### ADDITIONAL DATA (continued)

ii. Any negotiated penalty in a Department disciplinary proceeding, involving a uniformed member of the service who is determined to have been operating a motor vehicle while unfit for duty due to the consumption of and/or intoxication from alcohol shall include a period of Dismissal Probation. Additionally, uniformed members of the service involved in incidents either on or off duty where alcohol is deemed a contributing factor, and where pursuant to a negotiated penalty in a Department disciplinary proceeding are required to submit to ordered breath testing, the negotiated penalty may also include a period of Dismissal Probation. Further, any such negotiation shall include the subject officer's agreement to submit to ordered breath testing for the presence of alcohol while on duty or off duty, during the period of probation, or other agreed upon time period. Should the member be found unfit for duty or refuse to submit to breath testing, this will result in additional disciplinary action against the subject officer which may include termination.

iii. Members of the service whose alcohol consumption has caused problems for them or others are urged to self-report before they are responsible for a serious incident and the above disciplinary action becomes necessary. They can do so in complete confidence by calling the Counseling Services Unit. Additionally, members who are experiencing problems related to alcohol, are strongly encouraged to call HELPLINE or the Police Organization Providing Peer Assistance, (POPPA). POPPA is a joint labor-management cooperative effort involving the implementation of a union-operated, alternative employee assistance program. Both HELPLINE and POPPA offer confidential services.

iv. Members of the service with alcohol-related problems may also be referred to the Counseling Services Unit by supervisors, other Department units, or as the result of an alcohol related incident. However, the Department's objective, at all levels, is early detection and referral of personnel for evaluation and treatment before drinking causes problems in work performance or worse.

v. The Counseling Services Unit maintains strict standards of confidentiality as set forth in Title 42 of Federal guidelines governing alcoholism programs, and it does not act as part of the Department's disciplinary system. The Counseling Services Unit's mission is to assist in recovery and return to full and productive service those members of the Department who are experiencing problems with alcohol. The unit operates 24 hours a day, seven days a week, and will help assess the extent of the problem, and make the appropriate referrals for treatment. Treatment can range from detoxification and inpatient rehabilitation to outpatient rehabilitation and the participation in self-support groups. Counseling is available to members of the service, their families and retirees.

vi. The Police Department's policy is to encourage members of the service to seek help in a supportive, confidential environment before the consequences of alcohol abuse require the Department to take disciplinary action. In addition, to assist those members of the service experiencing alcohol related problems, all New York City Police Department personnel are encouraged to refer those with problems to any of the counseling/assistance providers indicated in number "iii" of this procedure.

In addition, their current assignments will not ordinarily be changed because of their participation in these programs unless, due to the nature of the assignment, a change is deemed to be in the best interests of all parties concerned. However, participation in these programs will not exempt a member of the service from disciplinary action for specific acts of misconduct and the consequences of such disciplinary action.

### FALSE OR MISLEADING STATEMENTS

DATE ISSUED:  
04/01/20

DATE EFFECTIVE:  
04/01/20

REVISION NUMBER:

PAGE:  
1 of 2

#### PURPOSE

To provide clear guidelines regarding written and verbal statements made by members of the service during an official investigation.

#### DEFINITIONS

**FALSE STATEMENT** - An intentional statement that a member of the service knows to be untrue, which is material to the outcome of an investigation, proceeding, or other matter in connection with which the statement is made.

**MISLEADING STATEMENT** - A statement that is intended to misdirect the fact finder, and materially alter the narrative by:

- a. Intentionally omitting a material fact or facts,
- b. Making repeated claims of "*I do not remember*" or "*I do not know*" when a reasonable person under similar circumstances would recall, or have been aware of, such material facts, or
- c. Altering and/or changing a member's prior statement or account when a member of the service is confronted with independent evidence indicating that an event did not occur as initially described, will generally be considered a misleading statement.

**INACCURATE STATEMENT** - A statement that a member of the service knows, or should know, includes incorrect material information. There is no intent to deceive, but rather the member's actions are grossly negligent.

**MATERIAL FACT** - A significant fact that a reasonable person would recognize as relevant to, or affecting, the subject matter of the issue at hand, including any foreseeable consequences, or establishment of the elements of some proscribed conduct. It is a fact that is essential to the determination of the issue and the suppression, omission, or alteration of such fact would reasonably result in a different decision or outcome. A material fact may be distinguished from an insignificant, trivial, or unimportant detail.

**IMPEDING** - Making false, misleading, and/or inaccurate statements, or engaging in an impeding action (e.g., failing to produce records as directed by a competent authority, etc.).

#### PROHIBITED CONDUCT

1. Intentionally making a false official statement.
2. Intentionally making a misleading official statement.
3. Making, or causing to be made, an inaccurate official statement.
4. Impeding an investigation.

#### ADDITIONAL DATA

*Intentionally making a false official statement regarding a material matter will result in separation from the Department, absent extraordinary circumstances. Extraordinary circumstances will be determined by the Police Commissioner on a case by case basis.*

## PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
203-08	04/01/20		2 of 2

### ADDITIONAL DATA *(continued)*

*Circumstances in which false or misleading official statements are made include, but are not limited to, verbal statements made pursuant to a statutory or procedural requirement, or under oath during a civil, administrative, or criminal proceeding, in addition to written statements made in a sworn document, including affirmations made in Department (e.g., **COMPLAINT REPORT [PD313-152]**, etc.) and non-Department (e.g., **New York State Domestic Incident Report [DCJS-3221]**, etc.) forms.*

*Statements made during an official Department interview conducted pursuant to P.G. 206-13, “Interrogation of Members of the Service,” or interview pursuant to P.G. 211-14, “Investigations by Civilian Complaint Review Board” are subject to the provisions of this procedure. In addition, members of the service are reminded that the Civilian Complaint Review Board has been granted broadened prosecutorial authority to investigate potential false statements and recommend penalties.*

*When a member of the service is afforded an opportunity to recollect with the benefit of credible evidence, and the member makes a statement consistent with the evidence, the member’s prior statement will not be considered a false statement. However, it may be considered a misleading statement, or an inaccurate statement, or in cases where further investigative steps were required after the statement was made, may also be considered an action impeding the investigation.*

*If, during an investigation or proceeding, a member of the service intentionally makes a false statement, but then retracts the statement and substitutes a truthful statement during the same interview, deposition, or other session of oral testimony, a charge of false statement may not be appropriate.*

*Mistakes distinguished: Mere clerical errors may not be considered inaccurate statements when the statement error is so minor that it has little, or no effect, on the overall intent of the statement. An error will be considered to be an inaccurate statement when a member of the service does not intend to deceive, but causes a material variation. Erroneous statements, lacking in willful intent, and not so unreasonable as to be considered gross negligence, are not a basis for finding misconduct.*

*Members of the service have an obligation to review documents before signing, or otherwise verifying, their accuracy.*

*An investigation is considered impeded when a member of the service makes false, misleading, and/or inaccurate statements, or engages in impeding actions (e.g., failure to produce records as requested by a competent authority, etc.). A member of the service who impedes, or attempts to impede, an official investigation will face disciplinary action for conduct prejudicial to the good order, efficiency, or discipline of the Department.*

*The Department will not bring false official statement charges in situations where, as opposed to creating a false description of events, the member of the Department merely pleads not guilty in a criminal matter, or merely denies a civil claim or an administrative charge of misconduct.*

Entering into a business or financial transaction with another member of the service who is your superior or subordinate where the superior has the power to direct the subordinate's work or has the power to affect the terms and conditions of the subordinate's employment. This means, but is not limited to, circumstances where the superior has direct supervision of the subordinate or instances where in the course of conducting police related business, there is a likelihood that the superior will be in a position to supervise or affect the assignment of the subordinate. Accordingly, members of the service who do not work in the same command but who do work within the same bureau/patrol borough should carefully consider, before entering into a business or financial transaction with each other, whether the above superior/subordinate relationship presently exists. Members of the service should also be aware that changes in assignments that affect the superior/subordinate relationship may make a pre-existing business or financial relationship an impermissible conflict of interest. The Office of the Deputy Commissioner, Legal Matters should be contacted if questions arise regarding these issues.

### NOTE

*The Conflicts of Interest Board has determined that it is a violation of the conduct described in step 13 for a superior to solicit charitable contributions from, or to offer to sell products of any amount or value to a subordinate. The Board has specifically ruled, however, that a subordinate may sell products for profit or charitable purposes, or solicit donations for charitable purposes from a superior if the amount involved is de minimis. The Board has defined de minimis to be \$25.00 or less.*

14. Using your position with the Department for the benefit of yourself or associate, through micropurchases made on behalf of the Department (purchases up to \$20,000 that may be made without competition).
  - a. "Associate" is defined in Chapter 68 of the City Charter as a spouse, domestic partner, child, parent, or sibling of a public servant; a person with whom a public servant has a business or other financial relationship; and each firm in which a public servant has a present or potential interest.

2. No Department employee may have a position in a firm that the employee knows, or should know, is engaged in business dealings with the City, unless such position is in a firm whose shares are publicly traded.

#### NOTE

  - a. Terminate such ownership in the firm, OR

#### NOTE

*Any Department employee who believes they may be covered by these provisions should immediately contact the Conflicts of Interest Board for further instructions.*

*An employee may have an interest otherwise prohibited above if written approval is obtained from the Police Commissioner and the Conflicts of Interest Board approves.*

#### SCOPE

All members of the service are strictly accountable for their conduct at all times, whether on or off duty, inside or outside New York City. Ranking uniformed members of the service must take affirmative action whenever they observe or become aware of corruption or other misconduct, including immediate notification to the Internal Affairs Bureau.
- b. On duty members, in or out of uniform, will return to their commands as soon as the event is over. They will not take a meal period and will not be granted lost time until they return to their assigned commands.
- c. All off duty uniformed members of the service who wish to wear their uniform outside New York City must receive permission in advance from the Police Commissioner, First Deputy Commissioner, or Chief of Department.

#### NOTE

*ALL OFF DUTY MEMBERS WHO ARE IN UNIFORM MUST CONDUCT THEMSELVES AS IF THEY WERE ON DUTY, AND WILL BE HELD ACCOUNTABLE ACCORDINGLY. ADDITIONALLY, ALL MEMBERS WILL RESPECT, COOPERATE WITH, AND FOLLOW THE DIRECTION OF PERSONNEL FROM OTHER LAW ENFORCEMENT AGENCIES WHEN PRESENT IN THAT AGENCY'S JURISDICTION.*

- d. Off duty members granted permission to wear uniforms will only wear them for the duration of the event. They must then change into civilian attire as soon as the event is over.

#### PURPOSE

To provide guidance to members of the service relating to acceptance of gifts and other compensation.

To insure that the general public does not misinterpret the justification for these gifts, the following procedure has been established.

DATE ISSUED: 07/01/20	DATE EFFECTIVE: 07/01/20	REVISION NUMBER:	PAGE: 1 of 4
--------------------------	-----------------------------	------------------	-----------------

#### PURPOSE

To identify locations where there is potential for members of the service to engage in corrupt practices or misconduct.

#### DEFINITION

**DESIGNATED OFF-LIMITS LOCATION** - a location operating legitimately that a commanding officer may place off-limits because of some police misconduct related activity, and the need to avoid the appearance of impropriety by members of the command (see Additional Data).

**UNLAWFUL LOCATIONS** - premises, whether in a member's command or elsewhere, that are involved in illegal activities which would preclude the presence of a member of the service, except in the line of duty (see Additional Data).

**COOPING PRONE LOCATIONS** - locations or premises where members of the service may engage in unauthorized interrupted patrol (see Additional Data).

#### COMMANDING OFFICER

1. Direct integrity control officer to maintain an Integrity Monitoring File.
2. Document and have on file for review the reason(s) for including a location in the Integrity Monitoring File.

  8. Add/delete locations by forwarding a report, on **Typed Letterhead**, to overhead bureau concerned, through channels.
    - a. Indicate reason for addition/deletion.
    - b. Include an updated Integrity Monitoring File with report.
  9. Prepare three copies of updated Integrity Monitoring File on March 1<sup>st</sup> each year, and forward to overhead bureau concerned, through channels.

    - a. Forward copy of report to the Investigation Review Section, Office of the Chief of Department.
    - b. Forward copy of report to the Internal Affairs Bureau.

