, the member of the service may front-cuff the subject initially, and then rear-cuff as soon as it is practical and safety allows.*
- b. *If members of the service are having difficulty rear-cuffing a subject (i.e., injury to prisoner, size of prisoner, prisoner resisting arrest, etc.), two sets of handcuffs linked together, may be utilized. In addition, Department issued leg restraints or Velcro straps to immobilize the legs of a subject may be used as an effective tactic to gain control, limit the subject's ability to flee or harm other individuals, and reduce or eliminate the necessity to use force.*
 - (1) *Utilizing two sets of handcuffs should only be used as a form of temporary restraint and should be transitioned to one set of handcuffs when it is safe and practical to do so.*

If available, Department issued alternative restraining devices should be used to restrain, or further restrain, subjects whose actions may cause injury to themselves or others.

When a prisoner has surrendered at a law enforcement facility and is accompanied by an attorney, the uniformed member of the service may request authorization from an immediate supervisor not to use handcuffs, after the supervisor and uniformed member of the service have evaluated the following criteria:

- a. *Potential threat to the officer, prisoner and other persons*
- b. *Possibility of the prisoner escaping.*

In all circumstances, uniformed members of the service should conduct a search of the prisoner.

RESTRAINT OF PREGNANT PRISONERS

When a uniformed member of the service believes a prisoner is pregnant, the uniformed member of the service will initially rear cuff the prisoner, absent exceptional circumstances (e.g., medical emergencies, visibly pregnant prisoner who may be difficult to rear cuff and who poses no immediate threat, etc.), and notify their immediate supervisor.

The immediate supervisor will then determine if a less restrictive method of restraint is appropriate and tactically sound. Less restrictive methods may include front handcuffing, or handcuffing one hand to a stationary post. If less restrictive methods are not appropriate, the immediate supervisor may determine that a more appropriate method of restraint is warranted.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
210-01	05/10/22	I.O. 49	8 of 9

ADDITIONAL DATA *(continued)*

When determining whether the level of restraint is appropriate, the immediate supervisor should consider the totality of the circumstances, including, but not limited to:

- a. *Safety of members of the service, prisoner and other individuals present,*
- b. *Likelihood of prisoner escaping,*
- c. *Circumstances and/or crime leading to arrest of prisoner;*
- d. *Demeanor and behavior of prisoner,*
- e. *Whether prisoner appears to be in late stages of pregnancy and may present a fall risk, and*
- f. *Whether prisoner appears to be in labor.*

PRISONER SECURITY SURVEY

To promote safety for members of the service and improve prisoner security, a prisoner security survey will be conducted annually during the last week of September, in all Department facilities where prisoners are processed. Commanding officers will make certain that prisoners being processed will not be allowed in areas containing Department lockers, or have access to any Department or personal property that might provide a means of escape or cause injury. The prohibition against prisoners being held, even temporarily, in areas containing Department lockers or of prisoners having access to Department or personal property of members shall be strictly enforced and clearly and frequently communicated to all members of the command by commanding officers concerned.

*Commanding officers will report the results of the annual prisoner security survey, by September 30th, each year, on **Typed Letterhead**, addressed to the bureau chief concerned, through channels. Included in the report will be a description of prisoner processing areas, hazards or deficiencies observed and corrective action taken.*

Investigative units located in precinct stationhouses will be surveyed by the precinct commander in consultation with the investigative unit commander. Results will be reported on the precinct commanding officer's report. NO duplicate report is required from the investigative unit commander but responsibility for corrective actions will reside with the unit commander.

*Bureau chiefs will review the prisoner security survey reports received from subordinate commands. The reports will be forwarded to the Strategic Analysis Section, Office of the Chief of Department, with a covering **Typed Letterhead**, indicating that corrective action has been initiated or completed, if required. The Strategic Analysis Section is responsible for collating the reports received from bureau chiefs and providing administrative assistance to the Prisoner Security Board.*

PRISONERS AND VICTIMS WITH COMMUNICABLE DISEASES

Information concerning a prisoner's or a victim's affliction with a communicable disease must be kept confidential. This information generally should not be released to the public, the media, the person's family and friends, or to other prisoners. There may be unusual circumstances under which release of this information is warranted. Any such release, however, may only be made with the written consent of the Deputy Commissioner, Legal Matters.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
210-01	05/10/22	I.O. 49	9 of 9

ADDITIONAL DATA (continued)

*In some cases, prisoners may volunteer their positive status regarding a communicable disease indicating the need to be segregated from general prisoner population or the need for medical treatment. In such cases, isolation cells should be used, if available. This information may be recorded on a Prisoner Movement Slip or on form **MEDICAL TREATMENT OF PRISONER (PD244-150)** in order to alert personnel assigned to Corrections, District Attorneys' offices or courts.*

Members of the service who are exposed to a communicable disease should follow the provisions of A.G. 330-09, "Exposure of Members of the Service to Infectious Diseases or Hazardous Materials."

DISRUPTION IN CELL AVAILABILITY

*In those instances where there is a substantial disruption in the availability of detention cells, at either a command or a borough court section facility, caused by a civil or natural emergency, or disturbance, or any other circumstance which would deny the use of the cells, the commanding officer/duty captain investigating the incident will ensure that a telephone notification is made to the borough court section. An **UNUSUAL OCCURRENCE REPORT (PD370-150)** describing the incident will be faxed to the borough court section concerned. A copy of this **REPORT** will be forwarded to the Criminal Justice Bureau. The Criminal Justice Bureau will make the determination as to whether a notification is to be made to the New York State Commission of Correction.*

PRISONERS DESIGNATED AS "FOR OTHER AUTHORITY (FOA)"

If a federal court or detention facility is unable to lodge a FOA prisoner (i.e., court closed, etc.) the Criminal Justice Bureau has designated the Brooklyn Court Section to detain these holdover prisoners until the respective federal entity is ready for intake. All appropriate paperwork will accompany the FOA prisoner.

SEXUAL ASSAULT AND SEXUAL HARASSMENT OF PRISONERS

The Department has a zero tolerance policy toward all forms of sexual assault and sexual harassment of prisoners by other prisoners or any other person. Any instance or allegation that a prisoner was sexually assaulted or sexually harassed while in custody of this Department will be immediately reported to a supervisor and P.G. 210-07, "Prisoners – Unusual Occurrence" will be complied with. A prisoner who reports being a victim will be separated from the alleged offender and medical attention will be provided if appropriate.

If the desk officer determines that extenuating circumstances exist that preclude placing leg restraints on a prisoner that is being transported to the hospital for medical treatment, a Command Log entry will be made detailing the reasons why.

All procedures detailing the use of handcuffs remain in effect. When using leg restraints on a prisoner, the escorting officer is to exercise caution to prevent the prisoner from falling.

Patrol supervisors and desk officers shall assign additional personnel to accompany arresting officers who remove prisoners to hospitals for treatment, based on the following:

The Borough Court Section desk officer will make a Command Log entry and arrange for the immediate removal of the prisoner to the nearest hospital emergency room. In those Borough Court Sections where the Emergency Medical Service is situated, the Borough Court Section desk officer will request the assistance of the assigned Emergency Medical Technicians (EMT) regarding the prisoner's medical treatment. However, in all cases where ingestion is suspected, it is the responsibility of the supervisor to ensure that the

prisoner is removed to the nearest hospital emergency room for treatment.

*In all cases, the Borough Court Section desk officer will document the occurrence in the Command Log and direct the preparation of the **MEDICAL TREATMENT OF PRISONER** form.*

PRE-ARRAIGNMENT PRISONERS REQUIRING PRESCRIPTION MEDICATIONS

Furthermore, such individuals will be advised on how to contact the desk officer in the NYPD facility where the medication is invoiced. Desk officers receiving telephone inquiries of this nature are authorized to provide the name of the medication. If the hospital physician, after learning the name of the medication, advises the desk officer that the medication is not available at the hospital and requests that the medication be delivered to the hospital, the desk officer shall comply with the request. In this instance, the desk officer shall:*

- a. *Check the name of the medication against the **PROPERTY CLERK INVOICE**, as appropriate*

If the physician refuses to sign, the uniformed member of the service concerned will note such fact in his/her digital **Activity Log**, making sure to include the full title and name of the person refusing and all details involved. In the event that any medication is returned to the command, it will have to be invoiced again pursuant to this procedure.*

If a physician at a hospital provides a pre-arrainment prisoner with medication to be taken by the prisoner during the pre-arrainment period, the uniformed member accompanying the prisoner will take custody of the medication until the member reaches the court section for processing. At this location, the medication will be given to the available nurse practitioner to hold until the prisoner needs to self-administer it. If a pre-arrainment prisoner needs further medication during the period of pre-arrainment detention in any form that is not authorized to be administered by a nurse practitioner, they will be taken to a hospital for that medication.

 - b. Condition of prisoner (e.g., sleeping, alert, etc.), and
 - c. Position of prisoner (e.g., sitting, laying down, etc.).
5. Make certain the following additional guidelines are complied with:
 - a. Maximum period of detention for prisoners being held in holding pens will usually be three hours. If circumstances dictate a person be held for a longer period, such period must be approved by the desk officer for command holding pens or detective squad supervisor for detective squad holding pens. If a detective squad supervisor is not available, the extension period must be approved by the command desk officer. The reason for any time extension must be documented in the Command Log.

PRISONER CONFLICTS

Whenever an arresting officer/investigator becomes aware that there is the need to separate two or more defendants from one another due to threats made by one defendant to another, or due to the potential for one defendant to assault another, a notation will be made at the bottom of each defendant's Prisoner Movement Slip in the "Detention Alert" section under the caption "Other (Explain)." The notation must contain the name and arrest number of the other defendant involved, as well as an indication as to why separation is deemed necessary (e.g., prisoner had a fight with the other prisoner; prisoner was threatened by other prisoner, etc.). If separation is required for confidential or sensitive reasons, such as one prisoner testified against another, enter the name and telephone number of the arresting officer/assigned investigator so that further information can be obtained if necessary, rather than entering the actual reason for the separation. (If detention personnel are unable to contact the arresting officer/assigned investigator for further information, they will continue to keep the affected prisoners separated from one another).

RELEASE OF PRISONERS

DATE EFFECTIVE:

01/23/23

LAST REVISION:

R.O. 3

PAGE:

1 of 5

PURPOSE

To release a person taken into custody when further investigation reveals that the person arrested did not commit the offense or any related offense or it is determined that no offense has been committed or when directed by an Assistant District Attorney that the arrest is to be voided.

DEFINITIONS

VOIDED ARREST – When an arrest is made by a uniformed member of the service or a civilian, and there is reasonable cause to believe the prisoner did not commit the offense, or any related offense, or it is determined that no offense has been committed, the member of the service concerned must immediately release the prisoner and comply with this procedure.

DECLINE PROSECUTION – The District Attorney has prosecutorial discretion and may decline to prosecute a case for a variety of reasons even though probable cause for the arrest exists. Some examples are: cases where the evidence is legally sufficient to prosecute, but must be corroborated; or cases where prosecution is declined in the interest of justice; etc. In these instances, the Assistant District Attorney is required to issue a Decline Prosecution Letter. In such circumstances, members of the service should be guided by *Patrol Guide 216-16, "Release of Prisoners at the Complaint Room at Direction of the Assistant District Attorney."*

Additionally, there may be circumstances wherein an Assistant District Attorney directs that an arrest be voided and refuses to issue a Decline Prosecution Letter despite the arresting officer's good faith belief that probable cause existed for the arrest. In those instances, members of the service should be guided by this procedure.

PROCEDURE

When an arrest is made by a uniformed member of the service or a civilian, and there is reasonable cause to believe that the prisoner did not commit the offense in question or any related offense.

ARRESTING OFFICER

1. Confer with patrol supervisor and obtain consent for release of prisoner.
 - a. If unavailable, confer with desk officer/borough court section supervisor.
 - b. If the arresting officer, prior to removal of the prisoner to the police facility/borough court section, has reasonable cause to believe that the prisoner did not commit the offense charged and the patrol supervisor is not available for conferral, the prisoner may be released immediately and the patrol supervisor/desk officer will be notified as soon as possible.
 - (1) In all "Release of Prisoner" cases, the desk officer of the command of occurrence MUST be informed of the circumstances of the release
 - (2) A prisoner may be released by the Department at any time from the initial custody until the arraignment in the courtroom.
 - c. If prisoner has been removed from police facility/borough court section facility, confer with supervisor assigned to court.

ARREST PROCESSING OF PRE-ARRAIGNMENT PRISONERS DESIGNATED AS "SPECIAL CATEGORY"

DATE EFFECTIVE:

07/02/25

LAST REVISION:

R.O. 56

PAGE:

1 of 3

PURPOSE

To ensure that all pre-arraignment prisoners in custody at precinct, transit district, police service area, and borough court section holding pens are medically screened by Emergency Medical Service (EMS) personnel located at the borough court sections.

SCOPE

Presently, EMS personnel are assigned to all patrol borough court sections with the exception of the Staten Island Court Section. On Staten Island it is the supervisor at the court section and not EMS personnel that screens prisoners. This supervisor makes the determination as to whether or not a prisoner will be designated as special category. For the purposes of this procedure this practice will remain in effect only in the Staten Island Court Section.

DEFINITION

SPECIAL CATEGORY PRISONER - A "Special Category Prisoner" is a prisoner who should be removed from the general population for any of the following reasons:

- a. because of a medical condition or physical disability
- b. for any reason that would lead one to believe that placing that prisoner in a general population of prisoners may pose a safety risk to that prisoner or other prisoners
- c. for any reason that would lead one to believe that placing that prisoner in a general population of prisoners may pose a health risk to that prisoner or other prisoners.

The following will not be designated as "Special Category" prisoners:

- a. Hospitalized prisoners (Refer to P.G. 210-02, "Hospitalized Prisoners")
- b. Prisoners who will be issued Desk Appearance Tickets or summonses and released directly from the precinct, transit district, or police service area.

PROCEDURE

Upon transporting a pre-arraignment prisoner to the appropriate borough court section:

1. Ensure that prisoner is medically screened by EMS personnel as soon as possible.
2. Determine, in conjunction with EMS personnel, whether prisoner should be designated a "Special Category Prisoner."

4. Direct that a “Special Category Prisoner” be lodged in a separate cell from the general pre-arrainment population.
 5. Ascertain, in consultation with EMS personnel, whether or not it is advisable to house more than one “Special Category Prisoner” in a cell.
 6. Have **MEDICAL TREATMENT OF PRISONER (PD244-150)** form prepared for each “Special Category Prisoner.”
 7. Ensure that “Yes” box in caption “Recommend Prisoner Be Separated From General Population” on **MEDICAL TREATMENT OF PRISONER** form is checked.
 8. Ensure that all “Special Category Prisoners,” originally screened by EMS personnel at the borough court section, are subsequently screened upon returning from any hospital, as applicable.
 9. Oversee and expedite the processing of all “Special Category Prisoners” and their co-defendants, if any.
 10. Ensure that prisoners lodged in separate cells at precinct, district, or police service area commands are transported to the appropriate arrainment part at court, when necessary.

**ADDITIONAL
DATA**

LODGING “SPECIAL CATEGORY” PRISONERS

The decision of whether or not to house more than one such prisoner in a cell will be based on whether, given the particular reasons for designating them as “Special Category,” the prisoners pose a safety or health risk to one another.

It is preferable to lodge “Special Category Prisoners” in separate cells at the borough court section. However, if this is not possible, the borough court section supervisor will direct that the prisoner be temporarily lodged in a separate cell in a precinct, district, or police service area command.

Supervisors will make every reasonable effort to provide separate and physically adequate accommodations for special category prisoners that are being processed or lodged in their facilities. Reasonable efforts will be made to avoid handcuffing prisoners to chairs, railings, etc. for extended periods of time.

OPERATIONAL CONSIDERATIONS

A prisoner may be designated “Special Category” at a subsequent screening by EMS personnel, as appropriate.

“Special Category Prisoners” will be given priority status at every stage of the pre-arrainment process including placing their names on the “Medical Expedite” list maintained at the borough court sections.

All prisoners who are identified as being infected with, or suspected of carrying an actively contagious disease, such as tuberculosis, will be sent to the hospital immediately.

SCOPE

All prisoners in custody of this Department and all new arrestees must be debriefed by a member of the service. For the purposes of this procedure, the debriefing member of the service may be an investigator from the Detective Bureau, Intelligence Division, a Field Intelligence Officer (FIO), Anti-Crime/Street Narcotics Enforcement Unit (SNEU) supervisor, desk officer, etc. Police officers will not normally conduct debriefings.

Detective Bureau investigators will conduct all debriefings for “firearms arrests,” regardless of arresting officer’s command. This debriefing will be documented in the Enterprise Case Management System (ECMS) on a “Positive Debriefing” entry.

All prisoner debriefings, and especially all firearm related debriefings, should be documented in ECMS.

The desk officer, precinct of arrest, should ensure that the debriefing is conducted by a member of the Detective Bureau or Intelligence Division, as appropriate.

DEFINITIONS

POSITIVE DEBRIEFINGS – Specific information received from a prisoner during the course of an interview regarding crime, criminal activity, or evidence related to a crime that is not related to the current arrest charges against the prisoner. For the purpose of this definition, a prisoner is to include new arrestees, and parolees, probationers, and inmates in custody.

CONFESSTION/ADMISSION – Statement (oral or written) made by a prisoner during the course of an interview which acknowledges guilt or involvement. A confession/admission on a new arrest is NOT considered a positive debriefing.

ENHANCEMENT – Augmentations of certain designated arrests conducted by an appropriate investigative unit for the purpose of enhancing the prosecutability of that arrest. A confession/admission is a goal of the enhancement. Case enhancement is NOT considered a positive debriefing.

PROCEDURE

Upon debriefing a prisoner in the custody of this Department:

**ADDITIONAL
DATA**

Should an allegation of corruption or serious misconduct arise out of a prisoner debriefing, the member of the service obtaining the information shall follow established Department guidelines regarding the reporting of such matters.

Criminal Procedure Law 240.45(1)(a), also referred to as the “Rosario rule,” requires the prosecutor to make available to the defendant any written or recorded statements made by a person whom the prosecutor intends to call as a witness at trial and which relates to the subject matter of witness’ testimony. Failure to preserve and provide such statements to the defense can have an impact on the outcome of a criminal trial and in some cases, provide a basis to overturn a conviction.

Information obtained through debriefing of prisoners and which is included in an Intelligence Report can sometimes be covered by this rule. Similarly, if an FIO includes in the IDS system information about an active investigation obtained from the case investigator, that information also may constitute “Rosario” material if the investigator testifies at trial. Therefore, case investigators should include in their case folders printouts from the IDS system of information transmitted by the FIO or case investigator. In addition, if a debriefing results in the opening of a new investigation, a copy of the IDS printout detailing the information provided by the debriefed prisoner should be included in the new investigation folder.

The member of the service will make such a notification to his/her command, immediately upon dismissal from the Appearance Control Unit.*

The CPR System enables a requesting agency, such as the District Attorney's Office, to tell at a glance if the proposed date selected for a court appearance is the members RDO, annual vacation, etc. This feature allows the District Attorney to avoid using that date, thereby reducing court related overtime. For this aspect of the system to be effective, commands must ensure that their members vacation schedules, chart changes, etc. are updated in CPRS System in a timely fashion.

Uniformed members of the service who are normally assigned to the Fourth Platoon (1800 X 0200 hours) that are subpoenaed, directed by Appearance Control Unit, the CPR System or notified by other competent authority, to attend any court, official agency hearing or training session the following day (Second Platoon), will be notified in advance and reassigned to perform duty with the Third Platoon (1600 X 2400 hours).

If the member concerned effects an arrest and the related paperwork is not completed by 2400 hours or the member concerned is in the process of performing a police function beyond 2400 hours, that member is not entitled to be dismissed until all of the police related functions are complete. If the uniformed member of the service continues to work beyond 0200 hours, the member will be entitled to receive appropriate overtime compensation in the normal manner. (The excused member is not entitled to receive any overtime compensation for the time period 2400 to 0200 hours.). The following provisions will apply:

If even after reading the digital **Activity Log** entries, the uniformed member of the service is still unable to testify from recollection, the digital **Activity Log** entries, if otherwise sufficiently detailed to establish the charge by clear and convincing evidence, may be read into the record at the hearing, if the uniformed member of the service is able to testify that (1) he or she once had knowledge of the entries, (2) the entries were prepared by the uniformed member of the service, (3) the entries were prepared when the knowledge of the contents were fresh in the mind of the uniformed member of the service, and (4) the uniformed member of the service intended when the entries were made, that they be accurate. PURPOSE

To ensure proper compliance by the Police Department and its members with lawful court mandates and subpoenas requiring attendance at court or production of Department records in response thereto.

SCOPE

It is the official policy of this Department that the unit that is the repository of a given Department record has the responsibility to respond in a prompt fashion to a subpoena demanding the record's production. A command will not forward a subpoena to the Legal Bureau, the Central Records Division or to other units within the Department when record(s) requested is/are present in the subpoenaed command.

DEFINITIONS

A subpoena that compels a person to appear and give testimony is known as a subpoena ad testificandum. A subpoena that compels the production of documents or evidence is known as a subpoena duces tecum.

COMMAND LIAISON OFFICER - Every commanding officer/counterpart within the Department is designated as the command liaison officer who is responsible for the full implementation of and compliance with this procedure. While commanding officers/counterparts may delegate the tasks associated with this procedure to subordinates, they are responsible for their command's compliance with this procedure.

Department records or evidence will not be produced. If the subpoena is "so-ordered," the named member will bring the required documents (see ADDITIONAL DATA for further explanation).*

Members receiving a subpoena ad testificandum that requires an appearance to give testimony at other than a trial proceeding are advised that they are not to answer any question without first consulting with the assistant corporation counsel or assistant district attorney assigned to the case. No redactions will be made to any material forwarded to the Legal Bureau, Corporation Counsel or District Attorney. Additionally, prior to forwarding copies of any Departmental records to anyone outside the Police Department other than an assistant district attorney, assistant corporation counsel or other law enforcement agency, the name, addresses, and telephone number, and any other data that identifies a victim or witness will be redacted.*

ADDITIONAL DATA

TYPES OF SUBPOENAS:

Any subpoena, which, by its terms, requires the production of documents or evidence, is a subpoena duces tecum. Under the relevant statutes of this state, a subpoena duces tecum directed to a subdivision of a municipal government, such as the Police Department, must be "so ordered" by a judge. "So ordered" means that the attorney who desires the documents to be produced has obtained judicial approval for the subpoena duces tecum in question. If the judge determines that the attorney has a genuine need for the requested material, the judge will indicate this fact by signing or initialing the subpoena duces tecum at a caption entitled "so-ordered".

PHOTOCOPYING RECORDS:

Under no circumstances will original Department records be removed from any Department facility without the prior approval of a Department attorney or the commanding officer. Photocopies ONLY will be forwarded. The Subpoena Litigation Unit will be notified and consulted whenever court process compels production of original copies of Department records.

DISTRICT ATTORNEY/CORPORATION COUNSEL REQUESTS:

Assistant district attorneys and assistant corporation counsels are NOT required to issue a subpoena for the production of Police Department records. Accordingly, no member of the service will require or request that a subpoena for records be served by them. Such document requests will be handled in accordance with P.G. 211-18, "Processing Requests For Police Department Documents Received From Assistant Corporation Counsels And Assistant District Attorneys."

RECORDS UNAVAILABLE AT RECEIVING COMMAND:

If a subpoena is received for records that are not available at the command receiving the subpoena, the subpoena will be forwarded to the command having custody of the record. If the subpoena calls for the production of more than one item, and the receiving command does not have custody of all items requested, the receiving command will comply with that portion of the subpoena for which the command possesses records. A photocopy of the subpoena will be forwarded to the command having custody of the other items requested with a report detailing which portions of the subpoena will be complied with by the original receiving command.

TRANSFERRED MEMBERS:

A process server who appears at a command to serve a subpoena directed to a member of the service who has been transferred from the command will be advised of the member's new command and directed to make service at the member's new command. If the member concerned has retired, the process server will be informed of this fact and service will not be accepted. If a subpoena is received by other than personal delivery, the subpoena will be forwarded to the member's current command. If a subpoena is received by other than personal delivery and the member has retired, the attorney issuing the subpoena will be contacted and informed of such fact.

SUBPOENAS THAT CONCERN PERSONAL MATTERS:

Circumstances may arise where a member of the service receives a subpoena in his/her capacity as a private individual. This situation frequently arises in the context of civil litigation where the member concerned is involved as a party or as a witness to events, which occurred while off duty. In such a circumstance, a subpoena may be served upon such a member at his/her command and service will be accepted. If service is accepted by someone other than the party named in the subpoena, such as the desk officer, the party that accepts service must ensure that the subpoena is actually received by the named party. In such a circumstance, the fee tendered (if any) will be given to the member concerned along with the subpoena. No further processing of the subpoena is required. If a member is required to attend court in response to such a subpoena arising out of his/her private affairs, such appearance will be made on the member's off-duty time. Any questions regarding the applicability of this note may be directed to the Subpoena Litigation Unit.

SUBPOENAS ISSUED BY COURTS OUTSIDE NEW YORK CITY

DATE EFFECTIVE:
05/23/22

LAST REVISION:
I.O. 55

PAGE:
1 of 2

PURPOSE

To determine whether a subpoena issued by a court located outside of New York City requires a response by the Police Department and, if a response is required, the nature and extent of such response.

SCOPE

The Police Department is frequently served with subpoenas issued by courts located outside of New York City. Such subpoenas present special problems relating to the nature of response required by this Department. While subpoenas issued by courts located within New York City are valid and must be complied with in accordance with the terms of the subpoena and in the manner set forth in the applicable Department Manual procedures, subpoenas issued by courts outside of New York City require special handling and are subject to different rules regarding compliance.

PROCEDURE

Upon receipt of a subpoena issued by other than a court located within New York City:

MEMBER OF THE SERVICE

1. Issue **FEE RECEIPT (PD122-017)** in accordance with *P.G. 212-79, "Subpoena Fees and Accounting Procedures."*
2. Forward subpoena to command liaison officer.

COMMAND LIAISON OFFICER

3. Complete all entries in Subpoena Record Book.
4. Determine the response required by utilizing the following guidelines:

SUBPOENA ISSUED BY A NEW YORK STATE COURT:

COMMAND LIAISON OFFICER

- a. When no personal appearance is required by a member of the service:
 - (1) Such a subpoena will be complied with in accordance with *P.G. 211-15, "Processing Subpoenas for Police Department Records and Testimony by Members of the Service."*
- b. When a personal appearance is required by a member of the service:
 - (1) The Legal Bureau - Subpoena Litigation Unit should be consulted.
 - (a) Instructions received from the Subpoena Litigation Unit will be complied with.
 - (b) Comply with *P.G. 212-83, "Leaving City on Police Business."*

If an appearance by a member of the service is required, the Subpoena Litigation Unit will be notified and in addition to any directions received from the Subpoena Litigation Unit, the member of the service who is the subject of the subpoena will prepare a report, on Typed Letterhead, in duplicate, addressed to the Police Commissioner, including the following information:
 1. Name and location of court
 2. Type of proceeding

SUBPOENA ISSUED BY COURTS OF OTHER STATES:

- a. CRIMINAL OR CIVIL CASES - NOT VALID:
 1. Such subpoenas have no force and effect in the State of New York UNLESS the subpoena has been presented to a New York State judge and endorsed by the New York State judge for service in New York.

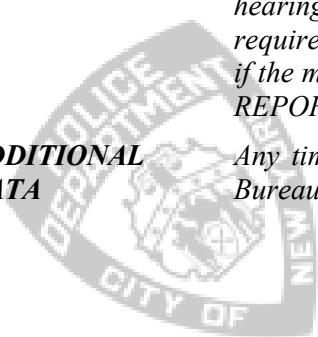

NOTE

While the Department has no legal obligation to respond to these subpoenas unless they are endorsed by a New York State judge, the Department should make every reasonable effort to assist law enforcement agencies from other jurisdictions. For example, Department personnel may provide testimony that will be helpful to a criminal prosecution outside the City of New York. Permission to appear and give such testimony must be obtained through channels, and all relevant Department procedures regarding leaving the city on official business must be complied with.

Any time a subpoena is received which requires a member of the service to appear at a hearing or other judicial proceeding outside the City of New York, the member is required to comply with P.G. 212-83, "Leaving City On Police Business." In addition, if the member is required to appear in court outside of the City, prepare and forward the REPORT to the Police Commissioner, as outlined above under "CRIMINAL CASES".

PROCESSING LEGAL BUREAU REQUESTS FOR DEPARTMENT RECORDS INCLUDING REQUESTS UNDER THE FREEDOM OF INFORMATION LAW

DATE EFFECTIVE:	LAST REVISION:	PAGE:
05/23/22	I.O. 55	1 of 4

PURPOSE

To ensure prompt, efficient response by the Department to lawful subpoenas and requests for Department records made by prosecutors, government agencies and private citizens, including requests made under the Freedom of Information Law (F.O.I.L.).

SCOPE

The Department is required by law to comply with statutes such as F.O.I.L. and court orders, including subpoenas, which command the production of certain documents in its custody. The Legal Bureau's Subpoena Litigation Unit will assist individual commanding officers/counterparts in fulfilling their responsibility to comply with subpoenas, government requests and lawful demands made by private citizens under the Freedom of Information Law (F.O.I.L.).

DEFINITIONS **FREEDOM OF INFORMATION LAW** - The New York State Freedom of Information Law (F.O.I.L.) contained in Sections 84 through 89 of the Public Officers Law, provides that all records kept by a government agency are presumed to be available for public inspection and/or copying. Exemptions from this public access requirement are narrowly drawn. The burden of demonstrating the applicability of specific exemptions lies with the government agency.

SUBPOENA LITIGATION UNIT - A sub-unit of the Legal Bureau charged with the responsibility to ensure that all lawful requests for Department records by courts, prosecutors, government agencies and private citizens are complied with in a timely fashion. The Subpoena Litigation Unit also processes all requests under the Freedom of Information Law that are received by the Department. The Subpoena Litigation Unit is located at One Police Plaza, Room 110C, New York, NY 10038.

F.O.I.L. RECORDS ACCESS OFFICER - The F.O.I.L. Records Access Officer is the supervisor in charge of the F.O.I.L. Unit within the Legal Bureau's Subpoena Litigation Unit or designee. Any command receiving a F.O.I.L. request shall immediately forward the request to the Records Access Officer and notify the requesting party of this action and the location of the Records Access Officer.

F.O.I.L. APPEALS OFFICER - The F.O.I.L. Appeals Officer is the Deputy Commissioner, Legal Matters or designee.

COMMAND LIAISON OFFICER - Every commanding officer/counterpart within the Department is designated as the official Liaison Officer for the purpose of tracking and expediting requests for records by the Subpoena Litigation Unit. While commanding officers/counterparts may delegate the gathering of these records to subordinates, they will be responsible for their command's compliance with all requests from the Subpoena Litigation Unit.

PROCESSING REQUEST FOR POLICE DEPARTMENT DOCUMENTS RECEIVED FROM ASSISTANT DISTRICT ATTORNEYS AND ASSISTANT CORPORATION COUNSELS

DATE EFFECTIVE:	LAST REVISION:	PAGE:
05/23/22	I.O. 55	1 of 2

PURPOSE

To ensure prompt and complete compliance with requests made by assistant district attorneys and assistant corporation counsels for any records or reports compiled by the Police Department concerning a case in litigation or being prepared for litigation.

SCOPE

In order to effectively prepare and maintain a criminal case, the prosecutor is required by law to have access to all reports, notes, memoranda, test results, or any forms prepared by law enforcement officers in connection with the facts and circumstances that form the basis of the prosecution. Certain forms and/or reports prepared by law enforcement officers are required by the rules of Criminal Procedure and Case Law to be turned over to the defense at certain points in the course of the prosecution. The failure to turn over such reports, in a case that has proceeded to trial and resulted in a guilty verdict, will result in a reversal of the conviction. This is true even in cases where the prosecutor was not aware of the existence of the report. Courts have held that the possession of such reports by the Police Department is the equivalent of possession by the prosecutor, and therefore, that the failure to turn over the reports possessed by the Police Department must result in a reversal of any conviction obtained. Therefore, it is imperative that any member of the service who is involved in the prosecution of a criminal action inform the assistant district attorney (or the assistant corporation counsel prosecuting a juvenile in Family Court) of all reports or notes made in connection with the case no matter how insignificant the member feels the notes or memoranda might be.

NOTE

Members of the service are advised that a request for records received from an assistant district attorney or assistant corporation counsel does not require an accompanying subpoena. All such requests for records from an assistant district attorney or assistant corporation counsel shall be complied with as expeditiously as possible. Such requests should be on District Attorney's Office or Corporation Counsel letterhead (or other form supplied by District Attorney's Office or Corporation Counsel's Office) and should include the following information:

- a. Name of Case
- b. Name and telephone number of requesting attorney
- c. Date of arrest
- d. Precinct of arrest
- e. Name of arresting officer; and
- f. Docket number assigned to case.

ADDITIONAL DATA (continued)

When serving process upon active members of the service, a process server will respond to the command where the individual is assigned or to the parent command if the command where the individual is assigned is confidential. Service at the command need not be made directly on the member named as a defendant.

A member of the service who is served with a summons and complaint or who otherwise becomes aware that he/she is a defendant in a civil lawsuit arising from an alleged act or omission that occurred in the performance of duty will be defended by the Corporation Counsel and the City will pay any resulting judgment, if it is determined in accordance with the General Municipal Law (Section 50-k) that at the time of occurrence, the member of the service was acting in the proper discharge of duty. Notice of representation by the Corporation Counsel will be forwarded to the member concerned by the Corporation Counsel. The member concerned must cooperate and assist the Corporation Counsel in defending the action. Failure to cooperate with the Corporation Counsel may result in withdrawal of representation.

A “Notice of Claim” is required before commencement of a tort action against the City of New York. However, service of a “Notice of Claim” on the Police Department is considered IMPROPER service and may provide the basis for dismissal of a complaint. A “Notice of Claim” should NOT be accepted by any member of the Department and the process server should instead be directed to the Office of the Comptroller. Any “Notice of Claim” mailed to the Department should be returned to sender.

*A **REQUEST FOR LEGAL ASSISTANCE** should NOT be prepared for a subpoena. If a subpoena is received, members of the service will comply with P.G. 211-15, “Processing Subpoenas for Police Department Records and for Testimony by Members of the Service” or P.G. 211-16, “Subpoenas Issued by Courts Outside New York City.”*

PURPOSE

To accurately record activities of uniformed members of the service and aid in the evaluation of such members.

SCOPE

All uniformed members of the service below the rank of captain, except members performing permanent administrative or clerical duties, will record their daily activities in the digital **Activity Log** application on the Department smartphone. However, when a uniformed member of the service below the rank of captain who is assigned to a permanent administrative or clerical position (e.g., crime analysis officer, etc.) performs duties outside of a Department facility (e.g., detail, patrol coverage, supervisor's operator, etc.) the uniformed member will record their daily activities in the digital **Activity Log**. In addition, bureau heads may make requests to the Police Commissioner, through channels, for approval to exempt certain personnel from maintaining digital **Activity Logs** based upon the nature of the member's assignment. Furthermore, uniformed members of the service assigned as undercovers will record their daily activities in the **ACTIVITY LOG (PD112-145)** and not the digital **Activity Log**.

PROCEDURE

Upon reporting for a tour of duty:

UNIFORMED MEMBER OF THE SERVICE

1. Use the digital **Activity Log**, accessible via the home screen on Department issued smartphone, and record the following:
 - a. Required information from roll call, including:
 - (1) Day, date and tour,
 - (2) Assignment (post, sector, RMP number, etc.),
 - (3) Meal time,
 - (4) Name of operator/recorder/partner, when applicable, and
 - (5) School crossing or church crossing, if applicable.
 - b. Result of vehicle inspection when assigned as RMP operator, including:
 - (1) Condition of vehicle,
 - (2) Odometer reading, and
 - (3) Amount of gas in vehicle.
 - c. Daily activities, chronologically, including:

 - (2) Information pertinent to an assignment (e.g., action taken, narrative disposition, forms prepared with identifying serial numbers, photos, notes, diagrams, sketches, signatures, identifying information of off-duty uniformed members of the service involved in any off-duty incident, etc.),

NOTE *The digital **Activity Log** application has the capability to capture the signature of a non-member of the service (e.g., physician, District Attorney, etc.), when necessary.*

- UNIFORMED MEMBER OF THE SERVICE (continued)**
- (3) Tasks performed,
 - (4) Absences from post/sector or place of assignment,
 - (5) Rank and surname of supervisors responding to assignment,
 - (6) Completion of tour, odometer reading, signature and shield number if any, and
 - (7) Other entries required by Department directives.

NOTE *Abbreviations may be used when recording any information or activity.*

When uniformed members of the service are assigned to a vehicle, only the RMP recorder is required to make the above chronological entries specified in subdivision "c," substeps "(1)" through "(7)." In lieu of these entries, the RMP operator may note "See Recorder's Activity Log." However, both the RMP operator and recorder must make entries recording enforcement actions taken to assist in recollection of the event at a later time.

 - 6. Store active and completed **ACTIVITY LOGS** in locker, available for inspection at all times.
- UNIFORMED MEMBER OF THE SERVICE**

ADDITIONAL DATA *Anything recorded (including handwritten notes) has the potential to be Rosario material, and may be reviewed by the Department, outside agencies, District Attorneys and criminal defense attorneys. Digital **Activity Log** entries may be transmitted to the District Attorney, the Law Department or other agencies via email with a PDF attachment or as a hard copy printout.*

INVESTIGATIVE ENCOUNTERS: REQUESTS FOR INFORMATION, COMMON LAW RIGHT OF INQUIRY AND LEVEL 3 STOPS

DATE EFFECTIVE:

06/26/25

LAST REVISION:

R.O. 53

PAGE:

1 of 16

PURPOSE

To describe the types of encounters a uniformed member of the service may initiate with a member of the public during the course of his or her official duties, the level of knowledge required for each type of encounter, the scope of a police officer's authority for each type of encounter, the measures that are permissible to protect uniformed members of the service from injury while engaged in such encounters, and the procedures to be followed by a member of the service during these encounters.

SCOPE

In accordance with their oath to uphold the law, uniformed members of the service must conduct investigative encounters in a lawful and respectful manner; however, nothing in this section is intended to deter an officer from initiating appropriate inquiries and investigative encounters, including stops, or using any lawful and appropriate tactics to ensure the officer's safety during such investigative encounters. Moreover, this procedure should not be interpreted to discourage an officer from engaging in voluntary consensual conversations with members of the public. Members of the service are encouraged to develop positive relationships in the communities they serve. Such positive interactions with the community foster trust and understanding that will in turn enhance public safety and officer safety.

DEFINITIONS

INVESTIGATIVE ENCOUNTERS - In the context of this procedure, an investigative encounter is a police interaction with a member of the public/civilian for a law enforcement or investigative purpose. The U.S. Supreme Court in the case of *Terry v. Ohio*, established the authority of the police to stop and possibly frisk a person, under certain circumstances, based upon reasonable suspicion. The New York State Court of Appeals in the case of *People v. DeBour* established the types or levels of investigative encounters and the authority of the police at each level, consistent with federal constitutional standards. These encounter levels and the authority of the police at each level are outlined in the definitions that follow.

REQUEST FOR INFORMATION (LEVEL 1 ENCOUNTER) - A request for information is an encounter between a civilian and a uniformed member of the service conducted for the purpose of requesting information from the civilian. The uniformed member of the service must have an objective credible reason to approach the civilian. This type of encounter does not require any suspicion of criminal activity. The objective is to gather information and not to focus on the person as a potential suspect. A police officer may seek information related to the reason(s) the person was approached, such as the person's name, address and destination, if those questions are related to the objective credible reason for the approach. The officer may not ask accusatory questions. The person may refuse to answer questions and/or walk or even run away. Refusal to answer questions and/or walking or running away does not escalate the encounter. However, providing false or inconsistent information at any level may escalate the encounter. At this level, the officer may not seek consent to search, may not use force, and may not create a

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-11	06/26/25	R.O. 53	2 of 16

DEFINITIONS (continued)

situation (either by words or actions) where a reasonable person would not feel free to leave. The officer may engage protective measures in the rare Level 1 encounter when he or she has a reasonable concern for his or her safety, either because of the nature of the approach or the individual's behavior.

OBJECTIVE CREDIBLE REASON - A reason is objectively credible if it is based on more than a hunch or a whim. The reason to gather more information may relate to a public safety/service function or a law enforcement function, but need not be based on any indication of criminality.

PROTECTIVE MEASURES - Even if an officer does not have reasonable suspicion that a person is armed and dangerous, there are tactics for officer safety that an officer may use short of a frisk when the officer reasonably perceives her/his safety is at risk. These include ordering the individual to take her/his hands out of her/his pockets, put down or step away from an otherwise lawful object that could be used as a weapon, grabbing the person's hands, if the circumstances suggest the person may be grabbing a weapon, or forcibly removing the person's hands from her/his pockets, if the individual refuses to remove them from her/his pockets. Any lawfully possessed article that is removed/safeguarded by a member of the service during an investigative encounter should be returned to the individual at the conclusion of the encounter (unless probable cause is developed and the individual is arrested). The officer can engage protective measures at Level 2 and Level 3. In rare occasions, the officer can engage protective measures at Level 1.

COMMON LAW RIGHT OF INQUIRY (LEVEL 2 ENCOUNTER) - A common law right of inquiry is an encounter between a civilian and a uniformed member of the service conducted for the purpose of asking the civilian pointed or accusatory questions because the police officer has a "founded suspicion" that criminal activity is afoot. "Founded suspicion" is a lower level of suspicion than the "reasonable suspicion" required to conduct a "stop" or Level 3 encounter. Upon a founded suspicion of criminality, the officer may approach a person to ask accusatory questions and may seek consent to search; however, consent must be voluntarily given. During an encounter, providing innocuous answers does not escalate the encounter. However, providing false or inconsistent information at any level may escalate the encounter. During a Level 2 encounter, force may not be used, the person is free to refuse to answer questions, and is free to leave. Refusal to answer questions or walking away does not raise the level of suspicion. However, flight (running away) during a Level 2 encounter does escalate the encounter to Level 3 and the officer is permitted to pursue the person. The officer may not create a situation (either by words or actions) where a reasonable person would not feel free to walk away. The officer may engage protective measures, when he or she has a reasonable concern for his or her safety.

FOUNDED SUSPICION - Founded suspicion of criminal activity arises when there is some present indication of criminality based on observable conduct or reliable hearsay information. In other words, the officer has sufficient information to begin to suspect the person of criminal conduct.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-11	06/26/25	R.O. 53	3 of 16

DEFINITIONS (continued)

TERRY STOP (LEVEL 3 ENCOUNTER) - A Terry Stop/Level 3 encounter is any encounter between a civilian and a uniformed member of the service in which a reasonable person would not feel free to disregard the officer and walk away. A Level 3 encounter may take place even without the threat or use of physical force by the officer. Encounters involving nothing more than commands or accusatory questions can rise to the level of a stop, provided that the commands and questions would lead a reasonable person to conclude that she/he was not free to terminate the encounter. Whether an encounter amounts to a stop will be judged by the facts and circumstances of the encounter. A stop may be conducted only when a police officer has an individualized reasonable suspicion that the person stopped has committed, is committing, or is about to commit a felony or Penal Law misdemeanor. The police officer may ask accusatory or pointed questions and detain the person while an expeditious investigation is conducted to determine if there is probable cause to arrest the person. During an encounter, providing innocuous answers or refusal to answer questions does not escalate the encounter. However, providing false or inconsistent information at any level may escalate the encounter. The police officer may seek consent to search. The consent must be voluntarily given. Reasonable force may be used to stop a person. The type and amount of force used must be objectively reasonable under the circumstances. The officer may engage protective measures, when he or she has a reasonable concern for his or her safety. The officer may frisk the person, if the officer has reasonable suspicion that the person is armed and dangerous.

REASONABLE SUSPICION - Reasonable suspicion exists when the information known to the member of the service would make an ordinarily prudent and cautious police officer under the circumstances believe that a felony or Penal Law misdemeanor has been, is being or is about to be committed. The officer must have a particularized and objective basis for suspecting the person stopped of the criminal conduct. The officer must be able to articulate specific facts establishing justification for the stop; hunches or gut feelings are not sufficient.

FRISK - A carefully limited running of the hands over the outside of a person's clothing feeling for a deadly weapon or any instrument, article or substance readily capable of causing serious physical injury and of a sort not ordinarily carried in public places by law-abiding persons. A frisk is authorized when the member of the service reasonably suspects the person is armed and dangerous. This includes situations in which the officer reasonably suspects that the person has committed, is committing, or is about to commit a violent crime or when the officer observes something on the person that she/he reasonably suspects is a weapon. A frisk may not be conducted to discover evidence or the proceeds or instrumentalities of a crime. A police officer cannot "frisk" a bag or item of personal property unless the officer has a reasonable suspicion that the person is armed and dangerous and the bag or item could contain a weapon and is within the person's reach.

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-11	06/26/25	R.O. 53	4 of 16

DEFINITIONS (continued)

SEARCH AFTER FRISK - In the context of the investigative encounters described in this section, a search occurs when the officer places her/his hands inside a pocket or other interior portions of a person's clothing or personal property to remove an object that the member felt during a frisk and reasonably suspects is a weapon or dangerous instrument.

PROCEDURE

When a uniformed member of the service engages in an investigative encounter with a civilian:

CONDUCTING A LEVEL 1 ENCOUNTER - A REQUEST FOR INFORMATION:

UNIFORMED MEMBER OF THE SERVICE

1. Activate Body-Worn Camera (BWC), if assigned, for encounters where activation is required, in accordance with P.G. 212-123, "Use of Body-Worn Cameras."
2. Approach the person if there is an objective credible reason to do so.
3. Identify yourself as a police officer verbally and by displaying your shield in a conspicuous manner, if practicable.

5. You may seek information and ask general, non-threatening questions related to the reason for the approach. However, pointed and accusatory questions are not permitted.
6. The person may refuse to answer questions and is free to leave. However, providing false or inconsistent information at any level may escalate the encounter.
7. You may inform the person that she/he is free to leave, but you are not required to do so unless she/he specifically asks.
8. You should provide the individual with an explanation for the encounter, unless providing such information would impair a criminal investigation.
9. You may engage protective measures in the rare Level 1 encounter when you have a reasonable concern for your safety, either because of the nature of the approach or the individual's behavior.

CONDUCTING A LEVEL 2 ENCOUNTER - THE COMMON LAW RIGHT OF INQUIRY:

30. You may engage protective measures, when you have a reasonable concern for your safety.
31. You may frisk the person if at any point during the encounter, you have reasonable suspicion that the person is armed and dangerous (see “Conducting a Frisk, and When Appropriate, a Search.” below).
32. The suspect may be detained only as long as necessary to confirm or dispel your suspicion that she/he was committing, committed, or was about to commit a felony or Penal Law misdemeanor. Authority to detain the suspect ends when the tasks tied to the reason for the stop are completed or reasonably should have been completed.
33. Provide the individual with an explanation for the encounter, unless providing such information would impair a criminal investigation.
34. Obtain the suspect’s name, address, and any additional information that will be required to complete your digital **Activity Log** entry regarding the stop.
35. Do not transport or otherwise move the suspect from the location where she/he is stopped unless she/he voluntarily consents or there is an exigency necessitating relocation (e.g., hostile crowd, threat to safety, hospital show-up, etc.).
36. Release the person immediately after completing the investigation if probable cause to arrest does not exist.

37. Do not offer the person stopped a **RIGHT TO KNOW BUSINESS CARD** or **RIGHT TO KNOW BUSINESS CARD – GENERAL**, if the encounter ends in an arrest or a summons, unless requested.
38. You are not required to proactively identify yourself, explain the reason for the encounter, or offer a **RIGHT TO KNOW BUSINESS CARD**, or **RIGHT TO KNOW BUSINESS CARD – GENERAL**, in the following situations:
- If engaged in undercover activity or operations
 - Exigent circumstances require your immediate action
 - You reasonably expect that you or someone else is in danger of physical injury, there is an imminent risk of property damage, to forestall the imminent escape of a suspect, or the imminent potential destruction of evidence
 - You are conducting a security search of a person entering a public building or facility, location, event, or gathering, including random security checks in MTA facilities, unless requested by the subject of the search
 - You are verifying the identity of a person seeking entrance to an area that is restricted due to a public health, public safety, or security concern, such as a terrorist attack or a natural disaster.

CONDUCTING A FRISK, AND WHEN APPROPRIATE, A SEARCH:

UNIFORMED MEMBER OF THE SERVICE

39. If a police officer develops a reasonable suspicion that a person is armed and dangerous, the officer may frisk the person for a deadly weapon or any instrument, article or substance readily capable of causing serious physical injury and of a sort not ordinarily carried in public places by law-abiding persons. Reasonable suspicion that a person is armed and dangerous may arise from the officer's observations or the facts and circumstances of the encounter including:
- Reasonable suspicion that the suspect has committed, is committing, or is about to commit a violent crime (e.g., assault with a deadly weapon, burglary, rape, robbery, etc.)
 - Observation of something on the person that the officer reasonably suspects is a weapon
 - A statement by the suspect stopped that she/he is armed
 - Information known by the officer that the suspect may be carrying a weapon, such as statements from a victim or witness.
40. The purpose of the frisk is to ensure the safety of the officer and not to locate evidence of a crime, such as drugs.
41. There is no requirement to question a suspect prior to conducting a lawful frisk.
42. Conduct the frisk by carefully running your hands down the outside of the person's clothing.
43. Where the frisk reveals an object that the member of the service reasonably suspects may be a weapon, the member of the service may search only those interior portions of the stopped person's clothing to remove the weapon.

44. An officer may not frisk a person's bag or other item of personal property unless the officer has reasonable suspicion to believe that the person is armed and dangerous and that the bag or item of personal property could contain a weapon and is within the person's reach. If the bag/item is soft, the officer should run her/his hands down the outside of the bag/item and open it only if she/he feels the contours of what she/he believes is a weapon. If the bag/item is rigid and unlocked, the officer may open it to ensure it does not contain a weapon. If the bag/item is locked, the officer must obtain a search warrant or get consent to search from the person in order to search the bag/item.

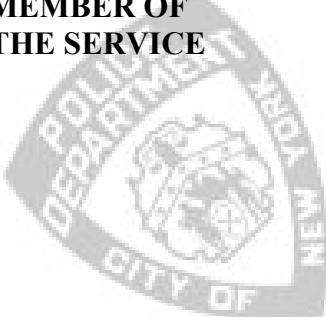

NOTE

The guidelines in step "44" do not apply to mass transit system checkpoint type inspections of backpacks, containers and other carry-on items that are capable of containing explosive devices.

Requesting identification documents: At any level, an officer may ask an individual to verbally identify herself/himself or present an identification document to verify that person's identity and/or address. During Level 1 or 2 encounters, when performing this task, the officer must not create a situation where the person does not feel free to leave. Other than the operator of a motor vehicle/motorcycle, members of the public are not required to possess identification documents or present identification documents to police officers when requested. Refusal or inability to produce identification alone will not elevate the level of the encounter. Absent probable cause that the person committed an offense, she/he may not be arrested or removed to a Department facility for further investigation merely because she/he refused to produce identification.

REQUIRED DOCUMENTATION:

UNIFORMED MEMBER OF THE SERVICE

45. Access video management system on Department intranet or Department smartphone to classify videos based upon nature of the event.
- a. For all investigative encounters that are captured on BWC that do not end in an arrest or summons:
 - (1) Select "Investigative Encounters" as the category for BWC video retention
 - (2) Select applicable final level of encounter (e.g., Level 1 encounter escalates to a Level 2 encounter, select "Level 2 Encounter").
 - b. For all Level 2 encounters that are captured on BWC, but do not escalate beyond Level 2:
 - (1) Select race and gender of primary person encountered
 - (2) Select whether or not encounter was with more than one individual.
46. For all consent searches requested during a Level 2 encounter, prepare a **COMMON LAW RIGHT OF INQUIRY – CONSENT SEARCH REPORT**, utilizing the Finest Online Records Management System (FORMS), for EACH person from whom you request consent to search. The **COMMON LAW RIGHT OF INQUIRY – CONSENT SEARCH REPORT** in FORMS is available through Department mobile devices (cellular telephones and tablets).

- b. The **COMMON LAW RIGHT OF INQUIRY – CONSENT SEARCH REPORT** is only prepared for Level 2 requests to search. If you seek consent to search during a Level 3 Terry Stop, document that request on your **STOP REPORT** in the appropriate places.
- c. The **COMMON LAW RIGHT OF INQUIRY – CONSENT SEARCH REPORT** is not prepared in the following situations:
- (1) You are conducting a security search of a person entering a public building or facility, location, event, or gathering, including random security checks in MTA facilities
 - (2) Exigent circumstances require your immediate action
 - (3) You reasonably expect that you or someone else is in danger of physical injury, there is an imminent risk of property damage, to forestall the imminent escape of a suspect, or the imminent potential destruction of evidence.
47. For all Terry Stops/Level 3 encounters, prepare a **STOP REPORT**, utilizing FORMS, for EACH person stopped. The **STOP REPORT** in FORMS is available through Department mobile devices (cell phones and tablets).
- a. Prior to the end of tour, complete all applicable captions and follow the directions for each section of the **STOP REPORT** in FORMS and select the “Check” icon to submit the **STOP REPORT** to the patrol/unit supervisor.
 - b. Check “REFUSED” in the appropriate space, if the person stopped refused to identify herself/himself.
 - (1) Request the patrol supervisor to respond to verify refusal.
 - (2) Do not detain the person, however, if the investigation is complete and there is no probable cause to make an arrest.
 - c. Select all relevant factors that led to the stop if more than one descriptive term applies.
 - d. Describe in plain language (rather than numeric Penal Law section) the specific felony or Penal Law misdemeanor you suspected the person had committed, was committing, or was about to commit.
 - e. Describe in your own words, under the “Narrative (Describe the Circumstances That Led to the Stop)” caption, all of the facts and information relied upon to conclude that there was reasonable suspicion that the person stopped had committed, was committing, or was about to commit a felony or Penal Law misdemeanor.

- f. Describe in your own words, under the “Narrative (Describe the Circumstances That Led to the Frisk and/or Search, if Conducted. Include Area Searched)” caption, all of the facts and information relied upon to conclude that there was reasonable suspicion that the person stopped was armed and dangerous. In addition, if a search was conducted, describe the basis for the search, the specific area searched, and whether a weapon or other contraband was recovered.
48. Complete **VEHICLE REPORT** in FORMS for every vehicle, bicycle, motorized scooter, e-scooter, or e-bike stop, regardless of whether enforcement action is taken or not.
49. When prompted to identify the “Reviewing Supervisor” in FORMS, enter the name or tax identification number of a supervisor currently performing duty with the platoon/unit and select that supervisor from the dropdown menu that appears.
- a. Select immediate squad/unit supervisor, if he/she is assigned to perform duty with the squad/unit and is available to review the **STOP REPORT**.
 - b. If not assigned to an immediate squad/unit supervisor or he/she is not available, enter the name or tax identification number of another supervisor performing duty with the squad/unit (e.g, patrol supervisor, detail supervisor, etc.).
50. Notify the reviewing supervisor that the **STOP REPORT** was prepared and submitted to the supervisor’s electronic “INBOX” folder in FORMS for review.