**ADDITIONAL DATA**

*The Investigation Review Section will act as the central repository for Designated Off-Limits Locations, Unlawful Locations, and Cooping Prone Locations. Furthermore, the Quality Assurance Division shall conduct audits of precincts, transit districts, police service areas and borough command counterparts to ensure updated lists are maintained in accordance with the provisions of this procedure.*

*If it becomes necessary for a uniformed member of the service to enter a location listed in the Integrity Monitoring File because of assignment by competent authority, i.e., radio dispatcher/serious police emergency, the member concerned will immediately notify the patrol supervisor. The patrol supervisor will respond and make a digital Activity Log entry of the circumstances.*

*The duties performed by units in the Transit Bureau, the Chief of Transportation and the Special Operations Division may present integrity hazards that are unique to their specialties, i.e., marinas, riding academies, parking garages, etc.*

## **ADDITIONAL DATA (continued)**

*Therefore, commanding officers of each unit will identify such locations and, using the criteria below, compile a Designated Off-Limits Location list for their unit's Integrity Monitoring File. Furthermore, they will obtain, and personally review off-limits locations within other commands where their members perform patrol. These locations will be included in their own lists of locations considered integrity hazards for their personnel.*

### CRITERIA FOR INCLUSION IN INTEGRITY MONITORING FILE

#### DESIGNATED OFF-LIMITS LOCATION

- a. *Some documented police misconduct-related activity, such as:*
- (1) *Any substantial acts of misconduct, or*
  - (2) *The failure of integrity tests, or*
  - (3) *The commanding officer's professional judgment after review of corruption allegations, or*
  - (4) *Intelligence from the Organized Crime Control Bureau or the Intelligence Bureau, particularly at locations involving organized crime, or*
  - (5) *The location's past history of repeated crimes or violations.*

#### PLUS

- b. *Illegal conditions associated with locations, or the inference or appearance of preferential treatment.*

*Conditions listed in paragraphs a or b above are both required in order for a location to be included in the "Designated Off-Limits Locations" portion of the Integrity Monitoring File.*

*Members of the service are prohibited from entering all Designated Off-Limits Locations within their command of assignment, whether on or off duty. Because of these limitations, commanding officers will be very judicious when designating a location off-limits. In addition, they must be able to articulate the reasonable basis used for selecting each location. Additionally, they should avoid listing general areas such as entire streets, plazas, parks, etc., unless there are some extraordinary circumstances that would justify the off-limits provisions of this procedure.*

*The following information should be included in interim or annual reports regarding Designated Off-Limits Locations:*

- (1) *Date declared off-limits*
- (2) *Number of visits/observations by commanding/executive/integrity control officers or other supervisors*
- (3) *Notifications to investigations unit concerned*
- (4) *Any disciplinary/criminal action taken against members of the service re: location concerned (including results)*
- (5) *Date location closed or business sold*
- (6) *Date removed from list and reason (passed integrity test, etc.)*

# PATROL GUIDE

## **ADDITIONAL DATA (continued)**

### UNLAWFUL LOCATIONS

- a. Premises (licensed or unlicensed) where a member of the service MUST be suspended for having an interest in, associating with or patronizing as indicated in Patrol Guide procedure 206-07, "Cause for Suspension or Modified Assignment", step 2, subdivision "f" OR,
- b. Unlicensed premises (neighborhood tavern or restaurant with an expired/suspended license) where the sale of alcohol is the only apparent illegal activity and a member of the service may be suspended or placed on modified assignment for patronizing such a location as per Patrol Guide procedure 206-07, "Cause for Suspension or Modified Assignment", step 3, subdivision "e".

The following information should be included in interim or annual reports regarding Unlawful Locations:

- (1) Date declared unlawful
- (2) Number of visits/observations by commanding/executive/integrity control officers or other supervisors
- (3) Any notifications made to Internal Affairs Bureau or any unit/agency relative to vice enforcement, narcotics, civil enforcement, etc.
- (4) Any disciplinary/criminal action taken against members of the service re: location concerned (including results)
- (5) Date business sold
- (6) Date location closed and reason (civil enforcement, vacated business, fire, etc.)

If a member of the service becomes involved in an incident in an Unlawful Location, outside of his/her command, and upon investigation it is discovered that the location has been previously deemed unlawful, and is still carried as such in the command's Integrity Monitoring File, the commanding officer/duty captain will determine whether or not the member involved should have been aware of the unlawful status of the location in question.

### COOPING PRONE LOCATIONS

Consideration for designating a location as cooping prone should be based on past history of allegations of cooping, or locations where, in the commanding officer's judgment, there is likelihood that member(s) will engage in interrupted patrol. Cooping prone locations apply to on-duty members only. However, members will not be prohibited from performing authorized patrol within such locations, when necessary.

Additionally, these guidelines apply to members who directly access information, as well as members who, intentionally or not, allow third parties to access information. It is the “logged on” member’s responsibility to prevent other persons from recording or transcribing information for the purposes of unauthorized use (e.g., taking a cell phone video of Body-Worn Camera footage). Members who observe, or become aware of such misconduct, are to comply with P.G. 207-21, “Allegations of Corruption and Other Misconduct Against Members of the Service.”*

*Members may be held accountable when, due to their failure to safeguard information, a third party gains access. This includes access by other members of the service.*

*Members of the service who fail to adhere to the above guidelines may be subject to disciplinary and/or criminal action.*

### CONDUCTING ORDERED BREATH TESTING OF UNIFORMED MEMBERS OF THE SERVICE FOR THE PRESENCE OF ALCOHOL

DATE ISSUED: 12/15/16	DATE EFFECTIVE: 12/15/16	REVISION NUMBER:	PAGE: 1 of 8
--------------------------	-----------------------------	------------------	-----------------

**COMMANDING  
OFFICER,  
PERSONNEL  
BUREAU  
INVESTIGATIONS  
UNIT**

1. Maintain a listing (including duty charts, vacation selections and complete contact information such as home phone numbers, cellular phone numbers, beeper numbers and e-mail addresses) of all uniformed members who have been placed on Dismissal Probation, or have been the subject of other disciplinary action, and have agreed to submit to ordered breath testing for the presence of alcohol as a result of a negotiated penalty in a Department disciplinary proceeding.

**NOTE**

*Subject members have signed a Negotiated Settlement which contains the following wording: "I agree to submit to and to make myself available, on or off duty, for ordered breath testing for the presence of alcohol during a probationary period or other agreed upon time period pursuant to Patrol Guide 203-04, "Fitness for Duty." I understand that this will entail unannounced visits to my personal residence. In addition, I am fully aware that if said testing of my blood alcohol level is .04 or more that I shall be presumed unfit for duty. I also understand that should I be found unfit for duty or should I refuse such testing I will be subject to further disciplinary action up to and including summary termination. I acknowledge that I have received and understand the provisions within Patrol Guide 203-04, "Fitness for Duty" and Patrol Guide 203-23, "Conducting Ordered Breath Testing of Uniformed Members of the Service for the Presence of Alcohol."*

2. Schedule each member whose name appears on the listing to be periodically tested during each quarterly period during which the member is subject to ordered breath testing. For the purposes of this procedure, the calendar year will be divided into four quarterly periods as follows: January through March, April through June, July through September and October through December. Nothing in this procedure shall preclude a subject member from being tested more than once during a quarter. However, at least one of the tests conducted during the year must be conducted during the subject member's off duty hours.

**NOTE**

*If the period that the member is subject to ordered breath testing begins on February 15<sup>th</sup>, for example, the initial testing of the subject member will commence during the quarterly period that runs from January 1<sup>st</sup> through March 31<sup>st</sup>.*

3. Ensure that all supervisors assigned to the Personnel Bureau Investigations Unit and the Medical Division's Absence Control & Investigations Unit have been trained by the Highway District in the operation of the hand-held Portable Breath Test (PBT) device.
4. Arrange for a supervisor assigned to the Personnel Bureau Investigations Unit or the Medical Division's Absence Control & Investigations Unit to conduct a breath test using a PBT device whenever a subject member is scheduled to be tested. Both units will assist each other in the testing process as necessary.

**NOTE**

*If the subject member is a ranking member of the Department, a supervisor of an appropriate rank assigned to one of the sub-units of the Personnel Bureau will be designated to assist with the administration of the breath test.*

**NOTE**

*The Medical Division's Drug Screening Unit must ensure that the records maintained in regard to random drug testing do not in any manner include members who were notified to appear for ordered breath testing.*

8. Notify the commanding officer/desk officer at the subject member's command to have the subject member transported by a higher-ranking member to the Medical Division or the Personnel Bureau Investigations Unit in an expeditious fashion.

12. Conduct a breath test using a PBT device in a private setting at the Medical Division or at the Personnel Bureau Investigations Unit.

## NOTE

*The supervisor concerned must observe the subject member for at least 20 minutes prior to initiating the test to ensure that the subject member does not engage in any activities that may skew the test results (e.g., eating, drinking, smoking, vomiting, regurgitating, belching).*

13. If the reading on the PBT device is less than .02 and there are no related indicia of intoxication (see *Additional Data* statement for a listing), no further action is required at this time.
- a. If the reading on the PBT device is less than .02 and the subject member appears to be intoxicated (i.e., there are related indicia of intoxication) or under the influence of a prohibited substance, the supervisor concerned will confer with the Commanding Officer, Personnel Bureau Investigations Unit who will notify the Office of the Personnel Bureau in regard to obtaining authorization to test the subject member using the Intoxilyzer, or to conduct a drug screening test for cause under the procedures contained in *P.G. 205-30, "Drug Screening Tests for Cause for Uniformed and Civilian Members of the Service."*
14. If the reading on the PBT device is .02 or greater, immediately notify Highway I.D.T.U. to respond to the Medical Division to test the subject member using the Intoxilyzer that is maintained at the Medical Division facility. (It should be emphasized that the Intoxilyzer test at the Medical Division will be conducted by an I.D.T.U. technician.) In the event that alternate arrangements must be made, the Intoxilyzer test will be conducted at the closest I.D.T.U. facility. In such a case, the subject member will not be permitted to transport him/herself to the I.D.T.U. facility. Depending upon circumstances, the supervisor concerned may be aided by one or more members of the service in transporting the subject member to the I.D.T.U. facility.

- a. The I.D.T.U. technician will utilize a specially developed form, entitled **Ordered Breath Test Instruction Sheet** to interview the subject member and a specially developed checklist, entitled **Intoxilyzer Operational Checklist** to conduct the test. The entire Intoxilyzer testing process, including the reading of the test results, will be videotaped by a member of the Highway District. In cases in which there is an Intoxilyzer reading of .02 or greater, a copy of the videotape will be provided to the supervisor concerned, who will follow all applicable Departmental procedures to safeguard the tape for evidentiary purposes.

**NOTE**

*The I.D.T.U. technician conducting the test must observe the subject member for at least 20 minutes prior to initiating the test to ensure that the member does not engage in any activities that may skew the test results.*

- b. The supervisor concerned shall carefully record and then take into account the Intoxilyzer reading along with any other related indicia of intoxication in coming to a conclusion that the subject member is apparently unfit for duty. As part of this process, the supervisor should use a blood alcohol level of .04 or greater on the Intoxilyzer as the threshold for a presumption of lack of fitness for duty.
- c. If the supervisor concerned has reason to conclude that the subject member is apparently unfit for duty, the supervisor will notify the Commanding Officer, Personnel Bureau Investigations Unit, who will notify the Office of the Personnel Bureau. In addition, the supervisor will be guided by the procedures contained in P.G. 206-12, "*Removal of Firearms from Intoxicated Uniformed Member of the Service.*"

**NOTE**

*If the subject member is determined to be unfit for duty, the I.A.B. Command Center will be notified and a log number will be obtained.*

### **OFF DUTY ORDERED BREATH TESTING (Steps 15-23)**

**NOTE**

*Home visits related to off duty ordered breath testing will be conducted in a similar fashion to home visits by the Medical Division to uniformed members of the service who are on sick leave. Breath testing of off duty members of the service will normally be conducted from 0900 hours to 2100 hours, including weekends. However, subject members who are tested off duty will be entitled to overtime compensation.*

16. Once personal contact is made with the subject member on an initial visit, request member's identification card in order to confirm member's identity.

17. Proceed to conduct the testing process in a private setting (e.g., subject member's residence, Department auto being used by the supervisor concerned) in a dignified, respectful fashion. ### DEPARTMENT POLICY PROHIBITING RACIAL PROFILING AND BIAS-BASED POLICING

DATE ISSUED:  
06/02/16

DATE EFFECTIVE:  
06/02/16

REVISION NUMBER:

PAGE:  
1 of 2

1. Members of the service are reminded that the New York City Police Department is committed both to the impartial enforcement of law and to the protection of constitutional rights. To reinforce these commitments and to ensure that all members of the service engage only in constitutionally sound policing practices, the Department prohibits the use of racial and bias-based profiling in law enforcement actions. Conducting enforcement activities in an unbiased manner fosters and strengthens relationships between police officers and members of the community, and inspires confidence in, and support for, policing efforts.

2. Police-initiated enforcement actions, including, but not limited to, arrests, Level 3 Terry stops, frisks, searches, summonses, and motor vehicle stops, must be based on the standards required by the Fourth and Fourteenth Amendments of the U.S. Constitution, Sections 11 and 12 of Article I of the New York State Constitution, Section 14-151 of the New York City Administrative Code, and other applicable laws.

3. Race, color, ethnicity, or national origin may not be used as a motivating factor for initiating police enforcement action. When an officer's decision to initiate enforcement action against a person is motivated even in part by a person's actual or perceived race, color, ethnicity or national origin, that enforcement action violates Department policy unless the officer's decision is based on a specific and reliable suspect description that includes not just race, age, and gender, but other identifying characteristics or information.