NOTE

The **STOP REPORT** is not prepared for Level 1 and Level 2 encounters, unless the encounter escalates to a Level 3 Terry Stop. Similarly, the **STOP REPORT** is not prepared when an officer makes a summary arrest for an offense/crime or issues a Criminal Court summons or a civil summons returnable to the Office of Administrative Trials and Hearings for an observed violation, unless the suspect was initially detained for investigation in a Level 3 Terry Stop. The **STOP REPORT** is not prepared for traffic stops based on violations of the Vehicle and Traffic Law, unless the suspect is frisked.

Uniformed members of the service (UMOS) should be mindful that users of FORMS will be timed out after 55 minutes, therefore UMOS should periodically click on the “Save” icon to ensure that entered data is not lost.

51. Record details in digital **Activity Log** and include the following information in the entry:
- a. Date, time and location of stop
 - b. Pedigree information (name, date of birth, address, telephone number), unless refused, and detailed description of the person stopped
 - c. Document refusal to provide pedigree information, if applicable

- a. The reviewing supervisor must be at least one rank higher than the member submitting the **STOP REPORT**.
53. Inform the patrol supervisor/unit supervisor of facts of the stop and, if conducted, frisk, and/or search.

NOTE

*The pedigree information of an individual who is stopped is not captured electronically and will only be recorded in the member's digital **Activity Log**. Accurately recording pedigree information in the digital **Activity Log** will enable members to later identify persons stopped and may aid investigators during the course of a criminal investigation. Do not put pedigree information into the **STOP REPORT** narratives.*

SUPERVISORY AND ADMINISTRATIVE FUNCTIONS:

PATROL SUPERVISOR/ UNIT SUPERVISOR

54. Respond to the scene of stops when feasible.
55. Discuss the circumstances of the stop with the member of the service and review the **STOP REPORT** in FORMS using a Department mobile device (e.g., cellphone, tablet, etc.), or desktop, if available, by selecting "Signoff."
- a. Determine whether all captions are completed and all relevant check boxes are checked.
- b. Confirm that the **STOP REPORT** states in plain language a specific suspected felony or Penal Law misdemeanor.
- c. Determine whether the officer's description in the "Narrative (Describe the Circumstances That Led to the Stop)" caption includes the facts and circumstances relied upon by the officer to conclude that there was reasonable suspicion that the person stopped had committed, was committing, or was about to commit a felony or Penal Law misdemeanor.
- d. If the person was frisked, determine whether the officer's description in the "Narrative (Describe the Circumstances That Led to the Frisk and/or Search, if Conducted. Include Area Searched)" caption includes the facts and circumstances relied upon by the officer to conclude that there was reasonable suspicion that the person was armed and dangerous and, if a search was conducted, the facts and circumstances that provided the basis for the search, the area searched and whether a weapon or other contraband was recovered.
- e. Complete the "Supervisory Action (Must Complete)" caption. Consider the facts and information as conveyed by the member and recorded on the **STOP REPORT** and determine whether:
- (1) The stop was based upon reasonable suspicion of a felony or Penal Law misdemeanor
- (2) If the person was frisked, whether the frisk was supported by a reasonable suspicion that the person was armed and dangerous; and
- (3) If the person was searched, whether there was a sufficient basis for the search.

 - b. Enter instruction to the reporting member of the service in the “Note” section in FORMS
 - c. Select the “Check” icon to return the **STOP REPORT** to the reporting member of the service for correction.

- 62. Prior to the end of tour, electronically “sign-off” on **STOP REPORT** and return digital **Activity Log** back to member upon completion of the review.

NOTE

If the **STOP REPORT** was submitted for an investigative encounter that did not rise to a Terry Stop, (e.g., Level 1/Request for Information or Level 2/Common Law Right of Inquiry) or for an arrest or summons that was not the result of a Terry Stop, then select the appropriate fields on the **STOP REPORT** and approve the **STOP REPORT**, but note in the comments section that the **STOP REPORT** was prepared in error and the reason a report should not have been prepared.

- 63. Upon rejection of **STOP REPORT** from the reviewing supervisor, access the report from the FORMS “Inbox,” go to the “Actions” tab, select “Edit” and make the directed corrections.

 - 68. Ensure that the patrol supervisor/unit supervisor reviews the **STOP REPORTS** and digital **Activity Log** and that appropriate actions are taken where necessary.
 - a. In assessing the patrol/unit supervisor’s review of officers’ Level 3 encounters, determine whether the supervisor appropriately reviewed the stop and, if conducted, the frisk and search, and any force used. In making these determinations, consider whether the supervisor examined the information recorded on the **STOP REPORT** and appropriately evaluated whether the information reasonably supports the conclusion that the member’s actions were based upon reasonable suspicion.
 - b. Take appropriate remedial action if warranted, including discipline, if appropriate.

212-11	06/26/25	R.O. 53	15 of 16

NOTE

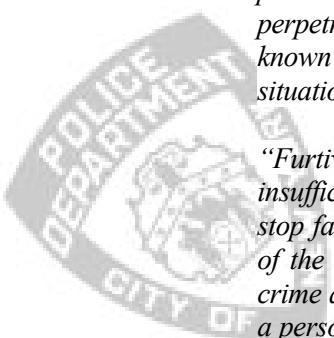

Minor or inadvertent mistakes in documentation or isolated cases of erroneous but good-faith stops or frisks by members of the service should ordinarily be addressed through instruction and training. In most instances, instruction and training should be accomplished at the command level. The application of the law in this area can be complicated, and investigative encounters are fluid situations in which one event or observation can alter the level of suspicion or danger. A single erroneous judgment will not generally warrant referral to the Legal Bureau for retraining. However, members of the service who evince a lack of comprehension of the core concepts of the law governing this procedure should be referred to the Legal Bureau.

TRAINING SERGEANT

72. Conduct command level training to help ensure compliance with the Department's policy regarding investigative encounters.
 - a. Periodically review and identify command-wide and individual training needs and necessary remedial actions.
 - b. Record training sessions in the Training Attendance Certification Transcript Integrated Collection System (TACTICS) to assist with future review and analysis of command's compliance and training in investigative encounters.
 - c. Identify members who have been referred for training in **STOP REPORTS** and ensure that the training is conducted.
 - (1) Track, record and report such training to the commanding officer on a quarterly basis.

ADDITIONAL DATA

There are many facts and circumstances that may lead a police officer to conclude that there is reasonable suspicion that a person has committed, is committing or is about to commit a felony or Penal Law misdemeanor. Such factors may include information received from third parties as well as the actions of the suspect, the suspect's physical and temporal proximity to the scene of a crime, the suspect's resemblance to the specific description of a perpetrator of a crime (based on more than just race, age and gender) and information known to the officer about the suspect or particular location, among other factors. Each situation is unique and the information available to members of the service will vary.

"Furtive movements" or mere presence in a "high crime area," standing alone, are insufficient bases for a stop or frisk. Moreover, even when used in combination with other stop factors, the stopping officer must be able to specifically describe the suspicious nature of the "furtive movements" which she/he observed, and she/he must not define the "high crime area" too broadly, such as encompassing an entire precinct or borough. In addition, a person may not be stopped merely because he or she matches a generalized description of a crime suspect, such as an 18-25 year old male of a particular race. If a physical description is the only factor relied on by the stopping officer, it must be more specific to form the basis for a stop. Individuals may not be targeted for stops and frisks because they are members of a racial or ethnic group that appears more frequently in local crime suspect data. Race may only be considered where the stop is based upon a specific and reliable suspect description that includes not just race, age and gender, but other identifying characteristics and information. When a police officer carries out a stop based on reasonable suspicion that a person fits such a description, the officer may consider the race of the suspect, just as the officer may consider the suspect's height or hair color.

Whether on or off duty, performing patrol or administrative duties, members of the service can perform an invaluable service by following the contents of this procedure. Each piece of information provided by a member of the service when analyzed and reviewed within the context of other information received, can effectively help our Department's effort to detect and deter criminal activity.

PROCEDURE

Upon suspecting or observing information about the involvement of a person or any other entity (e.g., business, vehicle, association of criminals) in ongoing criminal activity or suspected terrorist activity, and when unable to effect a summary arrest:

UNIFORMED MEMBER OF THE SERVICE

 - a. Suspected terrorist activity can also be reported to the Intelligence Division, by members of the service and the public, through the Counter Terrorism hotline.
 - b. Report all pertinent information.
4. Record Intelligence Division Log number and Intelligence Division member notified in digital **Activity Log**.

NOTE

Any member of the service (uniformed or civilian) with information concerning suspected terrorist activity will notify the desk officer of the command of occurrence and the Intelligence Division direct or the Counter Terrorism hotline. The desk officer of the command of occurrence will ensure that the contents of this procedure are adhered to when the reporting member of service is a civilian, and will enter the Intelligence Division Log number and Intelligence Division member notified in the Command Log.

*All members of the service (uniformed and civilian) should become familiar with the contents of Activity Log insert, "**POSSIBLE INDICATORS OF TERRORIST ACTIVITY (PD378-111)**."*

2. Indicate on **TRAFFIC INTELLIGENCE REPORT**:
 - a. Specific type of condition(s)
 - b. Times
 - c. Place(s) of occurrence
 - d. Any corrective measures taken or recommended.

NOTE

Print clearly and fill in all captions that pertain to the condition. Use common language to describe the condition.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-14	10/24/25	R.O. 108	2 of 3

NOTE

TRAFFIC INTELLIGENCE REPORTS concerning the same condition, at the same location, during the same week (Monday through Sunday) will be grouped together and given one precinct serial number. The administrative quality of life officer will forward only one **TRAFFIC INTELLIGENCE REPORT** to the borough traffic safety coordinator, but will indicate how many other **REPORTS** were received to report the same condition.

WHEN A COLLISION-PRONE LOCATION HAS BEEN IDENTIFIED BY TAMS:

ADMINISTRATIVE QUALITY OF LIFE OFFICER

7. Conduct a survey of each collision-prone location to determine what specific factors contribute to a location's high collision rate.
8. Prepare **TRAFFIC INTELLIGENCE REPORT** as specified in step 2 above for each collision-prone location.
9. Confer with executive officer regarding conditions that can be corrected at the precinct level through use of available resources.
10. Establish liaison with outside agencies (NYC Department of Transportation, Parks Department, Department of Environmental Protection, Department of Buildings, etc.) to address conditions that cannot be corrected by precinct personnel.

If the **TRAFFIC INTELLIGENCE REPORT** concerns an engineering recommendation, a copy of the **REPORT** will be forwarded to the Department of Transportation borough commissioner's office. A telephone notification will also be made and indicate the date, time, and person notified at the DOT borough office on the **TRAFFIC INTELLIGENCE REPORT**. Indicate the date **REPORT** was forwarded to DOT in the precinct Traffic Intelligence Report Log.

11. Forward copies of **TRAFFIC INTELLIGENCE REPORTS** to the borough traffic safety coordinator WEEKLY and indicate:

 - b. File copies of the **TRAFFIC INTELLIGENCE REPORT** for precinct/highway unit records.

NOTE

Conditions requiring immediate attention such as complaints of potholes, missing traffic signs, inoperable signal lights, etc., will NOT be forwarded to the borough traffic safety coordinator. Upon making an observation of a condition requiring immediate attention, corrective action must be initiated by the member of the service at the scene of the condition including a notification to the precinct telephone switchboard operator for entry on the **HIGHWAY CONDITION RECORD (PD311-151)**.

OPERATIONS COORDINATOR

12. Ensure each Monday the **WEEKLY STREET CONDITIONS SURVEY (PD311-150)** is reviewed and appropriate agencies/members notified.

NOTE

Preparation of a **TRAFFIC INTELLIGENCE REPORT** does not relieve precinct personnel from taking other corrective action to expedite the flow of vehicular traffic and ensure pedestrian safety.

14. Confer with borough executive officer regarding conditions that can be corrected at the borough level through the use of borough resources.
15. Forward copies of the **TRAFFIC INTELLIGENCE REPORT** to the Traffic Management Center ONLY where precinct or borough personnel cannot correct condition(s) and the condition(s) is not reportable on the **WEEKLY STREET CONDITIONS SURVEY** or **HIGHWAY CONDITION RECORD**.

TRAFFIC MANAGEMENT CENTER TRAFFIC SAFETY OFFICER

16. Review and analyze **TRAFFIC INTELLIGENCE REPORTS** and:
 - a. Assist precinct or patrol borough in correcting condition(s).
 - b. Confer with outside agencies, if applicable.
 - c. Report findings to the commanding officer.

ADDITIONAL DATA

A TRAFFIC INTELLIGENCE REPORT will be prepared for all incidents involving a construction site (refer to P.G. 214-16, "Construction Sites"). Include all permit numbers, indicate if a check of the New York City Department of Transportation's Management Oriented Street Attributes Information Control System (MOSAICS) computer was made and indicate the results, including any enforcement action taken. A computer check can be made twenty-four (24) hours a day through the Traffic Management Center by telephone.

A liaison with city, state, and federal agencies must be established at the borough and precinct level to ensure a coordinated effort to correct conditions which are considered outside the Department's purview. The borough traffic safety coordinator will be responsible for maintaining a current list of liaisons with such outside agencies.

An officer who is uncertain as to whether the animal is a service animal may inquire regarding whether such animal is providing assistance because of a disability.

Animals whose behavior poses a direct threat to the health or safety of others, or whose presence creates an undue risk to the general public, may be excluded.

Dogs are the most common service animals, but other animals may be utilized as service animals, provided they perform specific functions and tasks pertaining to an individual's disability. However, it should be noted that many service animals are not identified by special or colored collars or harnesses, nor is the owner required to present a license or other identification for the animal. Service animals must be harnessed or leashed (and otherwise within control of the handler).

LAST REVISION:

R.O. 90

PAGE:

1 of 1

PURPOSE

To provide procedures for uniformed members of the service having occasion to eject a passenger from New York City Transit property.

SCOPE

Any person who violates any portion of NYCRR Part 1050, regardless of whether or not that person has also been issued a Transit Adjudication Bureau/Notice of Violation (TAB summons) or a Criminal Court Summons for that violation, is subject to ejection from New York City Transit facilities. Issuance of a Notice of Violation does not preclude a uniformed member of the service from ejecting a passenger from the transit system, if the member concerned deems it appropriate.

PROCEDURE

When necessary to eject a passenger:

UNIFORMED MEMBER OF THE SERVICE

1. Advise passenger of ejection and reason.
2. Permit passenger, who voluntarily leaves the property or shows a willingness to do so, to leave without interference.
3. Use no more force than is necessary to effect the ejection, if passenger refuses to leave.
 - a. Generally, grasping the upper arm and forearm to escort the person off the system is considered using reasonable force necessary to effect the ejection.

NOTE

If the passenger's conduct is such that it requires more force than is ordinarily needed to assist and guide the passenger out of the transit system, an arrest may be appropriate.

4. Make digital **Activity Log** entries and prepare a **TRANSIT SYSTEM EJECTION REPORT** using Finest Online Records Management System (FORMS) each time an ejection is effected.
 - a. Submit completed **TRANSIT SYSTEM EJECTION REPORT** prior to completion of tour.
 - b. Use radio code disposition "10-93E" to finalize assignment anytime an individual is ejected from the NYC Transit System.

TRANSIT DISTRICT SUPERVISOR

5. Review **TRANSIT SYSTEM EJECTION REPORT** using FORMS and ensure that all required captions are complete and accurate.
 - a. If unable to verify accuracy and completeness, return to submitting uniformed member of the service for necessary attention.
 - b. Approve **TRANSIT SYSTEM EJECTION REPORT** using FORMS, after verifying accuracy and completeness.

DATE EFFECTIVE:
02/04/15

REVISION NUMBER:

PAGE:
1 of 3

PURPOSE

To establish guidelines to be adhered to when requesting the removal of power in the subway.

SCOPE

Removal of power in the subway can be extremely hazardous, dangerous and disruptive to police personnel, passengers and New York City Transit employees and should only be requested in extreme emergencies involving life-threatening situations.

PROCEDURE

When it becomes necessary to request the removal of power in the subway:

UNIFORMED MEMBER OF THE SERVICE, FIRST ON THE SCENE

1. **DO NOT** enter the track area, except in extreme emergencies.
2. Notify the radio dispatcher in the usual manner.
3. Provide complete details including, if applicable:
 - a. Full description of the condition or suspect(s)
 - b. Crime committed
 - c. Type of weapon
 - d. Direction of flight, etc.
4. Request response of the Patrol Services Bureau and Transit Bureau patrol supervisors, and additional units necessary to secure the platform area and points of entry to the tunnel.
5. Notify required units, e.g., Emergency Service Units, detective squad, Crime Scene Unit, etc., as necessary.

NOTE

Prompt notification and timely response of specialized units will minimize the duration of the power removal and subsequent disruption.

PATROL SUPERVISOR

6. Make determination whether a search or other police action will be conducted in the tunnel.
7. Determine the manner in which a police operation is conducted, including the necessity for removal of power.

NOTE

Before requesting the removal of power, consider the wide scale ramifications of this action. Some of the factors to be considered, but not limited to, are:

- a. *The time of day (rush hour/non-rush hour)*
- b. *Weather conditions (extreme heat)*
- c. *Type of station (elevated or below ground)*
- d. *Location of trains*
- e. *Extent of injuries in aided cases*
- f. *Risk to the riding public, if a crime is involved.*

8. Notify the Operations Unit of the time of the request for the removal of power.
 - a. Notify the Operations Unit when power is restored.
9. Notify and request the response of the district commander/duty captain.

PATROL GUIDE

DISTRICT COMMANDER/ DUTY CAPTAIN

10. Respond to the scene and supervise police operations.
11. Ensure that proper notifications have been made to the Operations Unit.

NOTE *The ranking officer supervising police operations will make maximum utilization of the experience and expertise of New York City Transit personnel at the scene.*

MEMBER CONCERNED, OPERATIONS UNIT

12. Notify the Police Commissioner's Office, the Office of Chief of Department, and the Transit Bureau Wheel of any removal of power within the transit system which occurs as a result of police action.
a. A second notification will be made upon restoration of power.

NOTE *Uniformed members of the service will not personally shut off power, unless there is a grave risk of IMMINENT danger to the officers concerned or to others and NO OTHER safe alternative is available.*

WHEN IT IS NECESSARY TO IMMEDIATELY REMOVE POWER FROM TRACK AREA DUE TO IMMINENT DANGER:

UNIFORMED MEMBER OF THE SERVICE CONCERNED

13. Open emergency alarm box and pull lever down as far as it will go and release the lever (located in subway tunnels, spaced about 400 to 600 feet apart, beneath the blue light).
a. Power on all tracks in the vicinity will be immediately turned off.
14. Use the telephone (located at the alarm box), immediately after removing power, to notify the Rapid Transit Operations Command Center Desk Superintendent of the situation.

NOTE *New York City Transit will automatically RESTORE THE POWER if notification is not made immediately.*

15. Notify the radio dispatcher via radio, if telephone notification cannot be made, and request that immediate notification be made to the Desk Superintendent concerned.

NOTE *The train operator or conductor's New York City Transit radio can be used by police personnel for conducting direct communications with the Rapid Transit Operations Command Center.*

The removal of power may be avoided, in many instances, by obtaining the cooperation of train motormen and riding in the lead cars of trains, in both directions, through the affected area to search for fleeing suspects.

**PATROL
SUPERVISOR/
RANKING
OFFICER IN
CHARGE**

16. Confer with a New York City Transit supervisor on the scene, after ensuring that all personnel are off the tracks, as to whether power can be restored immediately after the condition, which required the removal of power, has been corrected.

**ADDITIONAL
DATA**

Members of the service are reminded that the NYC Transit has the capability of limiting the removal of power to the actual tracks involved in the critical incident. Turning off the power directly from the emergency alarm boxes will remove the power in both directions and on all tracks for several stations. This can cause a major tie-up on the subway system thereby creating other hazards. Therefore, when possible, all requests for the removal or restoration of third rail power will be made directly to the Rapid Transit Operations Command Center Desk Superintendent. This request can be made via the motorman's radio, Rapid Transit Operations Radio or if no other alternative exists by the radio dispatcher in the usual manner. In all cases, an immediate follow-up notification will be made to the Communications Section.

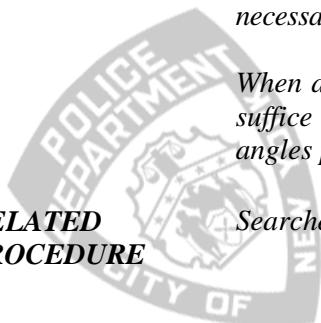

In cases where a dead human body is found under circumstances indicating an apparent homicide or is otherwise suspicious, the investigating officer from the Crime Scene Unit will photograph and mark the position of the body (head, leg, arm, etc.) and any other items of evidence that must be removed to avoid destruction by passing train traffic. The body will then be removed to an area of safety for further examination so that the power and service can be restored.

If a suspicious death/homicide occurs on a train, the body should remain undisturbed. The car or cars involved shall be secured, and a uniformed member of the service shall be assigned to accompany the car involved as it is removed to the train yard or other place where the investigation will be completed. If the member so assigned is anyone other than the investigating officer, that member shall remain with the removed car until the investigating officer's arrival. Prior to moving the car, the investigating officer will mark its position and note the order and serial numbers of all cars in the make-up of the train. If necessary, investigators may return to the scene to conduct a search for additional evidence.

When a body is found in the track bed and is obstructing passenger train traffic, it will suffice to have the responding detectives photograph the body in place from several angles prior to its removal.

INCIDENTS INVOLVING FORMER/RETIRED MEMBERS OF THE SERVICE OR OFF DUTY/RETIRED FEDERAL, STATE AND CITY LAW ENFORCEMENT AGENTS AUTHORIZED TO CARRY A WEAPON

DATE EFFECTIVE:	LAST REVISION:	PAGE:
02/16/22	I.O. 13	1 of 2

PURPOSE

To investigate and safely resolve incidents and/or confrontations involving former/retired members of the service or off duty/retired Federal, State, and City law enforcement agents authorized to carry a weapon.

SCOPE

The type and circumstances of encounters involving former or off duty law enforcement officers with on-duty officers and the general public are varied. Incidents which can lead to a confrontation or the potential for confrontation may include traffic collisions, personal domestic disputes, an occasion where a retired officer/agent observes criminal activity and takes police action or when he/she is the victim of a serious crime.

PROCEDURE

When a uniformed member of the service responds to or becomes aware of an incident with the potential for a confrontation involving a former/retired member of the service or off duty/retired Federal, State or City law agent authorized to carry a weapon:

UNIFORMED MEMBER OF THE SERVICE

1. Ascertain identity of former/retired member of the service or the off duty/retired law enforcement agent involved.

NOTE

Any incident involving an off duty officer or member of another law enforcement agency should be treated in a comparable manner to other incidents or confrontations routinely encountered with other members of the public. RESPONSE TO FIREARMS DEALERS LOCATIONS

DATE ISSUED:
08/01/13DATE EFFECTIVE:
08/01/13

REVISION NUMBER:

PAGE:
1 of 2**PURPOSE**

To establish a proper response to firearms dealer locations after notification via NICS and the New York State Police that a person wanted on a warrant is attempting to purchase a weapon.

SCOPE

Federal law requires that federally licensed firearm dealers in New York City conduct an “instant background check” on any person wishing to purchase a firearm (handgun, rifle, shotgun). To do this the dealer will telephone the Federal Bureau of Investigation’s National Instant Criminal Background Check System (NICS), with the person’s pedigree information. Within a short time NICS will advise the dealer whether or not a firearms sale can be completed. In situations where NICS confirms that there is an outstanding arrest warrant for a person attempting to purchase a firearm, they will notify the New York State Police, who in turn will contact the N.Y.P.D.’s Operations Unit. Operations Unit will then notify both the patrol borough concerned and the Communications Section. Communications Section will advise the patrol supervisor to contact Operations Unit for an appraisal of situation i.e., the location and number of perpetrators. Based on all available information, the patrol supervisor will evaluate the situation and determine if additional resources are required, and if the duty captain should be notified.

PURPOSE To preserve the peace and protect life and property at the scene of a strike or labor dispute.

DEFINITIONS **PENAL LAW SECTION 240.25, HARASSMENT IN THE FIRST DEGREE** - prohibits “stalking” - intentionally and repeatedly harassing another person by following him/her in a public place or by engaging in a course of conduct which places the person in reasonable fear of physical injury. However, this Penal Law section does not apply to conduct which constitutes picketing or other labor-related activity governed by federal labor statutes.

PENAL LAW SECTION 240.26, HARASSMENT IN THE SECOND DEGREE - prohibits harassing a person by following him/her in a public place or engaging in a course of conduct which alarms or seriously annoys someone and has no legitimate purpose. These provisions do not apply to conduct which constitutes picketing or other labor-related activity governed by federal labor statutes. However, the law leaves intact the prohibition against striking, shoving, kicking, or otherwise subjecting another person to physical contact, or attempting to do such acts -- no one, whether picketing or not, is permitted to engage in this behavior, which remains enforceable as Harassment in the second degree.

ADDITIONAL DATA When individuals are engaged in labor related activity such as picketing, distributing leaflets or otherwise demonstrating in a labor relations context, they are exempt from arrest for the categories of harassment discussed above. Instead, the victim may be referred to court for an injunction, or to the National Labor Relations Board. The only permissible arrest for harassment in this situation is now where the individual strikes, shoves, kicks, or otherwise subjects the victim to physical contact, or attempts or threatens to do the same. FIRE

DATE ISSUED:
07/01/20DATE EFFECTIVE:
07/01/20

REVISION NUMBER:

PAGE:
1 of 4**PURPOSE**

To protect life and property, and facilitate fire operations.

PROCEDURE

Upon receiving a report of a fire (10-59) through 911 or as a pick-up:

RADIO DISPATCHER

1. Immediately assign available unit to respond and notify patrol supervisor.
2. Broadcast any new information received via ICAD or from members on the scene. Notify the patrol supervisor and any other responding supervisor(s) of all available information (e.g., numerous calls received, affected floor, persons trapped, injuries, etc.).
3. If members of the service at scene are in immediate danger at any time from smoke, heat, or fire, notify the FDNY dispatcher for transmittal to FDNY units on the scene.

UNIFORMED MEMBER OF THE SERVICE

4. Park Department vehicles to prevent interference with firefighting operations.
5. Transmit signal 10-84 upon arrival on-scene of fire. Ensure FDNY is responding if not on-scene and inform dispatcher of any pertinent details.
6. Ensure area in front of building is secured for responding FDNY personnel and all fire hydrants are free of vehicles.
7. Direct responsible person to remain in front of location to direct fire apparatus if fire is not in view.
8. Warn occupants and assist evacuated persons if appropriate.
9. Prevent persons from reentering the building and secure lobby.

NOTE

Uniformed members of the service should be aware that some modern buildings are fire-proof and may not exhibit conditions that are commonly believed to be observable from outside a building on fire (i.e., flames or smoke). Uniformed members are not trained in, or equipped for, fire suppression or fire rescue operations and should avoid entering any building that is on fire. In most circumstances, members should await the arrival of FDNY personnel and assist in evacuation, pedestrian/traffic control and establishing a secure perimeter around firefighting operations. Given the fluid nature of the circumstances encountered at a fire scene, members of the service are reminded to use common sense judgment.