4. The law confers on police officers the authority to stop, question, and if warranted, frisk an individual whom an officer reasonably suspects has committed, is committing, or is about to commit a felony or Penal Law misdemeanor. Police officers must be able to articulate the factors which led them to take enforcement action, in particular those factors leading to reasonable suspicion for stopping, questioning, and, if appropriate, frisking a person, or probable cause for arresting or issuing a summons to a person. Individuals may not be targeted for any enforcement action, including stops, because they are members of a racial or ethnic group that appears more frequently in local crime suspect data. Race, color, ethnicity, or national origin may only be considered when the stop is based on a specific and reliable suspect description that includes not just race, gender, and age, but other identifying characteristics or information. When an officer carries out a stop based on reasonable suspicion that a person fits such a description, the officer may consider the race, color, ethnicity, or national origin of the suspect, just as the officer may consider the suspect's height or hair color. In accordance with Department policy, when a stop is not based on a specific suspect description, however, race, ethnicity or national origin may not be used at all as a motivation or justification for the stop.

5. Section 14-151 of the New York City Administrative Code and Department policy prohibit bias-based profiling and include demographic categories in addition to race, color, and national origin. The Administrative Code and Department policy prohibit the Department and individual officers from intentionally engaging in bias-based profiling, which is defined as "an act of a member of the force of the police department or other law enforcement officer that relies on actual or perceived race, national origin, color, creed, age, alienage or citizenship status, gender, sexual

orientation, disability, or housing status as the determinative factor in initiating law enforcement action against an individual, rather than an individual's behavior or other information or circumstances that links a person or persons to suspected unlawful activity." With respect to race, color, ethnicity and national origin, the standards of conduct described in paragraphs "3" and "4" must always be met by the Department and its officers.

6. Commanding officers will continue to ensure that self-inspections are conducted within their commands regarding stop, question, and frisk activity. The Quality Assurance Division will continue to monitor compliance with self-inspection protocols in all of its command inspections and will continue to audit stop, question, and frisk activity Department-wide.

7. Commanding officers will ensure that members of their command comply with the Department's policy regarding investigative encounters as per Patrol Guide 212-11, "Investigative Encounters: Requests for Information, Common Law Right of Inquiry and Level 3 Stops."

Procedure No: 203-29

### WHEN A MEMBER OF THE SERVICE ENCOUNTERS AN INDIVIDUAL OBSERVING, PHOTOGRAPHING, AND/OR RECORDING POLICE ACTIVITY

DATE ISSUED: 01/10/21	DATE EFFECTIVE: 01/10/21	REVISION NUMBER:	PAGE: 1 of 2
--------------------------	-----------------------------	------------------	-----------------

1. Individuals have a right to lawfully observe and/or record police activity including, but not limited to detentions, searches, arrests or uses of force. The right to lawfully observe and/or record police activity extends to individuals in public places, such as streets, sidewalks, and parks, as well as private property in which the individual has a legal right to be present, such as buildings, lobbies, workplaces or an individual's own property. This right to observe and/or record police action can be limited for reasons such as the safety of officers or other members of the public, or when a violation of law is committed by the individual(s) who are observing/recording. The following guidelines should be utilized by members of the service whenever the above situation exists:

a. DO NOT:

- (1) Intentionally prevent, or attempt to prevent, an individual from recording police activities,
- (2) Threaten, intimidate, or otherwise discourage an observer from recording police activities,
- (3) Command an individual to cease recording when an individual is authorized to do so under law,
- (4) Stop, seize, search, summons, or arrest an individual solely because such individual recorded police activities,
- (5) Seize property or instruments used by an individual to record police activities,
- (6) Delete or seize recorded images of police activity from an individual's recording device, unless authorized by law, and/or
- (7) Copy a recording of police activity without consent of the individual who made the recording.

b. Absent additional actions constituting a violation of law, an individual CANNOT be arrested for:

- (1) Taking photographs, videotaping, or making a digital recording,
- (2) Requesting or making note of shield numbers or names of members of the service,
- (3) Criticizing the police or objecting to police activity,
- (4) Refusing to leave the area, and/or
- (5) Using crude or vulgar speech.

2. An arrest for Obstruction of Governmental Administration (Penal Law section 195.05) requires probable cause to believe the person(s) is obstructing governmental administration. Actual interference with the performance of an official police function is required. Interference can include actual physical force (touching or physically interfering with the officer or the suspect, (e.g., using a camera so close to the officer's face that it intentionally obstructs their view), intruding into the physical space necessary to safely perform police operations and refusing to obey an order to move back, or purposefully engaging in passive behavior that prevents an officer from taking enforcement action (e.g., blocking a prisoner van, etc.). Members of the service are required by Administrative Code 14-189 to document instances in which an individual who was recording police activities is arrested or summonsed, as per P.G. 209-03, P.G. 209-09, and P.G. 209-12, by indicating "RTR" for "Right to Record" on the summons.

## PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
203-29	01/10/21		2 of 2

3. This procedure is not intended in any manner to limit the authority of the police to establish police lines (e.g., crowd control at scenes of fires, demonstrations, special events, etc.).

4. When probable cause exists that a recording device contains evidence of a crime:
  - a. Inform the observer that there is probable cause to believe that the recording contains evidence of a crime,
  - b. Request consent to view the recording in a manner that elicits a clear “yes” or “no” response. If possible, use Body-Worn Camera to record request and the individual’s response. If consent is given, it may be possible for the individual to email the recording directly to the member of the service’s Department-issued smartphone,
  - c. If the observer refuses to give consent, inform them that a search warrant for the device will be requested. Inform the observer that deletion of the content of the recording may be considered tampering with physical evidence in violation of Penal Law section 215.40,
  - d. If the member of the service reasonably believes that the observer will delete the recording, obtain approval from a supervisor to seize the device if feasible (or obtain approval from a supervisor either before or immediately after seizing a device). Seize the device only for the time necessary to secure a warrant,
  - e. Do not view or delete the recording,
  - f. Obtain a search warrant, and
  - g. If there is probable cause to believe that an exigency exists and that the recording contains evidence of a crime, contact a supervisor to determine whether review of the recording absent a warrant is permitted.

5. A supervisor must be requested to respond where an observer is arrested for interference with police action or where the contents of a recording device are believed to contain evidence of a crime.

6. Members of the service may contact the Legal Bureau if they have any questions regarding an arrest for Obstruction of Governmental Administration or the seizure of a recording device that may contain evidence of a crime.

7. Members of the public are not allowed to photograph and/or record police activity within Department facilities. Members of the service may order any member of the public who is photographing or recording within Department facilities to stop such activity. If such person refuses to stop, they then should be ordered to leave the premises. If such person refuses to leave the premises, members of the service may take proper enforcement action under the trespass statutes (i.e., Penal Law sections 140.05 and 140.10).

## ADDITIONAL DATA

### POLICY CONSIDERATIONS

*Members of the service are to be cognizant of the fact that their social media activity, even on personal social media accounts, may be seen by the public as a statement on behalf of the Department. Any activity that can be linked to a member of the service, is a reflection on the Department as a whole.*

*Members of the service are reminded that they are strictly accountable for their conduct at all times, inside or outside of New York City, whether on or off duty, including the use of personal social media accounts. Activities and/or statements made on social media sites are done so in an online domain where no reasonable expectation of privacy exists. Members of the service creating “private” or “limited access” accounts, with customized “privacy settings,” must know that any statements, photographs, video clips or information that are sent via the internet may still be viewed and disseminated by third parties, even after the content has been edited or deleted by the user.*

*Most importantly, information (including digital images) released on social media may endanger the safety of members of the service and/or their family members. Members of the service are urged not to disclose or allude to their status as a member of the Department. Divulging identifying information on social media could possibly compromise ongoing investigations, as well as, limit a member of the service’s eligibility for certain assignments (e.g., work as an undercover, work in highly sensitive assignments, etc.).*

### LEGAL CONSIDERATIONS

*The New York City Council enacted Local Laws 245 and 247 of 2017, announcing the “Identifying Information Law,” which establishes guidelines regarding the collection, retention and disclosure of identifying information.*

### COMMAND LEVEL PEER SUPPORT

DATE ISSUED:  
10/14/20

DATE EFFECTIVE:  
10/14/20

REVISION NUMBER:

PAGE:  
1 of 2

1. Command level peer support ensures that trained peers (uniformed members of the service of any rank and civilians of any title) in commands are available to assist and proactively check in with fellow members of the service experiencing stressful or difficult moments in their professional or personal lives by asking, listening, encouraging, and following up. Command level peer support is independent from similar Department units and personnel, including those that offer peer and crisis support (e.g., Employee Assistance Unit, Chaplains Unit, Psychological Evaluation Section, etc.). As such, it serves as an additional resource for members of the service, and it is not intended to replace any of the existing support services.

2. Peer support members help to bridge the gap by connecting those in need with both internal and external mental health resources. Peer support members are command level, readily available, and able to offer a co-worker confidential, informal support and guidance. The peer support member is guided by the "Ask, Listen, Encourage, and Follow Up" guidelines:

- a. Ask: The peer support member engages the person by asking questions in a private, informal setting to gather a greater understanding of the issues the person is experiencing,
- b. Listen: The peer support member utilizes active listening skills to demonstrate empathy, build rapport, and de-escalate negative emotions the person is experiencing. In addition, the peer support member does not judge, minimize, or tell the person what to do. Rather, the peer support member helps the person develop the best, positive course of action,
- c. Encourage: When appropriate, the peer support member provides guidance on available internal and external resources, and encourages the person to seek further assistance, and
- d. Follow Up: The peer support member follows up in the near future to see how the person is doing, if the support options (if offered) were used and were helpful, and if necessary, helps the person to explore other options.

3. Peer support members must work collectively with command training staff to ensure there is clear and consistent messaging regarding member health and wellness. If a peer support member is unavailable, the person/unit requesting may contact the Employee Assistance Unit via telephone at (646) 610-6730, 24 hours a day, seven days a week, for assistance. Communications between a peer support member and a member of the service must be treated as confidential, except for matters that involve:

- a. Harm to self or others, and/or
- b. Serious misconduct or crimes.

4. Any member of the service in good standing may apply to become a peer support member and will undergo a selection process. Peer support members serve on a voluntary basis, while maintaining their current positions and continually share information on mental and physical health, mental illness, suicide prevention, creating and maintaining resilience, handling the potential stigma associated with seeking help and/or treatment, and other related resources. Peer support members must have an interest in supporting others and must attend initial training and periodic refresher training from the Department while on-duty. Members of the service may also choose to end their participation as peer support members at any time, with or without prior notice, by notifying the Commanding Officer, Health and Wellness Section via Department email.

5. Commanding officers are responsible for ensuring that peer support members are provided with adequate resources to appropriately disseminate information pertinent to member health and well-being. In addition, commanding officers and supervisors may not make adverse personnel decisions against a peer support member (e.g., tour changes, denial of transfer, etc.) based solely on their participation as a peer support member.

6. The Health and Wellness Section provides administrative support and questions should be directed to the Commanding Officer, Health and Wellness Section via email at [wellness@nypd.org](mailto:wellness@nypd.org) or via telephone at (646) 610-4862.

### CRITICAL INCIDENT STRESS MANAGEMENT

DATE ISSUED:  
03/12/21

DATE EFFECTIVE:  
03/12/21

REVISION NUMBER:

PAGE:  
1 of 4

#### PURPOSE

To ensure members of the service who are involved in critical, traumatic, or high stress incidents receive proper stress management support, mental health education, and guidance.

#### SCOPE

Members of the service who can benefit from prevention and early intervention following a critical and/or traumatic incident are encouraged to use all of the Department's available resources. The Department has implemented a critical incident stress management program that is administered by the Health and Wellness Section. In addition, ongoing support will be provided in a confidential environment by a Health and Wellness Section qualified mental health professional (QMHP), including peer support counselors from the Employee Assistance Unit (EAU). The program is supplemental to, and not intended to replace, the psychological services the Department currently provides under the auspices of the Medical Division.

#### DEFINITIONS

**Critical Incident:** For the purpose of this procedure, is an unusually challenging event that has the potential to create significant human distress and interfere with one's normal coping mechanisms.

**Traumatic Incident:** A mentally and emotionally distressing event that has the potential to overwhelm an individual's normal stress-coping mechanisms. A traumatic incident is defined by an individual's unique reaction to that event, not necessarily by the external magnitude of the event. This event may or may not be life-threatening.

**Involved Member of the Service:** Any individual that was directly or indirectly involved in the critical incident. This definition was expanded in an effort to recognize the prevalence of vicarious trauma in law enforcement work and provide involved members of the service with proper stress management support, mental health education, and guidance.

**Qualified Mental Health Professional (QMHP):** A licensed psychologist, licensed social worker, or licensed mental health counselor.

**Critical Incident Stress Management (CISM):** A formal, comprehensive, integrated, systematic, crisis intervention approach to manage critical incident stress after critical and/or traumatic incidents to promote healthy functioning and recovery. This approach involves coordinated supportive tactics that provide individual and group support, stress education, and coping strategies.

## DEFINITIONS (continued)

Critical Incident Stress Management Debriefing: A mandatory confidential group discussion conducted by a QMHP and an EAU peer counselor that is designed to help members of the service achieve healthy recovery and functioning after involvement in a critical and/or traumatic incident. It aims at reduction of stress and to promote group cohesion. This process does not constitute any form of psychotherapy and it should never be utilized as a substitute for psychotherapy. This is not a stand-alone process. It will be provided along with crisis support services that may include pre-incident education, crisis management briefing, defusing, individual crisis intervention/wellness check-in, referrals for ongoing professional care, if indicated, and post incident support and psychoeducation.

Individual Critical Incident Stress Management Wellness Check: An individual appointment with a QMHP that is offered to all members of the service approximately one month after the critical incident stress management group debriefing. This voluntary follow up is part of the critical incident stress management continuum to provide additional crisis intervention support, referral assistance, and further psychoeducation or other resources as needed.

Crisis Management Briefing (CMB): A structured group meeting designed to provide information about the event, identify leadership support, educate about typical stress reactions, offer information regarding basic stress management, coping strategies and resources. This process typically starts with an introduction conducted by command leadership, fact phase, reaction phase, and teaching. This meeting may involve participation by command leadership, a QMHP, EAU peer counselor, and, if available, a member of the Chaplains Unit.

Critical Incident Stress Management Defusing: A confidential meeting to review the critical incident, and an overview of self-care strategies to enhance the healing process, promote resiliency and wellness. A defusing may be conducted by a QMHP and/or EAU peer counselor, and/or members of the Chaplains Unit. A defusing is typically conducted at the involved command immediately following a critical event.

## PROCEDURE

When a critical incident has been identified by the health and wellness critical incident coordinator, director, or other member of the service:

## HEALTH AND WELLNESS CRITICAL INCIDENT COORDINATOR OR DESIGNEE

1. Review incident details, identify involved member of the service, and notify the operations coordinator at member's command to schedule debriefing.

**OPERATIONS COORDINATOR**      2. Ensure critical incident stress management support is offered to member of the service involved, as close to the event as possible.

- a. Facilitate availability of involved member of the service for participation in the group debriefing.

**NOTE**      *EAU peer counselors will have already visited the command to provide crisis management briefing, defusing, or other stress management support prior to debriefing, in certain situations.*

**MEMBER OF THE SERVICE INVOLVED**      3. Report to Health and Wellness Section at 90 Church Street, Room 1231, New York, N.Y., 10007 for group stress management debriefing at assigned meeting time.

**NOTE**      *Attendance at the mandatory preliminary critical incident stress management debriefing or any individual support is confidential. No information related to the debriefing, or other service, shall be conveyed to other members of the service, including members of the service assigned to disciplinary and/or investigative units, other than attendance records. Participation will in no way jeopardize the member of the service's job security, promotional opportunities, and/or career potential. The debriefing process is not a critique of any actions taken by the member of the service, but rather, it is an attempt to alleviate elevated levels of anxiety and/or emotional distress that a member of the service may be experiencing in response to a critical and/or a traumatic incident.*

**HEALTH AND WELLNESS TEAM**      4. Provide outreach to member of the service, approximately one month from the date of the group debriefing, to offer additional support and resources.

- a. Offer EAU supportive follow up, an individual critical incident stress management wellness check-in with QMHP, or resources, as requested.

**ADDITIONAL DATA**      *Common incidents that pose an increased potential for trauma include, but are not limited to:*

- a. An actual or perceived threat to one's life or of serious physical harm,
- b. Suicide or suicide attempt,
- c. Serious injury inflicted on, or death of a member of the service,
- d. Serious injury or death of a non-member of the service, especially a child, under particularly tragic circumstances,
- e. Cruelty/abuse to a child,
- f. Line of duty contact with friend/relative during a tragic/traumatic event,
- g. Death or injury of a person resulting from police action,
- h. Large scale or prolonged disaster resulting in multiple serious injuries or mass casualties,

### **ADDITIONAL DATA (continued)**

*The services provided by the Health and Wellness Section are designed to be preventative in nature. The Health and Wellness Section proactively seeks to identify members of the service who are involved in critical and/or traumatic incidents. However, individual reactions to adverse incidents are often best assessed by command level personnel who have intimate, firsthand knowledge of the specific details of the incident and the members of the service involved. Therefore, any supervisor may refer a member of the service who they believe has been exposed to a critical and/or traumatic incident to the Health and Wellness Section by calling (646) 610-4862. In addition, if a member of the service feels they may benefit from critical incident stress management, the member may call the Health and Wellness Section for further support and/or follow up.*

- a. *When possible, the vest should be stored flat, with the ballistic panels smoothed out.*
- b. *In the event that flat storage of vests is impractical, vests should be hung with a clip type hanger, alternating the direction of hanging at regular intervals. That is, vests should be hung right side up, then upside down, alternately. When utilizing a clip type hanger, the clip must be affixed to both the carrier and the ballistic panel. This will reduce the possibility of curling and prevent the stretching of the elastic straps.*
- c. *The vest should never be stored long term in a vehicle, particularly in the trunk of a vehicle due to temperature extremes.*
- d. *The vest should never be stored where any abrasive surface could degrade either the carrier or the ballistic panel.*
- e. *The vest should be stored out of sunlight, which can fade the carrier and possibly damage the ballistic material.*

- g. *Ballistic panels should not be dried in sunlight or a dryer. They should be put on a flat surface and allowed to dry in a cool dark place.*

DATE ISSUED:  
07/01/20

DATE EFFECTIVE:  
07/01/20

REVISION NUMBER:

PAGE:  
1 of 4

#### PURPOSE

To provide instructions and minimize risk to members of the service (uniformed and civilian) or auxiliary police officers who have contact with or handle an animal or person who may have an infectious disease, or who have contact with or handle hazardous materials.

#### DEFINITIONS

**INFECTIOUS DISEASE** - as used in this procedure, includes diseases capable of being transmitted by contact with an infected animal's saliva or central nervous system tissue, or with an infected individual's blood or body fluids.

**HAZARDOUS MATERIAL** - as used in this procedure, includes any chemical, biological, or radiological substance which is a health hazard. Chemical health hazards include carcinogens, toxic agents, irritants, corrosives, or agents which damage the lungs, skin, eyes, or mucous membranes, etc. Chemical physical hazards include flammable or combustible liquids, compressed gas, or explosive or reactive substances, etc.

**EXPOSURE TO AN INFECTIOUS DISEASE** - as used in this procedure, includes those situations where a member of the service is exposed by airborne transmission or direct contact to an individual suspected of having a disease, or where a member comes in contact with the blood or body fluids of an individual suspected of having an infectious disease, or, where a member of the service is injured as the result of a human or animal bite, or hypodermic needle puncture, or other contaminated sharp instrument, or where a member of the service is exposed to an animal suspected of having an infectious disease, or where a member comes in contact with the saliva or central nervous system tissue of an animal suspected of having an infectious disease.

**EXPOSURE TO A HAZARDOUS MATERIAL** - as used in this procedure, includes those situations where a member of the service is exposed to a hazardous material whether through inhalation, ingestion, skin contact, or parenteral contact.

**UNIVERSAL PRECAUTIONS** - as used in this procedure, is an approach to infection control. According to this approach, all human blood and certain body fluids are to be treated as if they are known to be infectious for human immunodeficiency virus (HIV), hepatitis B virus (HBV), or other bloodborne pathogens; and in addition, all animal saliva and central nervous system tissue are to be treated as if they are known to be infectious for rabies. All efforts to avoid contact with these potentially infectious materials should be taken as well as utilizing whatever protective equipment is available.

### NOTE

*To avoid unnecessary exposure, control of the aided/collision victim, or prisoner will be assigned to an officer at the scene who has already had contact with a person suspected of having an infectious disease. The assigned officer will be responsible for completing the processing of the individual. If there are numerous individuals involved, the patrol supervisor at the scene will be responsible for the coordination of information and documenting the name, etc., of the members of the service involved. This Department is offering certain members of the service the opportunity to receive, free of charge, pre-exposure, a series of three inoculations of the vaccine against Hepatitis B; and free of charge, post-exposure inoculation. ### MEMBER OF THE SERVICE

1. Comply with the guidelines listed in "ADDITIONAL DATA" statement of this procedure, when possible.
2. Notify desk officer, precinct of occurrence.

When exposure does not involve an actual injury and the exposure is related to tuberculosis, the member of the service concerned should consider this Department's offer of Mantoux (PPD) skin testing which is free of charge. When tested and the results are positive, notify Unit Safety Officer to initiate entry on State of New York - Department of Labor Log and Summary of Occupational Injuries and Illnesses (DOSH 900). Tuberculosis infection and tuberculosis disease are both recordable on DOSH 900 logs. A code (e.g., maiden name pseudonym) may be used to substitute for the description of injury or illness (column [F]).*

### ADDITIONAL

#### DATA

(continued)

#### ACCIDENTAL SPILLS OF BLOOD OR BODY FLUIDS.

*A supply of household bleach will be maintained at all precinct/psa/district commands, emergency service units, borough court section facilities, and other appropriate sites. Accidental spills of blood or body fluids on floors, cells, RMP's or on other surfaces, other than clothing, or fabric may be cleaned by applying a FRESHLY MIXED solution of one part household bleach with ten parts water. It is imperative that the preceding mixture be carefully followed. Household bleach is not to be mixed with any solution other than water and it must be freshly mixed for each use.*

*Members of the service (uniformed and civilian) are reminded that this mixture of bleach and water will cause damage if used to clean uniforms. Uniform items soiled with blood or body fluids can be effectively cleaned by routine laundering or dry cleaning procedures. Bleach should not be used to cleanse hands. In addition, bleach mixed with any substance other than water may cause a toxic gas. Therefore, disposal of bleach or bleach dilutions should be performed only in a sink (not a urinal or toilet since they sometimes contain chemical deodorizers). When preparing a bleach dilution, the container used for the diluted solution must be cleaned with water and free of any other solution.*

*To prevent injury/infection when handling or forwarding hypodermic needles/syringes to the Property Clerk, members of the service will place such items in a hypodermic needle/syringe container by utilizing a one-handed "scoop" technique which uses the needle itself to pick up the hypodermic needle/syringe container. (By using one hand to hold the hypodermic syringe while moving the hypodermic needle toward the hypodermic needle/syringe container, the member of the service is moving the needle away from himself/herself. Members should not hold the container and move their hand toward the needle). The container will be capped, if possible. However, if the syringe extends beyond the container, it will be secured with tape. UNDER NO CIRCUMSTANCES SHOULD A MEMBER OF THE SERVICE ATTEMPT TO REMOVE, DISLODGE, OR BEND A NEEDLE FROM A HYPODERMIC SYRINGE.*

## **ADDITIONAL DATA (continued)**

*needs of the Department. Pregnant uniformed members of the service who require additional pregnancy-related accommodations should contact the Pregnancy Medical District Surgeon or the Equal Employment Opportunity Division.*

*Recurring pregnancy related illness will be counted as one sick report, if the member provides proper documentation from their private physician and with the approval of the Pregnancy Medical District Surgeon. Repeated “undocumented” and “unapproved” sick leaves can lead to a “chronic sick” designation. The following conditions, if minor, will not automatically be valid reasons for pregnancy related absence:*

- a. Nausea (morning sickness)
- b. Lower back pain
- c. Mild leg swelling
- d. Fatigue
- e. Other conditions limited to a few days duration.