10. If there is imminent danger to life and member(s) determine that entering the building is necessary and prudent, notify radio dispatcher of all observations made in connection with fire prior to entry.
11. Communicate to FDNY personnel at the scene the number of members of the service who entered the building, including last known location, if possible.
12. Proceed with caution at all times and maintain communication with radio dispatcher.
 - a. Frequently relay location and ascertain estimated time of FDNY arrival.

- UNIFORMED MEMBER OF THE SERVICE (continued)**
- 13. Use stairs to reach reported fire location. (DO NOT use elevator.)
 - a. Members should ascend in teams of two.
 - 14. Advise radio dispatcher of labeled staircase being used or of any other identifying characteristics of staircase, if not labeled.
 - 15. Conduct a visual inspection of stairwell for smoke or flames prior to ascending staircase.
 - a. While ascending, inspect each floor below reported fire floor for smoke and/or fire and note location and distance of other stairways, exits and/or potential areas of refuge.
 - 16. DO NOT hold elevator cars on any floor as FDNY units will seek to recall elevators to move personnel and firefighting equipment into position.
 - 17. Conduct a visual inspection of hallway of reported fire floor through the stairwell/hallway door window, if available.
 - a. Place back of hand on door that separates stairwell from affected floor to detect the presence of heat.
 - (1) An unusually warm door or the presence of smoke are indicators that there is a fire in the hallway or in an apartment where a door has been left open. This can be an extremely dangerous condition requiring personal protective equipment to enter and is considered "immediately dangerous to life and health." In these cases, members should not open the door or enter the hallway as such action can draw smoke/fire toward the stairwell.
- PATROL SUPERVISOR**
- 18. Respond to ALL building/structure fires in command.
 - 19. Confer with FDNY supervisor and advise members of the service to evacuate/tactically retreat (e.g., assume a prone position and crawl or stay as low to the ground as dictated by the situation, moving close to the wall so that the wall may be used as a guide, etc.) to predetermined exit, if smoke and heat are suddenly present.
 - 20. Notify desk officer if fire is suspicious and request precinct detective squad.
 - 21. Immediately assign uniformed members of the service to direct and control responding emergency vehicles to allow free access to affected area.
 - a. Confirm that fire hydrants remain accessible for use.
 - b. Ensure a clear path of access and egress is established and maintained for ambulances.
- FIRST SUPERVISOR AT SCENE**
- 22. Proceed immediately to the FDNY Incident Command Post once established and remain at Incident Command Post until relieved or the Command Post is demobilized.
 - 23. Advise the FDNY Incident Commander of the number of members of the service inside the affected building, including unit designation and last known location.

 - f. Relocation of tenants required.
 - 31. Review **COMPLAINT REPORT WORKSHEET/AIDED REPORT**, if prepared.

ADDITIONAL DATA

OPERATIONAL CONSIDERATIONS

Fires can spread rapidly and expand to other rooms, floors or buildings. In addition, smoke created by fire contains poisons and carcinogens including carbon monoxide. Members of the service should be aware, given the circumstances, that a high level of exertion (e.g., stair climbing, etc.) prior to or while entering a fire location could be problematic; the rapid respiration associated with a high level of physical exertion may result in an increased intake of dangerous and harmful smoke into the lungs. ABSENT EXIGENT CIRCUMSTANCES UNIFORMED MEMBERS OF THE SERVICE SHOULD NOT OPERATE ON ANY FLOOR ABOVE THE FIRE AND NOT ATTEMPT TO NAVIGATE THROUGH A SMOKE-FILLED OR FIERY ENVIRONMENT.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-58	07/01/20		4 of 4

ADDITIONAL DATA (continued)

In fire suppression incidents, according to the CIMS Primary Agency Matrix, the ranking FDNY officer is the Incident Commander and the NYPD will co-locate its command post with the FDNY's. The highest ranking NYPD uniformed supervisor shall remain with the on-scene Incident Commander and work and coordinate with the Primary Agency. The highest ranking uniformed supervisor is responsible for site management and accountable for the inner perimeter and crowd / traffic control.

RESPONSE TO TWO ALARM FIRES

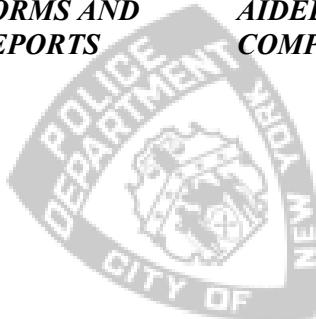

A second alarm occurs when the Fire Department dispatches additional engine companies, additional ladder companies and other necessary resources beyond the deployment of a full-scale first alarm response. While it is recognized that, in most instances, members of the NYPD are already at the scene of such fires and are aware of the second alarm, the Fire Department will notify the Operations Unit directly, when a fire reaches a second alarm. Upon notification of a two alarm fire, the Operations Unit will direct the duty captain to the scene.

The duty captain will respond to the scene to ensure that all appropriate coordination and police services are being provided. In addition, the duty captain will give particular attention to ensuring that traffic control is maintained and perimeters are established. When appropriate, the duty captain may direct that a ranking member be designated as the NYPD communications liaison.

The ranking member of the New York City Police Department on the scene will confer with the ranking fire officer to determine if additional police resources are required, e.g. Aviation Unit, Harbor Unit, etc. Supervisory members should be aware that, when conditions warrant, the Fire Department may request that a fire officer be assigned to an Aviation Unit in order to survey the fire and affected structures. Such requests should be facilitated by promptly notifying the Operations Unit and arranging for the flight, as appropriate.

LAST REVISION:

I.O. 34

PAGE:

1 of 6

PURPOSE

SCOPE

Members of the service shall conduct all inquiries, interactions and enforcement activities in and around NYCHA buildings with the courtesy, professionalism, and respect to which all persons are entitled in their own homes. This procedure must be applied consistent with *P.G. 212-11, "Investigative Encounters: Requests for Information, Common Law Right of Inquiry and Level 3 Stops"* and the corresponding training materials establish the parameters for all investigative encounters irrespective of location of occurrence.

PROCEDURE

To conduct interior patrols in NYCHA buildings. Uniformed members of the service shall frequently inspect the interior of Housing Authority buildings on assigned posts as follows:

UNIFORMED MEMBER OF THE SERVICE

1. Notify Communications Section radio dispatcher, utilizing radio code 10-75I, and make a digital **Activity Log** entry of the time and street address upon entering the building.
2. Notify applicable Police Service Area or 120 Precinct, by radio, if Video Interactive Patrol Enhanced Response (VIPER) cameras are present.

POLICE SERVICE AREA/120 PRECINCT MEMBER

3. Advise uniformed member of conditions that:
 - a. Require attention
 - b. Significantly affect safety.
4. Provide ongoing assistance to uniformed member of the service performing interior patrol.

UNIFORMED MEMBER OF THE SERVICE

5. Inspect front, rear and other exterior doors and door locks, intercom system, and the interior of the lobby.
6. Inspect elevators and ascertain if they are operable.

 - a. If signs are missing, illegible or defaced, prepare a **FIELD REPORT**, using the Finest Online Records Management System (FORMS).
 - (1) A legible handwritten copy must be completed if a uniformed member of the service does not have the ability to complete a **FIELD REPORT** electronically.

 - b. Patrol each floor, staircase and hallway within the building from the top floor to the ground floor.
 - c. Patrol all accessible basement areas.
9. Inspect elevator doors on each floor, taking immediate action when necessary.

 - (1) Elevator door glass is missing
 - (2) Outer elevator door opens when elevator is not present
 - (3) Any other dangerous condition concerning elevators exists.
10. Notify the Housing Authority in accordance with the procedure set forth in *P.G. 207-26, "Field Reports,"* by preparing a **FIELD REPORT** regarding:
 - a. Any damage or defect related to the intercom system, lobby door or lobby door lock
 - b. Any missing or defective signs, including signs that designate restricted areas and prohibit entry in those restricted areas, and/or any missing alarms to restricted areas
 - c. Any other condition that potentially compromises the safety or security of the building, its residents or authorized visitors
 - d. Violations of NYCHA "House Rules" and regulations.
11. Be alert for persons who may be violating Housing Authority rules and regulations within NYCHA property.
 - a. Upon encountering persons who are violating a Housing Authority rule, take appropriate police action pursuant to *P.G. 207-26, "Field Reports,"* unless there is a basis for criminal enforcement.
 - b. Observation of a violation of any Housing Authority rule, regardless of whether it is also a criminal offense, may, at a minimum, provide an officer with an objective credible reason to approach the person to inquire further.
 - c. Do not stop a person in accordance with *P.G. 212-11, "Investigative Encounters: Requests for Information, Common Law Right of Inquiry and Level 3 Stops,"* for a violation of Housing Authority rules unless the rule violation is also a criminal offense. Mere lingering in a common area, without more, is not a criminal offense for which a person may be stopped or arrested.
 - d. Do not take police action pursuant to *P.G. 208-01, "Law of Arrest,"* for a violation of Housing Authority rules unless the rule violation is also a criminal offense.
12. Be alert for persons who may be engaged in criminal activity.

UNIFORMED MEMBER OF THE SERVICE *(continued)*

- a. Conduct all investigative encounters in accordance with *P.G. 212-11, "Investigative Encounters: Requests for Information, Common Law Right of Inquiry and Level 3 Stops,"* and, if applicable, with the procedures for trespass investigations as set forth in step "13" below.
- b. If a person is stopped, a **STOP REPORT (PD383-151)** shall be prepared pursuant to *P.G. 212-11, "Investigative Encounters: Requests for Information, Common Law Right of Inquiry and Level 3 Stops,"* and a digital **Activity Log** entry shall be made to document the encounter.
 - (1) Check the appropriate box indicating the stop is related to a NYCHA building.
- c. Take police action pursuant to *P.G. 208-01, "Law of Arrest"* or *P.G. Series 209, "Summons,"* only if there is probable cause to believe that a person committed a felony or misdemeanor or the person committed a violation in the officer's presence.

NOTE

Mere presence in or near a NYCHA building does not provide a basis to approach and conduct an investigative encounter, nor does it establish reasonable suspicion for a stop. When approaching a person based only on an objective credible reason (Level 1 Request for Information), members are prohibited from requesting consent to search the person.

13. Trespass Investigations: Be alert for persons who may be engaged in criminal trespass.
 - a. Level 1 Request for Information: If there is an objective credible reason to approach such a person based on observed behavior or other credible information, a member of the service may approach and ask in a non – threatening and non – accusatory manner:
 - (1) If he or she lives in the building
 - (2) If he or she is visiting someone in the building
 - (3) If he or she has business in the building.
 - b. Level 2 Common Law Right of Inquiry: If, based on the answers to questions in the initial encounter and/or observed behavior, there is a founded suspicion of criminal trespass, take reasonable measures to verify the person's authorization to be in the building.

NOTE

Do not use a tone or take steps that would create a situation where a reasonable person would not feel free to leave when there is less than reasonable suspicion that the person is a trespasser.

- c. Level 3 Terry Stop: Stop a person in accordance with *P.G. 212-11, "Investigative Encounters: Requests for Information, Common Law Right of Inquiry and Level 3 Stops,"* and take reasonable measures to investigate only if there is reasonable suspicion to believe that the person has committed, is committing, or is about to commit criminal trespass. Such measures include, but are not limited to, the following:

UNIFORMED MEMBER OF THE SERVICE *(continued)*

- (1) Temporarily detaining the person while another uniformed member visits the building resident whom the person claims to be visiting; and/or
- (2) Requiring the person to accompany uniformed member to the apartment of the building resident whom the person claims to be visiting.

NOTE

Merely passing through a door that has a broken lock or that has been propped open does not, alone, constitute reasonable suspicion of criminal activity.

- d. Take police action pursuant to P.G. 208-01, "Law of Arrest" or *Patrol Guide Series 209*, "Summons," only if there is probable cause that the person committed trespass. A reasonable investigation is ordinarily necessary to determine whether probable cause exists.
 - (1) Make digital **Activity Log** entry describing the details of arrest/summons.
 - (2) Document investigative steps taken prior to making the arrest or issuing the summons including the factors used to determine that the person knowingly entered or remained unlawfully, particularly if signs are not present or visible.
 - (3) Utilize Department-issued smartphone to photograph sign(s) prohibiting trespassing or document the warning and the location in digital **Activity Log**.

NOTE

Even if there is probable cause to arrest a person for trespassing, officers may exercise their discretion to refrain from arresting that person, and instead instruct that person to leave under appropriate circumstances.

- e. In all cases when an arrest is made for criminal trespass, the arresting officer must:
 - (1) Prepare **NYCHA TRESPASS CRIMES – FACT SHEET AND SUPPORTING DEPOSITION (PD351-145)** and submit to the desk officer for review
 - (2) Prepare **STOP REPORT**, if appropriate
 - (3) Prepare **COMPLAINT REPORT (PD313-152)**.

14. Restricted Areas:

- a. Restricted areas are limited to those areas specifically designated as restricted by Housing Authority rules and regulations
- b. In the absence of conspicuously posted rules, do not arrest a person for trespassing in a restricted area of a building (including the roof, roof landing or boiler room), unless probable cause is established that the person knows that their presence in the restricted area is prohibited (e.g., the member of the service knows that the person has been previously found in that same type of restricted area of a Housing Authority development, notwithstanding the fact it may have been a different Housing Authority development, based on the officer's prior experiences with the person or information communicated to the officer)

- c. In the absence of such conspicuously posted rules or regulations, a person found on a roof or roof landing or in a boiler room, or any other restricted area, should be:
 - (1) Instructed to leave such area if he or she is a resident or authorized visitor and there is no other basis to arrest such person, or
 - (2) Instructed to leave the building if he or she is an unauthorized visitor and there is no other basis to arrest such person.
- d. Prepare a **FIELD REPORT** anytime a person is observed in a restricted area and there are no conspicuously posted rules

 - c. Radio transmissions
 - d. Proper documentation (e.g., digital **Activity Log** entry, **STOP REPORT**, **RIGHT TO KNOW BUSINESS CARD (PD142-012)** or **RIGHT TO KNOW BUSINESS CARD – GENERAL (PD142-013)**, **FIELD REPORT**, etc.).

DESK OFFICER

- 21. Ensure that completed **NYCHA TRESPASS CRIMES – FACT SHEET AND SUPPORTING DEPOSITION** is included in arrest package for all arrests that include a charge of criminal trespass in a NYCHA building.

DESK OFFICER (continued)

- b. Return original **NYCHA TRESPASS CRIMES -FACT SHEET AND SUPPORTING DEPOSITION** to arresting officer for inclusion in arrest package.
23. Have photocopies of **NYCHA TRESPASS CRIMES – FACT SHEET AND SUPPORTING DEPOSITION(S)** placed in chronological order in a binder maintained at the desk.

PSA/PRECINCT COMMANDING OFFICER

24. Review available sources and identify buildings that are in need of increased interior patrols.
25. Assign and direct members to perform patrols at directed locations.

ADDITIONAL DATA

During the course of an interior patrol, members of the service are likely to encounter other persons in the building. While detecting trespassers inside NYCHA buildings is an important public safety function, it is equally critical that members of the service treat residents and their guests with courtesy, professionalism, and respect at all times.

If a member of the service has reason to seek to determine if a person is authorized to be in the building, the member may ask for the person's voluntary cooperation. When feasible and consistent with safety, advise the person that the purpose of the interior patrol is to keep the building safe and ensure that only tenants and their invited guests are within the building, and advise the person that he or she is free to leave (unless the person is under arrest or detained in a Level 3 stop). A person's refusal or inability to produce identification or provide information does not elevate the level of the encounter. However, if the individual refuses or is unable to explain his or her presence in the building, the member may instruct the person that he or she must leave the building or be subject to arrest for trespass.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-61	05/01/25	R.O. 27	2 of 4

NOTE

Pattern identification is crucial to a burglary strategy. As part of this strategy, the Detective Bureau will establish burglary patterns in the same manner used to deal with robbery patterns. Where two or more incidents have common traits the Precinct Detective Squad Commander will establish a pattern. Items that should be considered in order to declare a pattern are: similar methods of entry, items stolen, proximity of crimes to each other, time/day of occurrence as well as any other distinguishable common characteristics. The Precinct Detective Squad, in which a pattern has been established, will have the primary responsibility in compiling a pattern folder and documenting their investigative steps to apprehend the perpetrator unless the pattern crosses precinct boundary lines. All information must be disseminated to members of the service in the local and surrounding precincts, detective squads and investigative units. The Borough Robbery Squad will assume responsibility for investigation of patterns affecting more than one precinct. The Patrol Borough Commander will oversee the coordination of the plan to address the pattern between Patrol Services, Detective Bureau (i.e., detective squad, warrants, gang unit etc.) and Intelligence Division personnel.

PDS/BRAM INVESTIGATOR

11. Review burglary and robbery complaint reports and assist in identifying any Burglary/Robbery patterns or trends that may arise.
12. Confer with the Precinct Field Intelligence Officer, when assigned, prior to and following the issuance of a pattern.
13. Compile a pattern case folder for all identified patterns, documenting all investigative steps taken.
14. Maintain photo books in accordance with established Legal Bureau guidelines, containing pictures of persons previously arrested for burglary and related crimes.
15. Confer with precinct and borough patrol and investigative units and disseminate all information regarding burglary and robbery trends, patterns and wanted perpetrators.
16. Update and maintain the Precinct Crime Information Center with active **INVESTIGATION CARD (PD373-163)**, Field Information posters, serial burglar lists and photos.
17. Conduct an investigation when the subject of a "Home Visit" cannot be located by the Precinct Burglary Apprehension Team (BAT).
18. Cultivate and maintain sources of information within command (e.g., confidential informants, building superintendents, landlords, block watchers, etc).
19. Debrief all suspects arrested for crimes of burglary/robbery. Seek to:
 - a. Identify accomplices
 - b. Identify fencing locations
 - c. Identify other victims.
20. Be responsible for reviewing the list of persons selling items to pawnshops or secondhand dealers.
 - a. Conduct appropriate investigation, i.e. **INVESTIGATION CARD** check, warrant investigation, criminal record check.
21. Assist the Burglary Apprehension Team with "Fencing Sting Operations."
22. Take major case prints for every person arrested for the crime of burglary.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-61	05/01/25	R.O. 27	3 of 4

- PDS/BRAM SUPERVISOR**
- 23. Be responsible for the review of all burglary/robbery complaints received at the office to determine case status.
 - 24. Review all **COMPLAINT REPORTS (PD313-152)**, **Omniform Complaint Revisions** and associated Enterprise Case Management (ECMS) entries to determine whether the cases should remain ACTIVE or CLOSED, and to ensure that all necessary investigative steps have been taken.
 - 25. Assign robbery and burglary cases amongst all detectives in the unit.
 - 26. Ensure the crime information centers are updated accordingly.
 - 27. Ensure pawnshop/secondhand dealer inspections are properly investigated.
 - 28. Verify major case prints are taken for every person arrested for burglary.

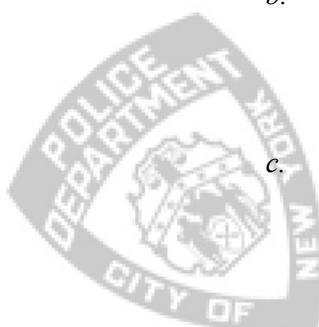

ADDITIONAL DATA

Assignment to a Precinct Detective Squad/Burglary Robbery Apprehension Module (PDS/BRAM) will be viewed solely as a Detective Bureau assignment, and not as an "investigative assignment" available to police officers under the "Police Officers Career Program."

Precinct Detective Squad/Burglary Robbery Apprehension Module (PDS/BRAM) team members will be assigned to the Detective Duty Chart. The squad commander, however, will have sufficient flexibility to modify scheduled tours to accommodate the needs of the command and/or for particular investigations.

Key elements which contribute to the success of the BRAM program:

- a. *The creation of a specialized BRAM unit within every Precinct Detective Squad. These units are commanded by, and are accountable to, a Precinct Detective Squad Commander who is responsible for the investigation of all robbery/burglary complaints committed within that precinct (unless another unit has responsibility as per Department directives).*
- b. *The allocation of Precinct Detective Squad personnel to the BRAM unit, commensurate with the number of reported burglary/robbery cases. Precinct Detective Squad Commanders will determine the exact complement of personnel (supervisors/detectives), in concurrence with the respective Detective Borough Commanding Officer.*
- c. *One member of each PDS/BRAM will be designated as liaison with the Borough Robbery Squad and the Intelligence Division for the purpose of identifying emerging patterns and suspects. The Pattern Identification Module will be responsible for identifying, tracking and disseminating information between the precincts and boroughs affected and creating the pattern sheet upon conferral with both the Precinct Squad Commanders and Precinct Commanders involved.*
- d. *Detective Bureau must notify the appropriate Patrol Borough Pattern Identification Module when a pattern is established and provide all relevant details. GUIDELINES FOR THE USE OF VIDEO/PHOTOGRAPHIC EQUIPMENT BY TECHNICAL ASSISTANCE RESPONSE UNIT (TARU) PERSONNEL AT DEMONSTRATIONS

DATE EFFECTIVE:

06/23/25

LAST REVISION:

R.O. 46

PAGE:

1 of 2

PURPOSE

To describe those limited circumstances when Technical Assistance Response Unit (TARU) personnel may use video and/or photographic equipment at demonstrations and to establish procedures for the use of such equipment, when permitted.

SCOPE

Use of video and/or photographic equipment by TARU personnel at demonstrations is appropriate only if a permissible operational objective exists. The following constitute permissible operational objectives:

- a. A bona fide need exists to prepare training materials on proper crowd control techniques; or
- b. When it reasonably appears that unlawful conduct is about to occur, is occurring or has occurred during the demonstration; or
- c. A bona fide need exists to continuously assess crowd conditions, through the use of live video transmissions, for the proper deployment of police resources.

PROCEDURE

When ranking personnel of this Department contemplate the use of video and/or photographic equipment at a demonstration for a permissible operational objective:

RANKING OFFICER

1. Submit a report, on **Typed Letterhead**, to the Deputy Commissioner, Legal Matters, through channels
2. Include in the request the following information:
 - a. Date, time and location of demonstration (if known)
 - b. Specific permissible operational objective to be achieved

NOTE

*In the event of exigent circumstances precluding Legal Bureau pre-authorization, the incident commander, Commanding Officer, TARU, or TARU designee, will provide Legal Bureau with a report on **Typed Letterhead** detailing the purpose for TARU deployment within 7 calendar days.*

DEPUTY COMMISSIONER, LEGAL MATTERS

COMMANDING OFFICER, TECHNICAL ASSISTANCE RESPONSE UNIT

5. Ensure that appropriate entries are made in log upon receipt of request.
6. Assign members of TARU to the demonstration to operate video/photographic equipment.

UPON COMPLETION OF VIDEORECORDING/PHOTOGRAPHING:

COMMANDING OFFICER, TECHNICAL ASSISTANCE RESPONSE UNIT

7. Ensure that all video recordings/photographs taken by TARU personnel are maintained indefinitely.

ADDITIONAL DATA

Uniformed members of the service assigned to TARU assigned a Body-Worn Camera are reminded to comply with P.G. 212-123, "Use of Body-Worn Cameras," as required.

Video recordings/photographs should be consistent with the permissible operational objective. For example, video recordings/photographs taken for training purposes or to assess crowd conditions should generally not contain close-ups of participants in the demonstration, but should focus on crowd size, police tactics and/or behavior. When the permissible objective is to record unlawful activity and/or arrest activity, video recording /photography should commence only when there is a reasonable belief that criminal or unlawful activity is about to occur or when spontaneous criminal or unlawful activity actually occurs or has occurred.

Video and/or photographic equipment authorized to be used pursuant to this procedure may only be operated by TARU personnel. Personnel assigned to other commands, e.g., Strategic Response Groups, the Crowd Management Unit, shall not utilize video or photographic equipment at demonstrations pursuant to this procedure, and will comply with P.G. 212-123, "Use of Body-worn Cameras," as required..

With the exception of members of the service assigned to or working under the supervision of the Intelligence Division, all personnel who operate video and/or photographic equipment pursuant to this procedure must be clearly identifiable as police personnel. They must wear either a police uniform or a jacket that is clearly marked "POLICE." Displaying a shield on a chain is not sufficient identification.

All video recordings and photographs pertaining to this procedure, except materials invoiced as evidence, or used in connection with the preparation of training materials, will be stored at TARU. All requests to obtain or view such video recordings or photographs will be made in writing to the Deputy Commissioner, Legal Matters, detailing the reason for the request. NOTE

The Handschu Consent Decree (Appendix A) and the Guidelines for Investigations Involving Political Activity (Appendix B) (together, “the Revised Handschu Guidelines,” or, “the Guidelines”) require that any investigation by the New York City Police Department involving political activity shall be initiated by and conducted only under the supervision of the Intelligence Division. APPENDIX A

HANDSCHU CONSENT DECREE; DECISION AND GUIDELINES

1. PURPOSE

Pursuant to the settlement entered into by the Police Department in the case of Handschi, et al. v. Special Services Division, et al., the Department is required to comply with certain guidelines in investigative matters as set forth herein.

2. BACKGROUND OF HANDSCHU, et al. v. SPECIAL SERVICES DIVISION, et al.

Handschi was commenced in 1971. The complaint alleged that certain intelligence gathering practice and conduct of the Department infringed upon the plaintiffs' constitutional rights. Such conduct included infiltration, electronic surveillance, dossier collection, and improper dissemination of collected information. In order to resolve the issues raised in Handschi, the parties agreed to the implementation of certain guidelines which were commonly referred to as the Handschu Guidelines and which have been incorporated in the Patrol Guide since that time. Pursuant to a recent court order granting the Department's request to modify those guidelines, the following "Revised Handschu Guidelines" (including the following "Guidelines for Investigations Involving Political Activity") hereby replace the old guidelines, and are now in effect.

3. GUIDELINES

I. GENERAL STATEMENT OF POLICY

Activities of the New York City Police Department in the investigation of political activity will conform to constitutionally guaranteed rights and privileges.

II. DEFINITIONS

A. *Political Activity - The exercise of a right of expression or association for the purpose of maintaining or changing governmental policies or social conditions.*

B. *Authority - A board established pursuant to Section III of these guidelines.*

C. *Investigation - A police activity undertaken to obtain information or evidence.*

III. AUTHORITY ESTABLISHED

There is hereby established an Authority to conduct the review of records described in paragraph IV. It shall consist of three members who shall act as a body, to wit, the Deputy Commissioner - Legal Matters of the Police Department, the Chief of Internal Affairs of the Police Department, and a civilian member appointed by the Mayor upon consultation with the Police Commissioner for a term revocable at will. The decisions of the Authority as set forth herein shall be by majority vote.

IV. REVIEW OF RECORDS TO DETERMINE COMPLIANCE

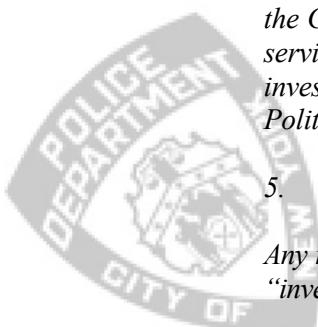

- A. *At any time a person or member of a group or organization, having reason to believe that such person, group, or organization has been the subject of investigation of political activity which violates constitutionally guaranteed rights and privileges, may request in writing which sufficiently identifies the requesting party that the Authority make inquiry of the appropriate investigative officer of the NYPD. If the Authority's inquiry reflects that the investigation was conducted in conformity with the Constitution, the Authority shall notify the requesting party that if an investigation was made, it was made in accordance with the Constitution.*
- B. *If the inquiry reveals or if the Authority otherwise becomes aware that an investigation was not conducted in conformity with the Constitution with respect to the requesting party, the Authority shall proceed as follows:*
- (1) *The Authority shall obtain all information and documents pertaining to the requesting party developed in the course of such investigation.*
 - (2) *The Authority shall conduct or cause to be conducted an inquiry into the circumstances of such investigation with respect to the requesting party.*
 - (3) *In the event the inquiry determines that such investigation with respect to the requesting party was not conducted in accordance with the Constitution, the Authority shall so notify the requesting party and submit a report to the Police Commissioner.*

4. DATE OF EFFECT

*Effective immediately, no members of the service shall engage in an investigation of political activity except through the Intelligence Division. Requests for such investigations should be on **Typed Letterhead** addressed to the Commanding Officer, Intelligence Division. Where time is of the essence the request may be by telephone [REDACTED] to the Criminal Intelligence Section of the Intelligence Division. In all cases, members of the service concerned shall abide by the direction of the Intelligence Division. Such investigations shall be conducted pursuant to the "Guidelines for Investigations Involving Political Activity" set forth below.*

5. INTERPRETATION

Any member of the service who is uncertain whether a particular investigation constitutes an "investigation involving political activity" shall consult with the Legal Division.

APPENDIX B GUIDELINES FOR INVESTIGATIONS INVOLVING POLITICAL ACTIVITY

PREAMBLE

Subsequent to the terrorist attacks on the City of New York on September 11, 2001 which resulted in the loss of thousands of lives and the total destruction of the World Trade Center complex, it became apparent that the City faces unprecedented threats to its continued safety and security. In the view of federal, state and local law enforcement agencies, the prevention of future attacks requires the development of intelligence and the investigation of potential terrorist activity before an unlawful act occurs.

As a result of a federal court order entered in 1985, the New York City Police Department was bound by guidelines, known as the Handschu Guidelines, which governed the investigation of political activity. The Handschu Guidelines (i) limited the investigation of political activity to those circumstances when there was specific information of criminal activity and (ii) established the Handschu Authority to oversee compliance. After evaluating the impact of the Handschu Guidelines on the need to investigate terrorism in a changed world, the City made an application to modify the order so as to eliminate the restrictions contained in the Handschu Guidelines and the oversight of the Handschu Authority with respect to those restrictions. The City did not seek to eliminate the Handschu Authority's role to investigate an individual's complaint that the NYPD had engaged in unconstitutional conduct in the investigation of political activity.

The Court granted the City's application to modify the decree provided the City adopt the internal guidelines set forth below and distribute the guidelines to supervisory personnel who, in turn, were to make them known to those under their command. These guidelines were subsequently incorporated into an order of the Court in 288 F.Supp.2d 411, 420 (S.D.N.Y. 2003) and are enforceable as set out in 679 F.Supp.2d 488, 497 (S.D.N.Y. 2010). They shall remain in effect unless otherwise ordered by the Court. These guidelines are binding on all members of the service who are engaged in the investigation of political activity. It is the purpose of these guidelines to enable officers to perform their duties with greater certainty, confidence and effectiveness while at the same time protecting the guarantees of the Constitution.

I. STATEMENT OF POLICY

It is the policy of the New York City Police Department that investigations involving political activity conform to the guarantees of the Constitution, including the guarantee of equal protection. It is the policy of the New York City Police Department that care be exercised in the conduct of those investigations so as to protect constitutional rights, including the right to be free from investigation in which race, religion, or ethnicity is a substantial or motivating factor. It is the policy of the New York City Police Department that matters investigated be confined to those supported by a legitimate law enforcement purpose.

II. GENERAL PRINCIPLES

(1) *In its effort to anticipate or prevent unlawful activity, including terrorist acts, the NYPD must, at times, initiate investigations in advance of unlawful conduct. It is important that such investigations not be based solely on activities protected by the First Amendment. It is also important that investigations not intrude upon rights of expression or association in a manner that discriminates on the basis of race, religion or ethnicity, where such discrimination is a substantial or motivating factor for the investigation. When, however, statements advocate unlawful activity, or indicate an apparent intent to engage in unlawful conduct, particularly acts of violence, an investigation under these guidelines may be warranted, unless it is apparent, from the circumstances or the context in which the statements are made, that there is no prospect of harm.*

(2) *Based upon the circumstances of a given case, investigative action may be required under exigent circumstances. Exigent circumstances are circumstances requiring action before authorization otherwise necessary under these guidelines can reasonably be obtained, in order to protect life or substantial property interests; to apprehend or identify a fleeing offender; to prevent the hiding, destruction or alteration of evidence; or to avoid other serious impairment or hindrance of an investigation.*

When any investigative action, taken under exigent circumstances, would require an approval under ordinary conditions, such approval shall be obtained as soon as practicable in accordance with the provisions of these guidelines. Where a regular approval or request is required to be in writing, the approval or request following exigent circumstances shall also be in writing.

(3) *Investigations shall be terminated when all logical leads have been exhausted and no legitimate law enforcement purpose justifies their continuance.*

III. APPLICABILITY

These guidelines apply only to investigations which involve political activity. They do not apply to, or limit, other activities of the NYPD in the investigation or detection of unlawful conduct, the preservation of the peace and public safety or other legitimate law enforcement activities which do not involve political activity.

IV. ROLE OF THE INTELLIGENCE DIVISION

(1) *Investigation of political activity shall be initiated by, and conducted under the supervision of the Intelligence Division. Nothing in this paragraph, however, is intended to prevent any member of the service from reporting his or her observations of suspicious conduct which involves political activity to his or her commanding officer or to the Intelligence Division.*

(2) *The Intelligence and Counterterrorism Bureau shall periodically inform and advise the Police Commissioner concerning the status of any investigations conducted pursuant to these guidelines.*

ADDITIONAL DATA *(continued)*

V. LEVELS OF INVESTIGATION

These guidelines provide for three levels of investigative activity. They are intended to provide the NYPD with the necessary flexibility to act well in advance of the commission of planned terrorist acts or other unlawful activity. However, if the available information shows at the outset that the threshold standard for a Preliminary Inquiry or Full Investigation is satisfied, then the appropriate investigative activity may be initiated immediately, without progressing through more limited investigative stages.

A. Checking of Leads

The lowest level of investigative activity is the “prompt and extremely limited checking out of initial leads,” which should be undertaken whenever information is received of such a nature that some follow-up as to the possibility of unlawful activity is warranted. This limited activity should be conducted with an eye toward promptly determining whether further investigation (either a Preliminary Inquiry or a Full Investigation) should be conducted.

Example: If the NYPD receives an allegation that an individual or group has advocated the commission of violence, and no other facts are available, an appropriate first step would be Checking of Leads to determine whether the individual, group, or members of the audience have the apparent ability or intent to carry out the advocated unlawful act.

B. Preliminary Inquiries

(1) In cases where the NYPD receives information or an allegation not warranting a Full Investigation - because there is not yet a “reasonable indication” of unlawful activity – but whose responsible handling requires some further scrutiny beyond the prompt and extremely limited checking out of initial leads, the NYPD may initiate an “inquiry” in response to the allegation or information indicating the possibility of unlawful activity. The possibility of unlawful activity to initiate a Preliminary Inquiry requires an allegation or information that is articulable and factual. However, such allegation or information need not have been verified as true or accurate. Whether it is appropriate to open a Preliminary Inquiry immediately, or instead to engage first in a limited Checking of Leads, depends on the circumstances presented.

(2) The authority to conduct inquiries short of a Full Investigation allows the NYPD to respond in a measured way to ambiguous or incomplete information, with as little intrusion as the needs of the situation permit. This is especially important in such areas as where there is no complainant involved or when an allegation or information is received from a source of unknown reliability. Such inquiries are subject to the limitations on duration under paragraph (4) below and are carried out to obtain the information necessary to make an informed judgment as to whether a Full Investigation is warranted.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-72	06/23/25	R.O. 46	9 of 24

ADDITIONAL DATA (continued)

Example: Officers are not required to possess information relating to an individual's intended unlawful use of dangerous biological agents or toxins prior to initiating investigative activity. If an individual or group has attempted to obtain such materials, or has indicated a desire to acquire them, and the reason is not apparent, investigative action, such as conducting a Checking of Leads or initiating a Preliminary Inquiry, may be appropriate to determine whether there is a legitimate purpose for the possession of the materials by the individual or group. A Preliminary Inquiry is not a required step when facts or circumstances reasonably indicating unlawful activity are already available. In such cases, a Full Investigation can be immediately opened.

(3) *A Preliminary Inquiry may be authorized by the Chief of Intelligence or Executive Officer of the Intelligence Division, or the Commanding Officer of the Criminal Intelligence Section ("the Authorizing Officials"). The Authorizing Official must assure that the allegation or other information which warranted the inquiry has been recorded in writing. Upon such authorization a notification must be made for final approval by the Intelligence and Counterterrorism Bureau.*

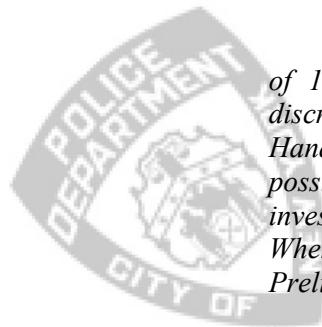

(4) *Inquiries shall be completed within 180 days after initiation of the first investigative step. The date of the first investigative step is not necessarily the same date as the date on which the first incoming information or allegation was received. An extension of time in an inquiry for succeeding 90 day periods may be granted by the Intelligence and Counterterrorism Bureau. Any such request for extension shall be in writing and shall include a statement of the reasons why further investigative steps are warranted when there is no reasonable indication of unlawful activity. The action taken on any such request for extension shall also be recorded in writing.*

(5) *A Preliminary Inquiry shall be subject to a review every 6 months by the Chief of Intelligence, or an appropriate executive of the Intelligence Division designated by him, to discuss the status of the Preliminary Inquiry, including, what operational steps should be taken.*

(6) *A Preliminary Inquiry shall be presumptively limited to a total duration of 18 months. This presumptive period of duration may be exceeded in the sole discretion of the Intelligence and Counterterrorism Bureau, in consultation with the Handschu Committee, where the allegations or information continue to indicate the possibility of unlawful activity and either that some further leads should be lawfully investigated or that there is a legitimate law enforcement purpose to be pursued further. When the presumptive period of duration is exceeded all other provisions regarding a Preliminary Inquiry continue to apply.*

(7) *All lawful investigative techniques, including the use of undercover operations and the development of sources and informants may be used in a Preliminary Inquiry except:*

- (a) *Mail openings; and,*
- (b) *Eavesdropping and Video Surveillance as those terms are defined in Article 700 of the New York State Criminal Procedure Law.*

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-72	06/23/25	R.O. 46	10 of 24

ADDITIONAL DATA (continued)

- (8) *The following investigative techniques may be used in a Preliminary Inquiry without any prior authorization from a supervisor:*
- (a) *Examination of NYPD indices and files;*
 - (b) *Examination of records available to the public and other public sources of information;*
 - (c) *Examination of available federal, state and local government records;*
 - (d) *Interview of complainant, previously established informants, and other sources of information;*
 - (e) *Interview of the potential subject;*
 - (f) *Interview of persons who should readily be able to corroborate or deny the truth of the allegation, except this does not include pretext interviews or interviews of a potential subject's employer or coworkers unless the interviewee was the complainant; and*
 - (g) *Physical, photographic or video surveillance of any person, provided that such surveillance does not require a warrant.*

The use of any other lawful investigative technique that is permitted in a Preliminary Inquiry shall meet the requirements and limitations of Part VII and, except in exigent circumstances, requires prior approval by a supervisor.

(9) *Where a Preliminary Inquiry fails to disclose sufficient information to justify an investigation, the NYPD shall terminate the inquiry and make a record of the closing.*

(10) *All requirements regarding inquiries shall apply to reopened inquiries.*

C. Full Investigation

A Full Investigation may be initiated when facts or circumstances reasonably indicate that an unlawful act has been, is being, or will be committed. A Full Investigation may be conducted to prevent, solve or prosecute such unlawful activity.

(1) *The standard of "reasonable indication" is substantially lower than probable cause. In determining whether there is reasonable indication of an unlawful act an investigator may take into account any facts or circumstances that a prudent investigator would consider. However, the standard does require specific facts or circumstances indicating a past, current, or future violation of law. There must be an objective, factual basis for initiating the investigation; a mere hunch is insufficient.*

(2) *Where an unlawful act may be committed in the future, preparation for that act can be a current violation of the conspiracy or attempt provisions of state law. The standard for opening an investigation is satisfied where there is not yet a current substantive or preparatory unlawful act, but facts or circumstances reasonably indicate that such unlawful conduct will occur in the future.*

(3) *Any lawful investigative technique may be used in a Full Investigation, subject to the requirements and limitations of Part VII hereof.*

(4) Authorization and Renewal

a. A Full Investigation may be authorized by the Chief of Intelligence or Executive Officer of the Intelligence Division or the Commanding Officer of the Criminal Intelligence Section ("the Authorizing Officials") upon a written recommendation setting forth the facts or circumstances reasonably indicating that an unlawful act has been, is being or will be committed. Upon such authorization a notification must be made for final approval by the Intelligence and Counterterrorism Bureau.

b. A Full Investigation may be initially authorized for a period of up to a year. An investigation may be continued upon renewed authorization for additional periods each not to exceed a year. Renewal authorization shall be obtained from the Intelligence and Counterterrorism Bureau. All requests for renewal authorization, and action thereon, shall be in writing.

c. Authorizations shall be reviewed by an Authorizing Official before the expiration of the period for which the investigation and each renewal thereof is authorized.

d. A Full Investigation shall be subject to a review every 6 months by the Chief of Intelligence, or an appropriate executive of the Intelligence Division designated by him, to discuss the status of the Full Investigation, including, what operational steps should be taken.

e. A Full Investigation shall be presumptively limited to a total duration of 3 years. This presumptive period of duration may be exceeded in the sole discretion of the Intelligence and Counterterrorism Bureau, in consultation with the Handschu Committee, where facts and circumstances continue to reasonably indicate that an unlawful act has been, is being, or will be committed and either that some further leads should be lawfully investigated or that there is a legitimate law enforcement purpose to be pursued further. When the presumptive period of duration is exceeded all other provisions regarding a Full Investigation continue to apply.

(5) An investigation which has been terminated may be reopened upon a showing of the same standard and pursuant to the same procedures as required for initiation of an investigation. All requirements regarding investigations shall apply to reopened investigations.

D. Terrorism Enterprise Investigation

A Terrorism Enterprise Investigation is a Full Investigation but differs from a general investigation of unlawful conduct in several important respects. As a general rule, an investigation of a completed unlawful act is normally confined to determining who committed that act and securing evidence to establish the elements of the particular offense. It is, in this respect, self-defining. A Terrorism Enterprise Investigation must determine the identity and nature of the individual, group, or organization involved, its geographic dimensions, its past acts and intended goals, including unlawful goals, and its capacity for harm, among other factors. While a standard investigation of unlawful conduct terminates with the decision to prosecute or not to prosecute, a Terrorism Enterprise Investigation does not necessarily end, even though one or more of the participants may have been prosecuted. In addition, groups and organizations exhibit a life and continuity of operation not normally found in other types of unlawful activity. As a consequence, these investigations may continue for several years. Furthermore, the focus of such investigations may be less precise than that directed against more

PATROL GUIDE

ADDITIONAL DATA (continued)

conventional types of unlawful conduct. Unlike the usual case involving unlawful conduct, there may be no completed offense to provide a framework for the investigation. A Terrorism Enterprise Investigation often requires the fitting together of bits and pieces of information, many meaningless by themselves, to determine whether a pattern of unlawful activity exists. For this reason, such investigations are broader and less discriminate than usual, involving the interrelation of various sources and types of information. This section focuses on investigations of enterprises that seek to further political or social goals through activities that involve force or violence, or that otherwise aim to engage in terrorism or terrorism-related crimes. It authorizes investigations to determine the structure and scope of the enterprise as well as the relationship of the members.

I. *General Authority*

a. A Terrorism Enterprise Investigation may be initiated when facts or circumstances reasonably indicate that two or more persons are engaged in an enterprise for the purpose of:

- (i) furthering political or social goals wholly or in part through activities that involve force, violence or other unlawful acts;*
- (ii) engaging in terrorism as defined in N.Y. Penal Law § 490.05, or*
- (iii) committing any offense described in N.Y. Penal Law §§ 490.10, 490.15, 490.20, 490.25, 490.30, or 490.35, or other related statutes currently in effect or subsequently enacted.*

The standard of “reasonable indication” is identical to that governing Full Investigations generally. In determining whether an investigation should be conducted, the NYPD shall consider all of the circumstances including:

- (i) the magnitude of the threatened harm;*
- (ii) the likelihood that it will occur;*
- (iii) the immediacy of the threat; and*
- (iv) any danger to privacy or free expression posed by an investigation.*

In practical terms, the “reasonable indication” standard for opening a Terrorism Enterprise Investigation could be satisfied in a number of ways.

Example: Direct information about statements made in furtherance of an enterprise’s objectives which show a purpose of committing crimes described in N.Y. Penal Law §§ 490.10, 490.15, 490.20, 490.25, 490.30, 490.35 or other related statutes currently in effect or subsequently enacted, would satisfy the threshold.

Example: Activities such as attempting to obtain dangerous biological agents, toxic chemicals, or nuclear materials, or stockpiling explosives or weapons, with no discernible lawful purpose, may be sufficient to reasonably indicate that an enterprise aims to engage in terrorism.

ADDITIONAL DATA (continued)

b. While no particular factor or combination of factors is required, considerations that will generally be relevant to the determination as to whether the threshold standard for a Terrorism Enterprise Investigation is satisfied include, as noted, a group's statements, its activities, and the nature of potential unlawful acts suggested by the statements or activities. Thus, where there are grounds for inquiry concerning a group, it may be helpful to gather information about these matters, and then to consider whether these factors, either individually or in combination, reasonably indicate that the group is pursuing terrorist activities or objectives as defined in the threshold standard. Findings that would weigh in favor of such a conclusion include, for example, the following:

(1) Threats or advocacy of violence or other covered unlawful acts. Statements are made in relation to or in furtherance of an enterprise's political or social objectives that threaten or advocate the use of force or violence, or statements are made in furtherance of an enterprise that otherwise threaten or advocate unlawful conduct within the scope of N.Y. Penal Law §§ 490.10, 490.15, 490.20, 490.25, 490.30, 490.35, or other related statutes currently in effect or subsequently enacted which may concern such matters as, for example:

- (i) engaging in attacks involving or threatening massive loss of life or injury, mass destruction, or endangerment of the national security;
- (ii) killing or injuring public officials, or destroying public facilities, or defying lawful authority;
- (iii) killing, injuring or intimidating individuals because of their status as United States nationals or persons, or because of their national origin, race, color, religion or sex; or
- (iv) depriving individuals of any rights secured by the Constitution or laws of the United States or the State of New York.

(2) Apparent ability or intent to carry out violence or other covered activities. The enterprise manifests an apparent ability or intent to carry out violence or other activities within the scope of N.Y. Penal Law §§ 490.10, 490.15, 490.20, 490.25, 490.30, 490.35 or other related statutes currently in effect or subsequently enacted, for example:

- (i) by acquiring or taking steps towards acquiring, biological agents or toxins, toxic chemicals or their precursors, radiological or nuclear materials, explosives or other destructive or dangerous material (or plans or formulas for such materials), or weapons, under circumstances where, by reason of the quantity or character of the items, the lawful purpose of the acquisition is not apparent;
- (ii) by the creation, maintenance, or support of an armed paramilitary organization;
- (iii) by paramilitary training; or
- (iv) by other conduct demonstrating an apparent ability or intent to injure or intimidate individuals, or to interfere with the exercise of their constitutional or statutory rights.

(3) Potential Unlawful Act. The group's statements or activities suggest potential unlawful acts that may be relevant in applying the standard for initiating a Terrorism Enterprise Investigation - such as crimes under the provisions of the N.Y.

Penal Law that set forth specially defined terrorism or support of terrorism offenses, or that relate to such matters as aircraft hijacking or destruction, attacks on transportation, communications, or energy facilities or systems, biological or chemical weapons, nuclear or radiological materials, assassinations or other violence against public officials or facilities, or explosives.

c. Mere speculation that force or violence might occur during the course of an otherwise peaceable demonstration is not sufficient grounds for initiation of an investigation under this subpart. But where facts or circumstances reasonably indicate that an individual or group has engaged or aims to engage in conduct described in paragraph 1.a. above in a demonstration, an investigation may be initiated in conformity with the standards of that paragraph. This does not limit the collection of information about public demonstrations by individuals or groups that are under active investigation pursuant to paragraph 1.a. above or any other provisions of these guidelines.

2. Purpose

The immediate purpose of a Terrorism Enterprise Investigation is to obtain information concerning the nature and structure of the enterprise as specifically delineated in paragraph (3) below, with a view to the longer range objectives of detection, prevention, and prosecution of the unlawful activities of the enterprise.

3. Scope

a. A Terrorism Enterprise Investigation initiated under these guidelines may collect such information as:

- (i) the identity and nature of an individual or group and its members, their associates, and other persons likely to be acting in furtherance of its unlawful objectives, provided that the information concerns such persons' activities on behalf of or in furtherance of the suspected unlawful activity of the individual, group, or organization;*
- (ii) the finances of the individual, group, or organization;*
- (iii) the geographical dimensions of the individual, group, or organization; and*
- (iv) past and future activities and goals of the individual, group, or organization.*

b. In obtaining the foregoing information, any lawful investigative technique may be used in accordance with the requirements of these guidelines.

4. Authorization and Renewal

a. A Terrorism Enterprise Investigation may be authorized by the Chief of Intelligence or Executive Officer of the Intelligence Division or the Commanding Officer of the Criminal Intelligence Section ("the Authorizing Officials"), upon a written recommendation setting forth the facts or circumstances reasonably indicating the existence of an enterprise as described in paragraph 1.a. above. Upon such authorization a notification must be made for final approval by the Intelligence and Counterterrorism Bureau. When exigent circumstances exist, as described in these guidelines, a Terrorism Enterprise Investigation may be commenced upon the verbal

authorization of an Authorizing Official. However, in such cases, the required written recommendation must be submitted as soon as practicable.

b. A Terrorism Enterprise Investigation may be initially authorized for a period of up to a year. An investigation may be continued upon renewed authorization for additional periods each not to exceed a year. Renewal authorization shall be obtained from the Intelligence and Counterterrorism Bureau. The request for renewal and action thereon shall be in writing.

c. Authorizations shall be reviewed by an Authorizing Official before the expiration of the period for which the investigation and each renewal thereof is authorized. In some cases, the enterprise may meet the threshold standard but be temporarily inactive in the sense that it has not engaged in recent acts of violence or other unlawful activities as described in 1.a., nor is there any immediate threat of harm - yet the composition, goals and prior history of the group suggest the need for continuing law enforcement interest. The investigation may be continued in such cases with whatever scope is warranted in light of these considerations.

d. All Terrorism Enterprise Investigations shall be subject to a review every 6 months by the Chief of Intelligence, or an appropriate executive of the Intelligence Division designated by him, to discuss the status of the Terrorism Enterprise Investigation, including, what operational steps should be taken.

e. A Terrorism Enterprise Investigation shall be presumptively limited to a total duration of 5 years, except where the subject of a Terrorism Enterprise Investigation is a designated foreign terrorist organization. This presumptive period of duration may be exceeded in the sole discretion of the Intelligence and Counterterrorism Bureau, in consultation with the Handschu Committee, where facts and circumstances continue to reasonably indicate that two or more persons are engaged in an enterprise for the purposes stated above and either that some further leads should be lawfully investigated or that there is a legitimate law enforcement purpose to be pursued further. When the presumptive period of duration is exceeded all other provisions regarding a Terrorism Enterprise Investigation continue to apply.

f. An investigation which has been terminated may be reopened upon a showing of the same standard and pursuant to the same procedures as required for initiation of an investigation.

VI. HANDSCHU COMMITTEE

(1) There is hereby established a committee (the "Handschi Committee") whose members are expected and authorized to attend and participate in monthly meetings at which investigations are presented for opening, extension or closure by the Intelligence and Counterterrorism Bureau. For each monthly meeting, all attending members will be provided with the investigative statement pertaining to each proposed opening, extension or closing and any corresponding requests to use or extend the use of undercover officers or confidential informants. At the monthly meeting, any member of the Handschi Committee may ask questions and offer opinions regarding the opening, extension or closure of an investigation presented.

A member of the Intelligence Division with detailed knowledge of operational steps taken in each investigation presented shall be present at the meeting to help address any questions that arise.

(3) Members of the Handschu Committee from the NYPD will include the Intelligence and Counterterrorism Bureau, the Chief of Intelligence, the Executive Officer of the Intelligence Division, the Commanding Officer of IOAS (Intelligence Operations and Analysis Section), the Executive Officer of IOAS, the Commanding Officer (or the Executive Officer) of the Criminal Intelligence Section, the Assistant Commissioner for Intelligence Analysis, the Deputy Commissioner of Legal Matters, Assistant Deputy Commissioner of Legal Matters, Special Counsel for Intelligence Affairs, and/or their successors or persons who occupy similar positions of authority or expertise.

As part of this quarterly discussion, any member of the Handschu Committee may raise concerns regarding any other aspect of compliance with the Handschu Guidelines. The substance of these quarterly discussions shall be recorded in the minutes of the Handschu Committee meeting.

(5) There shall also be a Civilian Representative on the Handschu Committee who shall, unless unable to do so for good cause, attend and participate in all of the monthly meetings for opening, extension, or closure of investigations and in all of the quarterly discussions led by the Special Counsel for Intelligence Affairs on the same terms and conditions as set forth in paragraphs (1), (2) and (4) above. The Civilian Representative shall be a lawyer who has never previously been an employee of the NYPD. The Civilian Representative shall be appointed by the Mayor upon consultation with the Police Commissioner. The Civilian Representative may be replaced by the Mayor for good cause, with 14 days' advance notice to Class Counsel prior to such replacement. In the event that the Civilian Representative resigns, the Mayor in consultation with the Police Commissioner will appoint a replacement. The position of Civilian Representative will exist for a minimum of five years from the appointment of the first person to fill that role. After that initial five year period, the position of Civilian Representative will continue unless the Mayor applies to the Court for an amendment to the Revised Handschu Guidelines abolishing the position, upon 30 days' advance notice to Class Counsel prior to such application. The amendment to the Revised Handschu Guidelines abolishing the position shall be granted by the Court if the Court finds there have not been systematic and repeated violations of the Guidelines to a degree sufficient to show an NYPD policy to act in such a fashion for a period of three years immediately prior to the application, as shown in the reports submitted to the Court by the Civilian Representative.

VII. INVESTIGATIVE TECHNIQUES

(1) When conducting investigations under these guidelines, the NYPD may use any lawful investigative technique permitted by these guidelines. The choice of investigative techniques is a matter of judgment, which should take account of:

- (i) the objectives of the investigation and available investigative resources;
- (ii) the intrusiveness of a technique, considering such factors as the effect on the privacy of individuals and potential damage to reputation;
- (iii) the potential effect on the political or religious activity of individuals, groups or organizations and the potential effect on persons who, although not a target of the investigation are affected by or subject to the technique;
- (iv) the seriousness of the unlawful act; and
- (v) the strength of the information indicating its existence or future commission of the unlawful act.

(2) Where the conduct of an investigation presents a choice between the use of more or less intrusive methods, the NYPD should consider whether the information could be obtained in a timely and effective way by the less intrusive means. The NYPD should not hesitate to use any lawful techniques consistent with these guidelines in an investigation, even if intrusive, where the intrusiveness is warranted in light of the seriousness of the crime or the strength of the information indicating its existence or future commission. This point is to be particularly observed in investigations relating to terrorist activities.