*The above listed conditions are considered by the medical profession to be a normal part of pregnancy. If a member of the service reports sick for these minor conditions, the sick report will not be valid for consolidation as an absence related to pregnancy illness.*

*A pass MAY be granted, if the Pregnancy Medical District Surgeon determines that the issuance of such a pass would not adversely affect the member’s health. The pre-delivery pass becomes void after hospitalization.*

*Pregnancy alone does not preclude a uniformed member of the service from being promoted. Pregnant uniformed members of the service, as well as members on restricted duty/limited capacity who are assigned to “Investigative Track Units,” may appeal any deductions of investigative time earned while on position limitation status, if they were performing normal investigative duties during that time period (see A.G. 320-35, “Promotion to Third Grade Detective [Investigator]).”*

*When a pregnant uniformed member of the service is required to appear in court, before a Grand Jury or other government agency, business attire or uniform may be worn.*

*Pregnant uniformed members of the service are not required to attend the Firearms and Tactics qualification cycles.*

*When hair samples are required, three hair samples will be collected, cut as close to the skin as possible. The samples should be collected from the same body area, preferably the head. The samples will be individually placed in separate laboratory supplied "Sample Acquisition Cards," and sealed by the collector in the presence of the test subject. These cards will be placed in separate plastic bags, sealed by the collector, and initialed and dated by the test subject. Two hair samples will be forwarded to the contracted laboratory for analysis. The third hair sample will be secured at the Medical Division for use in testing, should the test of the first two hair samples reveal positive results for illegal drugs/controlled substances. Appropriate chain of custody will be maintained at all times.*

*Except in unusual circumstances, samples will be taken at a facility operated by the Medical Division, or at another health care facility.*

*In the event that the member concerned is unable to provide adequate hair samples as required in this procedure, the Commanding Officer, Medical Division, or designee, will be contacted. The Commanding Officer, Medical Division, or designee, may authorize the collection of alternate specimen(s) to complete the drug screening test.*

*When urine samples are required, two urine samples will be collected, each in a separate vial. Prior to testing, the drug screening serial number assigned by the Medical Division and date of test will be affixed to each vial. The serial number will be logged separately with the member's name and maintained at the Medical Division. The member being tested and the witness will then initial the vial stickers. The vials will be sealed in the member's presence after the urine samples have been collected. Appropriate chain of custody will be maintained at all times.*

*Privacy and dignity will be protected. Hair and urine samples will be collected under maximum feasible privacy. Except in unusual circumstances, only one person of the same sex will be present with the test subject to observe the urine sample being provided. For chain of custody purposes, that same person will also collect the hair samples.*

### EMPLOYMENT DISCRIMINATION

DATE ISSUED:  
08/12/20

DATE EFFECTIVE:  
08/12/20

REVISION NUMBER:

PAGE:  
1 of 10

#### PURPOSE

To process and resolve all complaints of employment discrimination and/or related retaliation made against Department employees and applicants.

#### SCOPE

Employees and applicants for employment who have a complaint of employment discrimination, including related retaliation, or have any questions regarding these issues, are urged to contact the Equal Employment Opportunity Division (EEOD). It is the goal of this Department that the effective use of this procedure will result in an equitable resolution of the complaint and prevent any discriminatory practice from harming other employees or applicants. Uniformed and civilian supervisors and managers are directed to make all employment decisions in accordance with the Department's Equal Employment Opportunity (EEO) policy. Uniformed and civilian supervisors and managers, and EEO Liaisons *must* report allegations or complaints of employment discrimination and retaliation, and any observations of conduct of a discriminatory or retaliatory nature.

Federal, State and/or City laws and/or Department policy prohibit employment discrimination based on actual or perceived status of a person's race, color, national origin, alienage or citizenship status, religion or creed, gender (including gender identity - which refers to a person's actual or perceived sex, and includes self-image, appearance, behavior or expression, whether or not different from that traditionally associated with the legal sex assigned to the person at birth), pregnancy and pregnancy related conditions, sexual and reproductive health decisions (e.g., fertility-related medical procedures, sexually transmitted disease prevention, testing and treatment, family planning services and counseling, such as birth control drugs and supplies, emergency contraception, sterilization procedures, pregnancy testing and abortion), disability, age, military status and uniformed service, unemployment status, consumer credit history (for certain titles), salary history, familial status (parent or guardian of a person under 18 years of age who is living with them), caregiver status (person who provides ongoing care for a minor child or relative with a disability), prior record of arrest or conviction (under some circumstances), marital status, partnership status, genetic information or predisposing genetic characteristic, sexual orientation, or status as a victim of domestic violence, stalking or sexual offenses and as follows:

- a. Discriminatory treatment regarding any term, condition or privilege of employment, including hiring, assignments, working conditions, salary and benefits, evaluations, promotions, training, transfers, discipline and termination
- b. Sexual harassment against New York City Police Department employees, applicants and any non-employee who is a contractor, subcontractor, vendor, consultant, freelancer or other person providing services pursuant to a contract in the workplace or who is an employee of such contractor, subcontractor, vendor, consultant, freelancer or other person providing services pursuant to a contract in the workplace

### SCOPE (continued)

- c. Policy that has a disproportionate impact on a group specifically protected by law, unless the policy is justified by business necessity
- d. Failure to make a reasonable accommodation for or failure to timely engage in cooperative dialogue with individuals with disabilities, religious observances/practices, those who are pregnant, recovering from childbirth or a related medical condition, and victims of domestic violence, stalking and/or sexual offenses. An accommodation may not be required if such accommodation would impose undue hardship on the Department, but a cooperative dialogue must still occur
- e. Discriminatory harassment, intimidation, ridicule and insults, including, but not limited to, using discourteous, disparaging or disrespectful remarks
- f. Retaliation and/or harassment against an employee, applicant and any non-employee who is a contractor, subcontractor, vendor, consultant, freelancer or other person providing services pursuant to a contract in the workplace or an employee of the same, for filing a discrimination complaint, participating in an investigation of a complaint, commencing a civil action based on unlawful discrimination or requesting a reasonable accommodation.

All forms of employment discrimination, including retaliation, are **PROHIBITED** both in the actual workplace and in any location that can be reasonably regarded as an extension of the workplace, such as an off-site Department sanctioned social function.

Employees and applicants should file a complaint with the EEOD at the earliest opportunity if the employee or applicant believes that a uniformed or civilian supervisor, manager or any other employee has engaged in any of the conduct described above.

### NOTE

*A complaint made in good faith will not be considered a false accusation. Knowingly making a false accusation of discrimination or knowingly providing false information during the course of an investigation of a complaint may be grounds for discipline.*

At least one or more trained EEO Liaisons must be designated in every command throughout the Department to provide assistance to complainants, witnesses and others regarding any EEO matter. EEO Liaisons are non-supervisory members of the service who serve voluntarily with the recommendation of their Commanding Officer and approval of the DCEI. For further information about the EEO Liaison Network, contact the Program Coordinator at (646) 610-5330.

- c. Requests involving members assigned to precinct detective squads will be processed through patrol precincts.
- d. If two or more precincts within the same borough are involved in the same incident, the patrol borough commander will designate which Precinct Recognition Committee will conduct the investigation and prepare the appropriate documentation. In those instances, the Integrity Review Board will make the designation.
- e. Acts worthy of Departmental recognition which involve members from multiple bureau/division commands will be processed through patrol precincts.
- f. Assistance in the preparation of the **DEPARTMENTAL RECOGNITION REQUEST** form may be obtained by contacting the Employee Management Division's Departmental Recognition Unit.

### LEGAL CONSIDERATIONS

All information entered on the **DEPARTMENTAL RECOGNITION REQUEST** is considered "Rosario" material and should be a factual statement of the member of service's role in a particular matter. There should be no descriptive embellishment of the facts. In addition, all written statements taken from witnesses should be considered "Rosario" material. Since the defense attorney in a criminal case has the right to examine a witness's prior statement, if a witness testifies, the appropriate District Attorney's office must be advised of the existence of requests for Departmental recognition as well as other witness statements in a pending case. Due to "Rosario" material potential, every request must include the legal name of each member of the service; any initials, nicknames, etc. of a member of the service are not permitted on the **DEPARTMENTAL RECOGNITION REQUEST**.

### DEPARTMENT POLICY

Uniformed members of the service involved in undercover or confidential operations will be guided by the direction of their Bureau Chief/Counterpart when submitting requests for Departmental recognition.

## **ADDITIONAL DATA (continued)**

*Request for Departmental recognition should be limited to those members who are directly involved with the arrest/incident (i.e., arresting officer and partner). If the incident involved personal risk, danger or unusual accomplishment, each member requesting recognition must explain their direct involvement in the incident. Furthermore, supervisors of units must explain how their actions exceeded normal supervisory or administrative duties in order to be considered for recognition.*

*Departmental Recognition Committees are composed of five uniformed members of the service: two ranking officers (one of whom will be designated chairperson) and three non-supervisory officers (which may include a member of the precinct detective squad), will be established by each precinct and patrol borough command. *The highest ranking officer who is responsible for indicating approval/disapproval of REQUEST MUST be in a rank of at least one level higher than any of the recipients of the medal and MUST NOT be one of the recipients of the requesting medal. Each additional endorsement (when applicable) MUST be approved/disapproved by the next higher rank based on the previous endorsement.*

*When a REQUEST is forwarded to a bureau chief/counterpart for evaluation based on expertise, the bureau chief/counterpart will make the final determination on Excellent Police Duty, Meritorious Police Duty and Commendations, except in cases where integrity forms the basis of the REQUEST. Integrity requests, forwarded to a bureau chief/counterpart for expert evaluation, will be processed in accordance with steps "20" and "21." In cases where Exceptional Merit or Honorable Mention will be recommended, bureau chiefs will comply with steps "23," "24," and "25."*

*Precinct commanding officers/command counterparts may recommend either a Meritorious Police Duty or a Commendation for acts of integrity. Regardless of the level of award recommended, ALL DEPARTMENTAL RECOGNITION REQUESTS, which are based on acts of integrity, must be forwarded to the appropriate Borough Recognition Committee, or similar Recognition Committee established in bureaus/divisions whose commands are exempt from processing requests through patrol precincts. These REQUESTS must be endorsed by the concerned borough commander/counterpart, and submitted to the Integrity Review Board for final determination.*

*All approved DEPARTMENTAL RECOGNITION REQUESTS being forwarded to the Honor Committee or Integrity Review Board will be accompanied by a Typed Letterhead, in duplicate. The duplicate copy will be returned to the forwarding command and filed as a receipt.*

- b. *A uniformed member of the service may engage in off duty employment without prior approval:*
- (1) *During the period of suspension without pay, OR*
- (2) *While on continuous vacation and/or terminal leave immediately after filing an application for retirement. During a period of suspension without pay or vacation/terminal leave pending retirement, the member concerned remains officially a member of the service and, as such, may NOT engage in any type of employment or activity which, by existing law, is prohibited to police officers, or which may constitute a conflict of interest or create the appearance thereof (see GENERAL PROHIBITIONS).*
- c. *Excessive sick leave or other evidence indicating off duty employment impairs ability to perform assigned police duties is cause for revocation of approval to engage in off duty employment.*
- d. *A request for permission to work while off duty may be disapproved even though it does not specifically fall within the "Prohibitions" section or violate the "Guidelines" sections contained herein.*
- e. *A uniformed member of the service seeking part time employment in another City agency, or in ANY other governmental jurisdiction or agency MUST prepare **Certification of Compatibility for Dual Employment** (a **Certification of Compatibility for Dual Employment (DP1021A)** for City Mayoral Agencies or **Certification of Compatibility for Dual Employment (DP1021B)** for all other governmental agencies or jurisdictions). Members may consult with Legal Bureau.*
- h. *Section 2604(a)(1) of the New York City Charter prohibits public servants from taking a position in a firm which the public servant knows, or should know, is engaged in business dealings with the City. "Position" is broadly defined and includes an officer, director, manager, employee, trustee, attorney, agent, broker or consultant to the firm. The definition of "firm" includes an individual seeking business on his/her own behalf, and as a sole proprietor. "Business dealings" are defined as any transactions involving the sale, purchase, rental, or disposition of any goods, services, or property; any license, permit, grant or benefit; and any performance of or litigation with respect to any of the above. It is quite possible that a member not completely familiar with these provisions could find himself/herself in violation of the law. For example, if a member has been approved as a vending machine salesperson or dealer, he/she would be violating this statute if he/she were to take a position with a firm or enter into a contractual agreement with any City agency or representative thereof, to place a vending machine in any building or upon property owned or leased by the City of New York or any of its agencies.*

The consulting position may relate either to a particular incident (e.g., a homicide, robbery, rescue effort, etc.) or to a specialized field of expertise (e.g., arson, explosives, aviation, etc.). Again, the restrictions contained in P.G. 212-77 "Release Of Information To News Media" and 212-76 "Information Concerning Official Business of Department" MUST be adhered to, **APPLICATION/NOTIFICATION** must also be submitted for these positions. In addition, prior to entering into any contractual relationship of this nature, members of the service are advised to seek private legal counsel. The sale of exclusive proprietary rights, based on the involvement of an individual in a particular incident, is strictly prohibited. For example, a member of the service assigned to the Aviation Unit can be retained as a consultant or advisor on general technical matters or for background on a particular incident; he or she cannot sell exclusive "rights" to a production company for the story of the officer's role in that incident.*
- (1) *A written approval from the Chief of Patrol, (Commanding Officer, Movie/Television Unit) is required, IF employment involves working as a technical advisor for motion picture or television productions.*
- n. *Many of the off duty employment prohibitions and guidelines involve conflict of interest related issues as addressed in Chapter 68 of the New York City Charter. Each member of the service should be familiar with those provisions. In certain limited circumstances, a member of the service may hold an otherwise prohibited position with written approval of the Police Commissioner, and a determination by the Conflicts of Interest Board that the position would not conflict with the purposes and interests of the City. Conflict of interest questions or questions regarding waivers may be directed to the Deputy Commissioner, Legal Matters.*

### COUNSELING SERVICES UNIT

DATE ISSUED:  
05/06/19

DATE EFFECTIVE:  
05/06/19

REVISION NUMBER:

PAGE:  
1 of 2

#### PURPOSE

To ensure that all members of the service are informed about the Counseling Services Unit.