(3) Authorized methods in investigations include, among others, use of confidential informants, undercover activities and operations, eavesdropping and video surveillance (as defined in Article 700 of the NY Criminal Procedure Law), pen registers and trap and trace devices, consensual electronic monitoring, and searches and seizures.

a. Undercover Operations

- (i) Undercover operations, including confidential informants, may be used when taking into account all the circumstances of the investigation, including the need for the information and the seriousness of the threat, it has been determined that the information sought in the investigation could not be reasonably obtained in a timely and effective way by a less intrusive means. The use of undercovers and confidential informants must be authorized by the Intelligence and Counterterrorism Bureau prior to commencement of the undercover operation. The request to use undercovers or confidential informants and action taken on the request must be in writing and must include a description of the facts on which the investigation is based and the role of the undercover.

ADDITIONAL DATA (continued)

- (ii) *The use of an undercover or confidential informant will be approved for a period of 90 days and may be extended for additional periods of 90 days with the approval of the Intelligence and Counterterrorism Bureau. Such extensions may be approved for as long as the investigation continues when it has been determined that the information sought in the investigation could not reasonably be obtained in a timely and effective manner by less intrusive means. The request to extend the use of undercovers and action taken on the request must be in writing and must include the reason for the extension.*
- (iii) *Undercovers are strictly prohibited from engaging in any conduct the sole purpose of which is to disrupt the lawful exercise of political activity, from instigating unlawful acts or engaging in unlawful or unauthorized investigative activities.*

b. *Eavesdropping and Video Surveillance (as defined in Article 700 of the NY Criminal Procedure Law), Pen Registers and Trap and Trace Devices, and Consensual Electronic Monitoring*

- (i) *All requirements for the use of such methods under the Constitution, applicable statutes, and NYPD regulations or policies must be observed.*

(4) *Whenever an individual is known to be represented by counsel in a particular matter, the NYPD shall follow applicable law and Department procedure concerning contact with represented individuals in the absence of prior notice to their counsel.*

VIII. DISSEMINATION AND MAINTENANCE OF INFORMATION

A. Dissemination

The NYPD may disseminate information obtained during the Checking of Leads, Preliminary Inquiries and investigations conducted pursuant to these guidelines to federal, state or local law enforcement agencies, or local criminal justice agencies when such information:

- (i) *falls within the investigative or protective jurisdiction or litigative responsibility of the agency;*
- (ii) *may assist in preventing an unlawful act or the use of violence or any other conduct dangerous to human life;*
- (iii) *is required to be disseminated by interagency agreement, statute, or other law.*

B. Maintenance

All documentation required under these Guidelines shall be maintained by the Intelligence Division in accordance with general police department practice and applicable municipal record retention and destruction rules, regulations and procedures. Under these rules and practices documents are retained for no less than five years.

IX. COUNTERTERRORISM ACTIVITIES AND OTHER AUTHORIZATIONS

In order to carry out its mission of preventing the commission of terrorist acts in or affecting the City of New York and the United States and its people, the NYPD must proactively draw on available sources of information to identify terrorist threats and activities. It cannot be content to wait for leads to come in through the actions of others, but rather must be vigilant in detecting terrorist activities to the full extent permitted by law, with an eye towards early intervention and prevention of acts of terrorism before they occur. This Part accordingly identifies a number of authorized activities which further this end, and which can be carried out even in the absence of a checking of leads, Preliminary Inquiry, or Full Investigation as described in these guidelines. The authorizations include both activities that are specifically focused on terrorism and activities that are useful for law enforcement purposes in both terrorism and non-terrorism contexts. The authorized law enforcement activities of the NYPD include carrying out and retaining information resulting from the following activities.

A. COUNTERTERRORISM ACTIVITIES

1. Information Systems

The NYPD is authorized to operate and participate in identification, tracking, and information systems for the purpose of identifying and locating potential terrorists and supporters of terrorist activity, assessing and responding to terrorist risks and threats, or otherwise detecting, prosecuting, or preventing terrorist activities. Systems within the scope of this paragraph may draw on and retain pertinent information from any source permitted by law, including information derived from past or ongoing investigative activities; other information collected or provided by governmental entities, such as foreign intelligence information and lookout list information; publicly available information, whether obtained directly or through services or resources (whether nonprofit or commercial) that compile or analyze such information; and information voluntarily provided by private entities. Any such system operated by the NYPD shall be reviewed periodically for compliance with all applicable statutory provisions and Department regulations and policies.

2. Visiting Public Places and Events

For the purpose of detecting or preventing terrorist activities, the NYPD is authorized to visit any place and attend any event that is open to the public, on the same terms and conditions as members of the public generally. No information obtained from such visits shall be retained unless it relates to potential unlawful or terrorist activity.

B. OTHER AUTHORIZATIONS

1. General Topical Research

The NYPD is authorized to carry out general topical research, including conducting online searches and accessing online sites and forums as part of such research on the same terms and conditions as members of the public generally. "General topical research" under this paragraph means research concerning subject areas that are relevant for the purpose of facilitating or supporting the discharge of

investigative responsibilities. It does not include online searches for information by individuals' names or other individual identifiers, except where such searches are incidental to topical research, such as searching to locate writings on a topic by searching under the names of authors who write on the topic, or searching by the name of a party to a case in conducting legal research.

2. Use of Online Resources Generally

For the purpose of developing intelligence information to detect or prevent terrorism or other unlawful activities, the NYPD is authorized to conduct online search activity and to access online sites and forums on the same terms and conditions as members of the public generally.

3. Reports and Assessments

The NYPD is authorized to prepare general reports and assessments concerning terrorism or other unlawful activities for purposes of strategic or operational planning or in support of other legitimate law enforcement activities.

X. PROTECTION OF PRIVACY AND OTHER LIMITATIONS

A. General Limitations

The law enforcement activities authorized by this Part do not include maintaining files on individuals solely for the purpose of monitoring activities protected by the First Amendment or the lawful exercise of any other rights secured by the Constitution or laws of the United States. Rather, all such law enforcement activities must have a valid law enforcement purpose and must be carried out in conformity with all applicable statutes and Department regulations and policies.

B. Construction of Part

This Part does not limit any activities authorized by or carried out under other Parts of these guidelines. The specification of authorized law enforcement activities under this Part is not exhaustive, and does not limit other authorized law enforcement activities of the NYPD.

XI. RESERVATION

Nothing in these guidelines shall limit the general reviews or audits of papers, files, contracts, or other records in the possession of the NYPD or City of New York, or the performance of similar services at the specific request of another government agency. Such reviews, audits, or similar services must be for the purpose of detecting or preventing violations of law which are within the investigative responsibility of the NYPD.

Nothing in these guidelines is intended to limit the NYPD's responsibilities to investigate certain applicants and employees, or to pursue efforts to satisfy any other of its legal rights, privileges, or obligations. These guidelines are set forth solely for the purpose of internal NYPD guidance. They are not intended to, do not, and may not be

Once DSNY makes the determination that a bicycle is derelict, a notice shall be affixed to the bicycle advising the owner that such bicycle must be removed within seven days from the date of the notice. This notice shall also state that the failure to remove such bicycle within the designated time period will result in the removal and disposal of the derelict bicycle by the DSNY. Once the derelict bicycle has been removed, DSNY will notify the precinct concerned of the removal.

DSNY is not authorized to remove for disposal from public property any “ghost bike” (i.e., a bicycle that has been placed on public property and apparently intended as a memorial for someone who is deceased) or bicycles that do not meet the derelict bicycle criteria. A bicycle is considered derelict when it meets two of the following four criteria:

1. Appears to be crushed or not usable;
2. Missing parts essential to its operation, other than the seat and front wheel, including, but not limited to handlebars, pedal or pedals, rear wheel or chain;
3. Handlebars or pedals are damaged, or the existing forks, frames or rims are bent;
4. Fifty percent or more of the bicycle, which includes the handlebars, pedals and frames are rusted, along with any chain affixing such bicycle to public property.

ALL Police Department issued bicycles must be enrolled in this program. The bicycles will be engraved with the prefix NYPD followed by the three digit precinct designation and four digit precinct sequential number (e.g., NYPD 103-0001, indicates first bicycle registered in the 103rd Precinct is a Department issued bicycle assigned to the 103rd Precinct). Commanding officers of all Housing Bureau patrol service areas equipped with bicycles, and other non-patrol service area units, shall establish Bicycle Registration Programs, internally, for all Department owned bicycles. Housing Bureau bicycles will have “HB” and registry number engraved on the bottom of the bicycle.

Precinct commanding officers shall conduct bicycle registration drives during the months of May and September, each year. Uniformed members of the service assigned to bicycle patrol duties, auxiliary police and police explorers, may be utilized to assist in the Bicycle Registration Program drives. The precinct crime prevention officer/counterpart shall register bicycles upon request on a year-round basis. PURPOSE

To inform community leaders and organizations in the event of an incident of an unusual, newsworthy, or sensitive nature that has the potential for community concern and/or unrest.

SCOPE

Precinct/police service area/district commanding officers are responsible for keeping community organizations and leaders informed of local conditions and occurrences. The commanding officer or designee will be required to notify community leaders of an event as described above, and the police reaction to the event. Said community leaders should include, but not be limited to, local elected officials, community board chairpersons, district managers, precinct community council board members, civic leaders, members of the clergy, superintendents and principals of local schools or school districts, local business leaders or merchant groups, tenant groups, block association leaders, City or State agencies headquartered within the precinct boundaries, etc. The primary responsibility for notifying the community leaders rests with the precinct/police service area/district commanding officer concerned. Although certain incidents may require the involvement of the borough/bureau command, this will not relieve the precinct/police service area/district commander from keeping local community leaders informed.

PROCEDURE

To create a list of community leaders to be notified in the event of an incident of an unusual, newsworthy, or sensitive nature that has the potential for community concern and/or unrest and to perform said notifications, if necessary.

COMMANDING OFFICER

1. Direct the preparation of a roster of community leaders and organizations to be notified in conjunction with this procedure.
 - a. Roster should include the following captions:
 - (1) Name
 - (2) Organization
 - (3) Contact person (if other than “[1]” above)

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
212-74	01/21/16		2 of 2

NOTE

Not all community leaders or organizations need to be notified in all situations. The nature of the event will dictate who is to be notified. In addition, commanding officers concerned will determine the method of notification, e.g., telephone call, page, fax, face-to-face notification, etc., as well as which member of the service will make the notifications. Information that is considered to be confidential will not be divulged.

MEMBER OF THE SERVICE (continued)

3. Document time of notification on the community notification roster.
 - a. Utilize the roster prepared as per step 1, above, to document notifications. In addition, note the time notified and the member of the service making the notification on the roster concerned.

ADDITIONAL DATA

Command and borough executives should share information regarding the operation of the precinct/police service area/district. The assignment of new commanding officers, supervisors, and police officers should be publicized to local community leaders.

Commanding officers should encourage community leaders and organizations to share information, such as unscheduled events and demonstrations that are unusual, newsworthy or sensitive in nature, that have the potential for community concern/unrest, and incidents which have occurred in the past without prior knowledge of the local command.

The use of e-mail newsletters, discussion lists, and the Department's web site is encouraged. Their use should also be explored for the dissemination of information and non-emergency notifications to community members. THIS SHOULD NOT TAKE THE PLACE OF PERSONAL CONTACT IN MORE SERIOUS MATTERS.

Commanding officers will ensure that information contained on the community notification roster is updated as needed and updated information is forwarded to the borough concerned, the Operations Unit and the Office of the Chief, Community Affairs.

It is important to maintain regular contact with community leaders regardless of the occurrence of a major event. In the absence of major events, opportunities should be created to interact with community leaders. Non-Department related incidents or minor police incidents can present excellent opportunities to create such interactions and maintain a dialogue with the community.

Community council presidents may be requested to respond to incidents at the discretion of the incident commander/ranking officer if their presence is deemed appropriate for possible assistance.

Uniformed members of the service in the ranks of captain and above will be cognizant of the provisions of the Clergy Liaison Guidelines and Community Council Guidelines.

UNUSUAL OR TIME CONSUMING REQUESTS:

Some requests involve surveys or samples and may be time consuming; others may be related to business of the entire Department or involve broad policy questions. Local commanders should not ordinarily undertake data gathering research to answer a request from outside the Department when it will impair their ability to perform their primary function. PURPOSE

To facilitate the accurate, timely and proper dissemination of information to the public through the news media.

- b. Doing so does not interfere with police operations, including crime scene investigations, or with other emergency service providers; and
- c. Doing so does not infringe upon the rights of an accused or upon the privacy or security of crime victims.

Because it is not uncommon for local investigations, arrests, operations, etc., to overlap into other agencies, bureaus or jurisdictions it is essential that ALL media requests be channeled through the Office of the Deputy Commissioner, Public Information. Unauthorized communication with the news media, without conferral with the Office of the Deputy Commissioner, Public Information is prohibited.

CONFIDENTIALITY OF THE VICTIM OF A SEX CRIME

The Civil Rights Law, Section 50-B, was amended in 1991 to protect the identity of the victim of a sex crime. The law provides that the identity of a victim of a sex crime be provided to a defendant charged with the crime and their counsel or guardian. It also permits disclosure to public officers and employees investigating, prosecuting and keeping records relating to the offense. A new Section 50-C was also added to the law which allows victims of a sex offense to bring private action to recover for any damage suffered by the disclosure of their identities. Therefore, those members of the service (uniformed and civilian) assigned to units (Public Information Division, Identification Section, Communications Division, etc.) which may, at times, be called upon to provide information from Department records, files, tapes, etc., must ensure that the identity of a victim of a sex offense is not divulged when this information is released.

IDENTITY OF PERSONS WITH COMMUNICABLE DISEASE

It is the responsibility of this Department to protect the civil rights of persons we come in contact with. This includes prisoners, crime victims, aided cases, etc. In keeping with this obligation, any information regarding a person's status in connection with any communicable disease (HIV, AIDS, Tuberculosis, Hepatitis B, etc.) is to be treated as confidential.

Accordingly, members of the service should be made aware of the following guidelines:

Information concerning a prisoner's or a victim's affliction with a communicable disease must be kept confidential. This information generally should not be released to the public, the media, the person's family and friends or to other prisoners. There may be unusual circumstances under which release of this information is warranted. Any such release, however, may only be made with the written consent of the Deputy Commissioner - Legal Matters.

*In some cases, prisoners may volunteer their positive medical status regarding a communicable disease indicating the need to be segregated from general prisoner population or the need for medical treatment. In such cases, isolation cells should be used, if available. This information may be recorded on a Prisoner Movement Slip or on form **MEDICAL TREATMENT OF PRISONER (PD244-150)** in order to alert personnel assigned to Corrections, District Attorney's offices or courts.*

Members of the service who are exposed to a communicable disease should follow the provisions of A.G. 330-09, "Exposure of Members of the Service to Infectious Diseases."

GUIDELINES FOR INTERACTION WITH LIMITED ENGLISH PROFICIENT (LEP) PERSONS

DATE EFFECTIVE:

12/08/25

LAST REVISION:

R.O. 127

1 of 7

PURPOSE

To provide interpretation/translation services for members of the public in the field and at Department facilities.

SCOPE

Accurate interpretation/translation of foreign languages is important to providing police services. In furtherance of this, the Department provides two enhanced communication capabilities entitled, "Language Line Service" and "Language Initiative Program" for members of the service to accurately communicate with the diverse non-English speaking communities of New York City and enhance criminal investigations and intelligence gathering. This procedure is limited to the use of foreign language interpretation/translation services. When a member of the service has cause to interact with an individual who is Deaf or hard of hearing, the provisions of *P.G. 212-104, "Interaction with Persons who are Deaf or Hard of Hearing,"* should be followed.

DEFINITIONS

BILINGUAL MEMBER OF THE SERVICE – An employee who is able to communicate effectively in a foreign language, or American Sign Language, in addition to English.

CERTIFIED DEPARTMENT INTERPRETER – A member of the service who has been tested and certified as being proficient in a foreign language, or American Sign Language.

EXIGENT CIRCUMSTANCES – Situations requiring immediate action, such as a threat to life, safety, property, fleeing suspect, or the potential loss or destruction of evidence (e.g., physical loss of property, witness or victim, etc.).

INTERPRETATION – The facilitating of oral or sign language communication, either simultaneously or consecutively between users of different languages.

LANGUAGE INITIATIVE PROGRAM – A corps of interpreters who can be called upon to interpret or translate foreign languages for investigative or other police purposes. Interpreters from the Language Initiative Program may be requested by contacting the Operations Unit.

LANGUAGE LINE SERVICE – A certified interpreter can be accessed in over 100 languages, twenty-four hours a day/seven days a week, via the Language Line Service on a Department smartphone, CISCO landline, or the dual handset telephone located in every precinct complaint room, detective squad, police service area (PSA) and transit district complaint room.

LIMITED ENGLISH PROFICIENT (LEP) – Refers to those individuals whose primary language is not English and who are unable to effectively read, write, speak or understand English.

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-90	12/08/25	R.O. 127	2 of 7

DEFINITIONS (continued)

ESSENTIAL PUBLIC DOCUMENTS – For the purposes of this procedure, are documents most commonly distributed to the public which contain or elicit important and necessary information regarding the provision of basic City services. Essential public documents must be translated into all designated Citywide languages as defined by §23-1101 of the New York City Administrative Code.

TRANSLATION – The replacement of a written text from one language into an equivalent written text in another language.

PROCEDURE

When a member of the service encounters a Limited English Proficient (LEP) person(s) and the services of an interpreter are necessary:

MEMBER OF THE SERVICE

1. Determine the primary language of the LEP person(s) through any of the following:
 - a. Present the poster entitled “**FREE INTERPRETATION SIGN (SP 487)**,” Activity Log inserts entitled “**I SPEAK... (PD112-121)**” and “**PRIMARY LANGUAGE IDENTIFIER (PD312-091)**,” or the card entitled “**PRIMARY LANGUAGE IDENTIFIER – DETECTIVE BUREAU (PD312-091A)**,” as appropriate, to the LEP person(s) and encourage them to indicate the language needed, or
 - b. Contact Language Line Service for assistance, or
 - c. Ascertain the LEP person(s)’ country of origin, if necessary, and request the Operations Unit research the language spoken in that country.
2. Determine if a bilingual member of the service is readily available (on scene, on duty within command, etc.) to interpret and whether their use is appropriate. Preference should be given to a readily available certified Department interpreter.

NOTE

The Department encourages members of the service who possess language skills to use their ability to speak a foreign language during the course of their work. The use of bilingual members as interpreters allows the Department to provide the public with a timelier and personalized response, while simultaneously reducing inconvenience to LEP person(s).

A bilingual non-certified member of the service may interpret in non-domestic violence related incidents, if they reasonably believe that their level of language proficiency is sufficient to accurately interpret given the totality of the circumstances surrounding the LEP person’s interaction with the police. In domestic violence incidents, officers must use a certified Department interpreter or the Language Line Service to verify the details of the domestic violence incident.

If at any time during the interpretation the member determines that their level of language proficiency is insufficient to complete the interpretation, the Language Line Service or a certified Department translator must be used.

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-90	12/08/25	R.O. 127	3 of 7

MEMBER OF THE SERVICE (continued)

3. If a bilingual member of the service is not readily available, but a bilingual member of the public is readily available, determine whether the individual is willing to interpret, and whether their use is appropriate.
- Document bilingual member of the public's contact information, if utilized, in digital **Activity Log**.

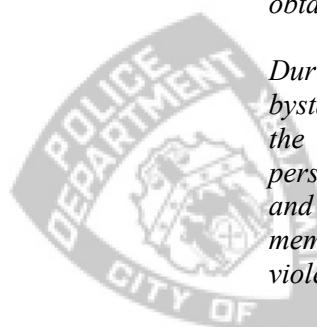

NOTE

There are many exigent circumstances when the Department may need to utilize bilingual members of the public to assist in providing immediate services to LEP person(s). In addition, it may also be appropriate to use a bilingual member of the public to interpret during a non-emergency encounter, if the use of such an interpreter will expedite the delivery of police services without adversely impacting the quality of the services provided.

When considering whether to use a bilingual member of the public, the member of the service should weigh four factors to determine if the use of the non-member of the service interpreter is appropriate:

- The nature and importance of the police services being provided,*
- The apparent capacity of the interpreter,*
- The apparent impartiality of the interpreter, and*
- The sensitivity/confidentiality of the topic.*

Members of the service are reminded that bystanders are not required to follow Department guidelines/procedures. They cannot be prevented from sharing information learned during the course of the interpretation with third parties. Bystanders may inadvertently compromise an ongoing investigation. Accordingly, bystanders should be used as a last resort in investigations regarding alleged criminal incidents. Moreover, information obtained via a bystander in a criminal investigation should be verified using a certified Department or Language Line Service interpreter to confirm information obtained, whenever practical.

*During domestic violence incidents, members of the service should avoid using bystanders and family members to interpret in order to preserve privacy and minimize the risk of faulty interpretation due to fear of arrest of a family member or other personal biases. They may be **temporarily** used for interpretation to stabilize the scene and gather preliminary information. However, responding officers must use a certified member of the service or the Language Line Service to verify the details of the domestic violence incident before finalizing the job.*

The alleged offender in any type of incident, including domestic violence, should not be used as an interpreter. Using an alleged offender to interpret may increase the risk of purposeful misinterpretation and gives them control of the situation. As with all interviews, to the extent possible, the victim and offender should be interviewed separately and in a private setting. Victims may be reluctant to reveal details of an incident if the victim believes the offender may overhear the statement.

As possible victims or witnesses to an incident, a child should be interviewed, however, whenever feasible, a child should not be used as an interpreter for any kind of police incident, including domestic violence. Some words and concepts are difficult for a child to understand and translate into another language. Interviewees are not likely to be

forthcoming if a child is used to interpret, and will be especially hesitant to reveal details of a sexual assault to a police officer through a child.

IF THE LANGUAGE LINE SERVICE IS REQUIRED IN THE FIELD:

**MEMBER OF
THE SERVICE**

4. Utilize a Department smartphone to access the Language Line Service.

NOTE

In many cases, other than for ongoing investigations and document translation, an efficient method of obtaining interpretation services is through the use of the Language Line service. Therefore, uniformed members of the service must have their Department issued smartphone easily accessible at all times while on patrol. Uniformed members of the service are reminded that there are additional translation applications (e.g., Google Translate, etc.) on the Department issued smartphone which may be utilized as needed as an alternative to the Language Line service.

The use of a speaker-phone feature can enhance the effectiveness of the Language Line Service interpretation and eliminate the need for the LEP individual to handle the telephone. Members of the service are cautioned that utilizing the speaker-phone feature may enable others to listen in on the communication. Members of the service should take precautions to prevent third parties from overhearing the conversation.

IF THE LANGUAGE LINE SERVICE IS UTILIZED AT A DEPARTMENT FACILITY:

**DESK
OFFICER/
SUPERVISOR**

5. Direct a member of the service to access the Language Line Service via the dual handset telephone. If the dual handset is not available, direct member of the service to access the Language Line Service from any telephone including a Department smartphone or CISCO landline.

**MEMBER OF
THE SERVICE**

6. Utilize the dual handset telephone to access the Language Line Service whenever possible as it maximizes privacy.

NOTE

Any telephone, including a Department smartphone, with its speaker phone feature may be used to access the Language Line Service.

IF THE LANGUAGE INITIATIVE PROGRAM IS UTILIZED:

**MEMBER OF
THE SERVICE**

7. Advise immediate supervisor of the need for an interpreter/translator.

**SUPERVISOR,
MEMBER OF
THE SERVICE
CONCERNED**

8. Notify the Operations Unit and request available interpreter/translator.
 - a. Provide the following information, if possible:

Preference shall be given to the use of on-duty members. If no certified Department interpreter is available within the precinct, a certified Department interpreter who is available within the borough should be sought.

In routine or non-emergency situations, the duty captain or commanding officer of the requesting supervisor will review and authorize any request which will result in overtime or recall of an off-duty member of the service. In emergency circumstances, overtime or recall of an off-duty member of the service will be authorized by the Operations Unit supervisor.

COMMANDING OFFICER/ SUPERVISORY HEAD

17. Prepare request on **Typed Letterhead** to Chief of Personnel, and include all pertinent details regarding pre-planned event.
18. Forward request, through channels, to Chief of Personnel.

IF DOCUMENT TRANSLATION IS REQUIRED:

COMMANDING OFFICER/ SUPERVISORY HEAD

19. Comply with A.G. 322-39, "*Translation of Department Written Material.*"
20. Ensure that essential public documents are translated, as required.

ADDITIONAL DATA

When determining whether or not the person requires language assistance services, the member of the service must consider both the nature and importance of the police services being provided in addition to the person's apparent capacity to comprehend and communicate in English. A person who is considered LEP may require interpretation or translation services in one situation, but may not require those services in a different situation. For example, a person with a limited ability to understand English may be able to interact effectively with the police at the scene of a motor vehicle collision, but not be able to interact effectively with the police during a homicide investigation, due to the complex characteristics and intricacies of such an incident. If doubt exists regarding whether a person requires language assistance services, or if the person requests an interpreter, the person should be considered LEP and this procedure complied with.

Unit commanders should consider the members' certification or qualification status whenever members are utilized to translate or interpret. Members being assigned to perform interpretation for investigative assignments (e.g., wiretaps, interviews, debriefings, custodial interrogations, etc.) or translation duties should be certified Department interpreters. Whenever interpretation for an investigative assignment or translation skills are required, supervisors should consult the Department list of certified interpreters at the precinct or through the Operations Unit to determine if a certified member is available to perform the needed duties. It is recommended that certified members of the Language Initiative Program be used for custodial interrogations. However, not every language is represented under the Language Initiative Program. Use of non-certified members for investigative assignments in non-emergency situations must be approved by a uniformed supervisor.

SCOPE New York Transit makes its buses available to the Department for use in a variety of situations. The assignment of buses may be scheduled ahead of time for use in such planned activities as arrest sweeps or homeless transports. The Bus Command Center will notify the Operations Unit when the arrangements are complete, and the Operations Unit will then relay the information to the requesting Borough.*

**ADDITIONAL
DATA** *When possible, requests for buses should be made sufficiently in advance to allow the time necessary for making arrangements, scheduling New York City Transit bus drivers, etc. It is often difficult for New York City Transit to supply buses for use during rush hours without adversely affecting regular bus service. PURPOSE

To provide rapid and widespread dissemination of information in the event of child abduction with special circumstances, the Amber Alert program has been adopted.

DEFINITION

AMBER ALERT SYSTEM: Amber Alert is a statewide response program targeting the abduction of children during which life-threatening circumstances are suspected. An Amber Alert may be activated whether the child was abducted by vehicle, on foot, or by any other means. The protocol for determining whether a case qualifies for an Amber Alert is as follows:

- a. The child must be 17 years old or younger, AND,
- b. Police must believe that the child is in imminent danger of serious bodily harm or death, either at the hands of another or due to proven mental or physical disability.

PROCEDURE

When responding to a report of a missing child and information received indicates that the case may qualify for an Amber Alert:

UNIFORMED MEMBER OF THE SERVICE

1. Comply with appropriate missing persons procedures.
2. Request the response of the Patrol Supervisor.
3. Notify Desk Officer and request response of Precinct Detective Squad supervisor.

NOTE

Patrol supervisor will implement Missing Person/Special Category procedure and/or Mobilization as necessary, depending on the details of the situation.

DESK OFFICER

4. Request Precinct Detective Squad supervisor to respond to the scene of the abduction.

PRECINCT DETECTIVE SQUAD INVESTIGATOR /SUPERVISOR

5. Conduct a preliminary investigation and ascertain if abduction may fit criteria for activation of Amber Alert system.
 - a. Notify Detective Bureau Duty Captain, if abduction meets criteria for the activation of an Amber Alert.
 - b. Request that Detective Bureau Duty Captain respond to the scene.

NOTE

Only a Captain or above from the Detective Bureau may request activation of the Amber Alert System through the New York State Police Communications Section.

DETECTIVE BUREAU, DUTY CAPTAIN

6. Notify New York State Police of a possible Amber Alert through the New York State Police Communications Section.
7. Notify Operations Unit of details. If it is believed that the abductor and missing child may be traveling via public transportation, request Operations personnel to notify the Transit Bureau Wheel.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:

DETECTIVE BUREAU, DUTY CAPTAIN (continued)

- b. Have Communications Section personnel read the following message over each Department radio division if a vehicle is involved in the abduction:
“The following vehicle is wanted in connection with a New York State Amber Alert (*Provide license plate number and description of vehicle*). Personnel assigned to Department vehicles equipped with the License Plate Reader System are instructed to manually enter this plate number in order to expedite the search for this vehicle.” (*Repeat license plate number and description of vehicle*).
8. Notify Major Case Unit.
9. Direct that precinct detective squad member:
 - a. Notify Missing Persons NCIC Unit and request that a NCIC File 6 be completed and transmitted.
 - b. Notify Inter-City Correspondence Unit to generate a NYSPIN File 11A (Abduction Message) to ensure that other law enforcement agencies are aware of the abduction and related details.
 - (1) Fax completed ***Amber Alert Submission form*** along with a cover sheet including the notifying member’s rank, name, tax #, command and callback number.
 - c. Prepare and immediately fax the following form to the New York State Police:
 - (1) ***Amber Alert Submission Form***
 - d. Conduct follow-up phone call to New York State Police to confirm receipt of fax.

ADDITIONAL DATA

When sending photographs via E-Mail to the New York State Police, attach only ONE photograph to each E-Mail. Each additional photograph should be sent in a separate E-Mail.

*The **Amber Alert Submission Form** should also be faxed to the Traffic Management Center, IF a vehicle description and a plate number are available. Once confirmation of activation is received from New York State Police Communications Section, the Traffic Management Center will initiate the use of Variable Message Signs throughout the metropolitan area.*

In the event that the child is recovered or the case is determined to no longer qualify (i.e., false report, determined to be a custodial situation), immediately notify the New York State Police in writing (by fax) so that a cancellation may be broadcast. Cancellations will be broadcast only if requested within eight hours of the original activation request. They will be brief and will not include any information about the status of the child or the case. Cancellations required after the eight hour period can be accomplished via normal media notification through the Deputy Commissioner, Public Information. The Detective Bureau Duty Captain will ensure that Amber Alerts are canceled in the proper manner.

**ADDITIONAL
DATA
(continued)**

When investigation assistance is requested by another agency concerning an Amber Alert, the requesting agency will be directed to contact the Detective Bureau, Major Case Unit or if unavailable, the Detective Bureau Wheel. All requests for broadcast of an Amber Alert will be referred to the New York State Police Communications Section.

While most runaway and abductions by non-custodial parents do not qualify, individual consideration may be given, depending on case circumstances. Activation should be requested within the shortest period of time possible following an abduction, but not before a preliminary investigation has been conducted. In most instances activation will not be practical if an extended period of time has passed since the disappearance. Inter-agency cooperation and assistance will greatly enhance the effectiveness of this tool.

*The office of the Deputy Commissioner, Public Information is available on a 24 hour x 7-day basis concerning cases **NOT ELIGIBLE** for Amber Alerts or as needed by members of the service. D.C.P.I. has the ability to simultaneously notify a variety of local and national media outlets in cases where the immediate assistance of or notification to the public is deemed necessary.*

"disseminating" device. If a member of the service suspects that the dissemination device may be "booby trapped" and/or may be some type of explosive device and/or may contain an explosive substance, follow P.G. 212-40, "Bomb Threats/Unattended Articles - Suspected/Reported Explosive Devices and Post Explosion Bomb Scenes."

When members of the NYPD respond and determine that an unknown substance is not CBRN/Hazardous Material evidence and does not otherwise have to be collected/packaged and/or invoiced/safeguarded, if another agency responds and collects/packages the unknown substance, then the NYPD will NOT take custody of the package(s) from the involved agency absent new or additional information indicating the unknown substance is CBRN/Hazardous Material evidence and/or must be collected/packaged and/or invoiced/safeguarded by the NYPD. The patrol supervisor will respond and interview the involved agency supervisor and confer with the Emergency Service Unit supervisor and the IDCIS supervisor. PERSONAL RADIATION DETECTION PAGER ALARMS

DATE EFFECTIVE:
08/24/23

LAST REVISION:
R.O. 44

PAGE:
1 of 3

PURPOSE

To investigate personal radiation detection pager alarms emanating from radiological materials that may endanger the public, and to establish a process to record occurrences of radiation alerts for the purpose of:

- a. Investigating elevated readings
- b. Determining if further investigation or action is warranted
- c. Documenting locations where activations have occurred.

SCOPE

Personal radiation detection pagers, designed as early warning devices, will be issued ONLY to trained supervisors/designated members in order to detect/investigate the presence of hazardous radiological materials that may endanger the public and members of the service.

DEFINITIONS

For the purpose of this procedure, the following definitions will apply:

PERSONAL RADIATION DETECTION PAGER ALARM - A sensitive search device, usually pager sized, designed to alert increased levels of gamma radiation. The alerts allow the wearer to track, isolate and identify sources emitting gamma radiation. Personal radiation detection pager alarms are designed as interdiction tools alerting officers to the presence of radiation fields that they would not normally be aware of.

NOTE

Personal radiation detection pager alarms shall be deployed in accordance with P.G. 219-27, "Issuance and Maintenance of Radiation Detection Pagers Assigned to Commands."

HOSTILE ALARM – Through investigation, interview, and/or personal experience, the trained supervisor/designated member determines that the alarm activation resulted from a reading emanating from a substance or device that is suspicious or criminal in nature or if the member cannot identify the source of an alarm.

IDENTIFIED ALARM – Through investigation, interview and/or personal experience, trained supervisor/designated member identifies alarm as both non-criminal and non-threatening. Examples of sources that may cause an identified alarm include, but are not limited to: licensed medical transporters, power plants, research/medical facilities, naturally occurring background radiation and common construction materials.

INNOCENT ALARM – Through investigation, trained supervisor/designated member determines that the alarm activation was due to the proximity to an individual following, or who is in the course of receiving medical radiation treatment.

INTERACTION WITH PERSONS WHO ARE DEAF OR HARD OF HEARING

DATE EFFECTIVE:

05/10/22

LAST REVISION:

I.O. 50

PAGE:

1 of 3

PURPOSE

To facilitate the process of effective communication with members of the public who are Deaf or hard of hearing, including aided cases, crime victims, witnesses, suspects or arrestees, and to obtain information from such individuals, through the use of sign language interpreters or other auxiliary aids and services.

SCOPE

The Americans with Disabilities Act, state and local law, in addition to Department policy and procedure, requires that the Department maintain effective services, practices and policies to ensure that the needs of individuals who are Deaf or hard of hearing are protected.

DEFINITIONS

DEAF OR HARD OF HEARING – A person who possesses hearing abilities that are limited to the extent that it constitutes a substantial limitation of an individual's activities. The impairment is to such a degree that it will be readily apparent to a member of the service that the individual has difficulty understanding what is communicated orally.

AUXILIARY AIDS – In addition to the services of a qualified sign language interpreter, the use of gestures or visual aids to supplement oral communication, use of a notepad and pen/pencil to exchange written notes, use of an assistive listening system or device to amplify sound or other effective methods of delivering information or communicating with an individual who is Deaf or hard of hearing. Auxiliary aids may also include the use of text telephones or other devices, accessed via use of a Telecommunications Relay Service (TRS), or an individual's personal communication device (such as a personal digital assistant [PDA], telephone with text capability, etc.).

NOTE

The type of aid that will be required for effective communication will depend on the person who is Deaf or hard of hearing and their usual method of communication. To serve each individual effectively, primary consideration should be given to providing the type of communication aid or service requested by the individual. Persons who are Deaf or hard of hearing must not be charged for the cost of an auxiliary aid or service which is needed for effective communication.

QUALIFIED SIGN LANGUAGE INTERPRETER – A qualified sign language interpreter is one who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. A qualified interpreter must be able to interpret impartially, therefore, under some circumstances (e.g., a domestic dispute, etc.), a family member, child or friend of the individual who is Deaf or hard of hearing, may not be qualified to render the necessary interpretation.

NOTE

Every effort should be made to have a person not connected with the incident serve as an interpreter. In exigent circumstances, the need to immediately communicate may take precedence over the effort to secure an interpreter not involved in the incident.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-104	05/10/22	I.O. 50	2 of 3

DEFINITIONS (continued)

TELECOMMUNICATIONS RELAY SERVICE (TRS) – The Federal Communications Commission (FCC) has adopted use of the “711” dialing code for access to TRS. This permits persons who are Deaf or hard of hearing, or with a speech disability, to use the telephone system via a telephone typewriter (TTY) or other device to call persons with or without such disabilities. Conversely, voice users can also dial “711” to be connected to a TRS operator, who will then relay the message to a person who is Deaf or hard of hearing, or with a speech disability via a TTY or other device.

311 SYSTEM FOR INDIVIDUALS WHO ARE DEAF OR HARD OF HEARING – The City of New York also maintains a “311” non-emergency system for individuals who are Deaf or hard of hearing. Persons who are Deaf or hard of hearing who wish to inquire about City services, or make complaints regarding a specific City agency or service, can be directed to TTY number (212) 504-4115. The “311” operator will then direct the inquiry/complaint to the appropriate City agency.

PROCEDURE

When a member of the service has cause to interact with an individual who is Deaf or hard of hearing:

MEMBER OF THE SERVICE

1. Ascertain from person who is Deaf or hard of hearing the type of auxiliary aid or services they require.
2. Utilize appropriate auxiliary aids to facilitate communication.
3. Contact desk officer, if the services of a qualified sign language interpreter are needed.
4. Comply with *P.G. 208-03, “Arrests – General Processing”* in arrest situations where probable cause has been established.

NOTE

In cases where probable cause has been developed, the arrest of a person who is Deaf or hard of hearing shall proceed in accordance with standard arrest and safety procedures. Should communication with a suspect who is Deaf or hard of hearing be necessary to establish probable cause, or for a pre-arrest interview, etc., the appropriate auxiliary aid should be employed. When interacting with arrestees that are Deaf or hard of hearing, auxiliary aids will be used to communicate with the arrestee (e.g., informing arrestee of charges and nature of the offense, interrogation, etc.). In situations where an arrestee would be permitted use of a telephone, a qualified sign language interpreter can be used to communicate for an arrestee who is Deaf or hard of hearing, and use of the TRS can be employed where the recipient of a call uses a TTY.

5. Document in detail any auxiliary aids utilized in digital **Activity Log**.

DESK OFFICER

6. Ensure auxiliary aids are utilized, if necessary.
7. Evaluate whether the services of a qualified sign language interpreter are necessary.

NOTE

In cases where the services of a qualified sign language interpreter are needed, the Operations Unit should be contacted.

NOTE

Uniformed members of the service should not directly collect, handle, or forward any documents related to a certification request from members of the public.

The Domestic Violence U-Visa Unit is the Department's designated U Visa Certification Office. This office reviews all certification requests regardless of the qualifying criminal activity. Uniformed members of the service should be aware that members of the public may not be familiar with the word "certification," and may instead ask for a "U visa," "U status," or the "U." The Department does not give or assign any immigration status. Uniformed members of the service should follow the applicable portions of this procedure when asked about U status, U certifications, U visas, or any related colloquial terms for U nonimmigrant status.

The Special Victims Unit is the Department's designated T Visa Declaration Office and therefore, it is the only entity with the authority to receive and review requests for declaration, including any documents related to the request. The Office reviews each request and makes a determination on a case-by-case basis. Requesting a declaration from the Department does not guarantee that the applicant will receive it. A completed T visa declaration does not assign legal immigration status. The Department does not have authority to assign or give any immigration status.

REMOVAL OF FIREARMS FROM LICENSEE/PERMIT HOLDER

The Department has broad authority to remove firearms and temporarily suspend a license/permit during the investigation of an incident as outlined above. Prior conferral with the License Division, Incident Section is not required in order to remove firearms and a license/permit from a licensee or permit holder. Members are reminded that public safety is the overriding concern when considering the removal of a licensed firearm.

If the firearm cannot be readily obtained at the time the decision to remove firearm is made, the licensee or permit holder shall be advised that he or she must surrender said firearm(s) pursuant to License Division regulations, and shall be given an opportunity to surrender them voluntarily. In the case of an arrest, or an Order of Protection, or any assessment of imminent danger, if the firearm(s) cannot be obtained by consent, and there is probable cause to believe that they are in a particular location, a search warrant will be obtained prior to seizure of the firearm(s), unless exigent circumstances justify an immediate seizure. The supervisor assigned will make every effort to obtain the firearm(s) either by consent or with a search warrant.

In all cases, the investigating supervisor and reporting officer(s) must be made available upon request of the License Division investigators to discuss the incident and provide assistance during follow-up investigations and possible hearings at the License Division.

A check of the Automated License Permit System (ALPS) can be conducted to determine whether a person (or any person at a given address) has an active handgun license or rifle/shotgun permit. Members of the service can access the system through the Department's Intranet site under "NYPD Applications."

WRITTEN AUTHORIZATION REQUIRED FOR NEW YORK STATE NON-NEW YORK CITY LICENSEES TO TRAVEL WITHIN NEW YORK CITY

If a licensee is transporting their firearm pursuant to step "6," subdivision "c," of this procedure, ascertain if the licensee holds a license that was issued by the NYPD License Division, or holds a license that was issued outside of New York City. A New York State, non-New York City, licensee may only transport to a specific New York City location with prior written authorization from the License Division. Review the furnished authorization to determine if the licensee is acting within its conditions – including whether the licensee is at the New York City location on the date(s) specified, or is traveling directly from the authorized New York State location to the specified New York City location, or from the authorized New York City location back to the authorized New York State location.

TACTICAL CONSIDERATIONS

In the event that additional resources are required or tactical briefings must take place after ESU personnel have already activated their BWCs, an ESU supervisor may order a temporary deactivation of BWCs. Any decision made regarding the activation and/or deactivation of BWCs by ESU personnel will be made in conjunction with established protocols, consistent with officer safety.

In the event that a briefing or tactical discussion regarding resource capabilities or after-action debriefing is recorded on BWC, the Commanding Officer, Emergency Service Unit will confer with the Commanding Officer, Legal Bureau in regard to the content of the recording and action to be taken to safeguard sensitive tactical information.

OPERATIONAL CONSIDERATIONS

Uniformed members of the service when operating as part of a federal task force (e.g. Joint Terrorist Task Force), will be guided by BWC policies and procedures set forth in governing memorandum of understandings or other standard operating procedures. Furthermore, uniformed members of the service assigned to duties outside of the purview of federal task forces are reminded to comply with all Department policies concerning BWCs.

When entering a Department facility equipped with an electronic access control system, uniformed members of the service should cover the lens of their BWC while entering the access code into the keypad to prevent the inadvertent recording of access information.

The BWC and related hardware/software, as well as video, audio and data captured by the BWC, irrespective of the content, are at all times the property of the Department. Other than providing copies of BWC video to members of the Department for official purposes (e.g., arresting officers processing an arrest, detectives conducting criminal investigation, etc.) and prosecutors as described above, uniformed members of the service may not copy, publish, share or disseminate any audio, video, image or data to anyone unless authorized by the Police Commissioner. The video management system maintains an audit trail for all transactions conducted in the system.

ADDITIONAL DATA (continued)

The default preservation period for BWC video is thirty-nine months, at which time it will be automatically deleted. Depending upon the “category” assigned to the video, certain videos (e.g., arrests, homicides) may be retained for longer periods. Commanding officers may request that a BWC recording be retained beyond the prescribed retention period, if necessary. Requests should be submitted through channels to the Deputy Commissioner, Information Technology, detailing the reasons for the request and expected duration of the preservation.

LEGAL CONSIDERATIONS

The Department is required by law to disclose certain information and material related to criminal and civil proceedings. Any requests, subpoenas, etc. for BWC video or data should be referred to the Legal Bureau Body-Worn Camera Unit.

Uniformed members of the service should only share BWC footage to the respective district attorney’s office, United States Attorney’s Office or special prosecutor. Uniformed members of the service should not share BWC footage to other external stakeholders listed in evidence.com, including, but not limited to, the Civilian Complaint Review Board, the New York City Law Department (excluding Family Court for juvenile prosecutions), the Administration for Children’s Services or other police jurisdictions. Requests by these entities should again be referred to the Legal Bureau’s Body Worn Camera Unit by emailing [REDACTED]

Confirmatory identifications (“show-ups”) must be done in person and not by the witness viewing a BWC video of the suspect. An image of a suspect depicted in a BWC video may be used in a photo array for identification. A still shot of the BWC footage depicting the subject may be taken on a Department computer, printed, and thereafter affixed to a photo array for identification. Requests by a witness or victim to view a BWC recording must be declined and referred to the appropriate prosecutor handling the case. Requests by civilians to view a BWC recording that is not related to a criminal case must be declined and referred to the Legal Bureau’s Subpoena Litigation Unit. Requests for BWC recordings can be made by emailing [REDACTED] or by making a request on New York City’s FOIL website at [REDACTED]

DATE EFFECTIVE:

LAST REVISION:

R.O. 59

PAGE:

1 of 2

PURPOSE

To provide members of the service with guidelines when a non-local law enforcement agency requests, or a member of the service proposes, that the Department provide City resources (i.e., traffic control, vehicle escorts, site security, information or records under the control of the New York State Department of Motor Vehicles [DMV], etc.) to support or assist in immigration enforcement.

SCOPE

Members of the service may not use City resources to support or assist in immigration enforcement, except in certain circumstances, as described below.

PROCEDURE

When a non-local law enforcement agency requests, or a member of the service proposes, that the Department provide City resources (i.e., traffic control, vehicle escorts, site security, information or records under the control of the New York State DMV, etc.) to support or assist in immigration enforcement:

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-126	07/09/25	R.O. 59	2 of 2

NOTE

In emergency, public safety related situations, the decision to support the non-local law enforcement agency will be made by the highest ranking uniformed member of the service at the scene, or in the absence of a supervisor, the senior uniformed member of the service at the scene. That member must immediately notify the Operations Unit of this decision and include details of the circumstances.

There is no emergency exception regarding DMV records. Criminal liability for disclosing these records still applies and is prohibited prior to consultation with the Legal Bureau.

Whenever a uniformed member of the service enforces a State or local criminal law at the scene of an immigration enforcement incident, the highest ranking uniformed member of the service at the scene must notify the Operations Unit regarding details of incident.

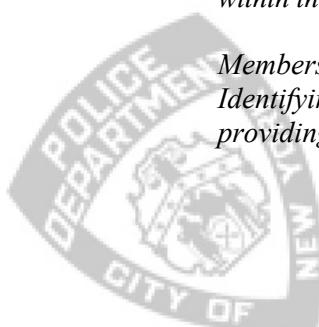

OPERATIONS UNIT

11. Notify desk officer, command of occurrence, of action taken or to be taken.
12. Record notifications and actions in a database that will be accessible for statistical analysis.

ADDITIONAL DATA

It is a class E felony under the Vehicle and Traffic Law (VTL), to use DMV records in furtherance of immigration enforcement, or to disclose such records to any non-local law enforcement agency that primarily conducts immigration enforcement. The only exception to the law is if DMV records are to be disclosed in connection with a cooperative agreement (e.g., a task force that is not primarily intended to further immigration enforcement). When a member of the service receives a request from a non-local law enforcement agency that primarily conducts immigration enforcement, and is a member of a taskforce or other cooperative agreement, the member of the service must ascertain the purpose for which the information is sought. Conferrals between the duty chief and the Legal Bureau will focus on whether such requests, and the production of records fall within the mission or scope of the taskforce or agreement.

Members of the services are reminded of Patrol Guide 212-66, "City Policy Concerning Identifying Information and Access to City Services" that affirms the City's policy of providing essential services to all residents regardless of immigration status.

REQUEST TO SERVE AN EXTREME RISK PROTECTION ORDER BY AN INDIVIDUAL OTHER THAN A UNIFORMED MEMBER OF THE SERVICE:

UNIFORMED MEMBER OF THE SERVICE

30. Notify Legal Bureau, Extreme Risk Protection Order Unit Monday through Friday, 0900 hours to 1700 hours and be guided by instructions received.
- Contact Legal Bureau duty attorney, via Operations Unit, for assistance, if Extreme Risk Protection Order Unit is unavailable, Monday through Friday, from 0700 to 2300 hours and on weekends.

ADDITIONAL DATA

District Attorney's Offices have the ability to file an EPRO involving arrests or open COMPLAINT REPORTS as they determine to be necessary. Uniformed members of the service should confer with a District Attorney's Office regarding an EPRO in these instances. All other situations (e.g., aided case, emotionally disturbed persons, etc.), will be processed by the Legal Bureau, ERPO Unit.

In the event that a member of the service is the subject of an EPRO, they are to notify their commanding officer without delay. The commanding officer will comply with A.G. 318-08, "Modified Assignment" and any applicable Department procedures.

The Department has broad authority to remove firearms from license/permit holders. Neither an Extreme Risk Protection Order nor a prior conferral with the License Division, Incident Section, is required in order to remove firearms and a license/permit from a licensee, or permit holder. Uniformed members of the service are reminded that public safety is the overriding concern when considering the removal of a licensed firearm.

If a firearm is removed from a licensee, the License Division, Incident Section, will be notified immediately, Monday through Friday, 0800 to 1600 hours. If outside of these hours, uniformed members of the service should email details to the License Division, Incident Section, at DG_Lic-Incidents@nypd.org.

To maximize the safety of all persons concerned, uniformed members of the service are reminded to comply with P.G. 221-14, "Hostage/Barricaded Person(s)" and P.G. 221-13, "Mentally Ill or Emotionally Disturbed Persons," as necessary.

An EPRO is not required to conduct a search of a person or premises where a uniformed member of service has probable cause to believe that the individual possesses a firearm on their person or at a readily accessible location, and observes, or learns through a credible source, that an individual is engaged in conduct that would result in imminent harm to themselves or others, and the circumstances are of such an urgent nature (e.g., exigency), that seeking a warrant or EPRO could cause a delay resulting in said harm.

The unformed member of service may conduct a search for the limited purpose of retrieving the firearm(s).

FACIAL RECOGNITION TECHNOLOGY

DATE EFFECTIVE:

12/02/22

LAST REVISION:

I.O. 116

PAGE:

1 of 4

PURPOSE

To ensure the use of facial recognition technology balances the need for effective, accurate law enforcement investigations, and the need to respect the privacy of citizens.

SCOPE

Facial recognition technology enhances the ability to investigate criminal activity and increases public safety. The facial recognition process does not by itself establish probable cause to arrest or obtain a search warrant, but it may generate investigative leads through a combination of automated biometric comparisons and human analysis.

DEFINITIONS

AUTHORIZED USES - Facial recognition technology must only be used for legitimate law enforcement purposes. Specifically, the following are the only authorized uses for employing facial recognition technology:

- a. To identify an individual when there is a basis to believe that such individual has committed, is committing, or is about to commit a crime,
- b. To identify an individual when there is a basis to believe that such individual is a missing person, crime victim, or witness to criminal activity,
- c. To identify a deceased person,
- d. To identify a person who is incapacitated or otherwise unable to identify themselves,
- e. To identify an individual who is under arrest and does not possess valid identification, is not forthcoming with valid identification, or who appears to be using someone else's identification, or a false identification, or
- f. To mitigate an imminent threat to health or public safety (e.g., to thwart an active terrorism scheme or plot, etc.).

PROBE IMAGE - An image of an unidentified person obtained by the assigned investigator from witnesses, victims, or other reliable sources.

PHOTO REPOSITORY - The controlled and limited group of images against which the probe image is compared. The photo repository only contains arrest and parole photographs. It is stored in a designated, and approved, law enforcement database, and access is restricted to authorized users.

BACKGROUND CHECK - A Real Time Crime Center, Facial Identification Section (RTCC-FIS) investigator evaluates the reliability of a potential match between the probe image and an image from the photo repository. This includes an assessment of available information about the potential match, and relevant details of the investigation.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-129	12/02/22	I.O. 116	2 of 4

DEFINITIONS (continued)

VISUAL COMPARISON - A RTCC-FIS investigator visually compares the differences and similarities between a probe image and a potential match from the photo repository for the purpose of evaluating whether they represent the same person. In general, during this process, an investigator/supervisor compares facial characteristics (e.g., eyes, ears, nose, chin, mouth, hair, overall facial structure, any scars, marks, blemishes, or tattoos, etc.) and general characteristics, such as overall complexion, gender, and age.

POSSIBLE MATCH CANDIDATE - A potential suspect who is identified through a complete facial recognition analysis, which includes facial recognition technology, visual comparison, background investigation and supervisory review. A possible match candidate shall be treated as an investigative lead only. It does not by itself establish probable cause to make an arrest, or obtain an arrest or search warrant. Corroborating information must be developed through additional investigation by the assigned investigator.

PROCEDURE

When an investigator obtains an image depicting the face of an unidentified suspect, victim or witness, and intends to identify the individual using facial recognition technology, which includes any digital comparison of the probe image to photos stored in the photo repository, the assigned investigator must submit a request to the RTCC-FIS for facial recognition analysis:

FACIAL IDENTIFICATION SECTION PERFORMS FACIAL RECOGNITION ANALYSIS:

ASSIGNED INVESTIGATOR

1. Obtain image(s)/video(s) of individual to be identified.
 - a. If video is submitted, include associated software/player.
 - b. If image is from internet/social media, include site link.
2. Upload image(s) to Enterprise Case Management System (ECMS) and submit request to Real Time Crime Center-Facial Identification Section (RTCC-FIS) for facial recognition analysis via an **FIS Request DD5**.

NOTE

*Investigators who do not have access to the Enterprise Case Management System (ECMS) may contact RTCC-FIS via phone or email. Investigators must provide a case or **COMPLAINT REPORT (PD313-152)** number. RTCC-FIS will generate an **FIS Request DD5**.*

RTCC-FIS SUPERVISOR

3. Assign FIS number to request upon receipt of **FIS Request DD5** via ECMS, and direct RTCC-FIS investigator to review request.

RTCC-FIS INVESTIGATOR

4. Confirm underlying basis for request is in compliance with authorized uses of facial recognition technology.
 - a. Document confirmation in ECMS.
5. Select probe image of individual to be identified from images submitted.
 - a. If image quality is unsuitable for facial recognition comparison, notify the assigned investigator via **FIS Image Rejection Report**.
 - b. Permit assigned investigator to submit additional images.

USE OF VEHICLE MOUNTED VIDEO SYSTEM

DATE EFFECTIVE:

05/03/24

LAST REVISION:

R.O. 24

PAGE:

1 of 4

PURPOSE

To visually and audibly record certain interactions between uniformed members of the service and the public for official law enforcement purposes.

SCOPE

This procedure applies to all Department vehicles equipped with a Vehicle Mounted Video System (VMVS) with the exception of Highway District vehicles. The Highway District will continue to operate on their standard Vehicle Mounted Video System operation procedures.