#### DEPARTMENT COUNSELING GUIDELINES

#### SCOPE

The primary function of the Counseling Services Unit is to assist in the recovery and return to full and productive service those members of the service who are experiencing difficulties with alcohol, prescription medication, gambling or finances. The Department's objective, at all levels, is the early detection and referral of its personnel for evaluation and treatment, either as a self-referral or through a direct supervisory referral. The Counseling Services Unit is not a disciplinary unit, nor a sanctuary for misconduct. To afford confidentiality to members of the service who utilize this program, the Counseling Services Unit is located in a non-Department facility with business hours Monday through Friday, between 0700-1800 hours. During non-business hours the Counseling Services Unit may be contacted through the Sick Desk Supervisor.

Alcoholism is a primary, chronic disease with genetic, psychosocial and environmental factors influencing its development and manifestations. Untreated, the disease is often progressive and fatal. It is characterized by continuous or periodic impaired control over drinking, preoccupation with the drug alcohol, use of alcohol despite adverse consequences, and distortions in thinking, most notably denial. Alcoholism is a fully treatable disease, especially when intervention occurs in the early stages. Self-referral, before the condition results in personal tragedy or misconduct, is ideal. However, it must be emphasized that denial and cover-up are inherent components of this disease. Therefore, supervisors are a vital link to the process of early detection, referral, treatment and recovery. A supervisor may contact the Counseling Services Unit and request that a member be evaluated.

Federal law and regulations governing confidentiality prohibit disclosure of any information or record pertaining to substance abuse treatment. The Counseling Services Unit may not disclose any information that identifies a member as a participant except under the following circumstances:

- a. Written consent from the member concerned
- b. Valid subpoena and U.S. District Court Order
- c. Suspected child abuse
- d. Danger to self or another

## PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
205-46	05/06/19		2 of 2

### SCOPE *(continued)*

Records maintained by the Counseling Services Unit are absolutely confidential and not duplicated or forwarded anywhere within the Department. In non-disciplinary cases, when a supervisor officially refers a member, no report will be prepared and no record of the referral will be noted in the member's personnel folder. Supervisors making referrals will only be advised as to the level of cooperation and only on a need to know basis.

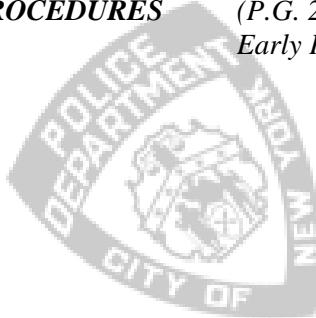

Members participating in this program will not jeopardize their promotional opportunities. In addition, their current assignments will not ordinarily be changed because of their participation in this program unless, due to the nature of the assignment, a change is deemed to be in the best interests of all parties concerned. However, participation in this program will not exempt a member of the service from disciplinary action for specific acts of misconduct and the consequences of such disciplinary action.

The services of the Counseling Services Unit are NOT available to members of the service for illegal drug use. All members of the service are mandated by provisions of "Drug Screening Tests for Cause for Uniformed and Civilian Members of the Service," (P.G. 205-30) to immediately notify the Internal Affairs Bureau Command Center when illegal drug/controlled substance usage is suspected.

Prior to final adjudication of a disciplinary matter, in all misconduct cases in which the use of alcohol and/or domestic violence is indicated, a conferral with the Employee Assistance Unit must be made, and an assessment and/or referral by the Counseling Services Unit must be conducted. The Department Advocate's Office will ensure that these steps are taken.

#### AUTHORIZATION TO SAFEGUARD FIREARMS AT MEMBER'S COMMAND DUE TO A CURRENT PERSONAL PROBLEM

When a member believes that possession of firearms, during off-duty hours, could further aggravate a current personal problem, (e.g. potential domestic violence accusations), the member concerned may request that his/her firearms be safeguarded at the command. The desk officer must make a Command Log entry each tour the member elects to safeguard his/her firearms. The entry will indicate the date, time, rank, name and tax registry number of the member making the request, and the serial numbers of all firearms being safeguarded. An entry concerning the justification for this type of request is not required. A notification in the margin of the original entry will also be made indicating the date and time the firearms were returned to the member. ## ADDITIONAL DATA

**PERFORMANCE EVALUATIONS** and guidebooks for the ranks of police officer through captain, and civilian sub-managerial employees may be found by accessing the Online Evaluation System via the Department Intranet. Commanding officers will ensure additional copies of guidebooks are made available in the command reference library.

Probationary members of the service do not receive annual **PERFORMANCE EVALUATIONS**. An annual **PERFORMANCE EVALUATION** will be prepared during the next rating period after a member attains permanent rank.

Uniformed members of the service who are in rank on probation (e.g., entry-level probationary police officers, probationary sergeants, etc.) and civilian members of the service who have not completed their probationary period or have served less than two years in a provisional status are not permitted to appeal their **PERFORMANCE EVALUATION**.

All newly promoted sergeants, lieutenants and captains are on probation in rank for a period of twelve months unless cause exists to extend such period for an additional six months. Extension of probation beyond twelve months may be authorized on a case-by-case basis.

An extension of probation for newly promoted sergeants, lieutenants, and captains may be requested after six months. This request must be made by the probationary member's commanding officer and accompanied by the fourth month **PERFORMANCE EVALUATION**. All requests are to be forwarded through channels to the Deputy Commissioner, Risk Management.

Members of the service are reminded that appraisal of subordinates' performance is a continuous process. The use of an annual evaluation system DOES NOT relieve supervisors of their responsibility to monitor and document subordinates' performance throughout the rating period. The "Evaluations Due" web page provides a roster of annual and probationary **PERFORMANCE EVALUATIONS** that are due for specific personnel. Certain commands are required to provide additional **PERFORMANCE EVALUATIONS** (i.e., investigative track commands and requests due to monitoring). The Online Evaluation System does not preclude commands from providing additional **PERFORMANCE EVALUATIONS** when necessary.

When preparing a **PERFORMANCE EVALUATION**, the rater will take into account the ratee's performance concerning equal employment opportunity (EEO) issues. EEO factors having a bearing on the rating in that category will include, but not be limited to, whether the member has engaged in conduct that violates provisions of the Department Manual, Title VII, other applicable equal employment opportunity laws, or the Department's equal employment opportunity policy.

In addition, raters will ensure that recognition is given to members who utilize their language proficiency for translation and interpretation in the performance of their regular duties, or as part of the volunteer language initiative. The use of this skill shall be afforded the same recognition as any other special skill needed by the Department. Any experience gained while serving as a translator/interpreter in criminal investigations will be included in the Overall Rater's Comments of the **PERFORMANCE EVALUATION**. Commanding officers will ensure that evaluations of volunteer members are not negatively affected by their assignment to translation/interpretation duties. These tasks shall be evaluated as a proportionate part of their assigned duties.

## ADDITIONAL DATA *(continued)*

A uniformed or civilian member of the service who is absent for either the majority or the entirety of a rating period due to military service is still entitled to receive a **PERFORMANCE EVALUATION**. Pursuant to New York State Military Law, to compute the rating for such a member, raters are to take the average of the three **PERFORMANCE EVALUATIONS** that the member received prior to his/her absence for military duty. However, the credited rating must not be less than satisfactory (3.0) or less than the rating that the member received for the period immediately prior to his/her absence for military service. In the "Overall Rater's Comments:" caption the rater will note the length of time the member was on military duty during the evaluation period and that the evaluation is being prepared pursuant to New York State Military Law. Additional questions concerning evaluations of members of the service absent from their positions due to military service may be directed to either the Performance Analysis Section or the Legal Bureau.

When a sub-managerial civilian member is transferred, the commanding officer/supervisory head will direct that the **PERFORMANCE EVALUATION** is completed online and the form is forwarded to the Employee Resources Section and to the new command. The ratee will be given a copy of the form. The immediate supervisor in the new command will prepare a new Task and Standards of the ratee's new assignment via the Online Evaluation System.

If excessive absence, tardiness or poor performance is cited as a reason(s) for a **BELOW STANDARDS** or **WELL BELOW STANDARDS** rating, include a copy of the appropriate form including: **ABSENCE AND TARDINESS RECORD (PD433-145)**, **CIVILIAN RECORD OF SUPERVISORY CONFERENCES (SUB-MANAGERIAL) (PD433-1411)**, **CIVILIAN LATENESS/WARNING NOTIFICATION (PD449-122)**, or **CIVILIAN UNSATISFACTORY PERFORMANCE WARNING (PD439-012)**, when appropriate.

## ADDITIONAL DATA

The probationary period should be utilized to closely scrutinize the member's performance to assess his or her abilities as a police officer. The entry level probationary period may be extended an additional six months, if necessary, to allow the Department more time to further review and evaluate a probationer's suitability to remain a police officer. When a probationary officer is transferred to a command, his or her performance from the previous command must be reviewed. Interim evaluations should be prepared when it is apparent there is a problem with an officer's performance. The rater will discuss the probationary evaluation with the ratee. This will make the probationary officer aware of his or her performance and also place those probationary officers with a "below standards" evaluation on notice that their performance must show an improvement. When a commanding officer becomes aware that a probationary officer's performance may be below standards, supervisors should be instructed to carefully document the member's performance by utilizing the **SUPERVISOR FEEDBACK FORM**, command discipline, and when appropriate, charges and specifications. The probationer will be notified of the observed performance deficiencies and instructed on proper Department procedure. Written documentation that the probationer was instructed and counseled will be maintained in the officer's personnel folder.

### NOTE

*The first fifteen months of an investigative assignment is a critical phase in the training and development of a new investigator. If there is a change in performance after the fifteenth month, the member's supervisor MUST immediately submit an interim evaluation.*

2. Evaluate police officers/investigators annually after the initial fifteen months.
3. Evaluate detectives/investigators annually, using form **PERFORMANCE EVALUATION - DETECTIVES AND POLICE OFFICERS ASSIGNED TO DETECTIVE TRACK COMMANDS (Online Evaluation System)**.

If the performance of the "Category B" investigator is rated higher than "Low", the rater must demonstrate how the performance was achieved in spite of the absence record of the investigator. In all cases, the rater must state if the ratee should remain in the investigative assignment.   - b. Is charged with an offense,

## ADDITIONAL DATA

*Uniformed members of the service who are suspended or modified due to being unfit for duty as the result of a drug that is legally prescribed will be subject to an immediate post suspension/modification evaluation conducted by the Medical Division.*

*A member of the service (uniformed or civilian) presently on suspension, or a uniformed member of the service on modified assignment pursuant to either steps “2” or “3” above, MUST be re-suspended or suspended, as applicable, for any subsequent violation of the subject steps.*

*The Department will commence an investigation immediately upon becoming aware of misconduct, or an allegation of misconduct, that includes a serious physical injury, or allegation of a serious physical injury, caused by a member of the service. The Internal Affairs Bureau will evaluate each allegation and assign the investigation to the appropriate investigative authority, or ranking officer in the rank of captain or above. Members of the service may be suspended during the course of a Departmental investigation prior to a hearing and final determination of the charges. A captain or above may suspend a member of the service, or place a uniformed member of the service on modified assignment, when they deem it necessary given the nature of the misconduct alleged, and because disciplinary action is being taken or contemplated. ## ADDITIONAL DATA (continued)

*but no more than 48 hours, of the Department becoming aware of the incident. Given the complexity of some investigations, a duty status determination may be deferred until such time as sufficient evidence is gathered supporting the conclusion to suspend or modify the member concerned.*

*In all cases in which the investigating commanding officer/duty captain is contemplating changing the duty status of a member of the service (i.e., suspension, modification or restricted duty pending evaluation of duty status), they should confer with the Internal Affairs Bureau Command Center to ascertain any relevant information pertaining to the member(s) of the service, PRIOR to making this decision. This conferral is to obtain background information that may assist in the investigation. All decisions regarding the investigation, as well as any resulting determination regarding the member's duty status, remain the responsibility of the commanding officer/duty captain concerned.*

*In appropriate cases, a captain or above may assign a uniformed member of the service to administrative duties in the next higher command without placing the member on suspension or modified assignment, when there is no disciplinary action contemplated and facts or circumstances indicate such assignment would be in the best interests of the Department.*

*The borough commander/counterpart will review the assignment within three days and determine further appropriate action. A report of this review and results, including the anticipated date member will be returned to command, will be prepared on **Typed Letterhead** and forwarded to the First Deputy Commissioner.*

*In all cases where the decision to suspend a member of the service (uniformed or civilian) or to place a uniformed member of the service on modified assignment is based on the discretion of the captain or above (steps "1" and "3" of this procedure), they will, prior to making that decision, confer with the borough commander/counterpart or executive officer.*

*The Office of Deputy Commissioner - Legal Matters will be available for questions related to law and the Department Advocate's Office will be available for advice on procedures for suspension or modified assignment. However, the decision to suspend or place a uniformed member of the service on modified assignment will rest with the field commander.*

*A ranking officer who reasonably believes that a uniformed member of the service is unfit for duty due to effects of an alcoholic intoxicant will notify the precinct commander/duty captain who will respond, conduct an investigation, and based upon common sense standards determine if the member is fit for duty. If found unfit, whether on or off duty, the captain making such determination will suspend the member or place them on modified assignment; apprise the member concerned of the availability of the Counseling Service Programs, and, if the member desires to participate, contact the Counseling Services Unit DIRECT, during normal business hours, or during other than business hours, request conferral by contacting the Sick Desk Supervisor. The precinct commander/duty captain will also prepare eight copies of report on Typed Letterhead detailing observations and circumstances leading to determination of unfitness and action taken. Forward each, with copies of all **SUPERVISOR'S FITNESS FOR DUTY REPORTS (PD469-150)**, (DIRECT) to First Deputy Commissioner, Deputy Commissioner, Internal Affairs, Deputy Commissioner, Trials, Chief of Department, Chief of Personnel, Department Advocate's Office, and member's commanding officer. 2. Determine if **COMPLAINT REPORT** has been finalized (i.e., signed-off) in the OMNIFORM System.