DEFINITION

POLICE ACTION – Any police service as well as law enforcement or investigative activity conducted in the furtherance of official duties. Police action includes responding to calls for service, addressing quality of life conditions, handling pick up assignments and any self-initiated investigative or enforcement action such as witness canvasses, vehicle stops, and Terry stops. Routine consensual conversations with members of the public carried out as part of community engagement are not considered police action under this section. Escort duties (e.g., funerals, etc.) or sensitive transport of members, or non-members of service (e.g., MOS family, Department Surgeons, etc.) conducted by the Highway Unit are not considered police action under this section.

PROCEDURE

When a uniformed member of the service is assigned to a Department vehicle equipped with a Vehicle Mounted Video System (VMVS):

UNIFORMED MEMBER OF THE SERVICE

1. Inspect VMVS as part of vehicle inspection at beginning of tour and make digital **Activity Log** entry of findings.
2. Notify desk officer if the VMVS is damaged or not functioning at any point during tour.
 - a. Document notification in digital **Activity Log**.
3. Utilize tablet in RMP to sign into the Axon application using NYPD Windows user name and password.
 - a. Add recorder, if assigned, as a partner to RMP in the Axon application.
4. Ensure forward facing VMVS camera is positioned to record all events occurring in front of the RMP, and rear facing camera is positioned to record back seat of RMP.

MANDATORY ACTIVATION OF VMVS FOR ALL UNIFORMED MEMBERS OF THE SERVICE ASSIGNED TO A VMVS EQUIPPED DEPARTMENT VEHICLE:

UNIFORMED MEMBER OF THE SERVICE

5. Activate VMVS prior to engaging in police action.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
212-131	05/03/24	R.O. 24	2 of 4

NOTE

VMVS cameras installed in Department vehicles will automatically activate a recording whenever the turret lights are in the second or third position. Once the system is activated, the system must be manually deactivated (end-recording) by using either the Axon application on the tablet or using the camera's event button. Members of the service are reminded that VMVS will activate when a speed threshold is reached.

UNIFORMED MEMBER OF THE SERVICE (continued)

6. Notify patrol/unit supervisor when there is a failure to record a mandatory event as described in step "5."
 - a. Document notification in digital **Activity Log**.

NOTE

All uniformed members of the service must comply with P.G. 212-123, "Use of Body-Worn Cameras," even if an event is being recorded by a VMVS. The use of any non-Department issued recording device is strictly prohibited.

7. Once VMVS is activated, continue recording for the duration of the event until police action has concluded.
8. Use the Axon application on the Department tablet to manage recordings uploaded to nypd.evidence.com as per P.G. 212-123, "Use of Body-Worn Cameras."

NOTE

Recorded video will automatically upload wirelessly or while connected to a Department Wi-Fi repeater. In addition, after the video is uploaded to evidence.com, add any generated Department forms or report numbers to all body-worn cameras (BWC) and VMVS videos that apply. For example, the arrest processing officer is responsible to add the arrest number(s) to all videos recorded by members of the service regardless of command who was at the scene or videos related to the incident in the "Add Metadata" section. This could involve multiple arrest numbers.

- a. Ensure the rear mounted camera is activated anytime a non-member of the service is placed in the rear seat of the RMP.

NOTE

This excludes a member of Highway Patrol conducting a sensitive transport of any non-member of service from activating any in vehicle video systems.

- b. In the event of a serious incident where RMP cannot be moved (e.g., rendered immobile due to a collision or as part of a crime scene, etc.), notify Information Technology Bureau, Strategic Technology Division by contacting ITB's Service Desk or by creating a service request in the NYPD Service Portal, for guidance to upload video to evidence.com.
9. Sign out of Axon application when reassigned or at end of tour.

PATROL SUPERVISOR/UNIT SUPERVISOR

10. Visit members of the service equipped with a VMVS while on assignment and ensure they are recording all required events and activities.
11. Conduct an investigation when notified that a member failed to record all or part of an encounter as mandated in step "5."

ADDITIONAL DATA *Members of the service effecting an arrest will comply with all relevant Department directives regarding criminal discovery.*

The VMVS and related hardware/software, as well as video, audio and data captured by the VMVS, irrespective of the content, are at all times the property of the Department. Other than providing copies of VMVS video to members of the Department for official purposes (e.g., arresting officers processing an arrest, detectives conducting criminal investigation, etc.) and prosecutors as described above, uniformed members of the service may not copy, publish, share or disseminate any audio, video, image or data to anyone unless authorized by the Police Commissioner.

The default preservation period for VMVS video is 39 months, at which time it will be automatically deleted. Depending upon the “category” assigned to the video, certain videos (e.g., arrests) may be retained for longer periods. Commanding officers may request that a VMVS recording be retained beyond the prescribed retention period, if necessary. Requests should be submitted, through channels, to the Legal Bureau’s Body-Worn Camera Unit, detailing the reasons for the request and expected duration of the preservation.

LEGAL CONSIDERATIONS

The Department is required by law to disclose certain information and material related to criminal and civil proceedings pursuant to the New York Criminal Procedure Law, People v. Rosario, rules governing discovery in civil cases, The Freedom of Information Law (F.O.I.L.), subpoenas, and court orders. The Legal Bureau’s Subpoena Litigation Unit will respond to subpoenas, court orders, and F.O.I.L. requests as per P.G. 211-17, “Processing Legal Bureau Requests for Department Records Including Requests Under the Freedom of Information Law.” The Legal Bureau’s Body-Worn Camera Unit will process requests from the Civilian Complaint Review Board for VMVS video. Arresting officers will provide the assigned prosecutor with access to all VMVS video related to an arrest utilizing the VMVS.

Confirmatory identifications (“show-ups”) must be done in person and not by the witness viewing a VMVS video of the suspect. An image of a suspect depicted in a VMVS video may be used in a photo array for identification, so long as the image is not from an arrest which is subsequently sealed. Any questions regarding such should be referred to the Legal Bureau’s Body-Worn Camera Unit. A still shot of the VMVS footage depicting the subject may be taken on a Department computer, printed, and thereafter affixed to a photo array for identification. Requests by a witness or victim to view a VMVS recording must be declined and referred to the appropriate prosecutor handling the case. Requests by civilians to view a VMVS recording that is not related to a criminal case must be declined and referred to the Legal Bureau’s Subpoena Litigation Unit. Requests for VMVS recordings can be made by emailing [REDACTED] or by making a request on New York City’s FOIL website at [REDACTED].

Any member of the service requiring VMVS footage to be downloaded to a digital video disc (DVD), as part of their case work or investigation, should email such request to the Legal Bureau’s Body-Worn Camera Unit at [REDACTED]. All requests should include pertinent information regarding the specific VMVS video(s) or specific details of the incident to ensure all necessary VMVS footage is identified and downloaded.

Dear Captain Smith:

The CAMBA (Church Avenue Merchants Block Association) Victim Assistance Program is funded by the New York State Office of Victim Services to assist crime victims in its catchment area, which includes the 78th Precinct. Please do whatever is within your authority to expedite CAMBA's access to the needed information on a routine and continuing basis. If you have any questions, please call me at [REDACTED]

PATROL BOROUGH OPERATIONAL COMMAND IN THE EVENT OF AN EMERGENCY RESPONSE PLAN ACTIVATION

1. *Patrol Guide procedure 213-03, “Rapid Mobilization,” states as follows, “At the scene of a large scale unusual disorder or other emergency incident, the highest ranking uniformed police supervisor is in command and will be designated as Incident Commander.” It further states, “In most cases, the designee will be the highest ranking member from the bureau involved (e.g., the Housing Bureau for public housing incidents, the Transit Bureau for subway incidents, the Chief of Transportation for traffic emergencies, etc.).” Designating an Incident Commander provides centralized command at the scene of an emergency.*
2. *If an incident occurs under the “stand-alone” model concept, patrol borough commander(s) will assume operational command of **ALL** Department resources within their geographical area of responsibility with the exception of Chief of Citywide Operations personnel, Facilities Management Division Personnel, and the Transit Bureau.
 - a. *The Transit Bureau will initiate citywide “stand-alone” operations at the Transit Bureau headquarters in Brooklyn.**
3. *Under this concept, the Chief of Department/designee will confer with the Deputy Commissioner, Management & Budget to determine which resources assigned to the Facilities Management Division can be made available to the appropriate patrol borough commander. As an event unfolds, follow-up conferrals can be conducted to adjust the availability of resources accordingly. The decision(s) reached by the Chief of Department/designee will be communicated to the appropriate patrol borough commander.*
4. *When it is determined that patrol borough(s) will operate under the “stand-alone” concept, patrol borough commands will activate borough command posts in accordance with standard operating procedures. Additionally, representatives will be assigned from the Detective Borough, Intelligence Division, Housing Bureau, Chief of Transportation, School Safety Division, Chief of Citywide Operations, and any other unit deemed appropriate by the patrol borough commander. An operational plan should be developed by each patrol borough to facilitate “stand-alone” operations. It should include, at minimum, pre-designated assignments among the borough staff and outside command representatives, identification of necessary equipment and support staff, as well as providing for a relief factor. Since each patrol borough is unique, the borough commander should tailor plans that will address the needs of that particular patrol borough, i.e., potential for civil disorder, public panic, the threat of secondary events, etc. However, patrol borough commanders must recognize that the NYPD Emergency Operations Center retains the authority to direct movement and allocation of resources out of the patrol borough in response to incidents elsewhere throughout the City.*

ACCESS TO SUPPLEMENTARY RESTRAINT KITS

The Crowd Management Unit (CMU) is responsible for deploying specially trained uniformed members of the service to both spontaneous and planned mass demonstrations Citywide. In the event of a large gathering or demonstration where additional law enforcement presence is necessary, CMU is supplemented with borough based uniformed patrol personnel as Mobile Field Forces (MFF).

In order for deploying MFF's to have access to equipment, supplementary restraint kits have been placed in each patrol borough command and strategic locations across the City as follows:

- a. PBMS - 230 East 21st Street, 13th Precinct
- b. PBMN - 151 West 100th Street, 24th Precinct
- c. PBBX - 450 Cross Bronx Expressway, 48th Precinct
- d. PBBS - 2820 Snyder Avenue, 67th Precinct
- e. PBBN - 179 Wilson Avenue, 83rd Precinct
- f. PBQS - 71-01 Parsons Blvd, 107th Precinct
- g. PBQN - 68-40 Austin Street, 112th Precinct
- h. PBSI - 970 Richmond Avenue, 121st Precinct
- i. 1 Police Plaza - Operations Unit (confines of 5th Precinct)
- j. Randall's Island - Critical Response Command (confines of 25th Precinct)

Each supplemental restraint kit contains:

- 300 Flex handcuffs
- 40 Flex handcuffs cutters
- 40 "Cold Fire" fire extinguishers with holders

The patrol borough, Operations Unit, incident commander, or other competent authority will dictate if supplementary restraint kits are needed and will direct a responding MFF to obtain and bring the equipment to the mobilization point. The use of supplemental restraint kit(s) will be documented in the Command Post Log.

At the conclusion of the incident/event, the incident commander will designate a uniformed member of the service to return the supplemental restraint kit to the command from where it was obtained. If supplementary restraint kit was used, a notification will be made by the patrol borough or counterpart to the Quartermaster Section to replenish the supplies.

MASS ARREST PROCESSING PROCEDURE

DATE EFFECTIVE:
10/03/25

LAST REVISION:
R.O. 94

PAGE:
1 of 3

PURPOSE

To establish a coordinated arrest processing procedure for situations in which the number of arrests effected is, or anticipated to be, in excess of twenty persons.

DEFINITIONS

MASS ARREST PROCESSING CENTER (MAPC) – Location(s) designated by the Criminal Justice Bureau (CJB) for the processing of arrests stemming from First Amendment Activities, demonstrations, or other large scale events. MAPC is activated by the Chief of Department via the Operations Unit.

PROCEDURE

When it is anticipated that a large number of arrests will be effected:

BOROUGH COURT SECTION SUPERVISOR

1. Establish and maintain a list of all commands within patrol borough, in priority order, for utilization to process up to twenty persons in mass arrest situations.
 - a. Establish priority of commands to be utilized based on ability to simultaneously process multiple prisoners with minimal interference to that command's day to day operations.
 - b. Forward list of commands to Operations Unit.

NOTE

When determining the priority order that commands will be utilized in each patrol borough, consideration will be given to the command's physical layout, ability to secure multiple prisoners at one time, and the space available for arresting/assigned officers to prepare required arrest related forms and reports. Geographical considerations may also be given at the actual time of incident to determine which commands are utilized (i.e., utilize a nearby facility with sufficient active cells).

Whenever a MAPC is established related to a First Amendment Activity, ensure that enough members of service are available to staff the telephone line, fax, and email to ensure prompt and accurate communication with members of the public and attorneys contacting the MAPC about an arrestee or arrestees. Receipt of invocations of representation as to arrestees by legal counsel whether received in-person, via fax, or e-mail must be promptly accepted and acknowledged. Members of the service must respond to requests for information from legal counsel and, where appropriate, other members of the public, including family members and/or elected officials and comply with P.G. 208-09, "Rights of Persons Taken Into Custody," as required.

A MAPC shall continue to have and provide to all people held:

- a. Clean water,
- b. Food, if held more than 2 hours,
- c. Personal protective equipment (PPE),
- d. Prompt access to telephones,
- e. Adequate medical care, and
- f. Restrooms.

**BOROUGH
COURT
SECTION
SUPERVISOR
(continued)**

- 2. Notify Deputy Commissioner, Public Information to disseminate the activation of a MAPC via Department social media accounts including:
 - a. Phone,
 - b. Address,
 - c. Fax, and
 - d. Email.
- 3. Have groups of no more than twenty prisoners with their arresting/assigned officers and one arrest supervisor transported from scene of arrest to designated command(s) via patrol wagon.

**INCIDENT
COMMANDER**

- Every effort will be made to have arresting/assigned officers process no more than five prisoners and the arrest supervisors assigned no more than four arresting/assigned officers, when practical.*
- 4. Ensure arresting/assigned officers have definite knowledge of arrest and can articulate factual elements of offense for which arrests were effected.
 - 5. Have desk officer of processing precinct notified of number of prisoners that are en-route to command for processing.

NOTE

Precinct commanders will ensure that their commands have an adequate supply of arrest related forms and reports readily available in the event their command is utilized.

**ARREST
SUPERVISOR**

- 6. Ensure that the arresting/assigned officer is photographed next to each prisoner by using their assigned Department smartphone before boarding patrol wagon.
 - a. Ensure a **MASS ARREST PEDIGREE LABEL (PD244-093)** is completed and affixed to each individual prisoner's property, when necessary.
- 7. Determine if prisoners will be processed as on-line arrests or be issued **DESK APPEARANCE TICKETS (PD260-121)** and/or Criminal Court Summons, if qualified, upon arrival at arrest processing facility.
 - a. Comply with P.G. 208-27, "Desk Appearance Ticket - General Procedure" and all other procedures as outlined in P.G. Section 208, "Arrests," as appropriate.
- 8. Directly supervise all arrest processing, as per borough's arrest processing procedures.

NOTE

The precinct arrest processing officer (APO), if available, will assist the arrest processing supervisor and arresting/assigned officer and ensure all necessary forms are prepared so that the District Attorney's Office will be able to prepare a sworn complaint. The primary function of the APO is to return the arresting/assigned officer to patrol. The arrest processing supervisor will identify another member of the service, who is qualified in Livescan, to fingerprint all prisoners who are required to be fingerprinted.

ARREST SUPERVISOR (continued)

9. Review and sign, where appropriate, all arrest related documents and forms for accuracy and completeness upon completion of arrest processing, including **DESK APPEARANCE TICKETS (PD260-121)** and Criminal Court Summons.
10. Notify Incident Commander/Command Post when prisoners are released and include:
 - a. Number of **DESK APPEARANCE TICKETS** issued,
 - b. Number of Criminal Court Summons issued, and
 - c. Total number of prisoners released.

NOTE

When a large scale arrest situation is anticipated, the commanding officer/incident commander concerned is to notify the concerned Borough Court Section supervisor, via telephone message, with all pertinent information, including the date and time of scheduled event. The Borough Court Section will then make appropriate notifications to the District Attorney's Office and Office of Court Administration to ensure all arrests are processed expeditiously.

If large scale arrest situations are scheduled sufficiently in advance, a centralized processing area may be utilized and coordinated through the concerned Borough Court Section.

Activation of a MAPC in Connection with a First Amendment Activity Event

*Members of the service are reminded that only the First Amendment Activity Senior Executive, or their designee, can authorize the establishment of MAPC at a First Amendment Activity event. The decision and justification to activate a MAPC shall be documented in **FIRST AMENDMENT ACTIVITY/CITYWIDE EVENT AFTER ACTION REPORT (PD 692-150)**.*

The arrest processing time for adults arrested for violations or misdemeanors at a First Amendment Activity event shall not exceed seven hours and thirty minutes unless the prisoner has an out-of-state warrant, receives emergency medical treatment, or is ineligible for a Desk Appearance Ticket pursuant to Criminal Procedure Law 150.20.

Juveniles arrested at a First Amendment Activity event will be removed to the precinct of arrest, if feasible and space constraints permit. Members of the service shall comply with P.G. 215-09, "Offense Committed by a Juvenile Under 18 Years of Age (Other than a Juvenile Offender or Adolescent Offender)" and expedite the arrest processing of any juvenile or adolescent arrested at a demonstration/protest to ensure that any period of detention is no longer than necessary to complete the processing of that individual's arrest.

beverages pose a threat to public safety, the Department may suspend the sale of alcoholic beverages for a period of time necessary to address the public safety concerns.

Legal observers generally wear bright green hats (NLG) or blue hats and blue vests (NYCLU). All members of the service will extend every courtesy and cooperation to observers. Observers shall be permitted to remain in any area, or observe any police activity, subject only to restrictions necessitated by personal safety factors, as determined by the incident commander.

PURPOSE

To inform members of the service of the procedure to be followed when vehicles are relocated due to special events (i.e., Presidential visits, parades, or movie/TV productions, etc.) and to account for all vehicles relocated through proper documentation by utilizing the Tow Pound Information System (TOPIS).

LAST REVISION:

I.O. 116

PAGE:

1 of 1

1. In light of the ongoing threat of terrorist attacks against the City of New York, the New York City Police Department has created "Citywide Security Alert Levels" similar to those used by the Federal Office of Homeland Security. These alert levels are discussed in detail in a newly published document to be distributed in book form. This book will replace the "Citywide Security Assessment Plan." As such, with the publication and distribution of the new book, post assignments will no longer be referred to as ALPHA, BRAVO, GAMMA, OR OMEGA. The new alert levels are as follows:

<u>ALERT LEVEL</u>	RISK CONDITION	
Green	Low	Low Risk Of Terrorist Attacks
Blue	Guarded	General Risk Of Terrorist Attacks
Yellow	Elevated	Significant Risk Of Terrorist Attacks
Orange	High	High Risk Of Terrorist Attacks
Red	Severe	Severe Risk Of Terrorist Attacks

Post assignments made in connection with these new alert levels shall be referred to by the appropriate color code. Commanding officers will ensure that all personnel are properly trained in the new system of alert levels.

2. The Intelligence and Counterterrorism Bureau has compiled into book form a series of responsibilities for various bureaus/commands, indicating actions to be taken under each security level. These books have been distributed to affected commands, through the appropriate bureau chiefs/deputy commissioners and will be maintained in the "Command Reference Library" as per *Administrative Guide procedure 325-18*.

3. The City of New York, which has been the target of terrorists four times in recent years, twice successfully, is currently at threat level "Orange." Any changes in the threat level for the City of New York will be transmitted via a FINEST Message.

INTEROPERABILITY CHANNELS

LAST REVISION:

R.O. 120

PAGE:

1 of 1

1. During an emergency incident (e.g., mass casualty, terrorist attacks, major building collapses, large structural fires, etc.) it may become necessary for personnel from external agencies to communicate via radio directly with the New York City Police Department. To facilitate this communication, a series of NYPD interoperability radio channels are available.

2. In the event of an emergency incident requiring radio communication between external agencies and the New York City Police Department, NYMAC-1 is the designated primary citywide interagency radio channel for communication and will be monitored by a citywide dispatcher at the 911 Center. The Communications Division will notify the Operations Division, Life-Safety Systems Division, and the NYPD Incident Commander at the start of all emergency incidents being conducted on interoperability frequencies. If it is determined by the NYPD Incident Commander that a second channel is required, an additional interoperability frequency (NYMAC 2, NYMAC 3) will be utilized and assigned by the Communications Division after consultation with the Operations Division and Life-Safety Systems Division. When the need for interoperability communication ceases, the Incident Commander will notify the dispatcher that the emergency incident has been terminated.

3. Listed below are the interoperability channels programmed in all New York City Police Department portable, mobile, and fixed station radios.

ZONE BANK	CHANNEL	PURPOSE	MONITORED
INTEROPS	NYMAC-1	Primary Citywide Inter-Agency Communications	YES
INTEROPS	NYMAC-2	Secondary Citywide Inter-Agency Communications	NO

RESPONSE TO FIRST AMENDMENT ACTIVITIES

DATE EFFECTIVE:

10/03/25

LAST REVISION:

R.O. 95

PAGE:

1 of 7

PURPOSE

To establish the duties and responsibilities of members of the service assigned to First Amendment Activities.

SCOPE

Under the First Amendment of the United States Constitution and the New York State Constitution, all people are afforded the right to free speech, to peaceably assemble, and to petition the Government for redress of grievances. Members of the service will be deployed to First Amendment Activities in a manner consistent with the Department's tiered response. Members of the service must take care not to intrude upon the rights of expression or association of attendees while remaining neutral and maintaining the peace.

DEFINITIONS

FIRST AMENDMENT ACTIVITY: Any protest or demonstration at which individuals are expressing their rights under the First Amendment to the United States Constitution and the New York State Constitution.

FIRST AMENDMENT ACTIVITY SENIOR EXECUTIVE: The senior-level designee within the Office of the Chief of Department holding the rank of deputy chief or higher with significant operational decision making authority relating to First Amendment Activities.

FIRST AMENDMENT ACTIVITY DESIGNEE: A uniformed member of the service in the rank of captain or above who has been designated by and reports directly to the First Amendment Activity Senior Executive. The uniformed member must have received executive training in First Amendment Activity and cannot serve as incident commander for a First Amendment Activity that they are delegated as a designee.

DE-ESCALATION: Taking action in order to stabilize a situation and reduce the immediacy of the threat so that more time, options, and/or resources become available (e.g., tactical communication, requesting a supervisor, additional members of the service and/or resources such as Emergency Service Unit or Hostage Negotiation Team, etc.). The goal is to gain the voluntary compliance of the subject, when appropriate and consistent with personal safety, and to reduce or eliminate the necessity to use force.

INCIDENT COMMANDER: The highest ranking uniformed police supervisor responsible for the command, control and coordination of all police operations at a First Amendment Activity. The precinct commanding officer or executive officer will ordinarily be designated as the incident commander. If the First Amendment Activity occurs or is scheduled to occur in two or more commands within the same patrol borough, the patrol borough commander or designee holding the rank of captain or higher will be designated as incident commander, and in cases where the activity affects or is scheduled to affect more than one patrol borough, the Chief of Patrol or designee will be designated as incident commander.

PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
213-20	10/03/25	R.O. 95	2 of 7

NOTE

If a First Amendment Activity is not expected to escalate beyond a Tier One response (as described in P.G. 213-21, “Tiered Approach to Policing First Amendment Activities”), a uniformed member of service holding the rank of sergeant or higher may be designated as the incident commander.

In the event that the incident commander was initially a sergeant, but the First Amendment Activity has escalated beyond a Tier One response, the sergeant shall remain the incident commander until such time as a higher-ranking individual arrives.

DEFINITIONS (continued)

NONVIOLENT PARTICIPANT: An individual who participates in a First Amendment Activity without the use of violent behavior.

PROTEST LIAISON: A First Amendment Activity trained uniformed member of the service assigned to the Community Affairs Bureau whose focus is to communicate with and understand the aims of the protesters. To the extent possible, protest liaisons should establish a dialogue with protest leaders. If a protest leader cannot be identified, outreach should be attempted with multiple protesters.

VIOLENT BEHAVIOR: Includes, but is not limited to, the use of physical force, or tangible objects to hurt persons, damage property, cause fire, or the incitement or encouragement of such behaviors.

PROCEDURE

When directed to respond to the scene of a First Amendment Activity:

Citywide Events Planning and Coordination Section is available from 1000 hours to 1800 hours Monday through Friday. All other times, notify the Operations Unit.

In all cases, the primary duty of all members of the service is to protect human life. Where tensions should rise during a First Amendment Activity, members of the service will prioritize in de-escalation whenever possible.

Responding members of the service assigned to the Community Affairs Bureau, or to a community affairs role at their command, will not be assigned to patrol or enforcement functions except in exceptional circumstances during a First Amendment Activity.

When notified that a First Amendment Activity is to occur, the incident commander will cooperate with leaders of the First Amendment Activity to the extent possible, balancing their right to free expression with the need to maintain public safety. PROCEDURE NUMBER:	DATE EFFECTIVE:	LAST REVISION:	PAGE:
213-20	10/03/25	R.O. 95	7 of 7

**ADDITIONAL
DATA
(continued)**

Members of the service are reminded to comply with P.G. 213-21, "Tiered Response to Policing First Amendment Activities," as necessary.

While discretion is frequently exercised at First Amendment Activity, this procedure does not limit the authority of members of the service to effect arrests or take other enforcement action for unlawful acts committed during such activities, particularly, if such unlawful acts are likely to cause public unrest or prevent law enforcement from maintaining the peace, consistent with Red Light/Green Light provisions during a First Amendment Activity.

For any person arrested at a First Amendment Activity, the arresting officer shall check to ensure that any handcuffs used are not too tight on an arrestees' wrist at least during the following intervals: (1) upon entering a transport van; (2) upon exiting a transport van; and (3) regularly after arriving at the applicable arrest processing location(s).

Members of the service are reminded that body-worn cameras should not be activated at a demonstration unless engaged in one of the actions listed in step "4" of P.G. 212-123, "Use of Body-Worn Cameras." Members are additionally reminded that in accordance with the Handschu Consent Decree, investigations involving political activity may not be conducted without the express written approval of the Intelligence and Counterterrorism Bureau as per P.G. 212-72, "Guidelines for Uniformed Members of the Service Conducting Investigations Involving Political Activities."

The Legal Observer Program is a comprehensive system of legal support coordinated by the National Lawyers Guild (NLG) and the New York Civil Liberties Union (NYCLU). Recognizing the importance of their work, the Department permits properly identified legal observers free access through police lines at the scene of any First Amendment Activity. Legal observers generally wear bright green hats (NLG) or blue hats and blue vests (NYCLU). All members of the service will extend every courtesy and cooperation to observers. Observers shall be permitted to remain in any area, or observe any police activity, subject only to restrictions necessitated by personal safety factors, as determined by the incident commander.

When the incident commander is assigned to a group starting in one borough and traveling over a bridge or walking into a contiguous borough, the transition of the march/protest between incident commanders must be a direct transfer and include a full debrief on the condition experienced, including but not limited to demeanor of the group, damage to property, and any other attribute that would suggest unlawful activity, deployment decisions made, and any other relevant information. A transfer of command between incident commanders shall be documented by a radio transmission via the Communications Division. If there is no relieving incident commander, the initial commander will remain with the group and notify the Operations Unit. The Operations Unit will facilitate identifying a relieving incident commander, if available.

Should there be a need to relieve personnel resources following a march across contiguous boroughs, the Operations Unit will facilitate identifying relieving personnel. If there is no personnel available, the current personnel assigned will remain with the First Amendment Activity.