REVISION NUMBER:

PAGE:  
1 of 2

#### PURPOSE

To refer certain complaints occurring in another command.

#### SCOPE

Complaint data entered into the OMNIFORM System will automatically be made available to a transit district covered by that precinct. Conversely, complaint data entered into the OMNIFORM System from a transit district will be available to a precinct covered by that district. This will NOT occur if the precinct and transit district boundaries do not overlap. Therefore, when a member of the service in a precinct takes a complaint pertaining to an incident that occurred within a transit district covering that precinct, the complaint will be entered into the OMNIFORM System by that precinct's personnel and will be finalized by the transit district desk officer. Similarly, when a member of the service in a transit district takes a complaint pertaining to an incident that occurred within a precinct covering that district, the complaint will be entered into the OMNIFORM System by that district's personnel and will be finalized by the precinct desk officer. Transit desk officers will be responsible for finalizing ALL complaints under their jurisdiction (i.e., code 01). In any event, the procedure below MUST be followed for ALL complaints occurring in another command even where the automated transfer of data takes place in order to allow the precinct/district concerned to review **COMPLAINT REPORT WORKSHEET (PD313-152A)** prior to finalization.

#### PROCEDURE

When informed of a complaint which occurred in another command:

#### MEMBER OF THE SERVICE

1. Thoroughly interview complainant and obtain facts.
2. Prepare **COMPLAINT REPORT WORKSHEET**.
3. Give **COMPLAINT REPORT WORKSHEET** to desk officer.

#### DESK OFFICER (PRECINCT TAKING REPORT)

4. Ensure applicable complaint reporting guidelines have been followed (see especially P.G. 207-07, "Preliminary Investigation Of Complaints (Other Than Vice Related Or Narcotics Complaints").
5. Sign **COMPLAINT REPORT WORKSHEET** and give to stationhouse clerk.

#### COMMAND CLERK (PRECINCT TAKING REPORT)

6. Telephone/Fax **COMPLAINT REPORT WORKSHEET** to precinct/transit district of record.

#### NOTE

*DO NOT input data into the OMNIFORM System UNLESS the incident which required the preparation of the **COMPLAINT REPORT WORKSHEET** occurred within the boundaries of the precinct/transit district of record (see SCOPE statement).*

*If **COMPLAINT REPORT WORKSHEET** is faxed (not telephoned) to precinct/transit district of record, the precinct/district of record will retain and file the faxed copy, i.e., the fax is NOT to be discarded.*

### ADDITIONAL DATA (continued)

An automated teller machine (ATM) related crime may be defined as, but is not limited to, criminal activity against a bank patron who is about to use, is currently using or has just completed using an automated teller machine for any type of transaction, and is in the vicinity of the machine or has been followed from the automated teller machine to another location.

Members of the service preparing **COMPLAINT REPORTS** for automated teller machine (ATM) related crimes will specify that the crime is automated teller machine (ATM) related by entering such in the caption titled, "Actions of Victim Prior to Incident." In addition, supporting information will be articulated under the "Details" section of the **COMPLAINT REPORT**.

The Central Records Division, Identification Section has an Intranet application that provides immediate access to Orders of Protection issued by ALL New York City based courts, permitting users to search the Department's Order of Protection Database and display or print a copy of the actual court order. This includes not only Orders of Protection involving persons defined under the family/household – expanded definition, but also all individuals who are either the defendant or petitioner of an Order of Protection from any New York City based court. This database is designed to verify that an Order of Protection was issued and to provide a copy of the actual order directly at the command level. This application will also provide access to expired Orders of Protection. Questions or assistance should be directed to the Identification Section's Order of Protection Unit or the Information Technology Bureau (ITB) Service Desk.

If during the course of a preliminary investigation the identity of a person, present or not, is disclosed and there is insufficient evidence to make an arrest, a warrant check will be conducted as per P.G. 208-22, "Performing Local, State and Federal Warrant Checks" prior to closing the case.

The Special Victims Unit will investigate robberies committed by police impersonators which include any sexual assault, and the Police Impersonation Investigation Unit will assist in the investigation.

Complaints of robbery/attempted robbery and homicide/attempted homicide of drivers of medallion taxicabs, non-medallion for-hire vehicles, and delivery trucks require a notification to the Central Robbery Unit. Desk officers will fax the **COMPLAINT REPORT** 24 hours a day, 7 days a week, to the Central Robbery Unit. A member from the Central Robbery Unit will then make a follow-up notification, Monday - Friday, 0700-2300 hours, to the desk officer of the reporting command and assign a Central Robbery Unit serial number to the complaint. This serial number and the name of the Central Robbery Unit member will be entered under "Details" section of the **COMPLAINT REPORT**. When preparing the **COMPLAINT REPORT WORKSHEET**, reporting members will include home and work telephone numbers of the victim. #### NOTE

*There is a distinction between voided complaints and unfounded complaints. A voided complaint is one in which the **COMPLAINT REPORT** should not have been prepared. An unfounded case is one in which the report should have been prepared but subsequent information leads to the determination that the case should be classified as unfounded (e.g., a voided case is one in which a **JUVENILE REPORT SYSTEM WORKSHEET (PD377-159A)** rather than a **COMPLAINT REPORT** should have been prepared; an unfounded case is one in which a vehicle is reported stolen by a complainant and later a tow company informs the precinct that the vehicle was legally towed).*

*As with **COMPLAINT REPORTS**, proper recording of property values on an **Omniform Complaint Revision** is essential for accurate entry into the FBI Uniform Crime Reporting (UCR) System. Values must be properly consolidated in the "Value Stolen" and "Value Recovered" columns of the Property Summary Section. In addition, the person preparing the report must examine previous reports related to the complaint (i.e., **COMPLAINT REPORT**, previously prepared **Omniform Complaint Revisions** to ensure that property values are not being reported more than once. Only additional information with respect to property values are to be recorded.*

*Arrests or other information concerning a complaint received BEFORE the original COMPLAINT REPORT is finalized will be entered on the original COMPLAINT REPORT.*

**ADDITIONAL DATA**      OPERATIONAL CONSIDERATIONS

*THERE ARE NO MINIMUM TIME LIMITS THAT MUST BE OBSERVED BEFORE ACCEPTING A REPORT OF A MISSING PERSON.*

*Missing person complaints WILL BE ACCEPTED for persons missing from temporary residences within New York City (hotels, rooming houses, etc.). However, complainants will also be instructed to report such cases to the local police agency covering the permanent residence of the missing person. UNDER NO CIRCUMSTANCES WILL COMPLAINANTS BE REFERRED DIRECTLY TO THE MISSING PERSONS SQUAD.*

*Missing persons ordinarily DO NOT INCLUDE the following:*

- a. Persons wanted for crimes; or
- b. Persons wanted on warrants; or
- c. Persons eighteen years of age or older who have left home voluntarily because of domestic, financial or similar reasons.

*These exclusions are intended for persons who are likely to have fled VOLUNTARILY as a direct result of their status (e.g., a person wanted for a crime fleeing to avoid prosecution). However, the exclusions listed above shall not be used as a justification for failing to accept a missing persons report when the totality of the circumstances indicate that a person may in fact be missing.*

*In the event that a special category missing person is not found prior to the change of tour, the outgoing desk officers of both the precinct/PSA/transit district of occurrence and precinct/PSA of residence MUST confer with the incoming desk officer regarding the facts and details surrounding the case. The incoming desk officer will reference the Command Post Log to ensure the missing person's pedigree and important details pertaining to the case are disseminated during roll call for the outgoing platoon. The patrol boroughs of both the locations of occurrence and residence will inform the incoming duty captains of the status of all special category missing person investigations. The incoming precinct/PSA commanding officers, executive officers and/or duty captains concerned, in coordination with the assigned detective, will direct additional searches as necessary and will determine their scopes and durations. Complaints of missing New York City residents shall be recorded at the missing person's resident precinct and the commanding officer of the precinct/PSA of residence is ultimately responsible for directing the overall effort to locate the missing person.*

**NON-RESIDENTS** - A report of person missing from a residence OUTSIDE New York City WILL NOT BE ACCEPTED. The complainant will be directed to report the case to the local police agency covering the residence of the missing person. Assigned NYPD personnel will ascertain if any known locations of the missing person within New York City require a search given the facts of the initial investigation.

**VICTIM OF A CRIME** - When a person reported missing or unidentified is found to be the victim of a crime, the investigating member will notify the desk officer, precinct/PSA of residence and precinct/PSA/transit district of occurrence (if different) and the Missing Persons Squad. ## ADDITIONAL DATA

*All members of the service are reminded that a clear distinction exists between the “Jurisdiction” code and the “Reporting Agency” code listed on a **COMPLAINT REPORT WORKSHEET/Omniform Complaint Revision**.*

*The “Jurisdiction” code refers to the bureau, division or agency having the primary patrol responsibility over the location of occurrence. The Transit Bureau (Jurisdiction code “01”) has primary responsibility to patrol the New York City subway, subway stations and elevated train lines and the Transit Bureau District offices only. Accordingly, complaints not under the jurisdiction of the NYPD Transit Bureau shall **NOT** be classified as “01” (Transit Bureau).*

*Some stairways, street stairways, passageways and ramps are the property of other transportation facilities such as the LIRR (code “06”), PATH (code “03”), AMTRAK (code “07”), or Metro-North (code “15”). Complaints alleged to have occurred at these locations are considered off the NYC Transit System and the appropriate jurisdiction code **MUST** be entered by the member of the service preparing a **COMPLAINT REPORT WORKSHEET/Omniform Complaint Revision**.*

*The Pattern Identification Module (PIM) Transit Bureau Liaison assigned to each Patrol Services Bureau Borough command will thoroughly review all complaints, regardless of jurisdictional code, to ensure that all transit-related crimes have been reported to the appropriate transit district of record.*

*The “Reporting Agency” code refers to the specific assignment of the member of the service who is preparing the **COMPLAINT REPORT WORKSHEET/Omniform Complaint Revision** or who effected the recorded arrest, as follows:*

*Code “00”      NYPD MOS (not assigned to Transit Bureau or Housing Bureau)*

*Code “01”      NYPD Transit Bureau MOS*

*Code “02”      NYPD Housing Bureau MOS*

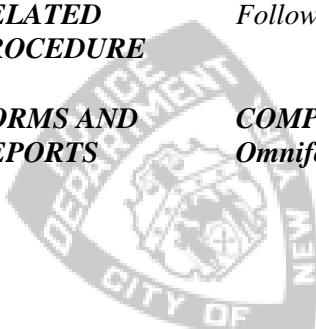

*Codes “03 through 15” Other Agency Officers*

### COMPLAINTS INVOLVING IDENTITY THEFT

DATE ISSUED:  
12/31/15

DATE EFFECTIVE:  
12/31/15

REVISION NUMBER:

PAGE:  
1 of 3

#### PURPOSE

To outline the duties and responsibilities of a member of the service when made aware of a complaint involving Identity Theft.

#### DEFINITION

A person is guilty of Identity Theft when he or she knowingly and with intent to defraud assumes the identity of another person by presenting himself or herself as that other person, or by acting as that other person or by using personal identifying information of that other person and thereby: obtains goods, money, property or services or uses credit in the name of such other person or causes financial loss to such person or to another person (NYS Penal Law 190.77-190.80).

#### SCOPE

Complaints involving Identity Theft can be complex in nature stemming from a myriad of variables and permutations. The member of the service encountering such a complaint must realize the possibility that such a complaint can potentially encompass numerous crimes. As a result, the **Crime Complaint Reporting System Reference Guide (Rev. 6/11)** will be used to classify Identity Theft related crimes. Significant clarifications and changes have been made to the **Crime Complaint Reporting System Reference Guide** to instruct the member of the service in the proper classification of Identity Theft related crimes. It must be noted that the "Seven Major Felony Rule" P.G. 207-01, "*Complaint Reporting System*" will still be applicable.

#### PROCEDURE

When a member of the service is made aware of a complaint involving Identity Theft:

#### MEMBER OF THE SERVICE

1. Determine whether the complainant is a victim of Identity Theft.
2. Ascertain where the complainant/victim resides (i.e. inside or outside NYC).
3. Instruct and assist the complainant/victim in preparing pages 1 and 2 of the **COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT (PD313-1516)** if the complaint meets the criteria outlined in the **Crime Complaint Reporting System Reference Guide**.
  - a. Ensure complainant signs **BOTH** waivers on pages 1 and 2.
  - b. If necessary, assist complainant in contacting credit card issuer for required information (e.g. address where card was sent etc.)

#### NOTE

*A refusal by the complainant/victim to prepare or sign the COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT form does not preclude the requirement to prepare a COMPLAINT REPORT. Any refusal by the complainant to prepare or sign a COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT form will be noted in the details section of the COMPLAINT REPORT.*

**MEMBER OF  
THE SERVICE  
(continued)**

  - a. Utilize the **Crime Complaint Reporting System Reference Guide** as well as the charts on the cover sheet of the **COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT** to classify **COMPLAINT REPORT**.
- 5. Forward completed **COMPLAINT REPORT** and **COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT** to Desk Officer for review.

**DESK OFFICER**

- 6. Review **COMPLAINT REPORT** and **COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT** for accuracy and completeness.
- 7. Ensure **COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT** is attached to precinct file copy of **COMPLAINT REPORT**.
  - a. Ensure that copies of the **COMPLAINT REPORT** and **COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT** are forwarded to the precinct detective squad.
- 8. Refer complainant/victim to the precinct detective squad for further investigation and preparation of **IDENTITY THEFT PRELIMINARY INVESTIGATION REPORT (PD313-0847)**, if detective squad member is available.
- 9. Ensure notification is made to the Financial Crimes Task Force for complaints involving Identity Theft related larcenies and loss is valued at \$5,000 or more.
  - a. Ensure time, date, and name of member notified are included in the "Details" section of the **COMPLAINT REPORT**.

**DETECTIVE  
SQUAD  
MEMBER**

- 10. Interview complainant and prepare **IDENTITY THEFT PRELIMINARY INVESTIGATION REPORT**.
- 11. Review **COMPLAINT REPORTS** daily for Identity Theft cases and conduct follow-up investigations on all cases not previously referred for investigation.

**ADDITIONAL  
DATA**

*If a **COMPLAINT REPORT** was initially taken for lost/stolen property or related offenses (Robbery, Burglary, etc.) and the complainant/victim subsequently becomes a victim of Identity Theft resulting from the initial complaint, the member of the service will prepare an **Omniform Complaint Revision** or **COMPLAINT FOLLOW-UP INFORMATIONAL (PD313-081A)**, as appropriate, and instruct and assist the complainant/victim in preparing pages 1 and 2 of **COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT**. The above will be adhered to only after a thorough investigation reveals a nexus between the initial **COMPLAINT REPORT** and the complainant consequently becoming a victim of Identity Theft. If this criteria is not met, then a new **COMPLAINT REPORT** will be generated for the appropriate crime. If the reporting command is not the command of incident, the Desk Officer will ensure the **Omniform Complaint Revision** or **COMPLAINT FOLLOW-UP INFORMATIONAL**, and **COMPLAINANT'S REPORT OF LOST OR STOLEN PROPERTY/IDENTITY THEFT** are forwarded to the originating command of incident.*

### SILVER ALERT SYSTEM

DATE ISSUED:  
02/15/17

The determination to activate a Silver Alert shall be made by a captain or above assigned to the Detective Bureau.

**VULNERABLE SENIOR** - A person sixty-five years of age or older with dementia, as a result of Alzheimer’s disease or a similar condition.

## PATROL GUIDE

PROCEDURE NUMBER:	DATE EFFECTIVE:	REVISION NUMBER:	PAGE:
207-35	02/15/17		2 of 4

### NOTE

*Only a captain or above from the Detective Bureau may activate a Silver Alert. A Silver Alert will NOT be activated unless the “vulnerable senior” is missing under circumstances indicating that the person is in imminent danger of serious bodily harm or death. A person’s status as a vulnerable senior alone is normally insufficient to justify a Silver Alert without additional factors that constitute imminent danger (e.g., severe weather, need for immediate medical attention, history of violent or reckless behavior, etc.).*

*The Detective Zone Commanding Officer/Detective Bureau Duty Captain may activate a Silver Alert for a person under the age of sixty-five who is reported missing under circumstances indicating that the person is in imminent danger of serious bodily harm or death and where such missing person has dementia as a result of Alzheimer’s disease, or similar condition, if he/she reasonably believes a Silver Alert will be beneficial in locating the missing person.*

### DETECTIVE ZONE COMMANDING OFFICER/ DETECTIVE BUREAU DUTY CAPTAIN

6. Confer with Precinct Detective Squad investigator/supervisor, patrol supervisor, commanding officer/duty captain, and other personnel on scene regarding the circumstances of the incident and determine if missing person is a “vulnerable senior” and missing under circumstances indicating that the person is in imminent danger of serious bodily harm or death.
7. Notify Operations Unit and request the activation of a Silver Alert, if appropriate and provide the following information:
  - a. Name, age, and detailed physical description (including clothing worn) of the missing person
  - b. Location and time last seen
  - c. Description of motor vehicle, if applicable
  - d. Any type of prescribed medication missing requires, if applicable
  - e. Probable destination of the missing, if known
  - f. Probable method of transportation and route used, if known
  - g. The action the public should take if they have information regarding the missing person (e.g., call 911, etc.).
8. Direct Precinct Detective Squad member to:
  - a. Notify Missing Persons Squad
  - b. Prepare and submit a “Request for Media Attention” form to the Deputy Commissioner, Public Information along with a recent photograph, if available.

### NOTE

*There are no minimum time limits that must be observed before requesting the activation of a Silver Alert; however, local law requires a Silver Alert be issued within twenty-four hours of the determination that a “vulnerable senior” has been reported missing under circumstances indicating that he/she is in imminent danger of serious bodily harm or death. In most cases, barring exceptional circumstances, the most prudent approach would be to activate a Silver Alert AFTER patrol/field resources have been exhausted and the preliminary search and investigation have yielded negative results. The decision to activate a Silver Alert rests solely with the Detective Zone Commanding Officer/Detective Bureau Duty Captain.*

### OPERATIONAL GUIDELINES FOR PROCESSING COMPLAINTS/ARRESTS FOR GRAFFITI

DATE ISSUED:  
01/01/20

DATE EFFECTIVE:  
01/01/20

REVISION NUMBER:

PAGE:  
1 of 3

#### PURPOSE

To establish guidelines for processing complaints and arrests for graffiti and possession of graffiti instruments.

#### DEFINITIONS

**GRAFFITI OR TAGGING** – The etching, painting, covering, or otherwise placing a mark upon public or private property, with the intent to damage such property, without permission to do so.

**TAG** – A personal signature typically made with a unique style that can be utilized to identify the graffiti vandal; a tag can be the graffiti vandal's initials, name, nickname, alias, or any word, and/or any combination of letters, numbers and symbols. A tag can be part of the graffiti, or appear adjacent to graffiti, or be graffiti by itself.

**POSSESSION OF GRAFFITI INSTRUMENTS** – The possession of any tool, instrument, article, substance, solution or other compound designed or commonly used to etch, paint, cover, draw upon or otherwise place a mark upon a piece of property which the subject has no permission or authority to etch, paint, cover, draw upon or otherwise mark, under the circumstances evincing an intent to use the same in order to damage such property.

#### SCOPE

In order to maximize the Department's enforcement efforts in combating graffiti crimes, it is essential that all graffiti related information is properly recorded and documented. It is essential to notify the Transit Bureau, Citywide Vandals Task Force immediately, whenever an arrest is effected for making graffiti, possession of graffiti instruments and/or shoplifting that involves the theft of spray paint or paint markers. Additionally, whenever a complaint or arrest report is prepared for a graffiti related incident, it is imperative that the graffiti "tag" information is entered in the "Details" caption and the "Nickname/Alias/Maiden Name" caption of the **COMPLAINT REPORT WORKSHEET (PD313-152A)** and/or **ON LINE BOOKING SYSTEM ARREST WORKSHEET (PD244-159)**. This information is crucial for the monitoring and tracking graffiti recidivists.

#### PROCEDURE

When processing complaints, arrests on open complaint, summary arrests for graffiti, and/or possession of graffiti instruments:

#### UNIFORMED MEMBER OF THE SERVICE

1. Photograph graffiti vandalism utilizing a Department issued digital camera.
2. Query Enterprise Case Management System (ECMS) Graffiti database via the OMNIFORM Graffiti search function to ascertain if the subject has prior graffiti arrests/convictions or is the subject of an open investigation, currently being conducted by Citywide Vandals Task Force (CVTF).

### UNIFORMED MEMBER OF THE SERVICE (continued)

3. Prepare **COMPLAINT REPORT WORKSHEET (PD313-152A)**.
  - a. List all discernible details of the tag, including size, color, description, etc., (e.g., complainant observed the graffiti tag “ABC” written in blue and yellow spray paint on a space approximately three feet by five feet on a roll-down gate at the above location).
  - b. Enter tag into the “Nickname/Alias/Maiden Name” caption of **COMPLAINT REPORT WORKSHEET** and/or **ON LINE BOOKING SYSTEM ARREST WORKSHEET (PD244-159)**.
  - c. Do not attempt to decipher an illegible tag.
    - (1) An illegible tag must be recorded as “TAG UNDER INVESTIGATION” in the “Details” caption and the “Nickname/Alias/Maiden Name” caption of the **COMPLAINT REPORT WORKSHEET** and/or **ON LINE BOOKING SYSTEM ARREST WORKSHEET**.
4. Immediately deliver graffiti **COMPLAINT REPORT** to the precinct desk officer and upload the digital photograph utilizing the “Graffiti Photo Upload” option found in the OMNIFORM Complaints menu.

#### IN ALL GRAFFITI ARREST SITUATIONS:

### UNIFORMED MEMBER OF THE SERVICE

5. Immediately notify the Citywide Vandals Task Force and provide tag information.
  - a. Obtain Citywide Vandals Task Force log number and enter log number into “Details” caption of the **ON LINE BOOKING SYSTEM ARREST WORKSHEET**.
  - b. Notify and confer with a Citywide Vandals Task Force supervisor prior to issuing a **DESK APPEARANCE TICKET** for a graffiti-related arrest.

### NOTE

*Citywide Vandals Task Force must be notified for all graffiti-related arrests. This notification should be made early during the arrest processing. This will give Citywide Vandals Task Force personnel enough time to respond to the command, assist with an arrest enhancement, and conduct a debriefing, if necessary. When an investigation during arrest processing reveals that a graffiti offender has prior arrests/convictions, or is a recidivist for any graffiti-related offense, ensure the District Attorney is apprised of the subject’s prior record.*

*Contact the Citywide Vandals Task Force regarding any graffiti related questions, (e.g., identifying a tag, interpreting a tag’s meaning, etc.).*

#### IN ALL GRAFFITI CASES:

### COMMAND CLERK

6. Input information into the OMNIFORM System.

9. Review graffiti recidivists listed in the Recidivist Tracking and Reporting Database routinely as a means of discovering and apprehending graffiti recidivists with active warrants who reside within the precinct of occurrence.

**ADDITIONAL DATA** OPERATIONAL CONSIDERATIONS:

*In order to further enhance prosecution, apprehension and identification of graffiti vandals, all uniformed members of the service must confer with Citywide Vandals Task Force prior to conducting any graffiti investigations, to avoid compromising any investigations that may already be underway. This may assist the Citywide Vandals Task Force in identifying and apprehending graffiti vandals that are not currently under investigation by the Citywide Vandals Task Force.*

*Digital photographs may be utilized by commands to demonstrate progress in correcting graffiti conditions at Community Board meetings, etc. (i.e., before and after pictures).*

LEGAL CONSIDERATIONS:

*Uniformed members of the service are reminded to use the appropriate subdivisions of the New York City Administrative Code 10-117, "Defacement of Property, Possession, Sale and Display of Aerosol Spray Paint Cans, Broad Tipped Markers and Etching Acid Prohibited in Certain Instances" or the New York State Penal Law in Article 145, "Criminal Mischief and Related Offenses" for graffiti-related arrests. In circumstances where a Penal Law charge or NYC Administrative Code charge are both applicable, the uniformed member will charge the appropriate NYS Penal Law offense.*

*Members of the service responsible for inputting and maintaining data in the "Recidivist Tracking and Reporting Database" must remove the name and any other identifying information of individuals whose underlying case was dismissed and whose record was sealed.*
